Fiscal appeals will be considered when a student believes that extenuating circumstances justify removal or modification of charges. In accordance with Stephen F. Austin State University (SFA) Policy 6.19, Student Fiscal Appeals, following are the guidelines, procedures, and form for a student to make a fiscal appeal:

General
• SFA student fiscal appeals are adjudicated by the Fiscal Appeals Panel. The following may be appealed to the Panel: penalty for excessive time to graduation (the 30 and 45 hour rule), extenuating circumstances culminating in withdrawal, late add fee, reinstatement fee, $1,000 tuition rebate, penalty for repetition of a course more than twice (3-peat), and loss of eligibility for certain exemptions or waivers.
• Appeals must be submitted in writing by completing and signing the SFA Student Fiscal Appeal Form and returning it to the SFA Business Office.
• Appeals must be accompanied by written documentation supporting the extraordinary circumstance that the student feels merits an appeal. Documentation must include a contact telephone number.
• If additional information is requested by the Fiscal Appeals Panel, the student will have 14 calendar days to submit it. Otherwise, the appeal will be considered excluding the additional information.
• Appeals must be filed within 60 days from the date of the charge on the student’s account for which the student is requesting an appeal.
• Appeals will be considered only for the specific charge and specific term for which the appeal is requested, and will not be considered for previous or subsequent semesters.
• Tuition and fee charges must be paid by due dates, regardless of the status of an appeal. If the student's appeal is successful, a refund will be provided if appropriate.
• All decisions by the Fiscal Appeals Panel will be made within 60 days from the date of receipt of the appeal or receipt of additional information. In the event the decision on the appeal is not made within the prescribed time period, the appeal shall be considered successful.
• The decision of the Fiscal Appeals Panel will be communicated by the Panel in writing to the student and to applicable SFA offices.

Circumstances not subject to appeal to the Fiscal Appeals Panel
• Fiscal policy that is prescribed by State and/or Federal law
• Student’s error on registration or situations resulting from a deliberate decision or series of decisions by the student. Examples:
  • A student determines that his coursework load is too heavy and decides to drop a course(s).
  • A student registers for a course and later realizes that he does not have the necessary background for the course and drops it.
  • Student’s failure to notify SFA of a decision not to attend classes unless there is documented evidence of extraordinary circumstances beyond the student’s control.
Lack of attendance in a course(s)
Charges that are adjudicated by another panel or office designated for that purpose.

For example:
- Parking fines are appealed through the Parking and Traffic Office
- Financial aid issues are appealed through the Financial Aid Office
- Housing issues are appealed through the Residence Life Office

NOTE: Decisions resulting from the student fiscal appeals process do not impact petitions to have grades or academic records changed. The Registrar’s Office should be contacted for information on appeal of academic records.

Steps in the student fiscal appeal process

1. The student should first contact the office that initiated the charge or denied a request to see if the matter can be resolved without an appeal, as indicated below:

2. If the matter is not resolved after discussion with the assigned office and the student believes there are extenuating circumstances that warrant an appeal, the student may file a written appeal to the Fiscal Appeals Panel. The written appeal must be submitted on the Student Fiscal Appeal Form.

Burden of proof

The burden of proof shall be upon the student to prove his or her case by a preponderance of the evidence in the written appeal. Appeals must be accompanied by all evidence and supporting documents that will be considered by the Fiscal Appeals Panel.

- Illness based fiscal appeals - must include a medical statement signed by the physician, complete with dates of injury/illness and expected dates of convalescence, if applicable. Appeals will be considered when the student has suffered a severe injury or illness, or when the student is responsible for the care of a sick, injured, or needy person.
• Bereavement/death based fiscal appeals - must include documentation of the relationship of the student to the deceased. A death certificate, documentation from the funeral home, or obituary from a legitimate news source must also be submitted. Bereavement/death based fiscal appeals will be considered only in the case of the student’s immediate family member.

• Military based fiscal appeals - must include military orders.

• Economic hardship based fiscal appeals (only available for appeal of the penalty for excessive time to graduation, the penalty for repetition of a course, or for the loss of an exemption and/or waiver, based on the continuation requirements for that exemption and/or waiver) - must include documentation that substantiates the economic hardship.

Permission to access records

The act of filing an appeal is construed as the student authorizing:

• all Fiscal Appeals Panel members to have full access to the student’s education records that may have a bearing on appeal deliberations

• the Fiscal Appeals Panel to seek additional verification or information as needed

The written appeal must be submitted on the Student Fiscal Appeal Form.
