I. Course Description:

Manual communication for the deaf using American Sign Language. Emphasis is placed on fluency. This course shifts emphasis from receptive skills (in ASL 172) to expressive skills, as well as ongoing exploration in deaf culture. Prerequisite: B or better in SPH 172. **The class will be conducted in ASL, no voice.**

II. Intended Learning Outcomes/Goals/Objectives: (Program/Student Learning Outcomes)

**CORE VALUES OF THE COLLEGE OF EDUCATION**

This course reflects the following core values of the College of Education (see the COE Conceptual Framework at [www.sfasu.edu/education/about/accreditations/ncate/conceptual](http://www.sfasu.edu/education/about/accreditations/ncate/conceptual)):

- Academic excellence through critical, reflective, and creative thinking - All students will master a total of approximately 1200 words when ASL I and ASL II vocabulary is counted. Mastery will be demonstrated by receptive and expressive exams using vocabulary in context as well as lab assignments, DVD activities, and various in class activities. A minimum mastery level of 80% is required for advancement to ASL III.
- Life-long learning – All languages grow and change over time. Throughout this course, we hope to instill a desire in each student to continue to interact with and learn from the Deaf community and to continue their study of ASL.
- Collaboration and shared decision-making – Students participation in the activities done during class as well as outside studying and interaction works toward development of skills necessary for working collaboratively and making decisions as a group.
- Openness to new ideas, to culturally diverse people, and to innovation and change - Deaf Culture components, including a quizzes, in class activities/discussions, and certain lab assignments will broaden student exposure to and knowledge of a community with different values, expectations, and beliefs than the mainstream society.
• Integrity, responsibility, diligence, and ethical behavior - All work submitted must be the work of the person earning the grade for the assignment or assessment.
• Service that enriches the community – Through exposure to the language and various cultural activities of the Deaf community, students gain knowledge that will be useful in service of and within the Deaf community as well as the community at-large.

CEC/CED (Council on Exceptional Children/Council on Education of the Deaf) Standards

1. From CED standards:
   a. DH4S1 Develop proficiency in the languages used to teach individuals who are deaf or hard of hearing.

2. From the Joint CEC/CED standards and indicators (takes DH4S1 and expands upon it):
   a. '97 e.g., Indicators of language competence in ASL include (seeing and signing) and may be demonstrated by having lived and worked in areas of the U.S. where ASL is used. In all cases, indicators of language competency should include formal study of the language. Indicators of ASL language competence may be demonstrated in one of the following ways: (a) A standardized measure such as the ASLPI may be used b. SFA uses the TASC

Texas Assessment of Sign Communications™ (TASC™) Competencies

This course continues to develop students’ abilities needed for successful completion of the TASC which requires students to be able to respond to questions that are designed to elicit language for specific purposes. These questions cover students’ abilities to:

• Describe: The purpose of questions and prompts associated with this communication competency is to elicit descriptive conversation from you. Questions and prompts ask you to describe to the interviewer familiar activities, events, etc.
• Instruct: This communication competency focuses on “how to” questions and prompts. You are asked to tell the interviewer the procedures or steps involved in various activities.
• Hypothesize: For this communication competency, you are asked to project what would happen if a particular event were to occur.
• Problem Solve: Questions and prompts associated with this competency require you to imagine a situation and communicate how you might solve the problem posed by that situation.
• Supported Opinion: This competency requires you to take a position on one or more of a variety of topics and then support that position. The topics are selected to be general and noncontroversial. The goal is to allow you to express and support your opinion. Use your communication skills to be as persuasive as you can.

While students do not cover all areas in this class, the skills that they learn will be useful in responding to the different types of questions covered on this assessment.

TASC™ Rating Criteria

Skills of the students who take the TASC are rated in the following areas:

• Range of Communication
Throughout this class, students work toward developing their communication abilities in one or more of the areas above.

**Student Learning Outcomes:**

Students will demonstrate the following skills through tests (receptive and expressive), lab assignments, cultural quizzes, classroom activities, completion of assignments from their workbooks, and interaction with other ASL users:

- Correctly translate English sentences to ASL using correct word order and spatial agreement.
- Produce vocabulary learned with correct form, movement, palm orientation, and location with increasing fluency.
- Tell, retell, and modify narratives incorporating various language elements which have been covered thus far.
- Use correct sequencing when signing in ASL.
- Use correct/appropriate facial expressions and other non-manual signals to convey various grammatical and emotive elements.
- Use culturally appropriate conversational skills to accomplish various tasks such as comparing, explaining, giving advice, relaying information, and conveying and responding to hypothetical situations.
- Use correct ASL grammar and choose semantically correct sign choices.

**Program Learning Outcomes:**

“This is a general education core curriculum course and no specific program learning outcomes for this major are addressed in this course.”

**III. Course Evaluations:**

Near the conclusion of each semester, students electronically evaluate courses taken within the College of Education. Evaluation data is used for a variety of important purposes including:

1. Course and program improvement, planning, and accreditation;
2. Instruction evaluation purposes;
3. Making decisions on faculty tenure, promotion, pay and retention. As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation.
AS you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical!”

In the Perkins College of Education, the course evaluation process has been simplified and is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted.

IV. General Education Core Curriculum

This course has been selected to be part of Stephen F. Austin State University’s core curriculum. The Texas Higher Education Coordinating Board has identified six objectives for all core courses: Critical Thinking Skills, Communication Skills, Empirical and Quantitative Skills, Teamwork, Personal Responsibility, and Social Responsibility. SFA is committed to the improvement of its general education core curriculum by regular assessment of student performance on these six objectives.

Assessment of these objectives at SFA will be based on student work from all core curriculum courses. This student work will be collected in D2L through LiveText, the assessment management system selected by SFA to collect student work for core assessment. LiveText accounts will be provided to all students enrolled in core courses through the university technology fee. You will be required to register your LiveText account, and you will be notified how to register your account through your SFA e-mail account. If you forward your SFA e-mail to another account and do not receive an e-mail concerning LiveText registration, please be sure to check your junk mail folder and your spam filter for these e-mails. If you have questions about LiveText call Ext. 1267 or e-mail SFALiveText@sfasu.edu.

V. Student Ethics and Other Policy Information: Found at https://www.sfasu.edu/policies

Class Attendance and Excused Absence: Policy 6.7

Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. The instructor shall maintain an accurate record of each student’s attendance and participation as well as note this information in required reports and in determining final grades. Students may be excused from attendance for reasons such as health, family emergencies, or student participation in approved university-sponsored events. However, students are responsible for notifying their instructors in advance, when possible, for excusable absences.

Academic Accommodation for Students with Disabilities: Policy 6.1 and 6.6

To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 as early as possible in the semester. Once verified, ODS will notify the course instructor and
outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/.

**Student Academic Dishonesty: Policy 4.1**

Abiding by university policy on academic integrity is a responsibility of all university faculty and students.

**Definition of Academic Dishonesty**

Academic dishonesty includes both cheating and plagiarism. Cheating includes, but is not limited to:
- using or attempting to use unauthorized materials on any class assignment or exam;
- falsifying or inventing of any information, including citations, on an assignment; and/or;
- helping or attempting to help another in an act of cheating or plagiarism.

Plagiarism is presenting the words or ideas of another person as if they were one’s own. Examples of plagiarism include, but are not limited to:
- submitting an assignment as one’s own work when it is at least partly the work of another person;
- submitting a work that has been purchased or otherwise obtained from the Internet or another source; and/or,
- incorporating the words or ideas of an author into one’s paper or presentation without giving the author credit.

**Penalties for Academic Dishonesty**

Penalties may include, but are not limited to reprimand, no credit for the assignment or exam, re-submission of the work, make-up exam, failure of the course, or expulsion from the university.

**Student Appeals**

A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in Academic Appeals by Students (6.3).

**Withheld Grades: Policy 5.5**

At the discretion of the instructor of record and with the approval of the academic unit head, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F, except as allowed through policy [i.e., Active Military Service (6.14)]. If students register for the same course in future semesters, the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

**Student Code of Conduct: Policy 10.4**

Classroom behavior should not interfere with the instructor’s ability to conduct the class or the ability of other students to learn from the instructional program (see the Student Conduct Code, policy D-34.1). Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning
environment may be asked to leave class and may be subject to judicial, academic or other penalties. This prohibition applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the iCare: Early Alert Program at SFA. Information regarding the iCare program is found at https://www.sfasu.edu/judicial/earlyalert.asp or call the office at 936-468-2703.

Additional Information:

To complete Certification/Licensing Requirements in Texas related to public education and other professional settings, you will be required to:

1. Undergo criminal background checks for field or clinical experiences on public school campuses; the public school campuses are responsible for the criminal background check; YOU are responsible for completing the information form requesting the criminal background check. If you have a history of criminal activity, you may not be allowed to complete field or clinical experiences on public school campuses. At that point, you may want to reconsider your major while at SFASU.

2. Provide one of the following primary ID documents: passport, drivers license, state or providence ID cards, a national ID card, or military ID card to take the TEES exams (additional information available at www.texas.ets.org/registrationBulletin/ <http://www.texas.ets.org/registrationBulletin/>). YOU must provide legal documentation to be allowed to take these mandated examinations that are related to certification/licensing requirements in Texas. If you do not have legal documentation, you may want to reconsider your major while at SFASU.

3. Successfully complete state mandated a fingerprint background check. If you have a history of criminal activity, you may want to reconsider your major while at SFASU.

For further information concerning this matter, contact Katie Snyder 936-468-1740 or snyderke1@sfasu.edu.

VI. Class Policies

Attendance: Attendance is IMPERATIVE for success in this course! Class discussion and participation is critical as well. Excessive absences will adversely affect your ability to perform well on exams. No make up work will be given for any absence not approved as an excused absence by the university. Additionally, excessive absences cheat you of your education (and money!) I understand you are busy and “things come up”. However, I expect you in class. Students with more than two absences will be deducted two (2) points from the final grade for each additional absence, on your third absences this becomes retroactive and you will lose 6 points. A sign-in sheet will be utilized at each class period. No name, no credit.
Participation:
Successful class interactions depend on prepared and present communicators! You are expected to attend each class and to participate in all class discussions and activities. This includes actively listening, asking and answering questions, expressing your opinion. Diversions due to personal notes, visiting, or working on day planners, are not considered appropriate and will be addressed when observed. Cell phones are to be turned off during class. Texting during class (reading, composing, or sending messages) is NOT accepted and will be addressed as observed.

Feedback on Assignments:
If you would like feedback on any of your assignments prior to turning them in for a grade, you must notify me two days before the assignment is due. (For example: If the assignment is due on Wednesday, I must be notified by Monday.) It is your responsibility to request feedback and adhere to the requirements of each assignment.

Turning in Assignments:
Assignments must be turned in according to the requirements for each assignment. Leaving an assignment with the secretary, with lab assistants, etc. unless specifically told to do so, will not be accepted. You are responsible for turning in your assignments according to each assignment’s requirements. It is no one else’s responsibility to make sure that I receive your assignment.

Late Work:
Any assignment turned in after the due date will lose an equivalent of a letter grade for each week (week is calculated from the due date) after it is due. The first penalty will be assessed immediately after the assignment is due. For example, if the assignment is due at the beginning of class, any assignment turned in after papers have been collected can score no higher than a B. This policy applies only to unit review lab assignments and the Cultural Media Essay. All other assignments are not eligible for late submission and will be given a zero if not completed or turned in on time.

Appropriate use of technology:
Cell phones and other communication devices not required for disability purposes should be on vibrate and put away during class. Electronic devices that flash are not allowed in the classroom. Please turn off this feature or put them away to obscure the flashing upon entering the room. There is no exception to this policy. Failure to do so may result in removal from class. If you have an ongoing emergency, please inform your instructor at the start of class and take your calls outside of class. Failure to comply with this policy may result in removal from class.

Technical Difficulties:
Technical difficulties will not relieve you of your responsibility for turning in assignments or completing quizzes on time. Attempt all assignments and quizzes early so you may seek help as needed. I suggest allowing a minimum of 24 hours.

Practice outside of class:
All students are expected to practice outside of class for at least 1 hour per week for each credit hour earned. A three credit hour course requires three hours of practice each week.

Advancing to ASL III requires the following: A grade of “B” or better in ASL II. The course is heavily weighted on the final receptive test and expressive assessments or assignments. You may only register for ASL III AFTER grades are submitted. The prerequisite WILL be enforced: If you manage to enroll in a course without meeting prerequisites, your instructor will check and you will be removed from the course.
Grades may not be released through e-mail. The Family Privacy Act considers e-mail too public. In order to prevent others from seeing your grades unless you so desire, I may only discuss grades in person or over the phone.

VII. Readings – Required Texts
d. GoReact account: Now purchased for you using course fees. You will receive a code in the grade book. You will also receive a link to the GoREACT course. After using the link, enter the code in the “Payments”.
e. Live Text Statement:
   i. This course collects assessments for students who are Perkins College of Education majors (undergraduate, graduate, and doctoral) or majors in other colleges seeking educator certification through the Perkins College of Education, using the LiveText data management system. Students who do not have an existing LiveText account will receive an access code via your SFA Titan email within the first week of class. You will be required to register your LiveText account, and you will be notified how to register your account. If you forward your SFA e-mail to another account and do not receive an e-mail concerning LiveText registration, please be sure to check your junk mail folder and your spam filter for these e-mails. If you have questions about LiveText, call ext. 1267 or e-mail SFALiveText@sfasu.edu.
f. Supplemental Resource: The DigitalSigner study tool has been developed as a study aid for ASL students. It is available for download for free in your D2L course. You can find it in the “Study Materials” module. Access depends on completing the Study Materials Module which outlines the System Requirements and explains how to use the materials. If you have any difficulties, please read the manual first for system requirements and usage instructions. If you still have difficulties, please ask your course instructor for help.

VIII. Assignments and Assessments

**Quizzes: For Hearing People Only:** (3 @ 50 points each)
- Students will read chapters 25 - 40 of the text *For Hearing People Only*.
- Students will then be evaluated by three computer-based assessments.
- *For Hearing People Only* covers common questions hearing people ask about Deaf people and Deafness, a history of sign language and related contexts, an examination of cultural unique characteristics, and perspectives associated with the education of deaf and hard of hearing individuals.
- Additionally, podcast lectures are available on D2L for each exam.
- Quizzes are graded on accuracy of response.
- Quiz 1: Chapter 25-30
- Quiz 2: Chapter 31-35
- Quiz 3: Chapter 36-40
**Exams:** (12 @ 150 Points Each – 6 Receptive and 6 Expressive)

- Five major exams (including final exam)
- Receptive Section Format:
  - Vocabulary embedded sentences
  - Each exam will contain old and new material, fingerspelling, and vocabulary from ASL I (each test comprehensive)
  - All tests will be signed and **students are expected to write the intent and meaning using good English grammar.**
  - Grades are based on accuracy of vocabulary recognition and connection of concepts expressed in English.
- Expressive Section Format:
  - Administered on the same day as the receptive test
  - You will be given the information that must be included in your video when it is your turn to record
  - Will focus on material from the most recent units, but may contain other vocabulary and grammar
  - Will give a picture of your spontaneous language production
  - Grades are given based on inclusion of information required, accuracy of grammar used, fluency of signing, inclusion of and accuracy of facial expressions, semantically accurate sign choices, accuracy of signs, use of classifiers, complete thoughts, and use of space.

- Missing an exam
  - If you do not show up to an exam, a grade of 0 will be recorded, except for a **documented emergency.** Please see me WELL in advance (at least one week) for a known conflict, such as university sponsored sports activities, etc.
  - Should you miss an exam for an unexcused absence (skipping class, alarm “not going off”, being late for an exam, etc.) your grade will BE A ZERO for the missed exam. **NO EXCEPTIONS AT ALL.** Plan ahead and be smart.
  - Should you miss an exam for an EXCUSED absence (death in the immediate family, illness requiring doctor visit and /or hospitalization, etc.) See me the day you return to reschedule.
- Exams will cover the following:
  - **Exam 1:** Units 1-7
  - **Exam 2:** Units 1-9
  - **Exam 3/Final Exam:** Units 1-11

**Lab Assignments**

- General Recording Requirements:
  - When doing any recording of assignments for this class, make sure that you are not chewing gum and that your clothing is conducive to reading sign. Chewing gum in any of your recorded assignments will result in a reduction of your grade by 10%. Clothing that has stripes, large graphics, or other designs that interfere with reading signs will result in a reduction of your grade by 20%. When in doubt, ASK!
  - You will need to make sure that your video has been uploaded to GoReact before it is due. This includes videos recorded in the lab. Failure to inform me of upload problems with GoReact prior to due date and time, will result in a lowering of your grade in accordance to the late assignments policy with the exception of the Three Pigs which will not be accepted late.
• Requirements specific to ASL Lab recording:
  o When recording in the lab, be respectful to the students that are working. Disrespect toward the lab assistants may result in a lowering of your grade.
  o Before you leave the lab, make sure that your video has been saved under my name, your name, and the correct assignment name. I do not want to have to go hunt for your assignment because you failed to complete this step and a lowering of your grade may result.
  o You will also need to check to make sure that your video has been uploaded by the lab assistants to GoReact before it is due. If your video is not uploaded and the lab is still open, you will need to go by the lab and ask the lab assistants to upload your video and let me know what has happened. If your video is not uploaded and the lab is no longer open and it is due, you will need to let me know what has happened and we will make arrangements to get your video uploaded (either you will need to go by the lab when it is open again and ask for your video to be uploaded or I will retrieve your video).

Sentences: (6 @ 25 points each)
• Following each Unit (5-11), students will sign a set of sentences for each unit via web cam or cameras in the Sign Language Lab or on your own. Videos will be uploaded to GoREACT either by the Lab Assistant (if you recorded in the Lab) or on your own.
• Grades will be based on accurate production of vocabulary, correct use of vocabulary, correct non-manual markers (including facial expressions), and correct order.
• Requirements by Unit (see Unit Lab Activities in Activities folder on d2l for more information):
  o Unit 5 pg. 278
    ▪ Questions to Ask (1-10)
  o Unit 7 pg. 63
    ▪ Translating Sentences with “to Drive,” “to Take,” and “to Pick Up” (1-8)
  o Unit 8 pg. 134
    ▪ Negations 2 (1-12)
  o Unit 9 pg. 212
    ▪ Yes/No Questions 2 (1-10)
  o Unit 10 pg. 287
    ▪ Wh-Word Questions 2 (1-9)
  o Unit 11 pg. 372
    ▪ Your Bucket List

Summaries: (3 @ 50 points each)
• Before each exam, students will sign a summary of a biography of a Deaf individual from the end of the chapter via web cam or cameras in the Sign Language Lab or on your own. Videos will be uploaded to GoREACT either by the Lab Assistant (if you recorded in the Lab) or on your own.
• Due in GoReact the day before the corresponding exam.
• Grades will be based on inclusion of important details, accuracy of grammar used, fluency of signing, inclusion of and accuracy of facial expressions, semantically accurate sign choices, accuracy of signs, use of classifiers, complete thoughts, and use of space.
• Requirements by Unit (see Unit Lab Activities in Activities folder on d2l for more information):
  o Units 5/7
    ▪ Pick either Clayton Valli (pg. 276-7) or Arthur Kruger (pg. 67-68)
Summary must be 2-3 minutes
Signing should be fluent, include important details, use ASL grammar, and signs should be semantically accurate.

- **Units 8/9**
  - Pick either Nathie Marbury (pg. 138-9) or Eric Malzkuhn (pg. 235-6)
  - Summary must be 2-3 minutes
  - Signing should be fluent, include important details, use ASL grammar, and signs should be semantically accurate.

- **Units 10/11**
  - Pick either Alice Taylor Terry (pg. 303-4) or Chuck Baird (pg. 384-5)
  - Summary must be 2-3 minutes
  - Signing should be fluent, include important details, use ASL grammar, and signs should be semantically accurate.

**Unit DVD Packets:** (6 @ 50pts each)
- Throughout each unit you will watch the DVD and fill out the DVD pack for the unit
- Turn the packet in when you come in for the unit test
  - Exam 1 – turn in units 5 & 7
  - Exam 2 – turn in units 8 & 9
  - Exam 3 – turn in units 10 & 11
- Grades are based on accuracy of answers.

**Daily Activities:** (150 total pts)
- These points will be used for quizzes (such as vocabulary, numbers, fingerspelling) in class activities, participation, etc.
- Point value for each assignment used in this category will be announced prior to the activity with the exception of participation.
- Activities under this category may be announced or may not be announced prior to the class during which they will occur.
- There is no make-up allowed for any activity under this category.
- Determination of how a grade is calculated will be based on the activity. Quizzes will be graded for accuracy, participation will be graded on whether student actively participated or sat back and watched, and other class activities will be graded based on the nature of the activity. If it is possible to grade the activity for accuracy, the activity will be graded in that manner.

**Interaction Hours:**
- You will be required to complete 25 hours of interaction.
- Turn in a hard copy on the date indicated on the syllabus.
- Up to 13 hours can be completed with your classmates or others who know sign language.
- At least 12 hours can be completed in the AARC with the ASL tutor and/or with the ASL lab assistant. Due to the limited time available for each, you should plan to split your time between the AARC and the lab.
- Grades are based upon the successful completion of all 25 hours following the guidelines for this assignment. If all guidelines regarding minimum hours required with the ASL tutor in the AARC and/or the ASL lab assistant are satisfied, signatures obtained for all time logged, and 25 hours are completed the student will receive full credit. Students will not receive full credit for one or more of the following:
Students completing less than 25 hours of interaction outside of class will receive a 0 for this assignment.

Students will also receive a 0 if less than 12 hours is completed with the ASL tutor in the AARC and/or the ASL lab assistant.

Failure to obtain a signature for any hours completed will void calculation of the time for which a signature was not obtained.

IX: Evaluations and Assessments:

Grades will be based on the following:
