

STEPHEN F. AUSTIN
STATE UNIVERSITY
NACOGDOCHES, TEXAS

NBC Learn K-12 (<http://archives.nbclearn.com>), the education arm of NBC News, is an online digital resource with over 18,000 videos from NBC News that you and your students can use in classwork, homework, presentations and instruction.

SFA Charter School teachers, students, staff, and parents now have free access to NBC Learn K-12 through **May 2018**. NBC Learn K-12 contains historic primary-source newscasts from the NBC News archive, original NBC Learn content created specifically for the classroom, and is updated daily with the latest current events video from NBC News. The high-quality resources in NBC Learn K-12 are vetted for grade-level appropriateness and correlated to the TexaState Standards.

NBC Learn's resources are aligned to collections like [Current Events](#), [Social Studies](#), [Science](#), [English Language Arts](#), [Health & Wellness](#), and [Math & Statistics](#).

Plus, you'll have access to **NBC Learn's Original Collections**, like: [Science and Engineering of the 2014 Olympic Winter Games](#), [Science of NFL Football](#), [Chemistry Now: The Chemistry of Everyday Things](#), and [Finishing the Dream: Learning from the Civil Rights Era](#).

Accessing NBC Learn is Easy:

Navigate to www.sfasu.edu/nbclearn and click on the "Access NBC Learn K-12" link. You should then see "Welcome, Stephen F Austin State University K12" in the upper right hand corner. You can click "Register Now" for a personal account that allows you to personalize the resource and access from home.

For more information please [sign up for a webinar or contact us](#). You can also check out our [Toolkit](#) for additional resources such as tutorial videos and best practices.
