Stephen F. Austin State University does not discriminate on the basis of disability in admission to, access to, or operations of its programs, services or activities, including hiring or employment practices.

The university is committed to providing equal opportunities in higher education to academically qualified students with disabilities who demonstrate a reasonable expectation of college success. Students with disabilities who attend SFA will be provided the same opportunity to actively engage in campus activities as all other students, to the extent reasonably possible. The university shares responsibility with the student for modifying campus facilities and programs to meet the individual needs of the student.

Compliance with Section 504 of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act, as amended, is coordinated through the Office of Disability Services. Unit heads and directors have primary responsibility for providing access to programs and activities in their respective divisions and for seeking assistance to ensure physical access to the facilities in which those programs are offered. Disability services works directly with students with disabilities, individual faculty members, and academic departments in the provision of classroom accommodations, and assists other university departments in providing access and coordinating accommodations for programs, activities and services offered by the university outside the classroom.

SFA will make reasonable workplace accommodations for any employee having a known physical or mental impairment (policy 11.22). Requests for workplace accommodations are submitted to the director of human resources, who reviews and recommends reasonable workplace accommodations on a case-by-case basis.

Requests for housing accommodations for students with disabilities are submitted to the residence life department, which makes housing assignments based on individual need with assistance from disability services and a review committee if needed.

Requests for specific persons to provide academic accommodations will be given consideration based upon the requested person's employment qualifications and ability to satisfy uniform quality assurance standards. Persons who are involved in an ongoing relationship with, or are related within the second degree of affinity or the third degree of consanguinity to the student or employee with a disability, as defined by policy 11.16, may not receive compensation for providing services to that particular student or employee.
