This agreement allows for the full transfer of the ______ degree courses in accordance with the Stephen F. Austin General Bulletin (no more than sixty-six hours). A student requesting admission to the baccalaureate program in ______ shall have earned a minimum cumulative grade point average of 2.5 on a 4.0 scale or the equivalent, both overall and for the last preceding semester. The student shall have earned a 2.75 grade point average in science courses. Students who fall below these full admission requirements may be admitted conditionally. The director of admissions will notify the student whether he or she is formally admitted to Stephen F. Austin State University.

As soon as this agreement has been signed by appropriate officials of the two institutions, each is free to publicize this arrangement in a manner consistent with the agreement. This transfer agreement shall remain in effect until one or both of the institutions deem it necessary to modify or terminate the agreement.

As updates in programs or changes in requirements are made at either institution, these will be reciprocally communicated. SFASU reserves the right to modify or change its admission requirements at any time. This articulation agreement is not a guarantee of admittance, SFASU must reserve its discretion to limit admission based on class size, availability of programs, and other administrative policy reasons. SFASU will make every effort to communicate admission and programmatic changes as soon as possible to officials at Jacksonville College.
