Program Learning Outcomes:
This is a general education core curriculum course and no specific program learning outcomes for this major are addressed in this course.

Student Learning Outcomes:
HIS 134 is part of the university’s Core Curriculum and as such strives towards both the general goals of the core and the specific objectives for classes designated for inclusion in the American History Foundational Component Area as defined by the Texas Higher Education Coordinating Board.

Courses in this Foundational Component Area focus on the consideration of past events and ideas relative to the United States.
Courses in this area, such as HIS 134, include instruction in the interaction among individuals, communities, states, the nation, and the world, considering how these interactions have contributed to the development of the United States and its global role.

In addition to learning the above, students in HIS 134 will demonstrate the more general ability to:

- Think critically, which includes the ability to analyze, evaluate, and synthesize information about this period of history.
- Communicate effectively by developing and expressing ideas through written and visual communication.
- Gain intercultural competence, a knowledge of civic responsibility, and an awareness of how humans in the past have engaged effectively in regional, national, and global communities.
- Understand the role that personal responsibility has played throughout history and gain the ability to connect choices, actions, and consequences to making ethical decisions.

Course Requirements:
You will need to carefully read the main text (*The American Nation*). You will be tested on *Where the Birds Never Sing* during the final exam. Your exams are worth 100 points each. You will have 3 exams and a final exam that is worth 200 points. The course is worth 500 points total.

Academic Integrity (A-9.I)
Academic integrity is a responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty, as well as abiding by university policy on penalties for cheating and plagiarism.

Definition of Academic Dishonesty
Academic dishonesty includes both cheating and plagiarism. Cheating includes but is not limited to (1) using or attempting to use unauthorized materials to aid in achieving a better grade on a component of a class; (2) the falsification or invention of any information, including citations, on an assigned exercise; and/or (3) helping or attempting to help another in an act of cheating or plagiarism. Plagiarism is presenting the words or ideas of another person as if they were your own. Examples of plagiarism are (1) submitting an assignment as if it were one's own work when, in fact, it is at least partly the work of another; (2) submitting a work that has been purchased or otherwise obtained from an Internet source or another source; and (3) incorporating the words or ideas of an author into one's paper without giving the author due credit. Anyone caught cheating will receive an F on that particular work, or possibly the whole course. Also, a report will be sent to the dean of the school in which you are associated. You have a right to appeal.
Withheld Grades Semester Grades Policy (A-54)
Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

Students with Disabilities
To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 / 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations.
