BOARD ORDER 17-32

Upon motion by Regent Todd, seconded by Regent Frailey, with all members voting aye, it was ordered that the following Building and Grounds items be approved.

STEPHEN F. AUSTIN STATE UNIVERSITY AND THE FENWAY GROUP CORPORATE PARTNERSHIP

WHEREAS, the board members considered the following: The university has the opportunity to enter into a corporate partnership student success initiative with the Fenway Group. The firm presents itself as an alternative to corporate business-related offshoring. Using a unique business model, the Fenway Group partners with select universities to provide business services for major corporations that include managed services, talent pipeline, and collaborative projects.

To offer a business services alternative to offshoring, the firm hires university students from a university's academic programs that match a client's business service needs. Currently, the firm focuses on and delivers a client's information technology (IT) service needs. Fenway Group has current university partnerships with Suffolk University in Massachusetts, the University of Honolulu, University of Denver and Louisiana Tech University.

Fenway proposes a partnership model whereby the company employs SFA students who perform business services for the firm's corporate clients. Fenway trains the student workers to deliver a client's business needs. The student group is managed by a Fenway "coach contributor" who helps the students develop the skills to provide the respective corporate client's business services. In addition, the coach contributor also helps mentor the students to develop and enhance interpersonal and social skills.

Fenway's request of the university is that SFA provide a dedicated work space for the Fenway student workers. Fenway's request of the students is they sign a work contract with the firm. SFA's requirement is the firm pays a lease rate that is consistent with our local office lease environment, and that as student workers, Fenway employees are guided by and comply with university policies and procedures.

THEREFORE, it was ordered that the university be authorized to enter into a corporate sponsorship contract with the Fenway Group which will allow SFA students to work as Fenway employees. The university will provide campus lease space for Fenway employees and student workers. The president was authorized to sign a contract and associated documents with the Fenway group.

The IIA provides the following guidance: the internal audit charter is a formal document that defines the internal audit activity's position within the organization, including the nature of the chief audit executive's functional reporting relationship with the board; authorizes access to records, personnel, and physical properties relevant to the performance of engagements; and define the scope of internal audit activities. EXEMPTIONS FOR STUDENTS TAKING ONLINE-ONLY AND OFF-CAMPUS-ONLY COURSES

WHEREAS, board members considered the following: The Texas Education Code 54.218 authorizes an institution to waive a fee it is authorized to charge if the board determines that a student is enrolled only in distance learning courses or other off-campus courses of the institution. Students eligible for this exemption are subject to the continuation requirements of the Texas Education Code 54.2001, which requires that students maintain satisfactory academic progress and are not subject to the excessive hour rules in order to receive this exemption.

Pursuant to Texas Education Code 54.218, the SFA Board of Regents exempted online-only SFA students from being charged the recreational sports fee and university center fee. In addition, the regents authorized the exemption of the recreational sports fee and university center fee for students who take study abroad courses that last longer than four weeks.

The university would like to waive the recreational sports fee and university center fee for students who register exclusively for online-only, off-campus-only, or a combination of these delivery methods.

THEREFORE, it was ordered that, beginning with the fall 2017 semester, the university be authorized to exempt the recreational sports fee and university center student fee for students who enroll in courses that are exclusively off-campus (including study abroad courses) and/or online.

It was further ordered that students who enroll in online-only courses in the 2017 Maymester or 2017 summer semester(s) will continue with currently authorized fee exemptions and that students who wish to access the SFA recreation center and take online-only, off-campus-only, or a combination of those delivery methods be required to pay the rate currently in effect for on-campus students.

HUMAN RESOURCES APPLICANT TRACKING AND ONBOARDING SYSTEM

WHEREAS, the board members considered the following: People Admin is a human resources application system that enables the electronic handling of Stephen F. Austin's recruitment and

onboarding processes. The current applicant tracking system contract with People Admin expires on August 31, 2017.

The Human Resources Department reviewed multiple applicant tracking and onboarding systems. After reviews of various system bids, the implementation team selected an updated version of People Admin.

The integrated People Admin cloud-based system allows online access to candidates, hiring managers and newly hired employees of SFA. Functions of the system include an interactive recruitment page for posting jobs and providing detailed information about SFA compensation, benefits and culture. In addition, the system provides online screening tools, the submission of online references, access to new hire paperwork and electronic retention of hiring documentation. The three-year contract cost of the updated People Admin system totals \$115,506.

THEREFORE, the university was authorized to contract with People Admin for a human resources applicant tracking system and associated maintenance costs for a period of three years, through August 31, 2020, at a cost not to exceed \$115,506. Designated funds will be used for the purchase. The president was authorized to sign the associated contract and purchase order(s).

The most recent Windham Professionals, Inc. contract was effective from September 1, 2014, through August 31, 2017, with an optional twelve-month extension. A twelve-month extension of these contracts will provide an opportunity for a formal Request for Proposal (RFP) process or use of a state agency contract to select/present new debt collection services providers.

THEREFORE, the Board of Regents approved an extension of the Williams & Fudge contract through June 30, 2018, and Windham Professionals, Inc. debt collection contract through August 31, 2018. The president was authorized to sign the one-year contractual extensions and any associated documents.

PROPOSAL TO INCREASE DEBT SERVICE BUDGET

WHEREAS, the board members considered the following: The 84th Legislature allocated \$240 million of tuition revenue bond debt service funds to the Texas Higher Education Coordinating Board to be distributed to state institutions approved for tuition revenue bond-funded projects. SFA's bonds were sold in September 2016 to finance the STEM building and refinance two of its previous TRB issues. The first debt service payment on these bonds of \$3,588,841 was made on April 15, 2017.

ARAMARK AGREEMENT AMENDMENT

WHEREAS, the board members considered the following: the university's agreement with Aramark to provide food service on campus contains a provision for multiple infrastructure investments over the term of the agreement. An increase in the amount of these investments is necessary to fund the on-going renovations and upgrades desired to maintain the high quality food service program our students seek. Aramark has agreed to increase their financial commitment for these updates by \$655,000 to complete an expansion and renovation of the Chick-fil-A location. This addition necessitates an amendment to the original agreement.

THEREFORE, it was ordered that the president be authorized to sign an amendment to the existing food service agreement, increasing Aramark's financial commitment for food service program renovations. The amendment is shown in Appendix 4.

APPROVAL OF FEES FOR SUMMER ENGLISH PROGRAMS SPONSORED BY OFFICE OF INTERNATIONAL PROGRAMS

WHEREAS, the board members considered the following: The Office of International Programs has the opportunity to offer English language programs outside of the customary group of students (i.e., those who are conditionally admitted to SFA academic programs pending proof of English proficiency).

In summer 2017, the Office of International Programs is planning to direct two programs:

1) A three-week program for international high school students focusing on ESL, Science and Math (Summer High School Academy). A set fee charged to participants will cover all program costs (teaching, lab modules, etc.), excursions, housing, meal plan, insurance, and local transportation. Housing and meal plans will be charged at the regular SFA summer cost. Other costs have been estimated based on the proposed curriculum and activity schedule. The amount projected to cover costs for these expenditures is \$4,495 per participant. These students will pay for their own international airfare, student visa expenses, and personal items.

2) A one-month ESL program for Mexican teachers and students (Proyecto 100,000 funded by the Mexican government). A set fee charged to participants will cover teaching, lab modules, excursions, and local transportation. The amount projected to cover costs for these expenditures is estimated to be \$1,900. These students will pay for their own international airfare, housing, meal plans, insurance, student visa expenses, and personal items.

The Office of International Programs requests approval to charge a fee for each of these programs. The fees would be set at a cost-recovery basis and will be comparable to fees charged by other institutions for similar programs.

THEREFORE, it was ordered that a fee of \$4,495 per participant for the Summer High School Academy and a fee of \$1,900 for the Proyecta 100,000 program be approved for summer 2017.

- A. 2003 Tecnai 12 transmission electron microscope with new 5 megapixel side-mount AMT camera
- B. SSD x-ray microanalysis system for existing Hitachi S-2300 scanning electron microscope

These microscopes replace the department's Hitachi 7000 transmission electron microscope and would be used in tandem for upper-division coursework in electron microscopy, research projects undertaken by undergraduate and graduate students, and departmental faculty. This equipment is necessary to continue offering certain course electives to students and position SFA uniquely among peer institutions in being able to train students on these pieces of scientific equipment. The purchase will be funded with state appropriations, the higher education fund (HEF) and designated funds.

THEREFORE, it was ordered that this purchase as described be approved at a cost not to exceed \$190,000, and the president or designee be authorized to sign associated contracts or purchase orders. Funding sources will be state appropriations, the higher education fund (HEF) and designated funds.

**Stephen F. Austin State University
Department of Audit Services
Internal Audit Activity Charter**

INTRODUCTION

Internal Auditing is an independent, objective assurance and consulting activity designed to add value and improve an organization's operations. It helps an organization accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes.

PURPOSE

The purpose of the Department of Audit Services is to provide Stephen F. Austin State University (SFASU) Board of Regents and the President an independent appraisal of the adequacy and the effectiveness of the University's system of internal administrative and accounting controls and the quality of performance when compared with established standards. The primary objective is to assist the Board of Regents, the President and University management in the effective discharge of their responsibilities.

ROLE

The internal audit activity is established per the Texas Internal Auditing Act. The Department of Audit Services at SFASU is the internal audit activity. The SFASU Board of Regents Finance and Audit Committee provides oversight. The Department of Audit Services works to be a trusted advisor to management in the areas of governance, risk management and internal controls.

PROFESSIONALISM

The Department of Audit Services will govern itself by adherence to The Institute of Internal Auditors' mandatory guidance including the *Definition of Internal Auditing*, the *Code of Ethics*, the *Core Principles*, and *International Standards for the Professional Practice of Internal Auditing (Standards)*, as well as *Generally Accepted Governmental Auditing Standards* as required by the Texas Internal Auditing Act. This mandatory guidance constitutes principles of the fundamental requirements for the Professional Practice of Internal Auditing and for evaluating the effectiveness of the internal audit activity's performance.

The Institute of Internal Auditors' *Implementation Guidance* and *Supplemental Guidance* will also be adhered to as applicable. In addition, the Department of Audit Services will adhere to relevant SFASU policies and procedures and the Department of Audit Services procedures manual.

AUTHORITY

The Department of Audit Services, with strict accountability for confidentiality and safeguarding records and information, is authorized unrestricted access to any and all of SFASU records, both manual and electronic; physical properties and assets; activities; systems; and personnel pertinent to carrying out any engagement. All SFASU employees should make an effort in a timely

and ethical manner to assist the Department of Audit Services in fulfilling its roles and responsibilities when requested for an audit, investigation, or other activity. The Chief Audit Executive (CAE) will also have free and unrestricted access to the Finance and Audit Committee.

ORGANIZATION

The Department of Audit Services is an integral part of SFASU and functions in accordance with the policies established by the Board of Regents and President. To provide for the independence of the Department of Audit Services, the CAE is appointed by the Board of Regents in accordance with the Board of Regents Rules and Regulations. The CAE reports functionally to the Board of Regents and administratively to the President.

The CAE will communicate and interact directly with the Finance and Audit Committee, including committee meetings, executive sessions where allowed by law, and between committee meetings, as appropriate. Responsibilities of the Finance and Audit Committee are outlined in the Board of Regents Rules and Regulations.

INDEPENDENCE AND OBJECTIVITY

The Department of Audit Services will remain free from interference by any element in the University, including matters of audit selection, scope, procedures, frequency, timing, or report content to permit maintenance of a necessary independent and objective mental attitude.

Internal auditors will have no direct operational responsibility or authority over any of the activities audited. Accordingly, they will not implement internal controls, develop procedures, install systems, prepare records, or engage in any other activity that may impair internal auditor judgment. Internal auditors may provide assurance services where they have previously performed consulting services provided the nature of the consulting did not impair objectivity, and provided individual objectivity is managed when assigning resources to the engagement.

Internal auditors will exhibit the highest level of professional objectivity in gathering, evaluating, and communicating information about the activity or process being examined. Internal auditors will make a balanced assessment of all the relevant circumstances and not be unduly influenced by their own interests or by others in forming judgments.

The CAE will confirm to the Finance and Audit Committee Chair the organizational independence of the Department of Audit Services and its staff members.

RESPONSIBILITY

The Department of Audit Services scope encompasses, but is not limited to, the examination and evaluation of the adequacy and effectiveness of the University's governance, risk management,

- Facilitating risk assessment processes with management.
- Maintaining a list of management action plans from audits and projects and performing follow-up on the plans as considered necessary.
- Providing a systematic, disciplined approach to evaluate and improve the effectiveness of the University's risk management, control, and governance processes related to contracts and risk-based testing of contract administration.

INTERNAL AUDIT PLAN

At least annually, the CAE will submit to the Finance and Audit Committee an internal audit plan for review and approval. The internal audit plan will consist of a work schedule as well as budget and resource requirements for the next fiscal year. The internal audit plan will be developed based on a prioritization of the audit universe using an appropriate risk-based methodology, including input of senior management and the Finance and Audit Committee Chair. The CAE will consider audits such as those required for information security, contracts, contract administration, investments, and other areas. The CAE will review and adjust the plan, as necessary, in response to changes in the internal audit resource levels or the University's business, risks, operations, programs, systems, and controls. Any significant deviation from the internal audit plan will be communicated to the Finance and Audit Committee Chair.

REPORTING AND MONITORING

The CAE or designee will communicate the results of each internal audit engagement to the appropriate individuals. Internal audit results will also be communicated to the Finance and Audit Committee and state and federal oversight agencies as required.

Communication of the engagement results may vary in form and content depending upon the nature of the engagement and the needs of the client. Where applicable, a formal internal audit report will include management's response and corrective action taken or to be taken in regard to the specific findings and recommendations. Management's response should include an implementation date for anticipated completion of action.

The Department of Audit Services will be responsible for appropriate follow-up on management action plans to address engagement findings and recommendations and reporting the results to appropriate management members and the Finance and Audit Committee. All significant findings will remain as open issues until reviewed and cleared by the Department of Audit Services.

The Department of Audit Services will fulfill reporting requirements for audit reports and the annual report, including the annual audit plan, as prescribed by the Texas Internal Auditing Act.

The CAE will periodically report to the Finance and Audit Committee on the Department of Audit Services' purpose, authority, and responsibility, as well as performance relative to its audit plan. Reporting will also include significant risk exposures and control issues, including fraud risks,

governance issues, and other matters needed or requested by the President and the Finance and Audit Committee.

QUALITY ASSURANCE AND IMPROVEMENT PROGRAM

The CAE will maintain a quality assurance and improvement program that covers all aspects of the internal audit activity. The program will include an evaluation of the internal audit activity's conformance with the *Definition of Internal Auditing*, the *Core Principles*, and the *Standards* and an evaluation of whether internal auditors apply the *Code of Ethics*, as well as *Generally Accepted Government Auditing Standards* and the Texas Internal Audit Act as applicable. The program also assesses the efficiency and effectiveness of the Department of Audit Services and identifies opportunities for improvement.

The CAE will communicate to the Finance and Audit Committee on the Department of Audit Services quality assurance and improvement program, including results of ongoing internal assessments and external assessments conducted at least every three years.

Academic Advising for Undergraduate Students

Original Implementation: October 31, 2000

Last Revision: ~~April 15, 2014~~ April 25, 2017

Each academic unit will provide systematic and effective advising for all its undergraduate students. An advising session is mandatory for undergraduate students prior to registration for courses in the following situations:

- Each semester for students with fewer than 60 earned hours of credit;
- Each semester for students on academic probation;
- Annually for students with 60 or more earned hours of credit.

Students retain the right to be advised more frequently. Individual academic units may require students to participate in mandatory advising. Students are required to declare a major and file an official degree plan no later than the end of the semester following the completion of 45 hours.

The responsibilities of the academic advisor will include, but are not limited to, informing advisees of the following:

- Short- and long-term plans to accomplish educational objectives;
- Program options that match a student's goals, interests, and abilities;
- Information about degree requirements, such as the core curriculum, major-specific courses, course sequencing, minimum grade-point averages, removal of withheld grades, and time limits for completion of degree programs;
- University requirements, such as minimum course load for full-time classification, repeat courses on grade-point average, timetable for dropping courses, and residency requirements;
- Deadlines to submit degree and graduation plans.

During each registration period, academic units must provide daily advising opportunities. Academic advising for undergraduate students must be annually evaluated as part of the unit assessment process.

Concurrent and Dual Credit Enrollment Programs

Original Implementation: July 27, 1999

Last Revision: ~~April 15, 2014~~ April 25, 2017

High school students with superior academic ability and achievement may be admitted to Stephen F. Austin State University (SFA) and enroll in college courses while completing their high school studies under the concurrent and dual credit enrollment programs. The concurrent and dual credit enrollment programs are open to high school students (grades 9-12) who have obtained a minimum *non-weighted* grade average of 85. In addition, students must submit a minimum composite score of ~~1010~~1090 (critical reading and math only) on the SAT, 21 on the ACT (not including the writing *component*), or ~~101~~1090 (critical reading and math only) on the PSAT. Students must meet Texas Success Initiative requirements to register for reading and writing intensive courses, as well as math courses. A recommendation by the student's high school principal or high school counselor must be submitted as well.

The dual credit enrollment program requires that the grade from the SFA course be used for completion of high school graduation requirements and college credit. The cost of the dual credit enrollment program will be established by the SFA Board of Regents. The concurrent enrollment program requires that the grade from the SFA course be used for college credit only. High school credit is not earned through this program. The cost of the concurrent enrollment program is full price for tuition and fees.

Departmental Budgeting and Accounting Responsibilities

Original Implementation: September 1, 1987

Last Revision: ~~April 15, 2014~~ April 25, 2017

It is the responsibility of each department head to account for the funds and property of his/her department and to exercise budgetary control over them. For that reason, all accounts have a designated account manager. An account is defined as a specific Banner fund/organization combination as assigned by the controller's office. It is the responsibility of each account manager to maintain records of sales and other revenues, expenditures and encumbrances including salaries and wages, and other charges which support and supplement the records in the Banner finance system.

It is the account manager's responsibility to ensure that each account under his/her control does not exceed budget limitations. In accounts where both revenues and expenditures are projected (i.e. Designated Fund, Restricted Fund, and Plant Fund accounts), if actual revenues do not meet budgeted revenues, it is the account manager's responsibility to reduce expenditures accordingly. All deficits are to be thoroughly investigated and resolved in a timely manner. Likewise, if actual revenue exceeds the account revenue estimate, a budget change may be requested. Procedures that govern this process may be found on the budget office website. All budget ~~changes-increases~~ in excess of \$10,000 require approval of the vice president for finance and administration and the president *or his designee*, and budget ~~changes-increases~~ of \$100,000 or more require approval of the Board of Regents.

Complete and accurate records of financial transactions are to be maintained by the controller's office. These records may be accessed by the appropriate account manager through the Banner system. Account managers are responsible for comparing their records with those of the controller's office and reporting any differences promptly to the controller's office. The original ~~approved~~ budgets and all authorized budget revisions for non-restricted accounts *and restricted gift accounts* are ~~maintained~~ *approved* by the budget ~~director~~ *office*. The original ~~approved~~ budgets and all authorized budget revisions for restricted grants and contracts ~~and gift accounts~~ are ~~maintained~~ *approved* by the ~~controller's office~~ *Office of Research and Sponsored Programs*. Budget revisions for non-restricted accounts and restricted gift accounts under the account manager's control can be initiated with the Budget Office Transaction Request or through Self Service Banner (SSB). Budget revisions between like funds and among a department's various organizations should be completed online, by the department, through Self Service Banner. No form is necessary for these types of transactions. Budget revisions for restricted grants and contract accounts can be initiated with the External Grant Budget Revision Request form.

Banner confirms available funding during the requisition process. If funds are not available in the account, the budget director, or designee, may authorize an override pending a budget or funds

transfer.

Account access designations can be made on the Banner Access Request form. Each account manager may designate one or more additional individuals in the department to approve time and leave in the appropriate timekeeping systems, vouchers, requisitions, and similar documents in his/her absence. The Procurement and Property Services Department, the Office of the Controller, Printing Services, Post Office, Physical Plant, Information Technology Services (Telecommunications and Networking), and other offices initiating billing charges through interdepartmental transfers (IDTs) must be informed of these designations. These designations shall be periodically reviewed and updated.

Drug and Alcohol Testing

Original Implementation: July 14, 1998

Last Revision: ~~April 15, 2014~~ April 25, 2017

It is the policy of Stephen F. Austin State University to promote a safe, healthy and productive learning and working environment free from the influences of drugs and alcohol. The university must set an example to ensure the safety, health and welfare of its employees, students and the citizens which it serves, by taking the appropriate steps for maintaining a drug-free workplace as mandated by the state and federal governments. This policy supplements all other SFA policies regarding drug and alcohol use and related topics by establishing the guidelines for drug and alcohol testing. The drug and alcohol testing program is for the purpose of ensuring a healthy and safe workplace, and may not be used for the purpose of criminal prosecution.

General Policy

Stephen F. Austin State University may require employees in safety sensitive positions to submit to drug and/or alcohol testing based upon reasonable suspicion, post-accident, or post-university referred drug and/or alcohol rehabilitation. University safety sensitive employees who are subject to Department of Transportation regulations in 49 C.F.R. parts 382 and 40 (primarily drivers with commercial driver's licenses) will additionally be subject to random drug and/or alcohol testing proscribed by federal law.

1. Reasonable Suspicion:

1. Direct observation of drug or alcohol use or possession and/or demonstration of physical symptoms of the influence of a drug or alcohol as related to work activities,
2. A pattern of abnormal or erratic behavior, consistent with alcohol or drug abuse,
3. Arrest or conviction of a drug or alcohol related offense as the focus of a criminal investigation into illicit drug use, possession, or trafficking,
4. Information provided by reliable or credible sources,
5. Information, which is independently corroborated,
6. Evidence that an employee or student worker has tampered with a previous drug or alcohol test, or
7. Possession of drug paraphernalia.

Individuals having reasonable suspicion of an employee in a safety sensitive position, based on the above criteria, must contact the director of human resources and/or the director of environmental health, safety, and risk management. When feasible, the Office of the General Counsel will be contacted to confirm whether a given circumstance is sufficient to conduct a test.

Reporting personnel shall document the exact reasons why they suspect that a certain employee in a safety sensitive position has violated the drug and/or alcohol policy to include: the symptoms exhibited by the employee; the actions of the administrator, faculty,

employee or student worker; if at all possible, corroborating statements from other administrators, faculty, employees or student workers; and other evidence which tends to establish a reasonable suspicion of illicit drug or unauthorized alcohol use. Statements by the reporting personnel should document specific facts, not speculation, about an employee's behavior or appearance which would lead a reasonable person to the conclusion that the employee was using or in possession of illicit drugs or unauthorized alcohol. The emphasis should be placed on how the behavior of the employee is affecting his/her performance.

2. Post-accident:

Each employee in a safety sensitive position who is involved in an accident that occurs during the course and scope of employment shall be required to submit to a drug/alcohol test. (A drug or alcohol test will also be requested if damage has occurred to university property as a direct result of the employee's behavior.)

As a condition of continued employment, any employee in a safety sensitive position who is participating in a substance abuse treatment program or who has a rehabilitation agreement with the university following an incident involving substance abuse may be required to submit to additional drug testing. This section shall not apply to employees in safety sensitive positions who have successfully completed a drug and or alcohol rehabilitation program prior to employment with the university.

Until the results of a test are received, an individual will automatically be removed from all safety sensitive functions, but may perform duties as assigned. Individuals may be suspended with pay pending investigation, if the continued participation of that individual presents a real and present danger to personal safety or property or threatens the health and safety of the individual or peers.

Prohibited Employee Conduct

1. Engaging in the manufacture, distribution, possession, or use of prohibited substances on university property, in university vehicles, or while in the conduct of university business. (Alcohol possession or use may be permitted on university property as articulated by university policy.)
2. Reporting to work under the influence of alcohol or illegal drugs.
3. Testing positive for alcohol and controlled substances as a safety sensitive employee.
4. Refusing to submit to required testing as a safety sensitive employee.
5. Permitting a subordinate employee, in a safety sensitive position, to perform or continue to perform safety sensitive functions when the supervising employee has actual knowledge that a safety sensitive employee has engaged in conduct prohibited in paragraphs above.

Refusal to Submit Test

An employee in a safety sensitive position who refuses to consent and submit to a test when requested under any of the circumstances provided for above will be subject to disciplinary action including termination.

Refusal to submit includes:

1. Failure to provide adequate breath for testing without a valid medical explanation after he or she has received notice of the requirement for breath testing in accordance with the provisions of this policy,
2. Failure to provide adequate urine for controlled substances testing without a valid medical explanation after he or she has received notice of the requirement for urine testing in accordance with the provisions of this policy, and/or
3. Engaging in conduct that clearly obstructs the testing process.

Positive Test

An employee in a safety sensitive position with a positive test will be removed from performing his or her safety sensitive functions. Their supervisor and the director of human resources will meet with each employee who tests positive and inform the employee of the test result.

Based upon the information available after the meeting with the employee, the supervisor and the director of human resources shall determine whether:

1. To proceed to impose appropriate disciplinary action (keeping in mind any minimum penalties as may be required by federal or state law, if criminal penalties may have been pursued, and the nature of the infraction as related to the job functions of the individual) pursuant to university procedures for discipline and dismissal of employee; or
2. To offer the employee the opportunity to participate in and satisfactorily complete an appropriate employee assistance program or rehabilitation program for alcohol and/or drug abusers as a condition of continued employment solely at the employee's expense. An employee who is permitted and chooses to participate in such a program must be informed that the university will pursue appropriate disciplinary action if the employee does not satisfactorily complete the prescribed program.

Recurrence of Substance Abuse: Upon the second occurrence of the necessity to potentially refer an employee to counseling or rehabilitation treatment, there will not be an option to refer the employee in a safety sensitive position for treatment and termination will be automatic.

Subsequent disciplinary actions: When an employee has experienced work related problems as a result of alcohol or drug use and has been reinstated, subsequent disciplinary action will not be taken for the previous work related problems provided the problems cease after reinstatement.

Employees Subject to Drug and Alcohol Testing

All employees in safety sensitive positions of Stephen F. Austin State University are to be included in the alcohol and/or drug testing program and will be subject to testing. Employees identified for testing purposes are expected to cooperate fully with designated clinic and/or laboratory personnel by making themselves available for testing, giving a valid sample and completing accurately all of the steps and necessary documents associated with the test.

Employees in safety sensitive positions at the university who are subject to this drug testing policy are defined as follows:

All employees whose job duties have a direct effect on the health, safety and welfare of employees, students and citizens, which the university serves including the following described duties:

- Drivers with commercial driver's licenses (CDL),
- Employees who are required to have a university certified driver's license in their job description,
- Persons who carry a firearm for security purposes,
- Employees who control dispatch of emergency services,
- Employees who repair or maintain university owned or leased vehicles,
- All maintenance personnel including but not limited to electricians, plumbers, carpenters, etc.,
- All employees who maintain the critical infrastructure of the university including but not limited to database administrators, systems administrators, programmer and systems analysts, network support specialists, etc.,
- Persons required to use dangerous equipment in the course and scope of their jobs including saws, drills, torches, tractors, mowers, and other motorized equipment,
- Employees using chemicals or other dangerous substances in the course and scope of their jobs,
- Medical professionals including licensed doctors, licensed nurses, certified athletic trainers.

Facilities for Testing

Employees selected for testing procedures shall report to the designated independent facility, or may be escorted by an authorized supervisor. A specimen will be collected and tested by an independently approved laboratory using valid, reliable testing procedures as outlined under the U.S. DOT regulations at 49 C.F.R. part 40. The services of a medical review officer (MRO) will be retained for proper laboratory results interpretation.

Test Results

Drug and alcohol screen test results will be reviewed by an independent MRO after receipt of the

specimen by the laboratory. Employees who test positive for substances prohibited by this program shall be afforded an opportunity to consult with the MRO and to provide medical records or other biomedical information to assist the MRO in determining whether there is a legitimate medical explanation for the test results, including use of a legally prescribed medication. Upon review of all confirmatory tests and other medical records, the MRO shall issue a confirmation report verifying test results. The MRO's confirmation report and the results therein shall be deemed conclusive.

The MRO refers to a licensed physician who is responsible for receiving laboratory results generated by the employer's drug testing program, evaluation, interpreting and verifying those drug testing results in conjunction with an employee's medical history, and determining whether a positive result was caused by the use of prohibited drugs or by an employee's medical condition.

If a post-accident drug screen produces a positive result due to a safety sensitive employee's lawful use of prescription medication which may impair judgement such as driving, handling equipment or making sound decisions, the employee will be removed from all safety sensitive work and, as soon as reasonably practical, discuss any limitations with the employee's supervisor. An employee may be required to provide a doctor's release to resume regular safety sensitive work duties.

The MRO shall have knowledge of substance abuse disorders and appropriate medical training to interpret and evaluate an individual's positive test result (as reported by the laboratory) together with his or her medical history and any other relevant biomedical information.

Any results below the minimum stipulated test levels for drug testing or under .02 for alcohol testing shall be considered a negative test result. Any employee with properly confirmed positive drug test results, or greater than .02 alcohol test as certified by the MRO, shall continue to be removed from any safety sensitive work and shall report to the supervisor upon request.

Records

All information from an employee's drug and alcohol tests is confidential, unless otherwise required by law. Records will be maintained in a secure manner so that disclosure of information to unauthorized persons does not occur.

Appeal and Retesting

Employees may appeal positive test results by submitting a written request to the director of human resources within 24 hours after being informed of the positive test result. The appellant has the right to have a second test performed at a certified laboratory of his/her choice. The specimen transfer between the laboratories will follow standard protocol. An MRO shall

interpret the alternate laboratory's test results, considering the nature of the result and time elapsed since the original test. All expenses for such retests will be the responsibility of the appellant.

Notice

All new employees shall receive notice of this policy and be required to sign an acknowledgement of receipt. Failure to sign an acknowledgement of receipt shall not nullify the notice provided by the university. Existing employees will be notified of the policy and its revisions.

Employee Terminations and Transfers

Original Implementation: Unpublished

Last Revision: April 15, 2014 April 25, 2017

It is preferred that faculty, staff, and graduate assistant employees give at least two (2) weeks' notice to their supervisors prior to termination or retirement from the university or transfer to another department. Supervisors are responsible for immediately notifying human resources of all faculty, staff, graduate assistant terminations, retirements, and transfers. Notification will be accomplished through completion of an Electronic Personnel Action Form (EPAF). University policy, Electronic Personnel Action Form (11.8) directs the preparation and processing of an EPAF.

Timely notification must be given to human resources prior to the termination, retirement, or transfer date preferably in the last week of employment, but must be given no later than the day the employee leaves his/her department. The purpose of this notification action is to alleviate security risks and prompt the termination of accounts such as email, long distance access, internet connectivity, purchasing privileges, computer system access and building access. This notice also alerts certain departments to verify whether or not the employee has outstanding financial matters to be resolved. If the employee has any outstanding debts to the university, the employee's department should notify payroll immediately so that the matter can be reviewed.

Early notification will not terminate an employee's accounts until the effective date. The EPAF process should be started as soon as possible to allow for routing through the appropriate channels for approval.

Failure of the department head to notify human resources in a timely manner may cause the employee's department to be charged for the employee's benefits unnecessarily since employees continue to have benefit coverage unless proper and timely notification has occurred. ~~All faculty, staff, and graduate assistant employees leaving the employment of the university are highly encouraged to complete a checkout procedure with human resources. It is the department head's responsibility to ensure that the exiting employee meets with human resources before their last day of employment.~~

As part of the exit process, the department in which the employee works must administer a departmental exit process to finalize business matters involving the terminating or retiring employee. A departmental checklist form is available on-line at ~~http://www2.sfasu.edu/personnel/ExitFormsLinkPage.htm~~ to assist the department in accomplishing this task. The departmental checkout form is to be signed by the department head, and the employee and forwarded to human resources for the employee's personnel file. The

department head is responsible for verifying whether or not all departmental business is cleared such as keys collected, credit cards returned, uniforms returned, files and equipment returned, time sheet signed and that the EPAF has been submitted.

All faculty, staff, and graduate assistant employees leaving the employment of the university are highly encouraged to complete an exit interview or checkout procedure with human resources. The employee should contact human resources to schedule an exit interview, but it is the department head's responsibility to ensure that the exiting employee meets with human resources before their last day of employment. Faculty, staff, and graduate assistant employees leaving the employment of the university are highly encouraged to complete an exit interview or checkout procedure with human resources and should clear all outstanding financial matters prior to their exit interview.

~~The employee should contact human resources to schedule an exit interview, but it is the department head's responsibility to ensure that the terminating employee has scheduled an exit interview no later than the last day of employment.~~

It is to the employee's benefit to have an exit interview where they will obtain information about their retirement funds, discuss benefits and make arrangements for their last paycheck. It is important that a forwarding address be given to human resources so that the employee's W-2 and COBRA (health care continuation) information can be sent to them. The employee will be given an opportunity to complete a separation questionnaire during the exit interview.

2. Particular Locations/Activities as Gun-Free Zones			
2.1 Early Childhood Research Center, including fenced grounds, and surrounding premises such as walkways, driveways, and parking lots when used for school-sponsored or day care-sponsored activities	Concealed carry prohibited.	Tex. Penal Code § 46.03(a)(1); Tex. Educ. Code § 37.125; 40 Tex. Admin. Code § 746.3707	The Charter School serves kindergarten through 5th grade children and is unique to most universities. It is located within the Early Childhood Research Center (ECRC) Building with adjacent grounds. The Early Childhood Lab is a licensed day care center, serving infants, toddlers, and pre-K children, and is also located within the ECRC Building with adjacent grounds. The significant excludable use of the building together with the inability to segregate the excludable space renders it impracticable to parcel the building into carry and non-carry zones.
2.2 The Human Services building (other than the Telecommunications area), Student Health Clinic, and 3rd floor of the Rusk Building.	Concealed carry prohibited.	Tex. Gov't Code §§ 411.172, 2031(d-1); Tex. Penal Code § 46.035(b)(4)	The Human Services building contains numerous physical and mental health clinics, labs, and offices for testing and treatment of children and adults from the campus and community, located in various rooms on each floor of the building. These include the Little Jacks, pre-school classroom for children with communication difficulties (1st Floor), Human Neuroscience Laboratory (1st Floor), Rehabilitative Services Career Planning Laboratory (1st Floor), Stanley Speech and Hearing Clinic (2nd Floor), Voice and Speech Science Laboratory (2nd Floor), Cole Audiology Laboratory (2nd Floor), Counseling Clinic (2nd Floor), School Psychology Assessment Center (2nd Floor), Basic Skills Clinic, includes client populations with Autism (2nd Floor), Office of Rehabilitative Services (2nd Floor), Office of Disability Services, includes testing accommodations (3rd Floor), and Office of Assistance and

			Rehabilitative Services (DARS)(3rd Floor). The building and uses are unique in the campus. Many of the services address issues related to the physical-psychological-emotional status of clientele representing populations across the developmental lifespan. Safety considerations are also paramount for the clientele and providers. The 3rd floor of the Rusk Building includes Counseling Services. The Student Health Clinic and Counseling Services on the 3rd Floor of the Rusk Building provide outpatient medical care and mental health counseling services, respectively, to campus students. The significant excludable use of the Human Services building, the Student Health Clinic, and the 3rd floor of the Rusk Building, together with the inability to effectively segregate the excludable space (other than the Telecommunications area of the Human Services building) renders it impracticable to parcel the building into carry and non-carry zones.

Penal Code § 46.03(a)(3)	The Texas Penal Code prohibits firearms "on the premises of any government court or office utilized by the court." Formal disciplinary hearings and grievance actions are adjudicatory activities and may be highly emotional and contentious events as unique environments justifying special safety considerations for participants. Counseling Services (see also 2.2) and the Office of Student Rights and Responsibilities engages in such activities and comprise substantial usage and space on the 3rd floor of the Rusk Building. The significant excludable use of the 3rd floor together with the inability to effectively segregate the excludable space renders it impracticable to parcel the floor into carry and non-carry zones. Conference Room 301 in the Human Services Building is a location used for both student and employee disciplinary and grievance hearings.
2.4 A location where a high school, collegiate, or professional sporting event is taking place as prohibited under section 46.035(b)(2) of the Texas Penal Code, or where a sports club or intramural athletic competition is taking place. Penal Code § 46.035(b)(2)	Under the Texas Penal Code, a person commits an offense by carrying a handgun on the premises when a high school, collegiate, professional sporting or interscholastic event is taking place. Intramural and club sporting events are events of a similar nature and possess the same safety considerations as those provided for in the Penal Code.

2.5 Nonpublic, secure portions of the University Police Department	Concealed carry prohibited.	Tex. Gov't Code § 411.207(b)	A peace officer who is acting in the lawful discharge of the officer's official duties may temporarily disarm a license holder when a license holder enters a nonpublic, secure portion of a law enforcement facility.
2.6 Occasional, reasonable, temporary restrictions by the president for up to five (5) days, renewable in the president's discretion.	Concealed carry prohibited.	Tex. Gov't Code § 411.2031(d-1); Tex. Att'y Gen. Op. No. KP-0051(2015)	Specific, occasional occurrences or events will arise from time to time in the campus environment requiring safety considerations. The temporary prohibition of concealed carry by the president in such circumstances is both prudent and necessary and will not violate the letter or spirit of the law. Gifts, Prizes and Awards

Original Implementation: April 22, 2008

Last Revision: ~~November 7, 2016~~ April 25, 2017

This policy provides guidance regarding gifts, prizes and awards that can be given, the manner in which they can be given, and reporting requirements. State and federal regulations restrict the use of university funds to provide gifts, prizes and awards to employees, students and others in the university community. In addition, the Internal Revenue Service (IRS) has requirements for the federal reporting of gifts, prizes and awards given to employees versus non-employees.

Exclusions

Financial aid awards and grants are not considered gifts, prizes or awards for purposes of this policy. Most awards to students that are related to academic performance are considered financial aid, and as such are not subject to the provisions of this policy. Prizes given in conjunction with raffles that include the purchase of a chance or ticket are not subject to this policy and are governed by university policy, Solicitation on Campus (16.25), and state law. Agency funds are not subject to this policy since they are not considered university funds.

Funds and Definitions

All definitions and reporting requirements of this policy apply to any university funds, and remain the same even if the funds originate as a gift to the university from a third party.

No gifts, prizes or awards of any kind should be charged to state appropriated funds, designated accounts funded by student fees, auxiliary funds associated with mandatory fees, or restricted funds as outlined below.

Use of restricted federal and state funds: Funds from federal and state grants, contracts, or other sponsored agreements cannot be used to pay for items that are or appear to be gifts or marketing or promotional items such as t-shirts, key chains, tote bags, caps, and other souvenirs or memorabilia, unless specifically provided for in a grant, contract or sponsored agreement. Use of these funds to pay for awards for participation in grant-funded activities is generally allowable when both reasonable in cost and necessary to accomplish program objectives. Acceptable participation awards include plaques, small trophies, ribbons, certificates, pens/pencils and similar items.

For purposes of this policy the following definitions apply:

Employee: An individual receiving compensation as a full-time or part-time employee, including casual employees, student employees and graduate assistants.

Non-Employee: An individual receiving no employment compensation of any kind or in any amount, including students who are not employed by any department of the university.

Gifts: A voluntary conveyance of something of value as a gesture of good will or appreciation. Marketing and promotional items are excluded as gifts as noted below. *Plants and flowers sent as a gesture of sympathy or support are not considered gifts if they have a valid business purpose; however, they are subject to specific rules. See Guidelines for Expenditures from University Funds.*

Award: Something of value conveyed as a result of competition, merit or in recognition of service to the university on the part of the recipient.

Prize: Something of value conveyed as a result of chance, generally for promotional purposes, to one or more participants in an event sponsored by a university department or organization.

Nominal Value: A prize, gift or award valued at \$50 or less.

Organization: Any university department or student group using university funds for a gift, prize or award. Agency funds are not considered university funds.

EMPLOYEE as the Recipient of a Gift, Prize or Award

Gifts

Gifts of cash, including gift cards and gift certificates, to employees, are not allowed using university funds.

~~Gifts, including those for birthdays, weddings, showers, retirements, get well, funerals and other personal events, are not allowable expenditures of university funds, unless purchased with funds that can be used for discretionary purposes, and approved by the president or vice presidents, deans, or the Board of Regents.~~

Gifts other than cash, gift cards, or gift certificates are allowed *only* when such gifts have a business purpose and are approved in advance by the president, ~~or~~ vice president, *dean*, or the authorized approver for Board of Regents purchases (Board of Regents purchases only), and are within IRS guidelines. The gift must be of nominal value, as defined above, unless a larger amount is approved by the president or vice president, or the authorized approver for Board of Regents purchases (Board of Regents purchases only). For any gift greater than nominal value, the department must report the following information to the controller's office for tax purposes: recipient name, social security number, address, and purpose and value of the gift.

With the exception of the Offices of the President and the Board of Regents, personal gifts using university funds for birthdays, weddings, showers, retirements, get well, funerals, and other personal occasions, are not allowed. These are considered personal expenses, to be paid by the person(s) giving the gift.

Non-cash gifts for employees of nominal value, such as t-shirts, cups, mugs, etc. can be

purchased with discretionary funds. For limitations on purchases of clothing, see Guidelines for Expenditures from University Funds on the controller's office website.

Marketing and promotional items bearing the SFA name or logo are not considered gifts when they are of nominal value, or of larger value if approved by the president or vice president. An example of a marketing or promotional item is a shirt with an SFA department name provided to an SFA employee or representative. In addition, tickets provided to a representative of SFA for sporting events, fine arts events, recognition banquets, etc. are not considered gifts when attendance at the event is to promote the university in the representative's official capacity.

Prizes and Awards

Monetary awards may be given to employees for meritorious performance or other reasons connected with employment, but only as part of an established campus-wide program or a program within a college approved by the dean and the provost and vice president for academic affairs. See University Awards Programs (12.20). Such monetary awards cannot be given in the form of gift certificates or gifts cards, but must be paid through payroll and submitted on a stipend authorization form.

Non-cash awards given to employees as length of service awards are acceptable as long as they are valued at less than \$400 per year per employee. These awards may only be administered by the Department of Human Resources or in a ceremony approved by the Department of Human Resources and the appropriate vice president.

Any non-cash award given for meritorious performance or other reasons connected with employment must be of nominal value, as defined above.

An employee may accept a monetary or non-cash prize or award of any amount where the individual's employment is incidental to the basis on which the prize or award is given. For example, a university employee would be eligible to win a door prize given at random or an essay-writing contest.

For any prize or award greater than nominal value, the department or organization sponsoring the contest, game of chance, etc., without the purchase of a chance or ticket must report the following information to the controller's office for tax purposes: recipient name, social security number, address, and purpose and value of the prize or award.

NON-EMPLOYEE as the Recipient of a Gift, Prize or Award

Gifts

Gifts of cash to non-employees are not allowed. Gift certificates, gift cards, or tangible commodities are allowed as long as the gift is given for a valid business reason.

For any gift greater than nominal value, as defined above, the department must report the

following information to the controller's office for tax purposes: recipient name, social security number, address, and purpose and value of the gift.

Development Gifts to individuals to promote development interests or alumni relations, using university funds, cannot exceed nominal value, as defined above, unless approved by the president. For any gift greater than nominal value, the department must report the following information to the controller's office for tax purposes: recipient name, social security number, address, and purpose and value of the gift.

Institutional Gifts – When university officials are hosting visitors, appropriate university funds may be used to give such visitors a gift of nominal value, as defined above, as a sign of appreciation or recognition. Any gift greater than nominal value must be approved by the president. Marketing and promotional items with the SFA name or logo are not considered gifts as discussed above. For any gift greater than nominal value, the department must report the following information to the controller's office for tax purposes: recipient name, social security number, address, and purpose and value of the gift.

Gifts to Public Officials – Federal and state laws severely restrict the nature and value of gifts that may be made to public officials, and those restrictions may vary depending on the type of gift as well as the office held by the official. Gifts to municipal officials may also be restricted. In general, university policy prohibits all gifts to public officials, with the exception of token gifts of nominal value, as defined above, as long as they are not provided in exchange for his/her decision, opinion, recommendation, vote, or other exercise of discretion as a public official. Any exception to this limit must be discussed in advance with general counsel to ensure it is allowed under the specific governing conditions. There may be restrictions on paying honoraria to public officials and questions should be directed to the general counsel.

Prizes and Awards

Cash, gift certificates, gift cards or non-cash items may be given as prizes and awards as long as they are reported as required herein. Prizes and awards to non-employees must be for a valid business reason, which may include a contest, door prize, etc. without the purchase of a chance or ticket.

Monetary prizes and awards must be processed using the online purchase requisition system and substitute Form W-9 must be submitted to accounts payable.

For any prize or award greater than nominal value, as defined above, the department must submit the following information to the controller's office for tax purposes: recipient name, social security number, address, and purpose and value of the prize or award.

NON-RESIDENT ALIENS as the Recipient of a Gift, Prize or Award

Cash and non-cash gifts, prizes and awards to non-resident aliens are generally subject to 30%

withholding and reported on an IRS Form 1042-S. The department or organization must contact the controller's office before making gifts, prizes and awards to person who are not US citizens or legal permanent residents, regardless of the value of the gift, prize or award.

Longevity Pay~~+~~ and Hazardous Duty Pay

Original Implementation: Unpublished

Last Revision: ~~April 15, 2014~~ April 24, 2017

Non-academic, full-time employees, working at least 40 hours a week in one position, are entitled to longevity pay in the amount of \$20 per month for each 2 years of state service. *When appointments are added together, an eligible employee may be paid longevity pay if the sum of the scheduled work hours in all non-academic appointments is 40 or more hours.* ~~SFA-Charter School teachers are excluded from this policy.~~ Longevity pay is capped at \$420 per month. At the time of initial employment, employees are required to report prior employment with other state of Texas agencies or institutions of higher education. The new employee will be asked to provide prior state employment information to human resources during the new employee orientation. Prior state employment is verified by human resources.

SFA Charter School teachers are excluded from this policy. Commissioned law officers are entitled to hazardous duty pay in lieu of longevity pay. Parking and Traffic Regulations

Original Implementation: September 1, 1961

Last Revision: ~~April 12, 2016~~ April 25, 2017

SECTION I: GENERAL PROVISIONS

1. **General:** Pursuant to the authority granted by the Texas Education Code and as approved by the Board of Regents of Stephen F. Austin State University (SFA), these *Parking and Traffic Regulations* are promulgated to regulate and control parking and traffic and the use of parking facilities, to provide for the issuance of parking permits, and to provide for jurisdiction over offenses. These rules and regulations are supplementary to applicable ordinances of the city of Nacogdoches and the statutes of the state of Texas that govern pedestrians and the use of motor vehicles and bicycles.
 - A. The operation of a motor vehicle or bicycle on university property is a **PRIVILEGE** granted by the university and is not an inherent right of any faculty/staff member, student or visitor. All faculty, staff, students and visitors who park on university property must have a university parking permit or park in a short-term paid parking space. A parking permit signifies that an individual has been granted the privilege of parking a vehicle on university property and does not guarantee a parking place on campus.
 - B. The university assumes no liability or responsibility for damage to or theft of any vehicle parked or driven on campus. The university assumes no responsibility or any duty to protect any vehicle or its contents at any time the vehicle is operated or parked on the campus. No bailment is created by granting any parking or operating privileges regarding a vehicle on any property owned, leased or otherwise controlled by the university.
 - C. Each person operating a motor vehicle on university property is responsible for obeying all university parking and traffic regulations as well as all city and state parking and traffic regulations. All vehicles operated on the university property must display a valid parking permit 24 hours a day, 365 days a year.
 - D. These regulations are in effect at all times on university property.
2. **Administration and Enforcement of these Regulations:**
 - A. **Parking and Traffic:** The Parking and Traffic (P&T) division of the SFA Department of Public Safety (DPS) is authorized to enforce these regulations and is responsible for the administrative functions relating to parking permits; establishing procedures and requirements for the issuance of parking permits; the collection of enforcement fees for

parking and traffic violations; establishing requirements for the submission of appeals; the processing of appeals from parking and traffic citations; and for management of parking lots and garages. P&T supervises parking enforcement assistants who issue parking citations and provide other services such as lock-out and jump starts.

- B. The Stephen F. Austin State University Police Department (UPD):** The University Police division of DPS is also authorized to enforce these regulations at any time or under any circumstances deemed necessary. UPD officers may issue university citations or court appearance citations enforceable in justice of the peace or municipal court.

The Board of Regents of Stephen F. Austin State University is authorized to employ campus police personnel. Such officers are commissioned as Texas peace officers and are vested with all powers, privileges and immunities of peace officers in the performance of their duties. As Texas peace officers, Stephen F. Austin State University police officers have county-wide jurisdiction in all counties in which the university owns property.

All persons on university property are required to identify themselves to such officers when requested. Failure to produce identification upon request of an officer may result in arrest and appearance before a magistrate.

The university police shall be vested with the authority to refuse to allow persons having no legitimate business to enter upon any property under the control and jurisdiction of Stephen F. Austin State University and to eject any unauthorized persons from said property upon their refusal to leave peaceably upon request.

The university police are authorized to enforce the Texas Motor Vehicle Code, the Texas Penal Code, and applicable ordinances of the city of Nacogdoches, the parking and traffic regulations of the university, and all other laws.

All accidents, thefts and other offenses that occur on university property or anywhere within the campus area should be reported to the university police immediately. Accident reports should be made prior to moving vehicles. One-vehicle accidents should also be reported. Vehicles should always remain locked.

- C. Appeals:** Any person receiving a citation may appeal. Appeals must be submitted in writing and must be received within ten (10) days of the date the citation was issued. Appeal forms are available at the Parking & Traffic office during regular business hours and on-line at <http://www.sfasu.edu/parking>. Boots and impoundments may be appealed in this same manner.

The director of Parking & Traffic, or designee, serves as the appeal officer and will review the appeal and any information/evidence relative to its application. The appeal officer will render one of the following decisions:

Warning means the appeal was granted and the fine was waived.

Voided means the ticket issued was not valid.

Denied means that the ticket has been upheld and the fine must be paid.

The appellant will be notified of the decision via their SFA email account. Should the appellant disagree with the decision of the appeal officer, they may make a final appeal to the appropriate hearing board.

Appeal Board Hearing:

To appeal to a hearing board, the appellant must submit their appeal in writing to the Parking & Traffic office within ten (10) days of the appeal officer's decision. P&T will notify the appellant of the date and time of their hearing via email to the appellant's SFA email address.

Student citation appeals are considered by the Student Government Association Supreme Court, which will for the purposes of this policy be referred to as the Student Appeals Board. Faculty/Staff citation appeals are considered by the Faculty/Staff Appeals Board.

While an appeal must be submitted in writing, an appellant may choose to present their appeal to the Board in person as well. It is the responsibility of the appellant wishing to appear in person to obtain the date and time of the appropriate Appeal Board meeting. The meeting dates for both of these boards are posted in the P&T office.

The board will review the appeal and render one of the following decisions:

Excused means the ticket and its resulting fine are excused.

Upheld means that the decision of the appeals officer was upheld and any resulting fine must be paid.

All decisions of these boards are final.

Appellant's Rights

Appellants shall have the right:

3. Each appeal shall be heard and decided on its own merit.
4. The board may examine, cross-examine, call, recall, and dismiss any witness.
5. The board may limit the number of witnesses whose testimony will be repetitious and establish time limits for testimony so long as all viewpoints are given a reasonable opportunity to be expressed.
6. The board shall maintain an adequate record of each hearing. Summary notes shall be deemed an adequate record for this purpose.
7. The executive director of public safety, or designee, may represent the university in any hearing.
8. The board may enter into closed session for deliberation at the conclusion of the presentation of evidence.
9. The board's judgment must be rendered at the conclusion of deliberation.

The board shall decide only whether or not the defendant is guilty/responsible of the offense as charged in the citation.

The citation charges for each offense are established by the Board of Regents and may not be reduced or eliminated by the Appeals Board if the individual is found guilty/responsible of the parking offense.

Failure to appear at a hearing as requested by appellant shall result in a forfeiture of the personal appearance and the board's decision will be based on the written appeal.

3. **Authority:** P&T and UPD are authorized to enforce these regulations:

- A. Through the issuance of university citations and collection of enforcement fees, including the periodic billing of unpaid citations and the referral of individual cases pertaining to unpaid campus citations to a collection agency;

- H. By such other methods as are commonly employed by city governments or state agencies in control of traffic regulation enforcement.
- I. Violation of the university parking & traffic regulation is a misdemeanor punishable by a fine of up to \$200.

4. **Proof:** The issuance of a citation reflecting the existence of any parking or traffic control device, sign, short-term spaces, signal or marking at any location on university property shall constitute prima facie evidence that the same was in existence and was official and installed under the authority of applicable law and these regulations. When any person is charged with having stopped, parked and left standing a motor vehicle on the campus, in violation of any provision of these *Parking and Traffic Regulations*, proof that said vehicle was, at the date of the offense, bearing a valid university parking permit shall constitute prima facie evidence that said vehicle was then and there stopped, parked, and left standing by the holder of the parking permit. If the vehicle does not bear a valid university parking permit, proof that the vehicle at the date of the offense alleged was owned by an individual is prima facie proof that said vehicle was then and there stopped, parked and left standing by the individual.

5. **Responsibility:**
 - A. The person to whom a university parking permit is issued is responsible for any citation issued with respect to a car displaying that permit or a vehicle registered through P&T by that person.

6. **Collection Methods:** The university may arrange for collection of debts due to the university pursuant to these regulations in the following manner and as specified elsewhere in these regulations:
 - A. Permit payments may be deducted from employee payroll checks with the employee's permission. Employees are responsible for monitoring their paychecks to ensure that proper deductions are being made for their SFA parking permit.

 - B. A financial hold may be placed against students for past due debts.

Permit holders are required to remove and surrender their permit:

- i. In the case of a decal permit when there is a change in ownership of the vehicle
- ii. When a replacement permit has been issued
- iii. Upon revocation of the permit

F. **Expiration of Permits:** Permits expire on the date listed on the face of the permit.

G. **Payment of Permit Fees:** When an application is made for a permit, the fee charged will be for the entire permit period or for the entire unexpired portion of the permit period. See [Appendix A: Parking Fees Table](#) for specific permit fees.

H. **Lost/Stolen Permits:** A permit holder shall immediately report to P&T any lost/stolen permit and complete the associated report. Lost/stolen permits may be replaced for a fee (see [Appendix A: Parking Fees Table](#)). Any permit recovered after such a report has been filed must be returned to P&T immediately. Use of a permit that has been reported as lost/stolen is subject to fines and penalties as described in these regulations.

P&T is authorized to suspend campus parking and driving privileges on university property for any person whose vehicle is cited for displaying a lost, stolen or altered permit, or any SFA parking permit not issued in accordance with these regulations. Students will be referred to the Office of Student Rights and Responsibilities, and faculty/staff will have the matter forwarded to the appropriate dean, director or department head for disciplinary action. 3. **Special Events:** P&T employees will assist SFA event sponsors with convenient and effective access while limiting the impact the event traffic will have on campus parking. P&T offers services such as barricading spaces, placement and removal of cones, golf cart service, etc. Event parking management will be guided by:
 - Available parking spaces
 - Expected attendance
 - Costs that may be incurred by department sponsoring event
 - Expected/potential impact on regular users of the area
 - Logistical ability of P&T to manage event
 - Whether or not the event is university or non-university sponsored

SECTION VII: ENFORCEMENT

1. **Parking and Traffic Citations:**
 - A. Issuance: Any person violating these regulations may receive a citation.
 - B. P&T Authority: University parking enforcement assistants are authorized to write university parking citations.
 - C. UPD Authority: UPD officers are authorized to issue university citations and court appearance citations for violation of these regulations. It is the general policy of the university to issue court appearance citations only for moving violations and for any violation when the individual's driving or parking privileges have been suspended, although UPD may issue a court appearance for any appropriate violation. All vehicles driven on Stephen F. Austin State University property are subject to all university traffic regulations, state of Texas motor vehicle codes and city of Nacogdoches motor vehicle laws. Moving violations may be issued on a city of Nacogdoches traffic citation or filed in the office of the appropriate justice of the peace or with the city of Nacogdoches Municipal Court.
 - D. Fees for parking violations may be paid in person at the university business office between 8 a.m. and 4:30 p.m. Monday through Friday, online through an eBill, or mailed to:

Stephen F. Austin State University
 c/o Business Office
 P.O. Box 13053, SFA Station
 Nacogdoches, TX 75962-3053

2. **Failure to Discharge Court Appearance Citations:** Failure to discharge a court appearance citation may result in the issuance of an arrest warrant.
3. **University Citations:** University citations are issued for offenses listed in Section VIII: Driving and Parking Offenses. Any person receiving a university citation must remit the amount of the charge or submit an appeal to P&T within ten (10) days after issuance of the citation. Any towing, booting and/or storage fees for removal of an impounded or immobilized vehicle or bicycle must be paid regardless of whether an appeal has been submitted.
4. **Appeals of University Citations:** Any person issued a university citation may appeal the citation within ten (10) days of the citation's issuance by completing the appropriate P&T form. Any citation that is not a warning must be appealed as described in these regulations.
5. **Failure to Pay Citation Charges:** Unpaid citations can result in student financial holds preventing students from receiving grades, refunds, official transcripts or graduating. Additional collection efforts may also be utilized as specified in these regulations. Ten (10) or more violations within one academic year may result in suspension of driving and parking privileges on campus and/or disciplinary action.
6. **Vehicle Immobilization or Impoundment:** P&T or UPD may immobilize (boot) or impound (tow/relocate to a storage area) a person's vehicle for the following reasons:

- A. the person and/or vehicle has accumulated three (3) or more past due parking citations

All citations issued will contain a notice informing the violator that a consequence of three (3) or more outstanding citations is the potential that their vehicle may be booted or impounded.

If the vehicle cited can be connected to a current SFA student or employee a notice of the citation will be sent to the SFA email account of the violator, otherwise a notice will be sent to the DMV address of the registered owner. Such notices will inform the violator that a citation has been issued to them and will contain information about any other outstanding citation(s) they may have.

If a violator has two or more outstanding citations when a third is issued, a notice will be sent to the violator's SFA e-mail account or to the DMV address of the registered owner of the vehicle notifying them that ten (10) days following the issuance of the third citation their vehicle will be eligible to be booted or impounded unless all of the outstanding

citations are addressed by payment or by appeal if allowed within the time limits outlined in this policy.

Each notice, both physical and e-mail, will include information about how to pay or appeal the citation(s).

Violators who believe the P&T records are incorrect, or have any questions regarding any of the citations, should contact P&T within 10 days of the date of the notification at (936) 468-PARK (7275) Monday through Friday between the hours of 7:00 AM and 5:00 PM or by email to sfaparking@sfasu.edu.

- B. the person and/or vehicle is parked in violation of the terms of a conditional release
- C. the vehicle is parked in an ADA space without displaying a state ADA placard or license plate
- D. the driver is illegally using an ADA permit assigned to another individual
- E. the driver is in possession of a lost, stolen, altered or unauthorized permit

Once a vehicle is immobilized, all outstanding citations and the immobilization or impound fee must be paid in full and an appropriate permit must be purchased prior to the release of the vehicle.

The university is not responsible for any damage to the vehicle during booting, towing, relocation, or storage. After notice has been posted on the vehicle, vehicles booted for longer than three (3) days may be impounded (towed to a storage area). The owner and operator are severally responsible for any booting, towing or storage fees.

No vehicle may be towed without the express approval of the executive director of public safety/chief of police, the director of P&T or their designee.

Section 2.C. of these regulations outlines the appeal process for citations, boots and impoundments.

7. Suspension of Parking Privileges:

Notices of parking violations may constitute a suspension of parking privileges, and any fee assessed is for reinstatement of parking privileges for operators of vehicles registered with the university.

All violations involving registration of vehicles operated on the properties of the university are violations of the law and SFA Parking and Traffic Regulations. Disposition of these citations at the university is a privilege extended by the university, which may be withdrawn at the

university's option.

Violation of suspension of parking privileges may result in removal of the vehicle by tow away.

Driving and parking privileges may be suspended by P&T, DPS or the Office of Student Rights and Responsibilities if the violator has displayed a lost, stolen or altered permit or other flagrant violations of these regulations. The loss of the privilege of driving or parking a vehicle on campus shall commence immediately following notification of suspension. Such notification shall state the term of the suspension and consequences for violation of the stated terms. The violations of the suspension shall be reported to the Office of Student Rights and Responsibilities if the person is a student or to the appropriate dean, director or administrative official for possible disciplinary action if the person is a faculty or staff member.

If a person whose privilege of driving or parking on campus has been suspended receives a university citation by reason of having a vehicle on campus during the period of their suspension, the period of suspension may be extended and a referral to the appropriate university office may be made for further university disciplinary action.

- A. A person receiving notice that their privilege of driving or parking on university property has been suspended shall return, without refund, the remnants of the permit issued (or the entire hanging permit) to the P&T office immediately.

8. **No Excuse:**

The absence of sufficient parking spaces on the university campus is not justification for violation of these regulations. Failure to enforce any regulation shall not constitute a waiver of the university's authority to enforce these regulations. Other improperly parked vehicles do not constitute an excuse for improper parking.

Public~~+~~ and Student Health

Original Implementation: February 29, 1988

Last Revision: ~~July 29, 2014~~ April 25, 2017

Stephen F. Austin State University recognizes an obligation to promote public health on campus by protecting students, faculty, and staff from the spread of contagious and infectious diseases. An effective and responsible approach to safeguarding public health on campus requires that legitimate concerns about the potential for transmission of diseases in university settings neither be sensationalized nor minimized, but that university officials work closely with other interested parties to establish policies and procedures that inhibit the likelihood of contagion while promoting an educational environment characterized by safety, continuity, and calm.

When circumstances arise that require review, the vice president for university affairs will convene a Public/Student Health Committee, consisting of appropriate faculty and staff members. This committee will assist the vice president in coordinating the university's efforts to fulfill its responsibility concerning public health. In carrying out its tasks, the committee shall follow the guidelines of recognized authorities including: The National Center for Disease Control, the United States Public Health Service, the Texas Department of Health, and the American College Health Association. Further, the committee shall conform its actions to the Texas Communicable Disease Prevention and Control Act and other law.

In the event of public inquiry concerning university policy on public health or health-related matters at SFA, the executive director of ~~marketing~~ *university communications*, or their designee, will serve as the official spokesperson for the university. Medical records of individuals shall remain confidential, but public information shall be disclosed upon request in accordance with the Texas Public Information Act and the Family Educational Rights and Privacy Act. Requests for such information should be referred to the university's general counsel.

If a public health issue arises that could involve the continuity of business and academic functions of the university, other ad hoc committees may be impaneled to address those particular issues.

Receipts and Deposits

Original Implementation: Unpublished

Last Revision: ~~April 15, 2014~~ April 25, 2017

Purpose

This policy provides procedures and guidelines to all Stephen F. Austin State University (SFA) departments handling receipts and deposits. Procedures have been established to encourage an effective administration and internal control of receipt-handling operations throughout the university. Note: The term “receipts,” as referenced in this policy, is deemed to include currency, coins, personal checks, bank drafts, money orders, traveler’s checks, cashier’s checks, credit card transactions, debit card transactions, wire transfers, and any other method of receiving funds.

Authority and Responsibility

The university has delegated the authority and responsibility for establishing policies and procedures for all receipt-handling activities to the controller’s office. In carrying out this duty, the controller’s office is responsible for:

1. Establishing and enforcing policies and procedures governing the receipt, handling, custody, and disbursement of funds.
2. Requiring the establishment and maintenance of records accounting for funds received and paid by the university.
3. Opening and closing bank accounts and transferring funds among such accounts as necessary and prudent, considering current interest rates and collateral levels.
4. Establishing and authorizing procedures for granting, maintaining, and terminating the departmental collection of university funds.

Applicability

This policy is applicable to every university department, administrative office, and affiliated organization that handles receipts for any university-related function. Employees that handle receipts on behalf of the university are required to be familiar with the provisions of this policy. Additionally, the controller’s office or audit services may perform periodic audits of any department with receipt-handling operations.

Summary

Any individual handling university receipts is responsible to the university for proper security and accountability. Due to the personal liability involved in performing receipt-handling functions, it is important that only authorized employees accept funds for university business. In rare instances, non-employees (i.e. students or volunteers) may be authorized to accept funds

for the university if written approval is obtained from the bursar. In these cases, an employee is responsible for ensuring that these persons are properly trained and receipts are handled appropriately. All persons accepting funds for the university are required to appropriately safeguard, account for, and document all receipts received on behalf of the university. Applicable university discipline and/or discharge policies will be followed in the imposition of sanctions related to a violation of this policy.

Segregation of Duties

Guidelines

Receipt-handling operations must be subject to daily supervisory review and management. To minimize the potential for mistakes or misappropriation of receipts, the segregation of receipt handling duties is recommended. The duties of collecting receipts, maintaining documentation, preparing deposits, and reconciling records should be separated among different individuals. In departments where the separation of duties is not feasible, strict individual accountability and thorough management supervision and review is required.

Written Departmental Procedures

In addition to the receipt-handling procedures established in this document, each department that handles receipts is required to have its own internal policies and procedures for receipts. Written procedures should minimally include authorization of person(s) to collect receipts; maintenance of receipt books; security and reconciliation of receipts; preparing, approving, and depositing receipts at the business office; over/short procedures; and a procedure to notify the appropriate campus authority in the event of a loss.

In addition, it is the responsibility of the department head or supervisor to ensure that all employees with receipt-handling responsibilities have receipt-handling duties included in their job description.

Safekeeping

Departments handling receipts are responsible for the safekeeping of these university assets. Physical security should be emphasized to every employee involved in receipt handling. The following general guidelines should be followed to help maintain the integrity of those areas handling receipts:

- Unauthorized persons are not allowed in areas where receipts are handled.
- If possible, doors should be locked at all times in areas where receipts are handled. Safe doors should be kept closed during working hours and locked at times when it is not necessary to be in and out of the safe.
- ~~Large sums of~~ *All forms of payment including cash, checks, and credit card receipts* should be counted and handled out of sight of the general public.
- Individuals should keep working funds to a minimum at all times. Excess funds should be in a locked device or deposited with the business office.

- Cash and receipts should **NEVER** be unattended. This applies to cash registers, desktops, cash drawers, and any other place in which cash is located. If an employee leaves his or her workstation for any reason, regardless of how briefly, cash and receipts must be appropriately secured in a locked place.
- For overnight storage and during other periods when cash is not being used, it should be kept in a secure place, either a safe or locked container.
- If a safe location is not available within the department, the cash and receipts should be brought to the business office on campus for safekeeping.
 - The cash and receipts should be kept in a locked bank bag provided by the business office.
 - The department name and responsible party should be noted on the outside of the locked bag.
- If a safe location is not available within the department, and the business office is not open, the cash and receipts should be ~~brought~~ taken to the University Police Department (UPD) in a locked bag.
- Under no circumstances should an individual keep university cash with their own personal funds, deposit university funds in a personal bank account, or take university funds to one's home for safekeeping.
- Checks should always be properly restrictively endorsed upon receipt (*see Endorsement Stamps, below*).

Prohibition Against Transactions Involving Family Members

Employees may not receipt, accept, or handle checks, cash, or deposits from a relative, as defined by policy 11.16, Nepotism. Family member status is not terminated by death or divorce.

Custodian Responsibilities

For purposes of this policy, the custodian is anyone who handles cash and receipts. The custodian is responsible for:

The adequate and appropriate safekeeping of the university monies - While using cash funds for daily operational activities, procedures should be established to maintain a safe and secure working environment to ensure the safeguarding of funds and safety of personnel. Employees should be well informed of their responsibilities for handling cash and receipt transactions and being accountable for those funds. The custodian must see that appropriate internal control measures are enforced.

When not being used for operational activities, all cash and receipts should be kept in a safekeeping device, either a safe or locked container. Lock combinations and the custody of keys should be maintained by one person. These items should not be stored in an unlocked desk drawer or unsupervised area. For strictly emergency situations, the department head or other designated employee should have the safe combination or an extra set of keys.

Maintaining current and accurate records of the funds - The records should provide clear documentation of receipts from the time of collection to the time of deposit. This documentation should always be readily available for audit by the controller's office, internal or external auditors, or the department head. Specific information on appropriate documentation can be found under ~~the heading~~ Receipts Procedures, *below*.

Overages and Shortages

Both overages and shortages should be noted and tracked by the custodian and then reviewed and certified by a supervisor or department head. Significant amounts should be immediately reported to the department head and the controller's office. If there appears to be a growing pattern or anything unusual or abnormal about the overages and shortages, that information must be disclosed immediately.

Refunds

A refund is the return of funds for a transaction that occurred on a prior business day. Refunds cannot be made directly through the use of petty cash funds, change funds or funds received from cash receipts, unless specifically authorized by the business office. All refunds should be processed by the completion of a purchase voucher in adherence to the procedures as established by the controller's office, depending upon the type of transaction involved. Petty cash funds, change funds, or funds received from cash receipts **must not** be used to reimburse employees for out-of-pocket expenditures. These reimbursements will be made in accordance with procedures developed by the controller's office. All funds must be deposited into a university account before a department may use the receipted funds.

Receipts Procedures

Training Requirements

Mandatory receipts training is required of all employees whose job duties include the acceptance, record keeping, and deposit of university receipts. *Additionally, separate training is required for employees who handle payment cards. Receipts and payment card training is required on an annual basis and should be coordinated through the business office.* ~~Training should be arranged with the business office. Employees are required to do follow-up training annually.~~

~~New hires will be given information stating the need for receipts training at the new employee orientation.~~

Receipting Revenues

University departments that collect receipts must have an established departmental procedure for documenting all receipts. Computer generated receipts, cash register receipts, or pre-numbered receipt books or tickets are acceptable forms of documentation. All pre-numbered receipt books

are issued by the business office. All other receipts issued must be approved by the business office as to form.

As a minimum, receipt documentation should include:

1. Payer's name
2. Amount of payment
3. Mode of payment (cash, check, credit card, money order, etc.)
4. Check or money order number, if applicable
5. Purpose of payment
6. Date of payment
7. Initials of employee collecting funds

The above applies to receipts collected directly from individuals, as well as receipts received through the mail, over the Internet or by phone. With prior approval by the business office, departments that receive large volumes of checks by mail (such as application fees) may document their receipts by creating a spreadsheet which contains the information above. The check number, date of receipt, initials of the employee, and the amount must be noted on the face of the application or documentation received with the payment. The spreadsheet must be reconciled to the group of checks.

Canceled/Voiced Transactions

The same-day cancellation of a transaction must be approved by a supervisor. Upon approval, the original receipt should be voided and the payment returned to the customer. The customer should sign the voided receipt acknowledging the transaction.

Manual Cash Receipt Books

Manual pre-numbered cash receipt books may be obtained from the business office only. Receipt books will not be placed in campus mail. The business office will document the distribution of each receipt book. Documentation will include:

1. Department name
2. Department account number
3. Numbers of each book distributed
4. Signature by the person receiving the book(s)
5. Description of what the receipts book(s) will be used for

Each person issuing receipts and/or making deposits **MUST** have receipt training in order to ensure the proper procedures are followed. The business office will provide this training (see Training Requirements above).

The receipts **MUST** be used in consecutive order. ~~If more than one person in a department is~~

issuing receipts, each person should be assigned their own book and be responsible for the maintenance and deposit of revenue recorded in that book. All receipts, including voided receipts, MUST be accounted for. The original (white) receipt is given to the customer. The green copy of each receipt is to be sent to the business office along with a Deposit Summary form (approved by the business office as to form). The yellow copy of each receipt should remain in the receipt book for reference purposes.

Note: It is the department's responsibility to retain all documentation pertaining to deposits. Record retention schedules (see Records Management (2.9)) must be adhered to for all receipts, receipt books, Deposit Summary Forms, and any other backup. Documentation should be destroyed in accordance with the approved SFA Records Retention Schedule.

Reconciling Cash and Receipts

Cash receipts **must** be reconciled. On days when cash is collected, a reconciliation must be performed at the close of the business day when possible, and no later than the beginning of the next business day. Cash, checks and credit cards must reconcile with the daily receipts. All receipt numbers (including voids) utilized for the day's business must be accounted for.

At a minimum, the supervisor must perform a monthly reconciliation of receipts to deposits, verifying that the amounts receipted were actually deposited and credited to the appropriate accounts in the Banner System. Depending upon the volume of transactions, weekly or daily reconciliations may be more appropriate. The business office can assist in determining the frequency. Under no circumstance should this reconciliation be performed by the same individual who receipted the funds. The supervisor must keep written documentation of the reconciliations and report any discrepancies to the controller's office immediately.

Payment Acceptance

Acceptable with Proper Identification:

Cashier's Check A check purchased at a bank for any amount; the bank completes all information on the face of the check with a bank officer signing as the maker.

Personal Check A written order payable on demand, drawn on a bank by a depositor; a personal check is written against an individual's funds as opposed to a cashier's check, certified check, money order, or traveler's check, all of which are written against or guaranteed by bank funds.

Starter Check A non-personalized encoded check that a person receives from a bank when they establish a checking account. These are for the person's use prior to receiving encoded checks from the bank. Starter checks should only be accepted if the bank has encoded the routing number and account number on the bottom of the check.

Unacceptable without permission of the business office:

Every check or money order must be reviewed for completeness as follows:

Item	Verification
Account holder's name, address, phone number	Verify the information is included on the check. A daytime phone number is preferred.
Bank coding and holder's account number	Observe that the check has the customer's bank account and routing number encoded on the bottom along with the bank and check number.

- All credit card information should be considered confidential and must be protected (see Payment Card Acceptance and Security (14.8)).

Specific instructions for handling credit card transactions will be ~~conducted~~ *provided* during receipt training *and payment card training (see Training Requirements, above).*

Signage

At the location where funds are collected, each department must have signage in place with the following information.

- MAKE CHECKS PAYABLE TO SFASU
- PLEASE ASK FOR A RECEIPT
- RETURNED CHECK FEE WILL BE CHARGED
- NO FUNDS LEFT OVERNIGHT

Endorsement Stamps

Each department must restrictively endorse all checks ***immediately*** upon receipt. This prohibits the negotiation of the check if it is stolen. Endorsement stamps can be obtained from Printing Services and read: “Stephen F. Austin State University, For Deposit Only”. The department should include the department’s name under the endorsement, so lost or stolen checks can be traced back to the department if found.

Deposits of Cash and Checks

Some university departments are authorized to make deposits directly to the bank in a locked bag via courier service provided by the UPD. These departments include: student center business office, Fine Arts ticket office, and Athletics. Other departments may request such authorization from the business office. All other departments will hand deliver their deposits in a locked bag to the business office or to one of the above named departments (upon approval by the business

office). Each department that makes deposits shall submit the following to the business office on the deposit date:

- Deposit Summary form
- the green copies of the receipts or the cash register tapes

All checks must be restrictively endorsed immediately upon receipt (*see Endorsement Stamps above*).

Preparing and Making the Deposit

It is the responsibility of the department to accurately count all currency and checks collected. It is recommended that a second individual recount the currency and checks before completing the deposit.

A Deposit Summary form must be completed and submitted to the business office with each deposit. The green copies of the receipts or the cash register tapes must also be included.

- ~~An adding machine tape must be included showing the total amount of checks being deposited.~~
- ~~A second adding machine tape must be included verifying the total previously calculated.~~

Research Enhancement Program

Original Implementation: September 1965

Last Revision: ~~July 29, 2014~~ April 25, 2017

The Research Enhancement Program at Stephen F. Austin State University (SFA) encourages and enhances research and creative opportunities for faculty members, serves as support for innovative research, and provides seed monies to attract external funding.

Description: The Research Enhancement Program consists of three components: (1) the Faculty Research Grant Program, which provides substantive support for research and scholarly creative activities; (2) the Minigrant Program, which provides opportunities for faculty to carry out small projects or preliminary research activities that will increase their competitiveness in acquiring additional funding; and (3) the Graduate Research Assistant (GRA) Program, which provides support for graduate students working toward research-based theses and dissertations.

Eligibility: Individuals with a full-time, tenured or tenure-track academic appointment as professor, associate professor, assistant professor, instructor, ~~and/or~~ librarian I-IV are eligible to apply for Faculty Research Grants and Minigrants. Members of the graduate faculty serving as faculty advisors may apply for GRA support on behalf of their students.

Compliance: Recipients of research enhancement funds are subject to university policies as well as state and federal rules and regulations. For research projects involving human subjects, laboratory animals, or hazardous materials, the applicant must provide a memorandum of approval from the chair of the appropriate university committee to the Office of Research and Sponsored Program (ORSP) prior to project implementation.

Faculty Research Grant (FRG) and Minigrant (MG) Programs: The University Research Council (URC) establishes guidelines for the content and format of proposals and creates criteria for the evaluation of applications. These guidelines include, at a minimum, the following provisions:

1. Funds cannot be used by faculty or students to obtain advanced academic degrees; however, these funds may be used by faculty to hire students to work on specific aspects of a project.
2. An applicant with an FRG or MG award must follow URC guidelines.
3. Funds cannot be used to supplant funding for research activities or equipment provided by another source.
4. Recipients must submit progress and/or final reports as required by ORSP.
5. Any publication, presentation, or exhibition resulting from an FRG or MG must acknowledge the support provided by the Research Enhancement Program at SFA.
6. The project director must submit copies of publications, exhibitions, or other media to ORSP and *may also send this to* the Center for Digital Scholarship.

The URC makes recommendations for funding of FRGs to the chair of the council. If an award exceeds \$5,000, the provost and vice president for academic affairs must approve the funding.

Graduate Research Program: Faculty advisors may identify and submit applications on behalf of graduate students.

The content, format, and criteria for evaluation are determined by the URC. These guidelines include, at a minimum, the following provisions:

1. Awardees must be working toward a research-based thesis/dissertation or equivalent project. Non-thesis graduate students are ineligible.
2. Students receiving awards must be released from teaching responsibilities.
3. Graduate Research Assistantships can be up to twelve (12) months in duration. Faculty sponsors can apply for a second 12-month assistantship for a student, but assistantships may not exceed a total of 24 months per student. For continued funding, the faculty sponsor must demonstrate student progress to the URC each semester.

The URC makes recommendations for funding to the chair of the council who, in turn, must obtain approval from the dean of the Graduate School for funding. If approved, the chair of the council notifies the provost and vice president of academic affairs of the award.

Returned Payments

Original Implementation: September 1, 1987

Last Revision: ~~April 15, 2014~~ April 25, 2017

A returned payment is defined as any payment by check, credit card, debit card, draft or other format which is returned to the university unpaid due to no fault of the bank or the university. The business office may assess a returned payment fee plus applicable sales tax for each such returned item. Returned payments on employee, student or departmental accounts may be ~~submitted~~ turned over for collection to a collection service, *collection agency and/or the county attorney*. *If a returned payment is turned over for collection, applicable fees assessed by the collection service, collection agency and/or attorney will be charged to the debtor. Additional legal action may be taken.*

Returned payments on student accounts will be treated as outstanding charges until paid. Delinquent accounts will be subject to the university's policies and procedures for handling student accounts receivables. ~~If a delinquent account is turned over to a collection agency or attorney, applicable fees assessed by the collection agency and/or attorney will be charged to the student's account.~~

Returned payments received from departmental deposits will be charged back to the originating account and the applicable department will be notified. If a returned payment is received from a donor, the university will coordinate the charge back of the gift through the development office. The development office may make contact with the donor for resolution.

Returned Payment – Additional Consequences

After receipt of three returned payments from any individual, organization or business, the university reserves the right to refuse certain types of payments from those payees, and may demand payment by cash, cashier's check, debit card, credit card or money order. ~~Additionally, legal action may be taken.~~

Employees with returned payments should make restitution to the university within ten business days of notification. ~~If upon termination~~ the employee has not reimbursed the university for returned payments and any applicable service charges, the university may reduce or withhold any payments due to an employee by amounts due the university, in accordance with Texas law.

Selective Service Registration

Original Implementation: October 26, 1999

Last Revision: ~~April 15, 2014~~ April 25, 2017

All male citizens/nationals from eighteen up to twenty-six years of age must provide proof of registration or proof of exemption from registration with the selective service system prior to beginning employment with Stephen F. Austin State University. Upon attaining the 26th year of age, the registration verification process is no longer applicable.

This verification requirement is applicable to all categories of employees including faculty and student employees, staff employees, and temporary and casual employees.

The registration requirement does not apply to a person employed by SFA before September 1, 1999 as long as the person's employment by SFA is continuous. The following persons are exempt from the requirement to register:

- Females
- Lawfully admitted non-immigrant aliens on visas (such as those men on visitor or student visas and members of diplomatic or trade missions and their families) because they are residing in this country temporarily
- Members of the Armed Forces on full-time active duty, including cadets and midshipmen at the United State service academies
- All males who have reached age 26

The following guidelines should be followed for the employment process:

1. Any offer of employment is considered conditional until proof of registration is documented.
2. This information will be gathered by human resources during the new employee orientation process. At that time, the data is verified in a government database and if the individual is not registered, he must do so immediately in order to be eligible for state employment.

Sick Leave

Original Implementation: Unpublished

Last Revision: ~~January 26, 2016~~ April 25, 2017

Regular, consistent attendance and punctuality is expected of all university faculty and staff, as well as the proper use of leave time when an absence is necessary.

Accrual of Sick Leave

Employees of the university, whose positions do not require student status as a condition of employment, shall, without deduction in salary, be entitled to sick leave subject to the following conditions. Employees of the SFA Charter School will earn sick leave according to charter school policy.

Sick leave entitlement shall be earned, beginning on the first day of employment, at the rate of eight (8) hours for each month or fraction of a month of employment, and shall accumulate with the unused amount of such leave carried forward each month. An employee who is on leave the first day of the month may not use the sick leave that the employee accrues for that month until after a return to duty. Such leave accrual shall terminate on the last day of duty.

An employee's accrued sick leave balance will be transferred when an employee moves from employment in one state agency to another, provided the employment is uninterrupted. Part-time employees working at least 20 hours per week accrue sick leave proportionately to their FTE.

Employees employed by multiple agencies cannot accrue sick leave at a rate that exceeds that of a full-time, 40-hour-per-week employee.

Separation from Employment

Employees of the university who separated from employment under a formal reduction in force are entitled to have their sick leave balances restored if they are re-employed by the state within 12 months. Employees separated from the university, for reasons other than a formal reduction in force, and re-employed by SFA may have their sick leave balances restored only if:

1. The employee is re-employed by the university within 12 months after the end of the month in which the employee separates from employment, but only if there has been a break in employment from the university of at least 30 calendar days; or
2. The employee is re-employed by a different state agency or institution of higher education within 12 months after the end of the month in which the employee separated from the university.

The university has no authority to pay out an employee's accrued but unused sick leave balance upon termination. An employee who is restored to employment at the university following military service is entitled to have his or her sick leave balance restored. Employee Retirement System (ERS) retirees who return to state employment will not have their sick leave balances restored.

Funds appropriated for salaries and wages may be paid for all of the employee's accumulated vacation leave and for one-half of his/her accumulated sick leave, or for 336 hours of sick leave (whichever is less), to the estate of an employee when said employee dies while employed by the university. The employee must have had continuous employment with the university for at least six months at the time of death. The payment shall be calculated at the rate of compensation being paid the employee at the time of death.

Sick Leave Utilization

Sick leave with pay may be taken when sickness, injury, or pregnancy and confinement prevent the employee's performance of duty, or when a member of the employee's immediate family is actually ill. For purposes relating to regular sick leave, immediate family is defined as those individuals related by kinship, adoption or marriage ~~who are that~~ *are living in the same household; foster children who reside in the same household; and minor children regardless of whether they live in the same household. or, if not in the same household, are totally dependent upon the employee for personal care or services on a continuing basis. An employee who is the legal guardian of a child by court appointment may use sick leave to care for the child.* Sick leave may be used *to care for immediate family members who do not reside in the same household only for a documented medical condition. In this instance only, "immediate family" is interpreted as spouse, parent, or child. An employee who is the legal guardian of a child by court appointment may use sick leave to care for the child.* Sick leave may be used for the adoption of a child under the age of three. An employee who must be absent from duty because of illness shall notify their supervisor or cause the supervisor to be notified of that fact at the earliest practical time.

To be eligible for accumulated sick leave with pay during a continuous period of more than three (3) working days, an employee absent due to illness shall send to the administrative department head a doctor's certificate verifying the employee was out due to medical reasons. If an illness results in the absence of three (3) working days or less, the administrative head has the discretion to require documentation verifying the employee was out due to medical reasons. Upon returning to duty after sick leave, an employee shall immediately complete either a Request for Vacation, Compensatory Time, Sick Leave Taken form, request/report the leave electronically through the system leave request form, or document the leave in a manner established by the department head.

An employee may use sick leave while he or she is on annual leave.

Participation by any employee in an organized work stoppage has been declared to be against the public policy of the state of Texas. In any case when there is substantial evidence to indicate that an organized work stoppage exists in any division or department of the university, an employee reporting ill shall send to the administrative head of his/her department or division a doctor's certificate showing the cause or nature of the illness to be entitled to sick leave.

Sick Leave Utilization for Faculty:

Faculty must submit leave forms (as designated by the department head) for all sick leave the faculty member takes if the absence occurs during the normal workday for regular employees, even if no classes are missed.

Faculty are allowed to use their sick leave for personal or family illness and for personal leave within these guidelines:

- If a faculty member needs to take time off to handle personal business, personal leave may be used for that purpose with prior approval from their department head.
- If a faculty member misses a class, even if a substitute covers the class, the time missed is to be reported.
- If a faculty member is out on a continuous basis, two days or more, they must turn in leave for 8 hours for each day.
- If a faculty member misses office hours, due to illness or personal business, they must turn in leave for the time missed.

Extension of Sick Leave:

Pursuant to sections 661.202(i) and (j) of the Texas Government Code, an extension of sick leave may be granted through the university policies of Family and Medical Leave (12.9) or Leave of Absence (~~12.12 or~~ 12.11) or utilization of the sick leave pool.

Sick Leave for Educational Activities:

An employee may use up to eight (8) hours of sick leave each fiscal year to attend school sponsored educational activities of the employee's children who are in pre-kindergarten through 12th grade, including a parent-teacher conference, tutoring, volunteer program, field trip, classroom program, school committee meeting, academic competition, and athletic, music or theater program.

Donation of Sick Leave to an Employee

Employees may donate any amount of their accrued sick leave to another employee who:

- Is employed by the university;

- Is eligible to accrue and use sick leave; and
- Has exhausted all of their sick leave, including time the employee may be eligible to receive as an award from the sick leave pool.

Employees may not provide or receive remuneration or a gift in exchange for a sick leave donation.

The use of sick leave donated to the recipient employee must follow the same conditions as normal accrued sick leave as outlined in this policy.

Donated sick leave cannot be used towards ERS retirement service credit.

Donated sick leave cannot be transferred to another state agency.

Donated sick leave cannot be paid out to the estate of an employee if the recipient employee passes away.

Donated sick leave hours will be lost when the recipient employee leaves employment and will not be reinstated if the recipient is rehired by the university at a later date.

Donated sick leave hours do not get returned to the donor if the recipient does not use them all.

Sick Leave Pool

The university maintains a sick leave pool to benefit certain regular employees who suffer a catastrophic injury or illness. A sick leave pool has been established and is maintained to provide for the alleviation of the hardship caused to an employee and the employee's family if a catastrophic illness or injury forces the employee to exhaust all accrued leave (including compensatory time, if applicable) and lose compensation with the state.

Definitions:

1. A catastrophic injury or catastrophic illness is defined as a severe condition or combination of conditions affecting the mental or physical health of the employee, or the employee's immediate family, that requires the services of a licensed practitioner for a prolonged period of time and that forces the employee to exhaust all leave time earned by the employee and lose sick leave compensation from the state.
2. A severe condition or combination of conditions is one that:
 - a. will result in death or is a severely debilitating condition that will result in the individual not meeting the essential functions of their job if not treated promptly or at regularly scheduled intervals (e.g. chemotherapy treatments, radiation treatments, etc.);
 - b. has been designated as terminal; or
 - c. fully incapacitates the employee from working for a continuous period of thirty (30)

calendar days or more.

3. Licensed practitioner means a practitioner, as defined in the Texas Insurance Code, who is practicing within the scope of his/her license.
4. Immediate family is defined as those individuals related by kinship, adoption, or marriage, or foster children who are so certified by the Texas Health and Human Services Commission who are living in the same household. If not in the same household, an immediate family member is strictly limited to the employee's spouse, child or parent who needs care and assistance as a direct result of a documented catastrophic medical condition. Employees may use sick leave pool hours to care for an immediate family member only under circumstances for which an employee would be eligible to use regular sick leave, if available.
5. *Medical Incident means a single occurrence of a catastrophic illness/injury.*

Eligibility and Other General Provisions:

1. All regular faculty and non-probationary staff members eligible to accrue and use sick leave in accordance with university sick leave policy 12.18 *with a minimum of one year of service* may apply to use sick leave from the sick leave pool. *The service must immediately precede the sick leave pool request.*
2. Employees may use sick leave pool for their own catastrophic illness or injury or for one in their immediate family, as defined above.
3. *The use of sick leave pool hours is limited to 720 hours per medical incident. An employee may submit only one request for sick leave from the sick leave pool per fiscal year for each catastrophic illness or injury.*
4. An employee must exhaust all available leave before being eligible to receive sick leave from the sick leave pool.
- 4.5. *An employee must have utilized their accrued leave in a responsible manner to be eligible to use sick leave pool unless the leave is specifically donated to the employee. Regular, consistent attendance and punctuality is expected of all university faculty and staff, as well as the proper use of leave time when an absence is necessary. Sick leave used as it is earned is not considered to be responsible use, unless there are extenuating circumstances.*
5. —
6. An employee utilizing sick leave from the sick leave pool continues to accrue vacation and sick leave entitlement as if on regular sick leave, provided he or she returns to work following the leave.
- 6.7. *An employee approved for sick leave pool due to a catastrophic illness or injury that is absent from work for a minimum of 30 calendar days and is able to return to work on a part-time basis may continue to utilize the remaining allocated sick leave pool hours on an intermittent basis if the continuing treatment requires the employee to exhaust their leave balance awarded upon their return to work. Employees will be required to provide medical documentation supporting the employee's fitness for duty*

on a part-time basis and a continuing need for medical treatments and subsequent absences. The treatments and absences must be directly related to the initial qualifying medical incident.

- 7.8. Employees who are not covered by FMLA (policy 12.9) and who are offered a bona fide job offer under the university's Return to Work (policy 11.24) must accept the offer or sick leave pool benefits will end.
- 8.9. Employees who file for Worker's Compensation Benefits are not eligible to use sick leave from the sick leave pool. In no case may sick leave pool time be used in conjunction with a worker's compensation claim.
- 9.10. A routine pregnancy is not considered a catastrophic illness or injury.
- 10.11. A regular part-time employee is granted pool leave on a pro-rated basis.
- 11.12. One sick leave pool will be administered for all regular faculty and staff employees of the university.

Requesting Sick Leave from the Pool

- 1. A regular employee may apply for sick leave from the sick leave pool by completing a Request for Sick Leave from the Sick Leave Pool form and routing the form to the pool administrator in human resources.
- 2. Medical certification is required before the sick leave pool request can be reviewed by the administrator. Weekly documentation of appointments and/or treatment must be submitted to the pool administrator. Failure to return the required certification and documentation may result in loss of pool benefits.
- 3. The pool administrator will verify that the medical documentation supports the request for sick leave pool. The pool administrator maintains all medical documentation and adheres to standards of confidentiality, to the extent allowed by law. The pool administrator routes the request to the department director for a recommendation for approval, disapproval or an adjustment in the number of sick leave pool hours awarded based upon the employee's previous use of sick leave.
- 3.4. The pool administrator, upon receipt of the department director's recommendation approves all or part of the request, or denies the request. If necessary, the pool administrator may seek additional information from both the supervisor and the employee to clarify the employee's previous use of sick leave or to request additional medical documentation. All practitioner's statements and medical updates are subject to be referred to and reviewed by a university medical review board.
- 4.5. The amount of the pool leave granted for each catastrophic illness or injury will be determined by the pool administrator. The amount granted cannot exceed one-third of the balance of hours in the pool. However, in no case may an employee use more than 90 work days from the pool. Initiation and/or renewal of approval for use of such leave shall be subject to review of a current medical report for each approval period, and subject to availability of appropriate balance in the fund.
- 5.6. Medical updates are required every 30 days, unless otherwise indicated. Failure to

return required medical documentation may result in delay or loss of pool benefits.

- 6.7. Any unused balance of leave granted to an employee from the sick leave pool returns to the pool if the employee returns to work prior to using all days granted *unless medical documentation is submitted to support the need for reduced hours relating to the initial medical incident. All of an employee's monthly leave accruals (vacation/sick leave) must be utilized towards the medical incident prior to using sick leave pool balances. Medical incidents that require reduced hours on a continuous or permanent basis will be addressed through the SFA accommodations process.*
- 7.8. The estate of a deceased employee is not *at any time* entitled to payment for unused leave requested from the sick leave pool.
8. ~~Employees on sick leave pool who return to work on a part time basis are not eligible to continue on pool leave to make up the difference between their part time employment and regular full time employment.~~
9. An employee's sick leave pool award will immediately stop once the catastrophic medical condition for which it was granted ceases.

Contributing Sick Leave to the Pool

1. An employee with accrued sick leave may contribute to the sick leave pool in increments of eight hours, with the exception of a retiring employee who may contribute accrued sick leave in increments of less than eight hours.
2. Sick leave contributed to the pool reduces the accrued sick leave balance of the employee making the contribution.
3. Contributions to the pool are strictly voluntary.
4. An employee contributing sick leave to the sick leave pool may not stipulate who is to receive the contribution.
5. An employee who contributes sick leave to the sick leave pool cannot reclaim the contribution unless entitled to use leave from the sick leave pool. An employee who contributes sick leave to the sick leave pool and then exhausts his or her sick leave balance in the same fiscal year may receive the number of hours he or she contributed to the pool in that fiscal year without suffering a catastrophic illness or injury.
6. An employee desiring to contribute sick leave to the sick leave pool should complete an Application to Contribute Sick Leave form, provide a copy to his or her department head, and route the form to the pool administrator in human resources.

Administration of the Pool

1. The pool administrator in the Human Resources Department is responsible for the administration of the sick leave pool. Decisions of the pool administrator may be appealed to the appropriate vice president.
2. Requests for sick leave from the sick leave pool will be forwarded to the pool administrator. Requests will be considered by the pool administrator on a first-come,

first-served basis. Employees may submit a request for sick leave pool hours when they are running out of accrued leave. The request will be considered when they have exhausted all accrued time.

3. The pool administrator will have five working days from the date a request is received in which to approve all or part of the request or deny the request.
4. The amount of sick leave granted for each catastrophic illness or injury will be determined by the pool administrator. The amount cannot exceed one-third of the balance of hours in the pool, or 90 working days, whichever is less. The pool administrator shall approve the use of not more than thirty (30) days of such leave by one individual at one time. Initiation and/or renewal of approval for use of such leave will be subject to review of a current medical report for each thirty (30) day approval, and is subject to availability of appropriate balance in the fund.
5. The pool administrator shall design and implement a system of records management and reporting of sick leave pool activity. The total leave time available in the sick leave pool shall be reported annually to the director of human resources and be available upon request to faculty and staff.

Training and Certification of University Vehicle Operators

Original Implementation: May 4, 1983

Last Revision: ~~April 15, 2014~~ April 25, 2017

Driver certification is required for any university employee who must drive a university vehicle within the scope of his/her employment. For the purposes of this policy the term, “university vehicle,” means any vehicle owned or leased by the university.

To operate a university vehicle an employee must be designated by their employing department, college, or division as a driver and be certified as an approved driver by the SFA Department of Public Safety (DPS).

To obtain certification a driver must submit an application, available from the SFA DPS, and provide evidence of the following:

- An appropriate, valid Texas driver’s license, or a valid out of state license if the employee is an active duty member of the military or reserves;
- Satisfactory completion of a course of defensive driving; and,
- A satisfactory driving record from the Driver Records Division of the Texas Department of Public Safety, or out of state driver records bureau if the employee is an active duty member of the military or reserves.

When determining an employee’s eligibility for certification, the applicant’s driving record will be reviewed and the following points will be assessed for convictions of traffic related violations:

- Four (4) points for any hazardous traffic violation which contributes to a traffic accident.
- Ten (10) points for any of the following:
 - Driving while intoxicated
 - Aggravated assault with motor vehicle
 - Driving under the influence of drugs
 - Murder without malice with motor vehicle
 - Homicide by vehicle
 - Failure to stop and render aid

An applicant with a total of 10 points or more on his or her driving record within the past seven (7) years will not be eligible for certification.

When evaluating an applicant’s record, the Executive Director of Public Safety/Chief of University Police, or designee, may regard a probated sentence, deferred adjudication, enhancement, or reduction for a traffic related violation the same as a conviction. Upon approval of the certification application the Executive Director of Public Safety/Chief of University Police, or designee, will issue an Approved Driver Certificate to the employee. This certificate will authorize the employee to operate any university vehicle

of one-ton carrying capacity or less.

An Approved Driver Certificate will be valid for three years from the date of issuance and can be renewed upon presentation of a satisfactory driving record issued by the Driver Records Division of the Texas Department of Public Safety during the month the renewal is requested. A renewal request may be denied due to excessive driving points as defined above.

To be certified to operate a passenger van the employee must receive additional training specific to driving vans (see policy 16.23).

To be certified to operate a university motor vehicle in excess of one-ton capacity, the employee must demonstrate proficiency in the operation of the type of vehicle in question and hold a Texas Driver's License with the appropriate endorsement. Approval of this level of certification will be indicated by an endorsement to the Approved Driver Certificate.

An employee holding an Approved Driver Certificate who is involved in a hazardous traffic violation, as defined by the SFA DPS, may be required to repeat any phase of the certification process. Habitual or repeated violation of university policy or the Texas Motor Vehicle Law may result in the suspension or cancellation of an Approved Driver Certificate. The Executive Director of Public Safety/Chief of University Police, or designee, may refuse to issue or renew an Approved Driver Certificate to an employee without notice or hearing.

The manager of transportation shall not permit an employee who does not hold an Approved Driver Certificate to operate any university vehicle under his control. The chief administrator of a department, college, or division of the university shall not permit an employee who does not hold an Approved Driver Certificate to operate a university motor vehicle under his control.

Temporary Certifications

The Executive Director of Public Safety/Chief of University Police, or designee, may issue a Temporary Approved Driver Certificate for a period of 180 days for faculty and staff or 90 days for students upon presentation of a satisfactory driving record and proficiency. Temporary certifications may not be renewed. The temporary condition of the certificate may be removed by the Executive Director of Public Safety/Chief of University Police, or designee, upon the employee's successful completion of the steps necessary for regular certification.

Any new employee of the University that holds a valid out-of-state driver's license may be issued a Temporary Approved Driver Certificate for a period of no longer than 30 days.

The quality of the university is evaluated in part by its online content.

University Marketing Communications provides ~~online best-practice~~ guidelines, which are updated from time to time. Current guidelines may be found on the university website at ~~http://www.sfasu.edu/web-dev/~~.

I. Responsibility

- a. Management of the website, led by University Marketing Communications, strives to ensure that information is accurate and easily accessible, while recognizing the contributions of university colleges, schools, departments and programs.
- b. The administrative head of each campus organizational unit maintaining a website is responsible for seeing that the site adheres to this and other university policies.
- c. Every organizational unit head shall designate an individual(s) to serve the following functions: website editor, and, if applicable, server administrator. (The same person may serve in both of these capacities.) To ensure continuity of service, these individuals must be regular (non-student) university employees. However, the organizational unit head is responsible for the unit's website and its adherence to university Web policy and practices provided by University Marketing Communications. Careful thought must be given to the collection of site content and the ongoing responsibility of site maintenance.

Information should be entered into the university's content management system and used from the system when available.
- b. **Identification.** Each website associated with ~~Stephen F. Austin State University~~ SFA must be clearly identified. The name of the organizational unit

should be on every page it creates.

- c. Required page links. Documents should be designed to minimize users' reliance on navigational aids in browsers. Links must be provided on each page back to the homepage for that document or collection, and for the homepage, back to the sponsoring department or unit. Each department or unit homepage must include a link back to the university homepage. Other links may be required for different websites as directed by University Marketing Communications.

III. **Style and Format**

- a. University websites should maintain a uniform and consistent appearance;~~and~~ therefore all university websites shall use the university's Identity Standards that are posted on University Marketing Communications' website. Individual faculty members designing personal websites, *as well as*~~and~~ websites designed, hosted, and published pursuant to a properly executed written agreement with a third-party vendor that has been signed by the president, are excluded from this provision.
- b. The university seal is reserved for use by the Office of the President and may *only* be used by other departments with the permission of the Office of the President. The university logo is to be used on university websites as per the university's Identity Standards manual.
- c. The Identity Standards manual shall be developed by University Marketing Communications and approved by the president. It may be modified upon approval of the president.

IV. **Outsourcing**

An organizational unit that is considering contracting outside the university for web development, paid or volunteer, should contact University Marketing Communications first. University Marketing Communications will work with units and their consultants to help ensure that the final product of outsourcing efforts complies with university policy and that the final site supports the mission and goals of the unit and the university effectively.

V. **Content**

Responsibility for accuracy of website content is the responsibility of everyone in the university, especially the deans, directors, managers and their designees:

- a. Faculty Web pages must be approved by the relevant dean or designee.
- b. Unit Web pages must be approved by the relevant director/manager or designee.
- c. The university home page and top-level pages must be approved by University Marketing Communications.

- e. Obsolete or out-of-date material must be removed as soon as practical.
- f. Links on the university homepage and index pages to material that is considered obsolete will be removed by University Marketing Communications.

VI. **E-commerce Activity**

The university offers a secure method to support e-commerce activities. Contact

marketplace@sfasu.edu for more information about establishing e-commerce service on a university website.

VII. Copyright and Privacy

Copyright laws and university copyright policy must be followed. Information created by a government agency is largely considered to be in the public domain. "Found" graphics or outside information must not be used on websites without proper attribution or permission.

VIII. Commercial Activity

Commercial activity for personal gain is not permitted on any site operated with university resources, nor may readers be automatically re-directed from a university website to an external website that may result in personal financial income for any university employee.

IX. ADA Compliance
