SELECTION OF AN INVESTMENT MANAGEMENT FIRM

Explanation:

Stephen F. Austin State University, the SFA Foundation, and the Alumni Foundation issued a joint request for proposals (RFP) for external investment fund management. The proposals were analyzed and three finalists were selected to appear before the finance committee of the Board of Regents and members of the SFA Foundation and Alumni Foundation. The current investment management contract ends on August 31, 2014.

Recommendation:

The administration recommends the Board of Regents select an external investment management firm from the three investment management finalists: Merrill Lynch, Morgan Stanley and Trinity Capital. The administration further recommends the regents authorize the president to sign the contract with the investment management firm.

STEM SCHOLARSHIPS

Explanation:

The university has made a strong commitment to science, technology, engineering and mathematics (STEM) education. To complete the degree program offerings across all STEM disciplines, the university is in the final stages of securing an engineering physics degree from the Texas Higher Education Coordinating Board. Additionally, SFA hosts numerous STEM camps each year designed for middle and secondary school students. This focus on recruitment and retention of STEM majors is part of the SFA STEM initiative to widen the STEM pipeline. The critical nature of STEM education is both a state and national concern.

Recommendation:

The administration recommends that \$200,000 be funded annually for STEM scholarships. Scholarship criteria and eligibility requirements would be established by the College of Sciences and Mathematics. The scholarships would be funded on an annual basis from the Coca-Cola exclusive rights soft-drink contract and designated funds.

STEM CAMPUS RESIDENCE TRANSFER SCHOLARSHIPS

Explanation:

The university has made a strong commitment to science, technology, engineering and mathematics (STEM) education. To complete the degree program offerings across all STEM disciplines, the university is in the final stages of securing an engineering physics degree from the Texas Higher Education Coordinating Board. Additionally, SFA hosts numerous STEM camps each year designed for middle and secondary school students. This focus on recruitment and retention of STEM majors is part of the SFA STEM initiative to widen the STEM pipeline. The critical nature of STEM education is both a state and national concern.

Recommendation:

The administration recommends that eleven campus residence scholarships be established for students who transfer to SFA as STEM majors and continue their undergraduate education at SFA in one of the STEM fields. Scholarship criteria and eligibility requirements would be established by the College of Sciences and Mathematics.

Presentation and Committee Action on Agenda Item 21:

APPROVAL OF CONTRACT FOR SIRSIDYNIX SOFTWARE

Explanation:

The university library utilizes Sirsidynix software that maintains its inventory, circulation, cataloging acquisitions and serials control. The library is currently under contract for the software maintenance, but has renegotiated an extended contract. The university wishes to enter into a five year contract for on-going maintenance that includes software upgrades. The contractual agreement will result in a 3.75% savings in the first year of the new contract and limit annual increases at 2.9% for years two through five.

Recommendation:

The administration recommends that the university purchase the maintenance for the Sirsidynix software for a five year period at a cost not to exceed \$280,000.00 with additional years of renewal subject to administrative approval. The administration further recommends the president be authorized to sign the contract.

Ric Berry
Provost and Vice
President for
Academic Affairs

Presentation and Committee Action on Agenda Item 22:

PURCHASE OF FACILITIES SCHEDULING SOFTWARE

Explanation:

With the addition of an academic space utilization coordinator, the Academic Affairs Division has begun the centralization of scheduling of instructional and other academic space. In order to facilitate the implementation and maintenance of a centralized system, it is necessary to use advanced scheduling software. After appropriate investigation, demonstration, and consideration, the software package Ad Astra has been chosen.

Recommendation:

The administration recommends that the board approve the purchase and three years of maintenance of Ad Astra scheduling software at a cost not to exceed \$225,000. The administration further recommends the software and three years of maintenance be purchased with the Higher Education Fund (HEF). The administration also recommends authorization of the president to sign associated purchase orders.

Provost and Vice
President for

Presentation and Committee Action on Agenda Item 23:

CONTRACT FOR LIVETEXT E-PORTFOLIO HOSTED SERVICE

Explanation:

Many institutions of higher education are adopting electronic portfolio systems for storage of and access to samples of student work. These are used in assessment processes, activities related to program and institutional accreditation, and for student professional preparation. The university has chosen a hosted service, LiveText, for this purpose. LiveText will be a central tool in the university's core curriculum assessment plan, approved by the Texas Higher Education Coordinating Board in February.

The LiveText cost is based on the number of students who enroll in at least one core curriculum course. The cost will be assessed only once per student, regardless of the number of courses a student takes. Further, the service is available to students for five years for academic and personal data collection. The university projects that approximately 8,000 student licenses are needed for fall 2014, and approximately 3,000 are needed each year thereafter.

The administration negotiated a license cost of \$70 per student using a projection model of 8,000 initial licenses and 3,000 additional annual licenses. Using this model, the total projected cost would be \$1,400,000 for a five-year contract. Further, part of the initial cost will be spread over years two through five. The negotiated payment schedule would begin with \$404,900 in fiscal year 2015, followed by the actual cost of new student licenses in years 2016 through 2019.

Ric Berry
Provost and Vice
President for
Academic Affairs

Recommendation:

In order to accommodate student growth, the administration recommends that the board approve a five-year contract with LiveText for e-portfolio hosted service for an amount not to exceed \$1,600,000. The administration further recommends that the president be authorized to sign the contract and associated purchase orders. The administration also recommends that designated fund balance of \$150,000 be used in fiscal year 2015 to augment revenue in order to provide a first-year payment of \$404,900. It is also recommended that actual annual payments in years two through five be paid from designated funds.

Presentation and Committee Action on Agenda Item 24:

ROOM AND BOARD RATES FY 2014-15

Explanation:

Projected student housing and food service operating costs support the need for revised room and board rates for the 2015 fiscal year.

Pursuant to the relevant provisions of our food service contract, the administration and Aramark annually negotiate necessary rate increases for the upcoming fiscal year. Our contract uses the percentage increase in the Food and Beverage element of the Consumer Price Index (CPI) published by the Bureau of Labor Statistics, U. S. Department of Labor, for urban consumers ("CPI-U") in the South as a benchmark for any rate increase considered. The administration has negotiated a rate increase of 1.9% for the provision of board plan food service during the 2015 fiscal year.

The proposed room and board rates for FY2014 are presented in Appendix 3 and reflect a 1.9% increase in the board plan and a 3.5% increase in the room rate.

These revised rates will become effective in the fall semester of 2014.

Recommendation:

The administration recommends approval of the negotiated 1.9% Aramark increase and the proposed room and board rates for FY2015 as presented in Appendix 3.

Presentation and Committee Action on Agenda Item 25:

BOOKSTORE CONTRACT RENEWAL

Explanation:

The current contract with Barnes & Noble College Booksellers, Inc. for the purpose of providing bookstore operations and management for the university expires on July 15, 2014. The terms of the current contract provide for a five-year renewal upon mutual agreement between the parties.

Recommendation:

The administration recommends that the board authorize the president to sign a renewal of the bookstore services contract with Barnes & Noble College Booksellers, Inc. with a term that expires on July 15, 2019, and includes the substantive elements outlined in Appendix 4.

Steve Westbrook
Vice President for
University Affairs

The board will adjourn for lunch at approximately 12 noon during the Finance and Audit Committee meeting. Board members will attend a ribbon cutting for the Gibson Entomology Room at 1:30 p.m. The Finance and Audit Committee will reconvene at approximately 2 pm in the Board Conference room in the Austin Building (Room 307)

ADOPTION OF FISCAL YEAR 2013-2014 SUMMER BUDGET

Explanation:

The fiscal year 2013-14 summer budget contains two regular summer semesters and a mini-semester. The 2013-14 annual budget includes \$2,287,937 that is available to support summer school salaries and benefits. In addition, \$1,531,948 of E&G salary savings and designated contingent funds are used to fund summer school salaries. Additional summer salaries of \$85,824 are supported by designated funds.

Recommendation:

The administration recommends approval of the 2013-14 summer budget that totals \$3,905,709.

Danny Gallant
Vice President for
Finance and
Administration

Presentation and Committee Action on Agenda Item 28:

COURSE AND LAB FEES FY 2014-15

Explanation:

Course and lab fees provide instructional departments with funds to support the actual cost of consumable supplies, service and travel related to specific courses. Course and lab fees are allocated to instructional departments for expenditures that are necessary for course delivery.

Recommendation:

The administration recommends the adoption of the selection of course fees for the 2014-15 fiscal year shown in Appendix 2, which will take effect in the fall semester of 2014.

Danny Gallant
Vice President for
Finance and
Administration

Presentation and Committee Action on Agenda Item 29:

DISTANCE EDUCATION FEE

Explanation:

For many years, Stephen F. Austin State University has charged a fee for enrolling in an online course. In 2002 the fee was increased from \$15 per credit hour to \$25 per credit hour. The fee has not increased since 2002. Because of growing costs of delivering online education, an increase in the distance education fee is needed.

Recommendation:

The administration recommends that the board approve an increase in the distance education fee charged for enrollment in online courses from \$25 per semester credit hour to \$33 per semester credit hour, effective fall semester 2014.

Ric Berry
Provost and Vice
President for
Academic Affairs

Presentation and Committee Action on Agenda Item 30:

STUDY ABROAD STUDENT FEE WAIVERS

Explanation:

The university waives the student recreation and student center fees for students who enroll only in online courses. Most students who are not online-only students pay these fees to cover costs associated with their use of the facilities. Similar to online-only students, students who study abroad for longer than four consecutive weeks during summer terms do not have the opportunity to use these two facilities.

Recommendation:

The administration recommends that the board approve a waiver of the student center fee and the student recreation center fee for students enrolled in summer study abroad programs that last longer than four weeks. The waiver would be effective only during the summer term of the study abroad enrollment.

Ric Berry
Provost and Vice
President for
Academic Affairs

Presentation and Committee Action on Agenda Item 31:

DESIGNATED TUITION, PUBLICATION FEE, AND TECHNOLOGY FEE INCREASES FOR FY 2014-15

Explanation:

To sustain the current level of operations and service delivery, the university must increase designated tuition, the publications fee and the technology fee.

Recommendation:

The administration recommends that designated tuition be increased from \$158 to \$171 per semester credit hour, the publication fee be increased from \$6 to \$8 per semester credit hour, and the technology fee be increased from \$22 to \$23 per semester credit hour, effective in the fall semester of 2014.

Vice President for
Finance and
Administration

Presentation and Committee Action on Agenda Item 32:

Danny Gallant
VP for Finance and
Administration

FIXED-RATE DESIGNATED TUITION PLAN

Explanation:

House Bill 29 passed last year by the Texas legislature requires public universities to offer a fixed-rate tuition plan to undergraduate students. Entering freshmen students or new transfer students must be offered the opportunity to participate in a fixed-rate tuition plan for twelve consecutive semesters from the point of initial enrollment at a public or private institution, regardless of whether the student enrolls at any institution in those semesters. The plan is effective for the fall 2014 semester. The legislation also allows a university to offer a fixed-rate tuition plan as optional or mandatory and authorizes the governing board of an institution to establish restrictions and qualifications for the plan.

Recommendation:

The administration recommends that the university establish an optional fixed-rate designated tuition plan that will be available to entering freshmen or new transfer students who begin classes at the university for the first time during the fall 2014 semester. In addition to those, students who participate only in SFA dual-credit high school/college classes will be eligible for the plan. The administration further recommends that the fixed-rate designated tuition charge for fall 2014 new entering freshmen will be \$192 per semester credit hour.

To address both new and transfer students, the administration further recommends the creation of student cohorts who pay different fixed designated tuition rates based on their fall 2014 enrollment status. Depending on enrollment dates at other institutions, transfer students will be placed in 2012, 2013, 2014, or 2015 cohorts. New freshmen students will be placed in the 2015 cohort. The recommended cohort designated tuition fee schedule is as follows:

2012 cohort - \$177 per semester credit hour

2013 cohort - \$180 per semester credit hour

2014 cohort - \$186 per semester credit hour

2015 cohort - \$192 per semester credit hour

The administration recommends the adoption of an optional fixed-rate designated tuition plan of \$192 for twelve semesters for new fall 2014 freshmen (2015 cohort). The administration further recommends the approval of the fixed-rate designated tuition per semester credit hour rates as presented in the above cohort schedule for transfer students.

Presentation and Committee Action on Agenda Item 33:

DUAL CREDIT EXEMPTION

Explanation:

Students currently enrolled in courses that count for both high school and college credit under the dual credit enrollment program are exempted from the payment of all tuition and fees and are only assessed a fee of \$25 per semester credit hour (SCH) plus any applicable distance learning fees.

The exemption applies to students and courses stipulated by the Texas Higher Education Coordinating Board as eligible for the dual credit exemption. Students enrolled in courses that are not eligible for high school credit would not qualify for the exemption. Students enrolled in summer courses would not be eligible for the exemption, regardless of their high school status. Individual instruction courses are not eligible for this exemption.

Recommendation:

The administration recommends that effective with the fall semester of 2015, dual credit students be exempted from the payment of statutory and designated tuition and other mandatory fees. Dual credit students would be assessed a Dual Credit Enrollment Fee of \$50 per SCH plus any applicable course fees and distance learning fees.

Danny Gallant
Vice President for
Finance and
Administration

Presentation and Committee Action on Agenda Item 34:

GRANT AWARDS

Explanation:

To date in fiscal year 2014, the university has received multi-year grant awards totaling \$21,973,718. Of that total, grant awards allocable to fiscal year 2014 are \$7,200,415, an increase of \$397,552 since the last report.

The grant awards result from extensive faculty research and service engagement across many academic disciplines. The grants include direct federal, federal pass through, state and private awards.

Recommendation:

The administration recommends approval and ratification of the additional grant awards allocable to fiscal year 2014 that total \$397,552. The total grant awards are detailed in Appendix 5.

Danny Gallant
Vice President for
Finance and
Administration

Presentation and Committee Action on Agenda Item 35:

APPROVAL OF FINANCIAL AFFAIRS POLICY REVISIONS

Explanation:

The Board Rules and Regulations state that the Finance and Audit Committee will consider: budgeting and appropriations request processes; all requests for appropriations and budgets covering expenditures of educational and general funds and auxiliary programs including, but not limited to, student housing and the athletic department; handling of university funds, depositories, etc., whether from appropriated or contributed funds; and the auditing function of the university including, but not limited to, annual audit plan, internal and external audit reports, risk assessment, and audit/compliance issues.

The following policies are necessary to incorporate organizational, job title, and regulatory changes and to improve the flow of information in the above areas of responsibility. The general counsel has reviewed the proposed revisions.

Recommendation:

The administration recommends that the Board of Regents adopt the following policy revisions as presented in Appendix 6:

Budget Change and Additional Appropriation (3.4) TO BE DELETED

Budget Control (3.5) TO BE DELETED

Delegated Purchasing Authority (17.5)

SIEMENS INDUSTRY, INC. ENERGY PERFORMANCE
CONTRACT PHASE THREE

Danny Gallant
Vice President for
Finance and
Administration

Explanation:

At the May 15, 2009 meeting, the SFA Board of Regents selected Siemens Industry, Inc. as its energy savings company (ESCO) to enter into an energy performance contract with the university. The contract was established pursuant to Texas Education Code Section 51.927, which requires that an energy performance contract must guarantee savings that are sufficient to recover the costs of an energy project(s). The project began with a detailed energy audit that identified energy savings opportunities. Phases one and two of the energy performance contract were completed on January 31, 2012.

Based on the success of the first two phases, the university would like to pursue phase three of the energy performance contract with Siemens Industry, Inc. As with the first two phases, phase three would begin with a letter of intent that authorizes Siemens Industry, Inc. to engage in a detailed energy audit. The energy audit cost will be incorporated into the energy performance contract. If the audit identifies and guarantees energy savings, the university would like to proceed with project implementation. If the energy audit does not determine that savings are

available with the implementation of an energy performance contract, the university would not pay for the cost of the energy audit.

Recommendation:

The administration recommends that the university sign a letter of intent with Siemens Industry, Inc. to begin the third phase of an energy contract. Further, it is recommended that Siemens Industry, Inc. be authorized to conduct an energy audit and engage phase three of an energy performance contract if energy savings are guaranteed that are sufficient enough to pay the cost of the contract. Additionally, the administration recommends that the vice president for finance and administration be authorized to secure financing for the energy performance contract. The administration also recommends that the president be authorized to sign the letter of intent, contract, and purchase orders.

Presentation and Committee Action on Agenda Item 13:

WILLIAM R. JOHNSON COLISEUM SEATING
HANDRAIL INSTALLATION

Explanation:

The William R. Johnson Coliseum was opened in 1974. At the time of construction, handrails in the seating aisles were not required. The university feels that adding a center handrail to existing aisles will increase the safety of the facility, increase the accessibility of certain areas, and enhance the experience of those using the facility. The project is estimated to cost \$125,000.

Recommendation:

The administration recommends funding the project with designated funds at a cost not to exceed \$125,000. The administration further recommends that the regents authorize the president to sign associated purchase orders and contracts.

Vice President for
Finance and
Administration

Presentation and Committee Action on Agenda Item 14:

RENOVATION OF 309 EAST STARR AVENUE APARTMENTS

Explanation:

The university purchased apartment units at 309 East Starr on September 16, 2013. The university honored rental contracts with tenants that were in place at the time of purchase. The last tenants will vacate the apartments during the summer of 2014.

Recommendation:

The administration recommends that the apartment units, grounds, and vehicle/parking area be renovated to provide residence halls for transfer students who meet academic criteria established by the university. The renovation cost of \$125,000 will be funded with designated funds.

Danny Gallant
Vice President for
Finance and
Administration

Presentation and Committee Action on Agenda Item 15:

GRIFFITH AND KERR FIRE SPRINKLER SYSTEMS

Explanation:

The 2013-14 capital budget includes a project to install new fire sprinkler systems in Griffith and Kerr Halls. The project was funded with 2013-14 budgeted auxiliary funds for \$741,730. Based on the scope of the project, additional funds are needed to complete the fire sprinkler installations in both residence halls.

Recommendation:

The administration recommends an increase of \$460,000 in the Griffith and Kerr Fire Sprinkler Systems project budget to complete the sprinkler system installation in both halls. The administration further recommends that expenditures not exceed the amended project budget amount of \$1,201,730. The source of funds for the budget increase will be auxiliary fund balance. In addition, the administration recommends authorization of the president to sign associated purchase orders and contracts.

Danny Gallant
Vice President for

Administration

Presentation and Committee Action on Agenda Item 16:

LUMBERJACK LODGE FLOOD DAMAGE RENOVATION

Explanation:

In the early morning hours of March 19, 2014, a 2-inch water pipe burst on the second floor of the Lumberjack Lodge residence hall. Because of the scope of the flood and water damage, the university invoked emergency authority to begin restoration and renovation efforts. These included working with contractors and insurance carriers. The university has a standing order contract with Mooring, a disaster recovery firm. The scope of recovery work was evaluated by university staff, the university's property insurance agent, and the disaster recovery firm.

The university has a property deductible of \$100,000. Total restoration costs are expected to exceed \$100,000. When all flood associated renovation and restoration activity is completed, the university's property insurance carrier will issue a check to SFA that is net of the property insurance deductible.

Recommendation:

The administration recommends authorization to pay all flood and water damage related expenses to Mooring and other contractors that participated in the Lumberjack Lodge flood-related restoration and renovation.

Report and Board Action on Agenda Item 12:

SIEMENS INDUSTRY, INC. ENERGY PERFORMANCE CONTRACT PHASE THREE

Explanation:

At the May 15, 2009 meeting, the SFA Board of Regents selected Siemens Industry, Inc. as its energy savings company (ESCO) to enter into an energy performance contract with the university. The contract was established pursuant to Texas Education Code Section 51.927, which requires that an energy performance contract must guarantee savings that are sufficient to recover the costs of an energy project(s). The project began with a detailed energy audit that identified energy savings opportunities. Phases one and two of the energy performance contract were completed on January 31, 2012.

Based on the success of the first two phases, the university would like to pursue phase three of the energy performance contract with Siemens Industry, Inc. As with the first two phases, phase three would begin with a letter of intent that authorizes Siemens Industry, Inc. to engage in a detailed energy audit. The energy audit cost will be incorporated into the energy performance contract. If the audit identifies and guarantees energy savings, the university would like to proceed with project implementation. If the energy audit does not determine that savings are available with the implementation of an energy performance contract, the university would not pay for the cost of the energy audit.

Recommendation:

The administration recommends that the university sign a letter of intent with Siemens Industry, Inc. to begin the third phase of an energy contract. Further, it is recommended that Siemens Industry, Inc. be authorized to conduct an energy audit and engage phase three of an energy performance contract if energy savings are guaranteed that are sufficient enough to pay the cost of the contract. Additionally, the administration recommends that the vice president for finance and administration be authorized to secure financing for the energy performance contract. The administration also recommends that the president be authorized to sign the letter of intent, contract, and purchase orders.

Report and Board Action on Agenda Item 13:

WILLIAM R. JOHNSON COLISEUM SEATING HANDRAIL INSTALLATION

Explanation:

The William R. Johnson Coliseum was opened in 1974. At the time of construction, handrails in the seating aisles were not required. The university feels that adding a center handrail to existing aisles will increase the safety of the facility, increase the accessibility of certain areas, and enhance the experience of those using the facility. The project is estimated to cost \$125,000.

Recommendation:

The administration recommends funding the project with designated funds at a cost not to exceed \$125,000. The administration further recommends that the regents authorize the president to sign associated purchase orders and contracts.

Report and Board Action on Agenda Item 14:

RENOVATION OF 309 EAST STARR AVENUE APARTMENTS

Explanation:

The university purchased apartment units at 309 East Starr on September 16, 2013. The university honored rental contracts with tenants that were in place at the time of purchase. The last tenants will vacate the apartments during the summer of 2014.

Recommendation:

The administration recommends that the apartment units, grounds, and vehicle/parking area be renovated to provide residence halls for transfer students who meet academic criteria established by the university. The renovation cost of \$125,000 will be funded with designated funds.

Report and Board Action on Agenda Item 15:

GRIFFITH AND KERR FIRE SPRINKLER SYSTEMS

Explanation:

The 2013-14 capital budget includes a project to install new fire sprinkler systems in Griffith and Kerr Halls. The project was funded with 2013-14 budgeted auxiliary funds for \$741,730. Based on the scope of the project, additional funds are needed to complete the fire sprinkler installations in both residence halls.

Recommendation:

The administration recommends an increase of \$460,000 in the Griffith and Kerr Fire Sprinkler Systems project budget to complete the sprinkler system installation in both halls. The administration further recommends that expenditures not exceed the amended project budget amount of \$1,201,730. The source of funds for the budget increase will be auxiliary fund balance. In addition, the administration recommends authorization of the president to sign associated purchase orders and contracts.

Report and Board Action on Agenda Item 16:

LUMBERJACK LODGE FLOOD DAMAGE RENOVATION

Explanation:

In the early morning hours of March 19, 2014, a 2-inch water pipe burst on the second floor of the Lumberjack Lodge residence hall. Because of the scope of the flood and water damage, the university invoked emergency authority to begin restoration and renovation efforts. These included working with contractors and insurance carriers. The university has a standing order contract with Mooring, a disaster recovery firm. The scope of recovery work was evaluated by university staff, the university's property insurance agent, and the disaster recovery firm.

The university has a property deductible of \$100,000. Total restoration costs are expected to exceed \$100,000. When all flood associated renovation and restoration activity is completed, the university's property insurance carrier will issue a check to SFA that is net of the property insurance deductible.

Recommendation:

The administration recommends authorization to pay all flood and water damage related expenses to Mooring and other contractors that participated in the Lumberjack Lodge flood-related restoration and renovation.

Report and Board Action on Agenda Item 17:

APPROVAL OF BUILDING AND GROUNDS POLICY REVISIONS

Explanation:

The Board Rules and Regulations state that the Building and Grounds Committee will consider:

use and occupancy of university property; and
planning of, locating of, receiving bids for, awarding contracts for, construction of, and maintenance of buildings, utilities, and other physical facilities of the campus.

The following policies are necessary to incorporate organizational, job title, and regulatory changes and to improve the flow of information in the above areas of responsibility. The general counsel has reviewed the proposed revisions.

Recommendation:

The administration recommends that the Board of Regents adopt the following policy revisions as presented in Appendix 6:

Driver Certification (13.7) TO BE DELETED

Training and Certification of University Vehicle Operators (13.23)

Vehicle Repair and Maintenance (16.34)

Report and Board Action on Agenda Item 18:

SELECTION OF AN INVESTMENT MANAGEMENT FIRM

Explanation:

Stephen F. Austin State University, the SFA Foundation, and the Alumni Foundation issued a joint request for proposals (RFP) for external investment fund management. The current investment management contract ends on August 31, 2014. The proposals were analyzed and three finalists were selected to appear before the finance committee of the Board of Regents and members of the SFA Foundation and Alumni Foundation. The finalist firms are Merrill Lynch, Morgan Stanley and Trinity Capital. The joint meeting produced a unanimous selection of Merrill Lynch as the firm best qualified to serve as the investment management firm for all three entities.

Recommendation:

The administration recommends the Board of Regents select Merrill Lynch as the most qualified external investment management firm for the university. The administration further recommends the regents authorize the president to sign the contract with Merrill Lynch.

Report and Board Action on Agenda Item 19:

STEM SCHOLARSHIPS

Explanation:

The university has made a strong commitment to science, technology, engineering and mathematics (STEM) education. To complete the degree program offerings across all STEM disciplines, the university is in the final stages of securing an engineering physics degree from the Texas Higher Education Coordinating Board. Additionally, SFA hosts numerous STEM camps each year designed for middle and secondary school students. This focus on recruitment and retention of STEM majors is part of the SFA STEM initiative to widen the STEM pipeline. The critical nature of STEM education is both a state and national concern.

Recommendation:

The administration recommends that \$200,000 be funded annually for STEM scholarships. Scholarship criteria and eligibility requirements would be established by the College of Sciences and Mathematics. The scholarships would be funded on an annual basis from the Coca-Cola exclusive rights soft-drink contract and designated funds.

STEM CAMPUS RESIDENCE TRANSFER SCHOLARSHIPS

Explanation:

The university has made a strong commitment to science, technology, engineering and mathematics (STEM) education. To complete the degree program offerings across all STEM disciplines, the university is in the final stages of securing an engineering physics degree from the Texas Higher Education Coordinating Board. Additionally, SFA hosts numerous STEM camps each year designed for middle and secondary school students. This focus on recruitment and retention of STEM majors is part of the SFA STEM initiative to widen the STEM pipeline. The critical nature of STEM education is both a state and national concern.

Recommendation:

The administration recommends that eleven campus residence scholarships be established for students who transfer to SFA as STEM majors and continue their undergraduate education at SFA in one of the STEM fields. Scholarship criteria and eligibility requirements would be established by the College of Sciences and Mathematics.

Report and Board Action on Agenda Item 21:

APPROVAL OF CONTRACT FOR SIRSIDYNIX SOFTWARE

Explanation:

The university library utilizes Sirsidynix software that maintains its inventory, circulation, cataloging acquisitions and serials control. The library is currently under contract for the software maintenance, but has renegotiated an extended contract. The university wishes to enter into a five year contract for on-going maintenance that includes software upgrades. The contractual agreement will result in a 3.75% savings in the first year of the new contract and limit annual increases at 2.9% for years two through five.

Recommendation:

The administration recommends that the university purchase the maintenance for the Sirsidynix software for a five year period at a cost not to exceed \$280,000.00 with additional years of renewal subject to administrative approval. The administration further recommends the president be authorized to sign the contract.

Report and Board Action on Agenda Item 22:

PURCHASE OF FACILITIES SCHEDULING SOFTWARE

Explanation:

With the addition of an academic space utilization coordinator, the Academic Affairs Division has begun the centralization of scheduling of instructional and other academic space. In order to facilitate the implementation and maintenance of a centralized system, it is necessary to use advanced scheduling software. After appropriate investigation, demonstration, and consideration, the software package Ad Astra has been chosen.

Recommendation:

The administration recommends that the board approve the purchase and three years of maintenance of Ad Astra scheduling software at a cost not to exceed \$225,000. The administration further recommends the software and three years of maintenance be purchased with the Higher Education Fund (HEF). The administration also recommends authorization of the president to sign associated purchase orders.

Report and Board Action on Agenda Item 23:

CONTRACT FOR LIVETEXT E-PORTFOLIO HOSTED SERVICE

Explanation:

Many institutions of higher education are adopting electronic portfolio systems for storage of and access to samples of student work. These are used in assessment processes, activities related to program and institutional accreditation, and for student professional preparation. The university has chosen a hosted service, LiveText, for this purpose. LiveText will be a central tool in the university's core curriculum assessment plan, approved by the Texas Higher Education Coordinating Board in February.

The LiveText cost is based on the number of students who enroll in at least one core curriculum course. The cost will be assessed only once per student, regardless of the number of courses a student takes. Further, the service is available to students for five years for academic and personal data collection. The university projects that approximately 8,000 student licenses are needed for fall 2014, and approximately 3,000 are needed each year thereafter.

The administration negotiated a license cost of \$70 per student using a projection model of 8,000 initial licenses and 3,000 additional annual licenses. Using this model, the total projected cost would be \$1,400,000 for a five-year contract. Further, part of the initial cost will be spread over years two through five. The negotiated payment schedule would begin with \$404,900 in fiscal year 2015, followed by the actual cost of new student licenses in years 2016 through 2019.

Recommendation:

In order to accommodate student growth, the administration recommends that the board approve a five-year contract with LiveText for e-portfolio hosted service for an amount not to exceed \$1,600,000. The administration further recommends that the president be authorized to sign the contract and associated purchase orders. The administration also recommends that designated fund balance of \$150,000 be used in fiscal year 2015 to augment revenue in order to provide a first-year payment of \$404,900. It is also recommended that actual annual payments in years two through five be paid from designated funds.

Report and Board Action on Agenda Item 24:

ROOM AND BOARD RATES FY 2014-15

Explanation:

Projected student housing and food service operating costs support the need for revised room and board rates for the 2015 fiscal year.

Pursuant to the relevant provisions of our food service contract, the administration and Aramark annually negotiate necessary rate increases for the upcoming fiscal year. Our contract uses the percentage increase in the Food and Beverage element of the Consumer Price Index (CPI) published by the Bureau of Labor Statistics, U. S. Department of Labor, for urban consumers ("CPI-U") in the South as a benchmark for any rate increase considered. The administration has negotiated a rate increase of 1.9% for the provision of board plan food service during the 2015 fiscal year.

The proposed room and board rates for FY2014 are presented in Appendix 3 and reflect a 1.9% increase in the board plan and a 3.5% increase in the room rate.

These revised rates will become effective in the fall semester of 2014.

Recommendation:

The administration recommends approval of the negotiated 1.9% Aramark increase and the proposed room and board rates for FY2015 as presented in Appendix 3.

Report and Board Action on Agenda Item 25:

BOOKSTORE CONTRACT RENEWAL

Explanation:

The current contract with Barnes & Noble College Booksellers, Inc. for the purpose of providing bookstore operations and management for the university expires on July 15, 2014. The terms of the current contract provide for a five-year renewal upon mutual agreement between the parties.

Recommendation:

The administration recommends that the board authorize the president to sign a renewal of the bookstore services contract with Barnes & Noble College Booksellers, Inc. with a term that expires on July 15, 2019, and includes the substantive elements outlined in Appendix 4.

Report and Board Action on Agenda Item 26:

ACKNOWLEDGE RECEIPT OF AUDIT SERVICES REPORT

Explanation:

The Board Rules and Regulations state that the director of audit services shall assist the board in carrying out its oversight responsibilities as they relate to the university's a) financial and other reporting practices, b) internal control, and c) compliance with laws, regulations and ethics. The director of audit services reports to the Board of Regents on the status of the annual audit plan, internal external reports, risk assessment and audit/compliance issues.

The audit services report as presented includes an expenditure audit, Office of Multicultural Affairs audit, Department of Kinesiology and Health Science audit, SAO audit and an update on the annual audit plan.

Recommendation:

The Finance and Audit committee recommends that the Board of Regents acknowledge receipt of the audit services report as presented.

Report and Board Action on Agenda Item 27:

ADOPTION OF FISCAL YEAR 2013-2014 SUMMER BUDGET

Explanation:

The fiscal year 2013-14 summer budget contains two regular summer semesters and a mini-semester. The 2013-14 annual budget includes \$2,287,937 that is available to support summer school salaries and benefits. In addition, \$1,531,948 of E&G salary savings and designated contingent funds are used to fund summer school salaries. Additional summer salaries of \$85,824 are supported by designated funds.

Recommendation:

The administration recommends approval of the 2013-14 summer budget that totals \$3,905,709.

Report and Board Action on Agenda Item 28:

COURSE AND LAB FEES FY 2014-15

Explanation:

Course and lab fees provide instructional departments with funds to support the actual cost of consumable supplies, service and travel related to specific courses. Course and lab fees are allocated to instructional departments for expenditures that are necessary for course delivery.

Recommendation:

The administration recommends the adoption of the selection of course fees for the 2014-15 fiscal year shown in Appendix 2, which will take effect in the fall semester of 2014.

Report and Board Action on Agenda Item 29:

DISTANCE EDUCATION FEE

Explanation:

For many years, Stephen F. Austin State University has charged a fee for enrolling in an online course. In 2002 the fee was increased from \$15 per credit hour to \$25 per credit hour. The fee has not increased since 2002. Because of growing costs of delivering online education, an increase in the distance education fee is needed.

Recommendation:

The administration recommends that the board approve an increase in the distance education fee charged for enrollment in online courses from \$25 per semester credit hour to \$33 per semester credit hour, effective fall semester 2014.

Report and Board Action on Agenda Item 30:

STUDY ABROAD STUDENT FEE WAIVERS

Explanation:

The university waives the student recreation and student center fees for students who enroll only in online courses. Most students who are not online-only students pay these fees to cover costs associated with their use of the facilities. Similar to online-only students, students who study abroad for longer than four consecutive weeks during summer terms do not have the opportunity to use these two facilities.

Recommendation:

The administration recommends that the board approve a waiver of the student center fee and the student recreation center fee for students enrolled in summer study abroad programs that last longer than four weeks. The waiver would be effective only during the summer term of the study abroad enrollment.

Report and Board Action on Agenda Item 31:

DESIGNATED TUITION, PUBLICATION FEE, AND TECHNOLOGY FEE
INCREASES FOR FY 2014-15

Explanation:

To sustain the current level of operations and service delivery, the university must increase designated tuition, the publications fee and the technology fee.

Recommendation:

The administration recommends that designated tuition be increased from \$158 to \$171 per semester credit hour, the publication fee be increased from \$6 to \$8 per semester credit hour, and the technology fee be increased from \$22 to \$23 per semester credit hour, effective in the fall semester of 2014.

Report and Board Action on Agenda Item 32:

FIXED-RATE DESIGNATED TUITION PLAN

Explanation:

House Bill 29 passed last year by the Texas legislature requires public universities to offer a fixed-rate tuition plan to undergraduate students. Entering freshmen students or new transfer students must be offered the opportunity to participate in a fixed-rate tuition plan for twelve consecutive semesters from the point of initial enrollment at a public or private institution, regardless of whether the student enrolls at any institution in those semesters. The plan is effective for the fall 2014 semester. The legislation also allows a university to offer a fixed-rate tuition plan as optional or mandatory and authorizes the governing board of an institution to establish restrictions and qualifications for the plan.

Recommendation:

The administration recommends that the university establish an optional fixed-rate designated tuition plan that will be available to entering freshmen or new transfer students who begin classes at the university for the first time during the fall 2014 semester. In addition to those, students who participate only in SFA dual-credit high school/college classes will be eligible for the plan. The administration further recommends that the fixed-rate designated tuition charge for fall 2014 new entering freshmen will be \$192 per semester credit hour.

To address both new and transfer students, the administration further recommends the creation of student cohorts who pay different fixed designated tuition rates based on their fall 2014 enrollment status. Depending on enrollment dates at other institutions, transfer students will be placed in 2012, 2013, 2014, or 2015 cohorts. New freshmen students will be placed in the 2015 cohort. The recommended cohort designated tuition fee schedule is as follows:

2012 cohort - \$177 per semester credit hour

2013 cohort - \$180 per semester credit hour

2014 cohort - \$186 per semester credit hour

2015 cohort - \$192 per semester credit hour

The administration recommends the adoption of an optional fixed-rate designated tuition plan of \$192 for 12 semesters for new fall 2014 freshmen (2015 cohort). The administration further recommends the approval of the fixed-rate designated tuition per semester credit hour rates as presented in the above cohort schedule for transfer students.

Report and Board Action on Agenda Item 33:

DUAL CREDIT EXEMPTION

Explanation:

Students currently enrolled in courses that count for both high school and college credit under the dual credit enrollment program are exempted from the payment of all tuition and fees and are only assessed a fee of \$25 per semester credit hour (SCH) plus any applicable distance learning fees.

The exemption applies to students and courses stipulated by the Texas Higher Education Coordinating Board as eligible for the dual credit exemption. Students enrolled in courses that are not eligible for high school credit would not qualify for the exemption. Students enrolled in summer courses would not be eligible for the exemption, regardless of their high school status. Individual instruction courses are not eligible for this exemption.

Recommendation:

The administration recommends that effective with the fall semester of 2015, dual credit students be exempted from the payment of statutory and designated tuition and other mandatory fees. Dual credit students would be assessed a Dual Credit Enrollment Fee of \$50 per SCH plus any applicable course fees and distance learning fees.

Report and Board Action on Agenda Item 34:

GRANT AWARDS

Explanation:

To date in fiscal year 2014, the university has received multi-year grant awards totaling \$21,973,718. Of that total, grant awards allocable to fiscal year 2014 are \$7,200,415, an increase of \$397,552 since the last report.

The grant awards result from extensive faculty research and service engagement across many academic disciplines. The grants include direct federal, federal pass through, state and private awards.

Recommendation:

The administration recommends approval and ratification of the additional grant awards allocable to fiscal year 2014 that total \$397,552. The total grant awards are detailed in Appendix 5.

Report and Board Action on Agenda Item 35:

APPROVAL OF FINANCIAL AFFAIRS POLICY REVISIONS

Explanation:

The Board Rules and Regulations state that the Finance and Audit Committee will consider: budgeting and appropriations request processes; all requests for appropriations and budgets covering expenditures of educational and general funds and auxiliary programs including, but not limited to, student housing and the athletic department; handling of university funds, depositories, etc., whether from appropriated or contributed funds; and the auditing function of the university including, but not limited to, annual audit plan, internal and external audit reports, risk assessment, and audit/compliance issues.

The following policies are necessary to incorporate organizational, job title, and regulatory changes and to improve the flow of information in the above areas of responsibility. The general counsel has reviewed the proposed revisions.

Recommendation:

The administration recommends that the Board of Regents adopt the following policy revisions as presented in Appendix 6:

Budget Change and Additional Appropriation (3.4) TO BE DELETED
Budget Control (3.5) TO BE DELETED
Delegated Purchasing Authority (17.5)
Departmental Budgeting and Accounting Responsibilities (3.9)
Fixed-Rate Tuition Plan (NEW)
Purchase of Used Equipment or Supplies (17.18)
Receipts and Deposits (3.26)
Returned Payments (3.27)
Vacation Leave (12.21)

Report and Board Action on Agenda Item 36 (*Executive Session Item*):

APPROVAL OF OFFICIAL UNIVERSITY LOGO

Explanation:

The board approved a new university logo design created by Richards Carlberg during the February 10, 2014, teleconference meeting. Since that time, our stakeholders have strongly voiced their preference for retaining the previous university logo, also known as the spirit logo, which was initially approved as the university's logo by the Board of Regents on August 13, 2004. Graphic design guidelines will be created to include standards for all media, including, publications, advertising, websites and other collateral materials—both on and off campus.

Recommendation:

The administration recommends that the board approve the logo shown below as the official university logo.

CourseCredit and Contact Hours

Original Implementation: February 4, 1986

Last Revision: ~~October 18, 2010~~ April 15, 2014

~~Stephen F. Austin State University requires that the number of contact hours for each course (except individual instruction) offered for degree credit shall conform to the rules of the Texas Higher Education Coordinating Board.~~ *This policy applies to all courses at all levels (undergraduate and graduate) that award academic credit (i.e., any course that appears on an official transcript issued by the university) regardless of the mode of delivery including, but not limited to, self-paced, online, hybrid, lecture, seminar and laboratory. Academic units are responsible for ensuring that credit hours are awarded only for work that meets the requirements outlined in this policy.*

Contact hours of courses offered for degree credit will conform to the rules of the Texas Higher Education Coordinating Board. The university adheres to the Carnegie unit for contact time (750 minutes for each credit awarded).

The expectation of contact time is the same in all formats of a course whether delivered fully online, hybrid, or face-to-face. Courses that have less structured classroom schedules, such as seminars, independent studies, internships, practica, studio work, or any other academic work leading to the award of credit hours, at a minimum, should state comparable learning objectives, expected outcomes and workload expectations.

~~Permission to offer a course in a shortened format must be given by the academic unit head, appropriate academic dean and the provost and vice president for academic affairs. This permission is contingent upon a determination that~~ *The instruction and content of the material are must be appropriate for a shortened duration and that the quality of learning is at least equal to a course offered in a regular format. Students enrolled in a shortened course must meet the university's regular admission requirements.*

Credit Hour

The federal definition of a credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates:

1. *Not less than one hour of classroom or direct faculty instruction and a minimum of two hours out-of-class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or 10 to 12 weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time, or;*

2. *At least an equivalent amount of work as outlined in item 1 above for other academic activities as established by the institution including laboratory work, internships, practica, studio work and other academic work leading to the award of credit hours.*

Delegated Purchasing Authority

Original Implementation: Unpublished

Last Revision: ~~April 23, 2013~~ April 15, 2014

Stephen F. Austin State University adheres to a policy of centralized purchasing for the purposes of:

1. ensuring compliance with state and federal laws, rules, and regulations;
2. protecting the university from unauthorized acquisitions of supplies, equipment and services;
3. providing budgetary control and coordination;
4. ensuring fair and ethical business practices;
5. providing savings through consolidation of requirements and standardization of products where appropriate; and
6. providing best value acquisition through various procurement methods; see Best Value Procurement (17.1).

The procurement department, under supervision of the director of procurement and property services/HUB coordinator, has sole authority for the negotiation and purchase of all goods and services for the university with the exception of items listed in Items Requiring Board of Regents Approval (1.4), and the following specific delegations that exist under proper administrative approval:

1. The director of the university libraries is authorized to purchase books, periodicals, journals and other related materials needed to maintain university resource material collections.
2. The curator of the Stone Fort Museum is authorized to purchase general merchandise for resale in the museum gift shop.
3. Employees are authorized to make procurement card purchases of items costing \$2,000 or less through procurement card procedures. See Procurement Card (17.11).
4. Employees without procurement cards may make purchases and request reimbursement if the purchase is approved by the account manager, follows university procurement policy and procedure, and other purchase options are not possible or available. Taxes will not be reimbursed, except as allowed by law.
5. Certain payments may be made by completing a voucher for submission to the controller's office. See Purchase Voucher (17.20).

All other purchases are to be submitted as a formal request for the procurement office to secure a

good or service. See Purchase Requisition (17.19).

All official correspondence other than that delegated above; i.e., solicitations, purchase orders, change orders, cancellations, etc. shall be issued by the procurement office. The director of procurement and property services/HUB coordinator is delegated authority to sign all titles and associated documents for the purchase, transfer or sale of vehicles, trailers, or marine equipment.

UNAUTHORIZED PURCHASES MADE OUTSIDE OF DELEGATED AUTHORITY

An unauthorized purchase occurs when a university employee orders a product or service without an authorized purchase order issued by procurement. Unauthorized purchases will include inappropriate reimbursement requests that fall outside the scope of university procurement policy and procedure. Except as delegated herein university employees are not authorized to commit to an expenditure of funds on behalf of the university.

Unauthorized purchases over \$2000 will not be paid by the university unless a justification is submitted to the vice president for finance and administration for review.

If approved, the appropriate documentation and payment approval must be submitted to the procurement office to process a purchase order for the unauthorized purchase, and state appropriated funds may not be used to pay for the service or product unless approved by the vice president for finance and administration.

If the unauthorized purchase is not approved by the vice president for finance and administration, the employee will be responsible for payment to the vendor unless the order can be cancelled and/or the goods returned. Any freight, shipping costs, or return penalties will be paid by the employee in the event the order is cancelled and/or the goods returned to the vendor.

The following circumstances will not constitute an unauthorized purchase; however, a requisition must be entered in the university's financial system at the earliest practical date so that payment is not delayed resulting in possible late fees.

- a. emergency purchases as defined by Best Value Procurement (17.1);
- b. memberships;
- c. purchases that were to be made with a p-card that reasonably could have been expected to be less than \$2000;
- d. magazine or book subscriptions;
- e. other automatically recurring or renewable fees;
- f. purchases associated with existing contracts negotiated by the procurement office;
- g. tournament fees or game guarantees;
- h. athletics game workers;

- i. guest lecturers, speakers, artists, entertainers, performers, musicians if the contract is signed by the president prior to the event;
- j. other professional services as defined by state comptroller's expenditure codes, if the contract is signed by the president prior to the event;
- k. services contracts associated with grants as long as the contract is *in process with the research and sponsored programs office*.

Departmental Budgeting and Accounting Responsibilities

Original Implementation: September 1, 1987

Last Revision: ~~April 17, 2012~~ April 15, 2014

It is the responsibility of each department head to account for the funds and property of his/her department and to exercise budgetary control over them. For that reason, all accounts have a designated account manager. An account is defined as a specific Banner fund/organization combination as assigned by the controller's office. It is the responsibility of each account manager to maintain records of sales and other revenues, expenditures and encumbrances including salaries and wages, and other charges which support and supplement the records in the Banner finance system.

It is the account manager's responsibility to ensure that each account under his/her control does not exceed budget limitations. In accounts where both revenues and expenditures are projected (i.e. Designated Fund, Restricted Fund, and Plant Fund accounts), if actual revenues do not meet budgeted revenues, it is the account manager's responsibility to reduce expenditures accordingly. All deficits are to be thoroughly investigated and resolved in a timely manner. *Likewise, if actual revenue exceeds the account revenue estimate, a budget change may be requested. Procedures that govern this process may be found on the budget office website. All budget changes in excess of \$10,000 require approval of the vice president for finance and administration and the president, and budget changes of \$100,000 or more require approval of the Board of Regents.*

Complete and accurate records of financial transactions are to be maintained by the controller's office. These records may be accessed by the appropriate account manager through the Banner system. Account managers are responsible for comparing their records with those of the controller's office and reporting any differences promptly to the controller's office.

The original approved budgets and all authorized budget revisions for non-restricted accounts are maintained by the budget director. The original approved budgets and all authorized budget revisions for restricted grants and contracts and gift accounts are maintained by the controller's office. Budget revisions for non-restricted accounts and restricted gift accounts under the account manager's control can be initiated with the Budget Office Transaction Request *or through Self Service Banner (SSB)*. Budget revisions between like funds and among a department's various organizations should be completed online, by the department, through Self Service Banner. No form is necessary for these types of transactions. Budget revisions for restricted grants and contract accounts can be initiated with the External Grant Budget Revision Request form.

Banner confirms available funding during the requisition process. If funds are not available in the account, the budget director, or designee, may authorize an override pending a budget or funds

transfer.

Account access designations can be made on the Banner Access Request form. Each account manager may designate one or more additional individuals in the department to approve time and leave in the appropriate timekeeping systems, vouchers, requisitions, and similar documents in his/her absence. The Procurement and Property Services Department, the Office of the Controller, Printing Services, Post Office, Physical Plant, Information Technology Services (Telecommunications and Networking), and other offices initiating billing charges through interdepartmental transfers (IDTs) must be informed of these designations. These designations shall be periodically reviewed and updated.

Developmental Education and Texas Success Initiative

Original Implementation: April 18, 2000

Last Revision: ~~October 18, 2010~~ April 15, 2014

The Texas Success Initiative (TSI) is a program administered by the ~~Center for College Readiness~~ *Division of P-16 Initiatives* at the Texas Higher Education Coordinating Board (THECB). The objective of the program is to ensure that students are prepared academically to succeed in higher education.

The TSI program requires ~~each~~ institutions of higher education to assess the academic skills of each entering undergraduate student to determine the student's academic readiness before initial enrollment in freshman-level academic coursework. ~~The THECB designates particular diagnostic instruments approved for assessing students' skills in reading, writing and mathematics. The TSI Assessment is the diagnostic instrument for non-exempt students. The Division of P-16 Initiatives publishes current exemption standards at its website:~~
www.thecb.state.tx.us/ .

~~Entering undergraduates may earn exemption from TSI assessment by supplying certain scores on designated assessment instruments, such as SAT, ACT, or Texas Assessment of Knowledge and Skills (TAKS). Other students may earn exemptions through prior study at private or out of state institutions, or through qualifying military service.~~

~~The purposes of this policy are to:~~

- ~~▪ articulate Stephen F. Austin State University's (SFA) requirements regarding TSI assessment and developmental coursework;~~
- ~~▪ promote quality and accountability in developmental education and advising;~~
- ~~▪ provide for effective delivery of the developmental education program; and,~~
- ~~▪ ensure that all students receive assistance in becoming ready to succeed in freshman-level academic coursework.~~

Exemption from Testing

~~The assessment requirements of the TSI program do not apply to a student who:~~

- ~~▪ has graduated with an associate or baccalaureate degree from an accredited institution of higher education;~~
- ~~▪ has transferred to SFA from a private, independent, or accredited out of state institution of higher education after satisfactory completion of college level coursework as designated by SFA;~~
- ~~▪ is serving on active duty as a member of the armed forces of the United States or the Texas National Guard;~~

- ~~is currently serving as a member of a reserve component of the armed forces of the United States and has been serving for at least the three-year period preceding SFA enrollment; was honorably discharged, retired or released from active duty as a member of the armed forces of the United States or the Texas National Guard on or after August 1, 1990;~~
- ~~was honorably discharged, retired, or released from service as a member of a reserve component of the armed forces of the United States on or after August 1, 1990;~~
- ~~is enrolled at SFA in a non-degree-seeking status;~~
- ~~has achieved certain scores as determined by THECB on the SAT or ACT and has enrolled at SFA within five years of achieving those scores;~~
- ~~has achieved certain scores as determined by THECB on the exit level assessment required for public high school graduates in Texas and has enrolled at SFA within three years of achieving those scores; and,~~
- ~~has satisfied all readiness requirements at another Texas institution of higher education and has supplied appropriate documentation of that status.~~

Testing Requirements

~~SFA accepts scores from any assessment instrument designated by THECB. Each undergraduate student must supply assessment scores in reading, writing, and mathematics, or demonstrate qualification for exemption from such assessment, prior to initial enrollment.~~

~~Under exceptional circumstances, a student may be allowed to enroll in certain freshman-level courses for one semester without TSI assessment scores. (Enrollment restrictions based on prerequisites and other entry criteria will limit courses for which the student is eligible.) The student must then supply TSI assessment scores by the end of the first semester of enrollment. Examples of exceptional circumstances include a documented illness, injury, or emergency that prevented testing, or necessary delays in providing appropriate accommodations for a student with a documented disability.~~

Developmental Education Program and Advising

~~For each student who fails to meet the minimum passing standards as set by THECB, SFA will provide individual advising regarding developmental education necessary to ensure the readiness of that student in performing freshman-level academic coursework. SFA will also assist in developing an individual plan for academic success.~~

TSI Advising Program

Individual advising will be provided to each student who has not yet demonstrated readiness in reading, writing, and/or math. The student's TSI advisor will assist the student in developing an individual plan for achieving college readiness. This plan will include either traditional developmental course work or alternatives as approved by the THECB.

~~Each student who has not met all college readiness requirements must meet with an advisor in the Academic Advising Center (AAC) before registering for classes each semester. The student's progress toward achieving readiness standards will be reviewed, and the advisor will provide assistance in registering for required developmental coursework.~~

Meeting Developmental Requirements

~~For each area of deficiency, the student must enroll in developmental coursework to address that area until the AAC determines that the student is ready to perform freshman-level academic coursework in that area. As indicators of readiness, the AAC may consider the student's performance in developmental education, performance in appropriate non-developmental coursework, and/or performance on an approved TSI assessment instrument. For course-based developmental work (ENG 099, MTH 099, RDG 098), an earned grade of "C" or higher will demonstrate that the student is college-ready. A student may retest at any time to demonstrate readiness using any of the assessment instruments approved by THECB. It is the student's responsibility to submit any updated test scores to the AAC.~~

Documentation of TSI Status

~~In accordance with THECB regulations, the student's SFA transcript will indicate each student's current status regarding college readiness in reading, writing, and mathematics. This status will be updated each semester.~~

Each student's updated TSI status will be documented on the official university transcript as readiness standards are met. It is the student's responsibility to ensure that applicable transcripts or test scores from other institutions are supplied to SFA.

Dual-Credit and Concurrent Students

~~High school students who achieve sufficient scores on the tenth-grade TAKS (or other state-administered assessment approved by the THECB) may enroll in dual-credit courses through their senior year of high school without taking a state-approved TSI assessment. Upon enrolling for degree-seeking credit at SFA, these students must satisfy requirements for TSI exemption or take an approved TSI assessment test in reading, writing, and mathematics.~~

~~Any high school student seeking concurrent enrollment must demonstrate qualification for exemption from TSI assessment or earn an acceptable score on an approved TSI assessment instrument before enrolling at SFA.~~

Special Circumstances

TSI requirements may be waived for students enrolling on a temporary, non-degree-seeking basis. Students enrolling for dual or concurrent credit must meet eligibility requirements established by the Division of P-16 Initiatives.

~~Attendance, Grades, and Academic Standing~~

~~Students are not allowed to drop developmental courses from their schedule unless they pass a TSI assessment instrument or can provide documentation of satisfying readiness requirements in another manner. If a student is allowed to drop a developmental course, the dropped course does not count toward the course drop limitation policy as described in the Texas Higher Education Coordinating Board Rules, Chapter 4, Subchapter A, Section 4.10. Grades earned in developmental courses do not count toward a student's cumulative GPA. Credit for developmental courses may not be used to meet graduation requirements.~~

~~Evaluating Effectiveness of Developmental Education~~*Monitoring Readiness for College-Level Work*

The Academic Advising Center will compile cumulative information about students' TSI readiness during each long semester. This information will be provided to the provost and vice-president for academic affairs and other academic administrators as appropriate.

~~The AAC will collect and compile information about students' success in achieving TSI readiness standards. This information will be prepared for the provost and vice president for academic affairs. If subsequent performance in related freshman-level academic coursework is to be collected and compiled, this would be the responsibility of individual academic units.~~

Drug and Alcohol Testing

Original Implementation: July 14, 1998

Last Revision: ~~April 19, 2011~~ April 15, 2014

It is the policy of Stephen F. Austin State University to promote a safe, healthy and productive learning and working environment free from the influences of drugs and alcohol. The university must set an example to ensure the safety, health and welfare of its employees, students and the citizens which it serves, by taking the appropriate steps for maintaining a drug-free workplace as mandated by the state and federal governments. This policy supplements all other SFA policies regarding drug and alcohol use and related topics by establishing the guidelines for drug and alcohol testing. The drug and alcohol testing program is for the purpose of ensuring a healthy and safe workplace, and may not be used for the purpose of criminal prosecution.

General Policy

Stephen F. Austin State University may require employees in safety sensitive positions to submit to drug and/or alcohol testing based upon reasonable suspicion, post-accident, or post-university referred drug and/or alcohol rehabilitation. University safety sensitive employees who are subject to Department of Transportation regulations in 49 C.F.R. parts 382 and 40 (primarily drivers with commercial driver's licenses) will additionally be subject to random drug and/or alcohol testing proscribed by federal law.

1. Reasonable Suspicion:

1. Direct observation of drug or alcohol use or possession and/or demonstration of physical symptoms of the influence of a drug or alcohol as related to work activities,
2. A pattern of abnormal or erratic behavior, consistent with alcohol or drug abuse,
3. Arrest or conviction of a drug or alcohol related offense as the focus of a criminal investigation into illicit drug use, possession, or trafficking,
4. Information provided by reliable or credible sources,
5. Information, which is independently corroborated,
6. Evidence that an employee or student worker has tampered with a previous drug or alcohol test, or
7. Possession of drug paraphernalia.

Individuals having reasonable suspicion of an employee in a safety sensitive position, based on the above criteria, must contact the director of human resources and/or the director of environmental health, safety, and risk management. When feasible, the Office of the General Counsel will be contacted ~~to confirm~~ *for guidance on* whether a given circumstance is sufficient to conduct a test.

Reporting personnel shall document the exact reasons why they suspect that a certain employee in a safety sensitive position has violated the drug and/or alcohol policy to include: the symptoms exhibited by the employee; the actions of the administrator, faculty, employee or student worker; if at all possible, corroborating statements from other administrators, faculty, employees or student workers; and other evidence which tends to establish a reasonable suspicion of illicit drug or unauthorized alcohol use. Statements by the reporting personnel should document specific facts, not speculation, about an employee's behavior or appearance which would lead a reasonable person to the conclusion that the employee was using or in possession of illicit drugs or unauthorized alcohol. The emphasis should be placed on how the behavior of the employee is affecting his/her performance.

2. Post-accident:

Each employee in a safety sensitive position who is involved in an accident that occurs during the course and scope of employment shall be required to submit to a drug/alcohol test. (A drug or alcohol test will also be requested if damage has occurred to university property as a direct result of the employee's behavior.)

As a condition of continued employment, any employee in a safety sensitive position who is participating in a substance abuse treatment program or who has a rehabilitation agreement with the university following an incident involving substance abuse may be required to submit to additional drug testing. This section shall not apply to employees in safety sensitive positions who have successfully completed a drug and or alcohol rehabilitation program prior to employment with the university.

Until the results of a test are received, an individual will automatically be removed from all safety sensitive functions, but may perform duties as assigned. Individuals may be suspended with pay pending investigation, if the continued participation of that individual presents a real and present danger to personal safety or property or threatens the health and safety of the individual or peers.

Prohibited Employee Conduct

1. Engaging in the manufacture, distribution, possession, or use of prohibited substances on university property, in university vehicles, or while in the conduct of university business. (Alcohol possession or use may be permitted on university property as articulated by university policy.)
2. Reporting to work under the influence of alcohol or illegal drugs.
3. Testing positive for alcohol and controlled substances as a safety sensitive employee.
4. Refusing to submit to required testing as a safety sensitive employee.

5. Permitting a subordinate employee, in a safety sensitive position, to perform or continue to perform safety sensitive functions when the supervising employee has actual knowledge that a safety sensitive employee has engaged in conduct prohibited in paragraphs above.

Refusal to Submit Test

An employee in a safety sensitive position who refuses to consent and submit to a test when requested under any of the circumstances provided for above will be subject to disciplinary action including termination.

Refusal to submit includes:

1. Failure to provide adequate breath for testing without a valid medical explanation after he or she has received notice of the requirement for breath testing in accordance with the provisions of this policy,
2. Failure to provide adequate urine for controlled substances testing without a valid medical explanation after he or she has received notice of the requirement for urine testing in accordance with the provisions of this policy, and/or
3. Engaging in conduct that clearly obstructs the testing process.

Positive Test

An employee in a safety sensitive position with a positive test will be removed from performing his or her safety sensitive functions. Their supervisor and the director of human resources will meet with each employee who tests positive and inform the employee of the test result.

Based upon the information available after the meeting with the employee, the supervisor and the director of human resources shall determine whether:

1. To proceed to impose appropriate disciplinary action (keeping in mind any minimum penalties as may be required by federal or state law, if criminal penalties may have been pursued, and the nature of the infraction as related to the job functions of the individual) pursuant to university procedures for discipline and dismissal of employee; or
2. To offer the employee the opportunity to participate in and satisfactorily complete an appropriate employee assistance program or rehabilitation program for alcohol and/or drug abusers as a condition of continued employment solely at the employee's expense. An employee who is permitted and chooses to participate in such a program must be informed that the university will pursue appropriate disciplinary action if the employee does not satisfactorily complete the prescribed program.

Recurrence of Substance Abuse: Upon the second occurrence of the necessity to potentially refer an employee to counseling or rehabilitation treatment, there will not be an option to refer the employee in a safety sensitive position for treatment and termination will be automatic.

Subsequent disciplinary actions: When an employee has experienced work related problems as a result of alcohol or drug use and has been reinstated, subsequent disciplinary action will not be taken for the previous work related problems provided the problems cease after reinstatement.

Employees Subject to Drug and Alcohol Testing

All employees in safety sensitive positions of Stephen F. Austin State University are to be included in the alcohol and/or drug testing program and will be subject to testing. Employees identified for testing purposes are expected to cooperate fully with designated clinic and/or laboratory personnel by making themselves available for testing, giving a valid sample and completing accurately all of the steps and necessary documents associated with the test.

Employees in safety sensitive positions at the university who are subject to this drug testing policy are defined as follows:

All employees whose job duties have a direct effect on the health, safety and welfare of employees, students and citizens, which the university serves including the following described duties:

- Drivers with commercial driver's licenses (CDL),
- Employees who are required to have a university certified driver's license in their job description,
- Persons who carry a firearm for security purposes,
- Employees who control dispatch of emergency services,
- Employees who repair or maintain university owned or leased vehicles,
- All maintenance personnel including but not limited to electricians, plumbers, carpenters, etc.,
- All employees who maintain the critical infrastructure of the university including but not limited to database administrators, systems administrators, programmer and systems analysts, network support specialists, etc.,
- Persons required to use dangerous equipment in the course and scope of their jobs including saws, drills, torches, tractors, mowers, and other motorized equipment,
- Employees using chemicals or other dangerous substances in the course and scope of their jobs,
- Medical professionals including licensed doctors, licensed nurses, certified athletic trainers, ~~athletic coaches and assistant coaches.~~

Facilities for Testing

Employees selected for testing procedures shall report to the designated independent facility, or may be escorted by an authorized supervisor. A specimen will be collected and tested by an independently approved laboratory using valid, reliable testing procedures as outlined under the U.S. DOT regulations at 49 C.F.R. part 40. The services of a medical review officer (MRO) will be retained for proper laboratory results interpretation.

Test Results

Drug and alcohol screen test results will be reviewed by an independent MRO after receipt of the specimen by the laboratory. Employees who test positive for substances prohibited by this program shall be afforded an opportunity to consult with the MRO and to provide medical records or other biomedical information to assist the MRO in determining whether there is a legitimate medical explanation for the test results, including use of a legally prescribed medication. Upon review of all confirmatory tests and other medical records, the MRO shall issue a confirmation report verifying test results. The MRO's confirmation report and the results therein shall be deemed conclusive.

The MRO refers to a licensed physician who is responsible for receiving laboratory results generated by the employer's drug testing program, evaluation, interpreting and verifying those drug testing results in conjunction with an employee's medical history, and determining whether a positive result was caused by the use of prohibited drugs or by an employee's medical condition.

If a post-accident drug screen produces a positive result due to a safety sensitive employee's lawful use of prescription medications which may impair judgments such as driving, handling equipment or making sound decisions the employee will be removed from all safety sensitive work and as soon as reasonably practical discuss any limitations with the employee's supervisor. An employee may be required to provide a doctor's release to resume regular safety sensitive work duties.

The MRO shall have knowledge of substance abuse disorders and appropriate medical training to interpret and evaluate an individual's positive test result (as reported by the laboratory) together with his or her medical history and any other relevant biomedical information.

Any results below the minimum stipulated test levels for drug testing or under .02 for alcohol testing shall be considered a negative test result. Any employee with properly confirmed positive drug test results, or greater than .02 alcohol test as certified by the MRO, shall continue to be removed from any safety sensitive work and shall report to the supervisor upon request.

Records

All information from an applicant's or an employee's drug and alcohol tests is confidential, unless otherwise required by law. Records will be maintained in a secure manner so that disclosure of information to unauthorized persons does not occur.

Appeal and Retesting

Employees may appeal positive test results by submitting a written request to the director of human resources within 24 hours after being informed of the positive test result. The appellant has the right to have a second test performed at a certified laboratory of his/her choice. The specimen transfer between the laboratories will follow standard protocol. An MRO shall interpret the alternate laboratory's test results, considering the nature of the result and time elapsed since the original test. All expenses for such retests will be the responsibility of the appellant.

Training

~~Supervisors who make reasonable suspicion determinations will receive training to recognize the signs and symptoms of drug use and will receive additional training to learn about the physical, behavioral, speech, and performance indicators of probable alcohol use.~~

Notice

All new employees shall receive notice of this policy and be required to sign an acknowledgement of receipt. Failure to sign an acknowledgement of receipt shall not nullify the notice provided by the university. Existing employees will be notified of the policy and its revisions.

Employee Terminations and Transfers

Original Implementation: Unpublished

Last Revision: ~~April 19, 2011~~ April 15, 2014

It is preferred that *faculty, staff, and graduate assistant* employees give at least two (2) weeks notice to their supervisors prior to termination or retirement from the university or transfer to another department. Supervisors are responsible for immediately notifying ~~the Department of Human Resources~~ *human resources* of all faculty, staff, graduate assistant terminations, retirements, and transfers. Notification will be accomplished through completion of an Electronic Personnel Action Form (EPAF). University policy, Electronic Personnel Action ~~Request Form~~ (11.8) directs the preparation and processing of an EPAF.

Timely notification must be given to human resources prior to the termination, retirement, or transfer date preferably in the last week of employment, but must be given no later than the day the employee leaves his/her department. The purpose of this notification action is to alleviate security risks and prompt the termination of accounts such as email, long distance access, internet connectivity, purchasing privileges, computer system access and building access. This notice also alerts certain departments to verify whether or not the employee has outstanding financial matters to be resolved. If the employee has any outstanding debts to the university, the employee's department should notify ~~human resources and/or payroll~~ immediately so that the matter can be reviewed. Early notification will not terminate an employee's accounts until the effective date. The EPAF process should be started as soon as possible to allow for routing through the appropriate channels for approval.

Failure of the *department head* to notify human resources in a timely manner may cause the employee's department to be charged for the employee's benefits unnecessarily since employees continue to have benefits *coverage* unless proper and timely notification has occurred. All *faculty, staff, and graduate assistant* employees leaving the employment of the university are ~~required~~ *highly encouraged* to complete a checkout procedure with human resources. *It is the department head's responsibility to ensure that the exiting employee meets with human resources before their last day of employment.*

As part of the exit process, the department in which the employee works must administer a departmental exit process to finalize business matters involving the terminating or retiring employee. A departmental checklist form is available on-line at <http://www2.sfasu.edu/personnel/ExitFormsLinkPage.htm> to assist the department in accomplishing this task. The departmental checkout form is to be signed by the department head, the employee and forwarded to human resources for the employee's personnel file. *The department head is responsible for* ~~Human resources will~~ *verifying* whether or not all departmental business is cleared such as keys collected, credit cards returned, uniforms returned, files and equipment

returned, time sheet signed and that the ~~Administrative Account Disablement form and the EPAF have~~ has been submitted.

Faculty, staff, and graduate assistant ~~Employees-employees~~ leaving the employment of the university are ~~required~~ *highly encouraged* to complete an exit interview or checkout procedure with human resources and clear all outstanding financial matters prior to their exit interview.

The employee should contact human resources to schedule an exit interview, but it is the department head's responsibility to ensure that the terminating employee has scheduled an exit interview no later than the last day of employment.

It is to the employee's benefit to have an exit interview where they will obtain information about their retirement funds, discuss benefits and make arrangements for their last paycheck. It is important that a forwarding address be given to human resources so that the employee's W-2 and COBRA (health care continuation) information can be sent to them. The employee will be given an opportunity to complete a separation questionnaire during the exit interview.

Fixed Rate Tuition Plan (NEW)

Original Implementation: April 15, 2014

Latest Revision: None

Section 54.017 of the Texas Education Code requires governing boards of general academic teaching institutions to offer a fixed tuition price plan to entering undergraduate students, including undergraduate students who transfer to the institution. Eligible freshmen or transfer students must be offered the opportunity to participate in a fixed tuition price plan for 12 consecutive semesters from the point of initial enrollment at a public or private institution, regardless of whether the student enrolls at any institution in those semesters. For purposes of this policy, one or more summer terms occurring in the same summer is considered a semester. Fees charged to a participating student may not exceed fees charged to a non-participating student. The statute permits the Board of Regents to establish restrictions and qualifications. The plan adopted by Stephen F. Austin State University to meet the legislative requirements is the Fixed Rate Tuition Plan (FRTTP). The FRTTP is effective beginning in the fall semester of 2014. The restrictions and qualifications include the following provisions:

- The plan will apply to undergraduate students only.
- Only Texas resident students, or students defined under Texas Education Code Section 54.052 may participate in the FRTTP.
- The FRTTP is not applicable to any student who has previously enrolled at SFA, except for students that have only taken dual credit courses from SFA.
- An entering eligible student, either freshman or transfer, must accept or reject the FRTTP prior to registering for the first semester. Students can change their decision any time prior to the first class day. Students eligible to make this election who enroll after the first class day must make their election prior to enrolling. That decision is non-revocable after they register.
- The fixed rate applies to designated tuition only.
- Entering freshmen who participate in the FRTTP will be eligible to have a fixed level of designated tuition for four consecutive academic years that include fall, spring, and summer.
- An academic year will be considered three consecutive “semesters”, with the summer considered as one semester, regardless of whether a student enrolls in any or all of the summer terms—Maymester, Summer I or Summer II.
- Students must enroll in a degree-seeking program.
- Students may voluntarily elect out of the FRTTP option and pay the prevailing designated tuition rate in the next subsequent semester, unless they opt out prior to the first class day of the semester. Once a student elects out of the plan, they may not be reinstated.
- The rate of the FRTTP will level at the same 16 semester credit hour designated tuition cap available outside the plan. If changes are made to the designated tuition cap, it will apply to all students.
- For purposes of planning and establishing cohorts, it is presumed that students will enroll in 30 hours a year for four years. Students may take more or less hours, as long as they do not exceed the allowable “consecutive semesters,” based on their assigned cohort.

- Students entering the FRTP will be assigned a cohort based on the date of their initial enrollment at any institution. The rate for each cohort will be set by the Board of Regents.
- The FRTP will be effective for the students for 12 “semesters” from their date of initial enrollment at SFA or another institution.
- Each fiscal year will have a rate assigned for that year based on the projected increases in designated tuition. That rate will apply for that fiscal year’s cohort.
- Transfer students enrolling at other institutions prior to the fall semester of 2011 will not be eligible.
- The FRTP is non-renewable.
- The excessive hour penalty will apply to FRTP students. This penalty is imposed at the non-resident tuition rate, and will be charged in addition to the FRTP designated tuition rate.
- The penalty for repeating classes for three or more times will apply to FRTP students.
- Students eligible for exemptions and/or waivers will not be allowed to register in the FRTP.
- Students participating in the Texas Guaranteed Tuition Plan (formerly the Texas Tomorrow Plan) or attending under a contract paid by a third party are not eligible to enroll in the FRTP.
- Students participating in the Texas Tuition Promise Fund are eligible to enroll in the FRTP.
- If a student is determined to be eligible for an exemption or waiver after enrollment, the student will no longer be eligible and the non-FRTP rate will be assessed for the current semester. (No retroactive adjustments to the account will be made for prior semesters.)

Moving Expenses

Original Implementation: December, 1988

Last Revision: ~~April 19, 2011~~ April 15, 2014

The university may pay reasonable moving expenses for a newly hired faculty or staff member. However, payment of moving expenses is not an entitlement. It is an option, with terms to be agreed upon between the university and the prospective employee in advance. Prior approval of the university president is required.

Departments may negotiate with the new employee to pay full or partial moving expenses. Payments must be made from non-appropriated funds, provided the funds are available in the department's budget. Moving expenses can be paid by either of two methods:

1. Direct payment to vendor (preferred method)
2. Reimbursement to new employee (Receipts documenting moving expenses must be attached to the **Moving Expenses Payment/Reimbursement Form** and submitted to the payroll office. *Only actual documented expenses will be reimbursed.*)

The controller's office will coordinate all payments for moving expenses, regardless of which method of payment is used. The Electronic Personnel Action Form (EPAF) and the **Moving Expenses Payment/Reimbursement Form** must be completed *and signed by the employee and each of the appropriate approvers* before any moving expense can be processed for payment. The taxability of any reimbursed moving expense will be determined by Internal Revenue Service guidelines.

Direct payment to vendors, such as to professional moving companies, are not subject to federal income tax and FICA (social security) withholding. Direct payments to vendors require an approved purchase order and invoice.

Parking and Traffic Regulations

Original Implementation: September 1, 1961

Last Revision: ~~October 21, 2013~~ April 15, 2014

SECTION I: GENERAL PROVISIONS

1. **General:** Pursuant to the authority granted by the Texas Education Code and as approved by the Board of Regents of Stephen F. Austin State University (SFA), these *Parking and Traffic Regulations* are promulgated to regulate and control parking and traffic and the use of parking facilities, to provide for the issuance of parking permits, and to provide for jurisdiction over offenses. These rules and regulations are supplementary to applicable ordinances of the city of Nacogdoches and the statutes of the state of Texas that govern pedestrians and the use of motor vehicles and bicycles.
 - A. The operation of a motor vehicle or bicycle on university property is a **PRIVILEGE** granted by the university and is not an inherent right of any faculty/staff member, student or visitor. All faculty, staff, students and visitors who park on university property must have a university parking permit or park in a short-term paid parking space. A parking permit signifies that an individual has been granted the privilege of parking a vehicle on university property and does not guarantee a parking place on campus.
 - B. The university assumes no liability or responsibility for damage to or theft of any vehicle parked or driven on campus. The university assumes no responsibility or any duty to protect any vehicle or its contents at any time the vehicle is operated or parked on the campus. No bailment is created by granting any parking or operating privileges regarding a vehicle on any property owned, leased or otherwise controlled by the university.
 - C. Each person operating a motor vehicle on university property is responsible for obeying all university parking and traffic regulations as well as all city and state parking and traffic regulations. All vehicles operated on the university property must display a valid parking permit 24 hours a day, 365 days a year.
 - D. These regulations are in effect at all times on university property.
2. **Administration and Enforcement of these Regulations:**
 - A. **Parking and Traffic:** The Parking and Traffic (P&T) division of the SFA Department of Public Safety (DPS) is authorized to enforce these regulations and is responsible for the administrative functions relating to parking permits; establishing procedures and requirements for the issuance of parking permits; the collection of enforcement fees for

parking and traffic violations; establishing requirements for the submission of appeals; the processing of appeals from parking and traffic citations; and for management of parking lots and garages. P&T supervises parking enforcement assistants who issue parking citations and provide other services such as lock-out and jump starts.

- B. The Stephen F. Austin State University Police Department (UPD):** The University Police division of DPS is also authorized to enforce these regulations at any time or under any circumstances deemed necessary. UPD officers may issue university citations or court appearance citations enforceable in justice of the peace or municipal court.

The Board of Regents of Stephen F. Austin State University is authorized to employ campus police personnel. Such officers are commissioned as Texas peace officers and are vested with all powers, privileges and immunities of peace officers in the performance of their duties. As Texas peace officers, Stephen F. Austin State University police officers have county-wide jurisdiction in all counties in which the university owns property.

All persons on university property are required to identify themselves to such officers when requested. Failure to produce identification upon request of an officer may result in arrest and appearance before a magistrate.

The university police shall be vested with the authority to refuse to allow persons having no legitimate business to enter upon any property under the control and jurisdiction of Stephen F. Austin State University and to eject any unauthorized persons from said property upon their refusal to leave peaceably upon request.

The university police are authorized to enforce the Texas Motor Vehicle Code, the Texas Penal Code, and applicable ordinances of the city of Nacogdoches, the parking and traffic regulations of the university, and all other laws.

All accidents, thefts and other offenses that occur on university property or anywhere within the campus area should be reported to the university police immediately. Accident reports should be made prior to moving vehicles. One-vehicle accidents should also be reported. Vehicles should always remain locked.

- C. Appeals:** Any person receiving a citation may appeal. Appeals must be submitted in writing and must be received within ten (10) days of the date the citation was issued. Appeal forms are available at the Parking & Traffic office during regular business hours and on-line at <http://www.sfasu.edu/parking>. Boots and impoundments may be appealed in this same manner.

The director of Parking & Traffic, or designee, serves as the appeal officer and will review the appeal and any information/evidence relative to its application. The appeal officer will render one of the following decisions:

Warning means the appeal was granted and the fine was waived.

Voided means the ticket issued was not valid.

Denied means that the ticket has been upheld and the fine must be paid.

The appellant will be notified of the decision via their SFA email account. Should the appellant disagree with the decision of the appeal officer, they may make a final appeal to the appropriate hearing board.

Appeal Board Hearing:

To appeal to a hearing board, the appellant must submit their appeal in writing to the Parking & Traffic office within ten (10) days of the appeal officer's decision. P&T will notify the appellant of the date and time of their hearing via email to the appellant's SFA email address.

Student citation appeals are considered by the Student Government Association Supreme Court, which will for the purposes of this policy be referred to as the Student Appeals Board. Faculty/Staff citation appeals are considered by the Faculty/Staff Appeals Board.

While an appeal must be submitted in writing, an appellant may choose to present their appeal to the Board in person as well. It is the responsibility of the appellant wishing to appear in person to obtain the date and time of the appropriate Appeal Board meeting. The meeting dates for both of these boards are posted in the P&T office.

The board will review the appeal and render one of the following decisions:

Excused means the ticket and its resulting fine are excused.

Upheld means that the decision of the appeals officer was upheld and any resulting fine must be paid.

All decisions of these boards are final.

Appellant's Rights

Appellants shall have the right:

1. to be present at the hearing

2. to be accompanied by an advisor of the appellant's choice and to consult with such advisor during the hearing (the advisor may only advise the appellant and may not actively participate in the hearing);
3. to know the identity of the traffic officer or police officer who issued the citation;
4. to hear or examine evidence presented;
5. to make any statement of mitigation or explanation;
6. to have and cross-examine witnesses;
7. to be informed of the disposition of the appeal
8. to inspect and copy the record of the hearing at his/her cost.

Rules of Procedure

1. The board may hear appeals for citations for which an application to appeal has been filed in accordance with these rules.
2. Each citation shall be appealed separately; except in the instance of consecutive citations for the same violation.
3. Each appeal shall be heard and decided on its own merit.
4. The board may examine, cross-examine, call, recall, and dismiss any witness.
5. The board may limit the number of witnesses whose testimony will be repetitious and establish time limits for testimony so long as all viewpoints are given a reasonable opportunity to be expressed.
6. The board shall maintain an adequate record of each hearing. Summary notes shall be deemed an adequate record for this purpose.
7. The executive director of public safety, or designee, may represent the university in any hearing.
8. The board may enter into closed session for deliberation at the conclusion of the presentation of evidence.
9. The board's judgment must be rendered at the conclusion of deliberation.
10. A board member must excuse himself/herself from any appeal in which he/she is involved, or in which a member of his/her family is involved.

Findings and Sanctions

The board shall decide only whether or not the defendant is guilty/responsible of the offense as charged in the citation.

The citation charges for each offense are established by the Board of Regents and may not be reduced or eliminated by the Appeals Board if the individual is found guilty/responsible of the parking offense.

Failure to appear at a hearing as requested by appellant shall result in a forfeiture of the personal appearance and the board's decision will be based on the written

appeal.

- iii. Upon revocation of the permit

F. **Expiration of Permits:** Permits expire on the date listed on the face of the permit.

G. **Payment of Permit Fees:** When an application is made for a permit, the fee charged will be for the entire permit period or for the entire unexpired portion of the permit period. See [Appendix A: Parking Fees Table](#) for specific permit fees.

H. **Lost/Stolen Permits:** A permit holder shall immediately report to P&T any lost/stolen permit and complete the associated report. Lost/stolen permits may be replaced for a fee (see [Appendix A: Parking Fees Table](#)). Any permit recovered after such a report has been filed must be returned to P&T immediately. Use of a permit that has been reported as lost/stolen is subject to fines and penalties as described in these regulations.

I. **Permit Refunds:** A permit is non-refundable, unless returned within 10 days of the date of sale and is not transferable from the person to whom it is issued to another individual. Resale of parking permits is prohibited and will be considered a false or fictitious permit.

J. **Permit Misuse:** Misuse of any permit may result in confiscation of the permit, and no permit may be issued to that individual for at least one year thereafter. P&T is authorized to suspend campus parking and driving privileges on university property for any person whose vehicle is cited for displaying a lost, stolen or altered permit, or any SFA parking permit not issued in accordance with these regulations. Students will be referred to the Office of Student Rights and Responsibilities, and faculty/staff will have the matter forwarded to the appropriate dean, director or department head for disciplinary action. Violators who are found in possession of a lost, stolen or altered permit may also be required to pay the annual cost of the permit type they fraudulently used.

SECTION VI: SPECIAL SERVICES

1. **Escort Services:** The University Police Department and Office of Parking & Traffic offer escort service upon request between dusk and dawn to individuals requiring transportation to and from residence halls, academic buildings and/or vehicles. To receive an escort, either request in person at the University Police Department or by telephone at 936-468-2608. The University Police Department also provides escort 24 hours a day to local hospitals for emergencies when immediate medical care is not needed. Ambulance service may be

requested for medical transport if the responding officer deems necessary. The expense for ambulance transfer is the responsibility of the person using the service. For further information on the escort service, call the University Police Department at 936-468-2608.

2. **Jump Starts and Vehicle Unlocks:** Services such as battery jump starts and vehicle unlocks are offered by the University Police Department as time permits. The University Police Department does not change flats, push cars or perform other automotive service.
3. **Special Events:** P&T employees will assist SFA event sponsors with convenient and effective access while limiting the impact the event traffic will have on campus parking. P&T offers services such as barricading spaces, placement and removal of cones, golf cart service, etc. Event parking management will be guided by:
 - Available parking spaces
 - Expected attendance
 - Costs that may be incurred by department sponsoring event
 - Expected/potential impact on regular users of the area
 - Logistical ability of P&T to manage event
 - Whether or not the event is university or non-university sponsored

SECTION VII: ENFORCEMENT

1. **Parking and Traffic Citations:**
 - A. Issuance: Any person violating these regulations may receive a citation.
 - B. P&T Authority: University parking enforcement assistants are authorized to write university parking citations.
 - C. UPD Authority: UPD officers are authorized to issue university citations and court appearance citations for violation of these regulations. It is the general policy of the university to issue court appearance citations only for moving violations and for any violation when the individual's driving or parking privileges have been suspended, although UPD may issue a court appearance for any appropriate violation. All vehicles driven on Stephen F. Austin State University property are subject to all university traffic regulations, state of Texas motor vehicle codes and city of Nacogdoches motor vehicle laws. Moving violations may be issued on a city of Nacogdoches traffic citation or filed in the office of the appropriate justice of the peace or with the city of Nacogdoches Municipal Court.
 - D. Fees for parking violations may be paid in person at the university business office between 8 a.m. and 4:30 p.m. Monday through Friday, or mailed to:

Stephen F. Austin State University
 c/o Business Office
 P.O. Box 13053, SFA Station
 Nacogdoches, TX 75962-3053

2. **Failure to Discharge Court Appearance Citations:** Failure to discharge a court appearance citation may result in the issuance of an arrest warrant.
3. **University Citations:** University citations are issued for offenses listed in Section VIII: Driving and Parking Offenses. Any person receiving a university citation must remit the amount of the charge or submit an appeal to P&T within ten (10) days after issuance of the citation. Any towing, booting and/or storage fees for removal of an impounded or immobilized vehicle or bicycle must be paid regardless of whether an appeal has been submitted.
4. **Appeals of University Citations:** Any person issued a university citation may appeal the citation within ten (10) days of the citation's issuance by completing the appropriate P&T form. Any citation that is not a warning must be appealed as described in these regulations.
5. **Failure to Pay Citation Charges:** Unpaid citations can result in student financial holds preventing students from receiving grades, refunds, official transcripts or graduating. Additional collection efforts may also be utilized as specified in these regulations. Ten (10) or more violations within one academic year may result in suspension of driving and parking privileges on campus and/or disciplinary action.
6. **Vehicle Immobilization or Impoundment:** P&T or UPD may immobilize (boot) or impound (tow/relocate to a storage area) a person's vehicle for the following reasons:

- A. the person and/or vehicle has accumulated three (3) or more past due parking citations

All citations issued will contain a notice informing the violator that a consequence of three (3) or more outstanding citations is the potential that their vehicle may be booted or impounded.

If the vehicle cited can be connected to a current SFA student or employee a notice of the citation will be sent to the SFA email account of the violator, otherwise a notice will be sent to the DMV address of the registered owner. Such notices will inform the violator that a citation has been issued to them and will contain information about any other outstanding citation(s) they may have.

If a violator has two or more outstanding citations when a third is issued, a notice will be sent to the violator's SFA e-mail account or to the DMV address of the registered owner of the vehicle notifying them that ten (10) days following the issuance of the third citation their vehicle will be eligible to be booted or impounded unless all of the

outstanding citations are addressed by payment or by appeal if allowed within the time limits outlined in this policy.

Each notice, both physical and e-mail, will include information about how to pay or appeal the citation(s).

Violators who believe the P&T records are incorrect, or have any questions regarding any of the citations, should contact P&T within 10 days of the date of the notification at (936) 468-PARK (7275) Monday through Friday between the hours of 7:00 AM and 5:00 PM or by email to sfaparking@sfasu.edu.

- B. the person and/or vehicle is parked in violation of the terms of a conditional release
- C. the vehicle is parked in an ADA space without displaying a state ADA placard or license plate
- D. the driver is illegally using an ADA permit assigned to another individual
- E. the driver is in possession of a lost, stolen, altered or unauthorized permit

Once a vehicle is immobilized, all outstanding citations and the immobilization or impound fee must be paid in full prior to the release of the vehicle.

The university is not responsible for any damage to the vehicle during booting, towing, relocation, or storage. After notice has been posted on the vehicle, vehicles booted for longer than three (3) days may be impounded (towed to a storage area). The owner and operator are severally responsible for any booting, towing or storage fees.

No vehicle may be towed without the express approval of the university chief of police, the director of P&T or their designee.

Section 2.C. of these regulations outlines the appeal process for citations, boots and impoundments.

7. Suspension of Parking Privileges:

Notices of parking violations may constitute a suspension of parking privileges, and any fee assessed is for reinstatement of parking privileges for operators of vehicles registered with the university.

All violations involving registration of vehicles operated on the properties of the university are violations of the law and SFA Parking and Traffic Regulations. Disposition of these citations at the university is a privilege extended by the university, which may be withdrawn at the university's option.

Violation of suspension of parking privileges may result in removal of the vehicle by tow away.

Driving and parking privileges may be suspended by P&T, UPD or the Office of Student Rights and Responsibilities if the violator has displayed a lost, stolen or altered permit or other flagrant violations of these regulations. The loss of the privilege of driving or parking a vehicle on campus shall commence immediately following notification of suspension. Such notification shall state the term of the suspension and consequences for violation of the stated terms. The violations of the suspension shall be reported to the Office of Student Rights and Responsibilities if the person is a student or to the appropriate dean, director or administrative official for possible disciplinary action if the person is a faculty or staff member.

If a person whose privilege of driving or parking on campus has been suspended receives a university citation by reason of having a vehicle on campus during the period of their suspension, the period of suspension may be extended and a referral to the appropriate university office may be made for further university disciplinary action.

- A. A person receiving notice that their privilege of driving or parking on university property has been suspended shall return, without refund, the remnants of the permit issued (or the entire hanging permit) to the P&T office immediately.

8. No Excuse:

The absence of sufficient parking spaces on the university campus is not justification for violation of these regulations. Failure to enforce any regulation shall not constitute a waiver of the university's authority to enforce these regulations. Other improperly parked vehicles do not constitute an excuse for improper parking.

Receipts and Deposits

Original Implementation: Unpublished

Last Revision: ~~October 22, 2012~~ April 15, 2014

Purpose

This policy provides procedures and guidelines to all Stephen F. Austin State University (SFA) departments handling receipts and deposits. Procedures have been established to encourage an effective administration and internal control of receipt-handling operations throughout the university. Note: The term “receipts,” as referenced in this policy, is deemed to include currency, coins, personal checks, bank drafts, money orders, traveler’s checks, cashier’s checks, credit card transactions, debit card transactions, wire transfers, and any other method of receiving funds.

Authority and Responsibility

The university has delegated the authority and responsibility for establishing policies and procedures for all receipt-handling activities to the ~~Office of the Controller~~ *controller’s office*. In carrying out this duty, the controller’s office is responsible for:

1. Establishing and enforcing policies and procedures governing the receipt, handling, custody, and disbursement of funds.
2. Requiring the establishment and maintenance of records accounting for funds received and paid by the university.
3. Opening and closing bank accounts and transferring funds among such accounts as necessary and prudent, considering current interest rates and collateral levels.
4. Establishing and authorizing procedures for granting, maintaining, and terminating the departmental collection of university funds.

Applicability

This policy is applicable to every university department, administrative office, and affiliated organization that handles receipts for any university-related function. Employees that handle receipts on behalf of the university are required to be familiar with the provisions of this policy. Additionally, the ~~Office of the Controller~~ *controller’s office* or ~~Department of Audit Services~~ may perform periodic audits of any department with receipt-handling operations.

Summary

Any individual handling university receipts is responsible to the university for proper security and accountability. Due to the personal liability involved in performing receipt-handling functions, it is important that only authorized employees accept funds for university business. *In rare instances, non-employees (i.e. students or volunteers) may be authorized to accept funds for the university if written approval is obtained from the bursar. In these cases, an employee is*

responsible for ensuring that these persons are properly trained and receipts are handled appropriately. All persons accepting funds for the university Employees are required to appropriately safeguard, account for, and document all receipts received on behalf of the university. Applicable university discipline and/or discharge policies will be followed in the imposition of sanctions related to a violation of this policy.

Guidelines

Segregation of Duties

Receipt-handling operations must be subject to daily supervisory review and management. To minimize the potential for mistakes or misappropriation of receipts, the segregation of receipt handling duties is recommended. The duties of collecting receipts, maintaining documentation, preparing deposits, and reconciling records should be separated among different individuals. In departments where the separation of duties is not feasible, strict individual accountability and thorough management supervision and review is required.

Written Departmental Procedures

In addition to the receipt-handling procedures established in this document, each department that handles receipts is required to have its own internal policies and procedures for receipts. Written procedures should minimally include authorization of person(s) to collect receipts; maintenance of receipt books; security and reconciliation of receipts; preparing, approving, and depositing receipts at the business office; over/short procedures; and a procedure to notify the appropriate campus authority in the event of a loss.

In addition, it is the responsibility of the department head or supervisor to ensure that all employees with receipt-handling responsibilities have receipt-handling duties included in their job description.

Safekeeping

Departments handling receipts are responsible for the safekeeping of these university assets. Physical security should be emphasized to every employee involved in receipt handling. The following general guidelines should be followed to help maintain the integrity of those areas handling receipts:

- Unauthorized persons are not allowed in areas where receipts are handled.
- If possible, doors should be locked at all times in areas where receipts are handled. Safe doors should be kept closed during working hours and locked at times when it is not necessary to be in and out of the safe.
- Large sums of cash should be counted and handled out of sight of the general public.
- Individuals should keep working funds to a minimum at all times. Excess funds should be in a locked device or deposited with the business office.
- Cash and receipts should **NEVER** be unattended. This applies to cash registers, desktops, cash drawers, and any other place in which cash is located. If an employee leaves his or her

workstation for any reason, regardless of how briefly, cash and receipts must be appropriately secured in a locked place.

- For overnight storage and during other periods when cash is not being used, it should be kept in a secure place, either a safe or locked container.
- If a safe location is not available within the department, the cash and receipts should be brought to the business office on campus for safekeeping.
 - The cash and receipts should be kept in a locked bank bag provided by the business office.
 - The department name and responsible party should be noted on the outside of the locked bag.
- If a safe location is not available within the department, and the business office is not open, the cash and receipts should be brought to the University Police Department (UPD) in a locked bag.
- Under no circumstances should an individual keep university cash with their own personal funds, deposit university funds in a personal bank account, or take university funds to one's home for safekeeping.
- Checks should always be properly restrictively endorsed upon receipt.

Custodian Responsibilities

For purposes of this policy, the custodian is anyone who handles cash and receipts. The custodian is responsible for:

The adequate and appropriate safekeeping of the university monies - While using cash funds for daily operational activities, procedures should be established to maintain a safe and secure working environment to ensure the safeguarding of funds and safety of personnel. Employees should be well informed of their responsibilities for handling cash and receipt transactions and being accountable for those funds. The custodian must see that appropriate internal control measures are enforced.

When not being used for operational activities, all cash and receipts should be kept in a safekeeping device, either a safe or locked container. Lock combinations and the custody of keys should be maintained by one person. These items should not be stored in an unlocked desk drawer or unsupervised area. For strictly emergency situations, the department head or other designated employee should have the safe combination or an extra set of keys.

Maintaining current and accurate records of the funds - The records should provide clear documentation of receipts from the time of collection to the time of deposit. This documentation should always be readily available for audit by the ~~Office of the Controller~~ *controller's office, Department of Audit Services* *internal or external auditors*, or the department head. Specific information on appropriate documentation can be found under the heading "Receipts Procedures."

Overages and Shortages

Both overages and shortages should be noted and tracked by the custodian and then reviewed and certified by a supervisor or department head. Significant amounts should be immediately reported to the department head and the controller's office. If there appears to be a growing pattern or anything unusual or abnormal about the overages and shortages, that information must be disclosed immediately.

Refunds

A refund is the return of funds for a transaction that occurred on a prior business day. Refunds cannot be made directly through the use of petty cash funds, change funds or funds received from cash receipts, unless specifically authorized by the business office. All refunds should be processed by the completion of a purchase voucher in adherence to the procedures as established by the controller's office, depending upon the type of transaction involved. Petty cash funds, change funds, or funds received from cash receipts **must not** be used to reimburse employees for out-of-pocket expenditures. These reimbursements will be made in accordance with procedures developed by the controller's office. All funds must be deposited *into a university account before a*. ~~No department may use any the receipted funds for any purpose.~~

Receipts Procedures

Training Requirements

Mandatory receipts training is required of all employees whose job duties include the acceptance, record keeping, and deposit of university receipts. Training should be arranged with the business office. Employees are required to do follow-up training annually.

New hires will be given information stating the need for receipts training at the new employee orientation.

Receipting Revenues

University departments that collect receipts must have an established departmental procedure for documenting all receipts. Computer generated receipts, cash register receipts, or pre-numbered receipt books or tickets are acceptable forms of documentation. All pre-numbered receipt books are issued by the business office. All other receipts issued must be approved by the business office as to form.

As a minimum, receipt documentation should include:

1. Payer's name
2. Amount of payment
3. Mode of payment (cash, check, credit card, money order, etc.)

4. Check or money order number, if applicable
5. Purpose of payment
6. Date of payment
7. Initials of employee collecting funds

The above applies to receipts collected directly from individuals, as well as receipts received through the mail, over the Internet or by phone. With prior approval by the business office, departments that receive large volumes of checks by mail (such as application fees) may document their receipts by creating a spreadsheet which contains the information above. The check number, date of receipt, initials of the employee, and the amount must be noted on the face of the application or documentation received with the payment. The spreadsheet must be reconciled to the group of checks.

Canceled/Voided Transactions

The same-day cancellation of a transaction must be approved by a supervisor. Upon approval, the original receipt should be voided and the payment returned to the customer. The customer should sign the voided receipt acknowledging the transaction.

Manual Cash Receipt Books

Manual pre-numbered cash receipt books may be obtained from the business office only. Receipt books will not be placed in campus mail. The business office will document the distribution of each receipt book. Documentation will include:

1. Department name
2. Department account number
3. Numbers of each book distributed
4. Signature by the person receiving the book(s)
5. Description of what the receipts book(s) will be used for

Each person issuing receipts and/or making deposits **MUST** have receipt training in order to ensure the proper procedures are followed. The business office will provide this training (see Training Requirements, above).

The receipts **MUST** be used in consecutive order. If more than one person in a department is issuing receipts, each person should be assigned their own book and be responsible for the maintenance and deposit of revenue recorded in that book. All receipts, including voided receipts, **MUST** be accounted for. The original (white) receipt is given to the customer. The green copy of each receipt is to be sent to the business office along with a Deposit Summary Form (approved by the business office as to form). The yellow copy of each receipt should remain in the receipt book for reference purposes.

Note: It is the department's responsibility to retain all documentation pertaining to deposits.

Record retention schedules (see Records Management (2.9)) must be adhered to for all receipts, receipt books, Deposit Summary Forms, and any other backup. Documentation should be destroyed in accordance with the approved SFA Records Retention Schedule.

Reconciling Cash and Receipts

Cash receipts **must** be reconciled. On days when cash is collected, a reconciliation must be performed at the close of the business day when possible, and no later than the beginning of the next business day. Cash, checks and credit cards must reconcile with the daily receipts. All receipt numbers (including voids) utilized for the day's business must be accounted for.

At a minimum, the supervisor must perform a monthly reconciliation of receipts to deposits, verifying that the amounts receipted were actually deposited and credited to the appropriate accounts in the Banner System. Depending upon the volume of transactions, weekly or daily reconciliations may be more appropriate. The business office can assist in determining the frequency. Under no circumstance should this reconciliation be performed by the same individual who receipted the funds. The supervisor must keep written documentation of the reconciliations and report any discrepancies to the controller's office immediately.

Employees of the university, other than faculty with appointments of less than twelve months, shall, without deduction in salary, be entitled to a vacation in each fiscal year. SFA Charter School teachers are excluded from this policy. Additionally, this policy will not apply if alternative leave benefits were negotiated in a contract agreement with an employee. Additionally, employees excluded from this policy include those who do not work at least 20 hours per week for a period of at least 4.5 months or employees in positions that require student status. An employee will earn vacation entitlement beginning on the first day of employment with the state and terminating on the last day. Vacation with pay may not be granted until the employee has had continuous employment with the state for six (6) months, although credit will be accrued during that period. Such entitlement shall be earned as listed below:

Employees with Total State Employment of:	Hours Accrued Per Month	Maximum Hours to Carry Forward from One Fiscal Year to Next Fiscal Year
0 but less than 2 years	8	180
2 but less than 5 years	9	244
5 but less than 10 years	10	268
10 but less than 15 years	11	292
15 but less than 20 years	13	340
20 but less than 25 years	15	388
25 but less than 30 years	17	436
30 but less than 35 years	19	484
35 and over years	21	532

Vacation credit for the higher rate of accrual as shown on the chart above shall be given on the first calendar day of the month if the employee's anniversary date falls on the first calendar day of the month; otherwise, the increase will occur on the first calendar day of the following month.

Part-time employees are also eligible for annual leave, but their accrual rate and maximum annual leave carryover amounts are proportionate to the number of hours they work. For example, half-time employees earn and carry over annual leave at one-half ~~and the~~ rate authorized for full-time employees.

The annual leave hours in excess of the maximum allowable carryover left at the end of a fiscal year shall be credited to the employee's sick leave balance. If the employee is on any type paid

leave that extends into the following month, the accrual will not be posted until the employee returns to duty. An employee forfeits this accrual if he or she fails to return to duty.

Time during which any employee is excused from work because of holidays shall not be vacation.

If a state employee transfers directly from one state agency to another, they shall be entitled to credit with the newly employing agency for accumulated but unused vacation entitlement, provided that employment with the state is uninterrupted. A state employee who resigns, is dismissed, or departed from state employment shall be entitled to be paid for all vacation time duly accrued at the time of separation from state employment, provided the employee has had continuous employment with the state for six (6) months.

Vacation leave for -non-faculty employees must be approved in advance by the appropriate supervisor. Non-faculty employees must request vacation using the appropriate system access method designated by the Department of Human Resources. Every effort should be made to accommodate the vacation requests, but supervisors may request that such leave be taken during periods other than departmental peak work periods.
