The Academic Assistance and Resource Center (AARC) is an award-winning learning assistance program that provides free peer tutoring for many entry-level courses. We are 260 Lumberjack students helping other Lumberjack students stay strong and reach their full potential. We make getting help easy with online tutoring, on-call tutoring at walk-in tables, 1:1 appointments, supplemental instruction (SI) groups, and learning teams. We assisted 5,000 Lumberjacks and had 50,000 visits last year! And our success rate (A,B,C in course tutored) was 85%! We know the professor is the student’s number one resource for success, but after that, there is AARC. We appreciate faculty referring students to our services. Read more about AARC here: sfasu.edu/aarc

### Wifi and Internet

SFA has two wireless access options (SSID's): SFA-WIRELESS and SFA-LAWN. Both connect to the same network and provide the same performance; however, SFA-LAWN is more secure. SFA-WIRELESS is still encrypted and secure but provides a lower level of protection. SFA-WIRELESS can be accessed by devices that cannot be configured to connect to SFA-LAWN. Connecting to the wireless is a two-step process:

1. Connect to an access point.
   a. SFA-WIRELESS does not require a username. The password is "golumberjacks" (all one word, no quotes).
   b. SFA-LAWN requires your mySFA username and password. Once connected to the access point, you must register with Bradford Campus Manager.
2. Register with Bradford Campus Manager by opening a web browser (Internet Explorer, Google Chrome, etc). You should be redirected to the Bradford Campus Manager. Follow the instructions to complete registration.
