Affiliation Agreement

The both of us, Japan and U.S.A., hope to continue the broadening of educational and cultural relationships and hope to deepen the friendships and understanding between the two parties. We therefore sign this agreement with the purpose of contributing to the friendships between the people of Japan and America.

The purpose of the sister school agreement

1. The broadening and sharing of common educational experiences.
2. The promoting of better international understanding among people of future generations in both Japan and U.S.A.
3. The enhancing of research opportunities through exchange programs of students, faculties, library and research materials.
