BOARD ORDER 17-47

Upon motion by Regent Frailey, seconded by Regent Coleman, with all members voting aye, it was ordered that the following financial affairs item be approved.

ADOPTION OF THE FISCAL YEAR 2017-18 INSTITUTIONAL OPERATING BUDGET

WHEREAS, the board members considered the following: In accordance with Article III of the State of Texas General Appropriations Act for the 2018-19 biennium, the recommended institutional budget totaling \$254,741,726 for fiscal year 2017-18 is submitted for approval. The proposed budget reflects an increase in debt service funding for the new STEM Building, faculty promotions, a reduction in operating general revenue and significant reallocations to fund strategic initiatives. A detailed Higher Education Fund allocation is included in Appendix 5.

THEREFORE, the 2017-18 annual operating budget totaling \$254,741,726 was approved.

BOARD ORDER 17-48

Upon motion by Regent Frailey, seconded by Regent Schaefer, with all members voting aye, it was ordered that the following financial affairs item be approved.

INFORMATION TECHNOLOGY SERVICES ASSESSMENT CONTRACT

WHEREAS, the board members considered the following: The university seeks to have an assessment of Information Technology Services including but not limited to the areas of staffing, architecture, and security. The Texas Department of Information Resources (DIR) issued a Request for Qualifications for Deliverables-Based Information Technology Services for Information Technology Assessments and Planning. The DIR contract was awarded and an agreement (DIR-SDD-2042) made with Gartner. The university is eligible to use this agreement for services.

THEREFORE, the university was authorized to enter into a contract with Gartner under the Department of Information Resources agreement for Information Technology Assessments and

Planning for \$120,000 plus travel expenses with the president authorized to sign the contract and associated documents. The source of funds will be designated fund balance.

BOARD ORDER 17-49

Upon motion by Regent Frailey, seconded by Regent Todd, with all members voting aye, it was ordered that the following financial affairs item be approved.

APPROVAL OF AN AMENDMENT TO THE SFA WEBSITE CONTENT MANAGEMENT SYSTEM CONTRACT

WHEREAS, the board members considered the following: The redesign of the SFA website is part of the university's marketing initiative. In order for the website to meet its potential as a marketing tool for the university, it is important to utilize a modern, widely used and well-supported content management system and hosting provider. The Drupal content management system provides an adaptable, user-friendly experience. Carahsoft, a Texas Department of Information Resources-approved vendor, offers Acquia software products, training and installation services. Acquia has expertise with the Drupal system, and their resources and support services make them the best choice for hosting and support.

Upon receipt of Board of Regent approval in January 2016, SFA pursued a five-year contract with Acquia for hosting and support of the Drupal-based system at a cost not to exceed \$219,500. However, the university learned that the longest term of service offered was three years, with the first year of the contract including the services of a Technical Account Manager (TAM) team to support the construction of the site, identify potential problem areas and recommend solutions to issues encountered.

The university has found the TAM service to be extremely beneficial and believes it provides valuable service to the university in ensuring the new website is built in a manner that is secure and successful.

THEREFORE, the president was authorized to continue the service of Acquia's TAM team through February 28, 2019, to secure continued assistance with the construction of the SFA website. The result will be the university contracting with Acquia for a total of three years, with TAM services for all three years. The cost originally approved by regents will remain at \$219,500. The funding source is designated funds.

BOARD ORDER 17-50

Upon motion by Regent Frailey, seconded by Regent Henderson, with all members voting aye, it was ordered that the following financial affairs item be approved.

INTERAGENCY CONTRACT WITH THE GENERAL LAND OFFICE FOR NATURAL GAS

WHEREAS, the board members considered the following: Beginning on September 1, 2009, the university has had an interagency agreement with the Texas General Land Office (GLO) to supply natural gas for the institution. Since the interagency relationship began, the GLO has monitored natural gas prices and advised the university about favorable market pricing opportunities. The

current contract with the GLO ends on August 31, 2017. Based on favorable market rates, on April 8, 2017, the university locked in 50% of natural gas volume pricing beginning on September 1, 2017 and extending through August 31, 2019.

THEREFORE, the fixed-pricing contract with the GLO that begins on September 1, 2017 and extends through August 31, 2019, was ratified. The university was given approval to lock in additional natural gas fixed-pricing contracts when the market is favorable. The president was authorized to sign natural gas interagency agreements and contracts with the Texas General Land Office.

BOARD ORDER 17-51

Upon motion by Regent Frailey, seconded by Regent Todd, with all members voting aye, it was ordered that the following financial affairs item be approved.

GRANT AWARDS

WHEREAS, board members considered the following: During fiscal year 2017, the university has received grant awards totaling \$16,653,250, an increase of \$1,347,348 since the April 24, 2017, report. Of this total, grant awards allocable to fiscal year 2017 are currently \$7,180,562, an increase of \$812,848 since the last report.

The grant awards result from extensive faculty research and service engagement across many academic disciplines. The grants include direct federal, federal pass through, state and private awards.

THEREFORE, the Board of Regents approved and ratified the additional fiscal year 2017 grant awards detailed in Appendix 6 that total \$812,848.

Upon motion by Regent Frailey, seconded by Regent Garrett, with all members voting aye, it was ordered that the following financial affairs item be approved.

FUNDRAISING CAMPAIGN FEASIBILITY STUDY FINAL REPORT BY DINI SPHERIS AND RECOMMENDATION

WHEREAS, the board members considered the following: In November 2016 the Board of Regents approved a fundraising campaign feasibility study to be conducted by Dini Spheris for the purpose of assessing campaign readiness. After a full assessment, findings support the university launching a comprehensive fundraising campaign.

THEREFORE, the Board of Regents authorized the university to solicit bid proposals for a campaign consultant to provide professional counsel and guidance in launching and managing a comprehensive fundraising campaign.

BOARD ORDER 17-55

Upon motion by Regent Frailey, seconded by Regent Henderson, with all members voting aye, it was ordered that the following financial affairs item be approved.

REVISED BUDGET FOR PHASE I OF THE BAKER PATTILLO STUDENT CENTER GRAND BALLROOM AND PRE-FUNCTION AREA RENOVATION

WHEREAS, the board members considered the following: The renovation of the Baker Pattillo Student Center Grand Ballroom and the surrounding pre-function areas was approved as part of the FY2017 Capital Plan. This project was divided into two phases to minimize the disruption to this heavily used area of the building. The approved budget for Phase I of the project was established at \$1,100,000.

While detailed plans were being developed for the project, the architect was asked to include potential alternates that might be addressed while the area being considered was closed that could enhance the areas adjacent to and being served by the pre-function spaces being renovated should the budget be adequate. Alternate 1 involved renovation and expansion of the President's Suite. By combining two smaller rooms, this alternate would create a more efficient banquet and meeting room space that could provide enhanced revenue production. Alternate 2 included carpeting and installing new base in approximately 3,950 square feet of the corridor areas leading from the newly renovated space to the Regent's Suite. This alternate would aesthetically connect this space to the newly renovated pre-function areas surrounding the ballrooms and the President's Suite.

The base bid for the project including fees, but excluding the alternates, was \$1,046,800. After a contingency projection was applied the initial budget of \$1,100,000 is not adequate to allow for the alternates.

THEREFORE, the budget approved for Phase I of the Baker Pattillo Student Center Grand Ballroom and Pre-function Area Renovation was increased to \$1,400,000 to allow the addition of the described alternates to the project. The source of the funds for this increase will be auxiliary fund balance. The president was authorized to sign associated purchase orders and contracts.

Explanation of Overflow Semester Credit Hours

Under the old core, all but one science course was four credits including a lab. The committee voted that only six hours of science credits will count towards the core, and required that all successful course applications to the Life and Physical Sciences Component Area must include a lab component. In order to meet these requirements several new three credit hour courses, including labs, were created. The committee further stipulated that programs requiring four credit hour science courses must cover the extra credit hours in their appropriate college, department, or program requirements. The proposed system thus satisfies the THECB hour requirements while simultaneously allowing for flexibility as needed by individual programs.

Explanation of the Component Area Option

All six Component Area Option credits were allocated to the Communication Component Area in order to address communication weakness among our students. The CAO requires all students to take an additional writing class, ENG 132, and to take either an additional writing or a modern language course, which includes American Sign Language. All Component Area Option courses, including modern language courses, followed the requirements of the Communication Component Area in terms of content description and core objectives.

**Indicates proposed changes to the core curriculum.*

Continued Attainment of Core Objectives

In order to further improve student attainment of critical thinking and communication, all students will have in their majors at least two courses that are critical thinking intensive, two courses that are writing intensive, and two courses that are oral communication intensive. These elements may be combined into two courses or separated into as many as six courses.

STUDENT ATHLETES: FINANCIAL AID

Stephen F. Austin State University awards financial aid to student-athletes in accordance with University policy, as well as Southland Conference, and NCAA rules and regulations governing financial aid. Athletically related grants-in-aid are limited to bona fide educational expenses such as tuition, fees, room, board and course-related books not to exceed the cost of 30 hours of tuition and fees, room, board and course-related books each academic year (fall/spring). The institution is also permitted to provide additional athletic aid up to the cost of attendance as defined by the Office of Financial Aid. In those instances, such awards would be referred to as athletic miscellaneous expense awards.

The Associate Athletic Director for ~~Compliance~~ *Academic Services* administers the financial aid program for the Department and works with the University's Director of Financial Aid in meeting the financial needs of student-athletes.

While it is understood that athletically related grants-in-aid are awarded on an annual basis and are limited to bona fide educational expenses, the Department of Intercollegiate Athletics is philosophically committed to providing the student-athlete with four (4) years of scholarship funding. Financial aid provided to student-athletes is not considered a reimbursement for services. ~~performed and cannot be graduated or discontinued, on the basis of athletic performance, during the period of its award.~~

However, athletically related aid may be reduced or canceled if the student-athlete becomes academically or athletically ineligible to participate (See Policy 502C, Student-Athletes: Eligibility, in this Manual for additional information).

Allocation of Grant-in-Aid Awards

Each intercollegiate sport is provided a specific number or amount of grant-in-aid awards, according to budgetary restrictions and within NCAA rules and regulations. Head Coaches are informed early each fiscal year of the amount of scholarship aid available to their programs. Grants-in-aid are allocated upon the recommendation of the Head Coach and with the approval of the Director of Athletics. The University's Office of Financial Aid awards grants-in-aid based on these recommendations. Recipients of financial aid are notified of the offer of award on the Stephen F. Austin State University Athletic Scholarship Agreement form (see Appendix 502D-1) which details the terms and conditions of the grant. Awards are tendered, along with the National Letter of Intent, at the appropriate signing dates, as provided by the NCAA.

Head Coaches are encouraged to work with their prospective student-athletes and their families prior to the award deadline. They should assess each student-athlete's financial need and encourage them to file the necessary paperwork for other types of assistance well before the deadline date. This allows coaches the opportunity to use athletic financial aid award funds in the most effective manner possible for their student-athletes.

Allowable grants-in-aid are calculated according to NCAA guidelines for head-count and equivalency sports, as described below. Further, the number of grants-in-aid for any team may be affected by NCAA sanctions which may be imposed against the Department's sport.

Head Count and Equivalency Sports

For purposes of financial aid computations, a player is considered a Counter when he/she receives financial aid based on athletic ability, and/or was recruited, receives financial aid and is competing as a member of an intercollegiate team.

- **Head-Count Sports**

A head-count sport is one, designated by the NCAA, in which athletically related aid is calculated by the number of student-athletes receiving any amount of aid, regardless of the amount of aid received by individual team members. Student-athletes designated to receive any type of financial aid, including textbooks only scholarships, are to be included in the number of student-athletes receiving aid in head-count sports.

The following are the maximum awards, allowed by the NCAA, that may be in effect at any one time for the various head-count sports sponsored at SFA:

Sport	Men	Women
Basketball	13	15
Tennis		8
Volleyball		12

- **Equivalency Sports**

Equivalency sports, as designated by the NCAA, are those in which athletically related aid is calculated by the percentage of a full, athletically related scholarship awarded to a team member. The University may administer such awards to any number of recipients on the basis of value (equivalency), provided the total dollar amount expended does not exceed commonly accepted educational expenses at the University multiplied by the number of maximum awards permitted for the particular sport.

The following are the maximum awards, allowed by the NCAA, that may be in effect at any one time for the various equivalency sports sponsored at SFA:

Sport	Men	Women
Cross Country/Track	12.6	18
Golf	4.5	
Women's Golf		6
Bowling		5
Football	63 *	
Soccer		14
Softball		14
Baseball	11.7	

*In Division FCS Football, there is an annual limit of 30 initial counters and 63 equivalency sports to total 85 annual counters.

Although grant-in-aid allocations within each sport are recommended by the Head Coach, the procedures for administering grants-in-aid are the same for all student-athletes. These procedures are summarized as follows:

Processing of Grant-in-Aid Awards

Grants-in-aid are allocated upon the recommendation of the Head Coach and the approval of the Director of Athletics and the University's Director of Financial Aid. The Stephen F. Austin State University Athletic Scholarship Agreement forms are prepared by the Associate Athletic Director for Compliance-Academic Services who checks equivalencies to ensure compliance with NCAA grant-in-aid limitations for each sport.

The University's Financial Aid Office awards grants-in-aid based on the recommendations of the Director of Athletics. Copies of ~~Team Rosters~~ *Squad Lists* and Grant-in-Aid lists are kept on file in both the Associate Athletic Director for Compliance and ~~Student Services~~ *Financial Aid Offices* and with each sport's secretary.

Prospective Student-Athletes

Financial aid agreements are issued to prospective student-athletes with the National Letter of Intent (see Appendix 502A-14). Prospects may not be offered financial aid prior to the times and dates permitted by the National Letter of Intent.

To be valid, the National Letter of Intent Agreement must be signed and dated by the prospective student-athlete and his/her parent or guardian within 14 days after it is issued and returned to the Associate Athletic Director for ~~Compliance and Student~~ *Academic Services*.

A copy of the Financial Aid Agreement is forwarded to the Office of Financial Aid. If the student fails to be admitted following the University's regular admission process, the grant-in-aid becomes null and void. (See Policy 502B, Student-Athletes: Admissions, in this Manual for admissions standards and procedures.)

Enrolled Students

A student-athlete eligible for a grant-in-aid who enrolls at the University without having received a financial aid offer may, thereafter, be given aid at any time.

A Head Coach who wishes to make an initial offer of athletically related financial aid to a previously enrolled student must submit a Scholarship Request form to the Associate Athletic Director for ~~Compliance~~ *Academic Services*. Prior to tendering an offer of financial aid to the enrolled student-athlete, it is necessary to verify the eligibility of the student and comply with squad limitations. With the recommendation of the Director of Athletics and the signatory approval of the Director of Financial Aid, the Grant-in-Aid Offer is considered fully executed and ready for the student-athlete's signature.

Continuing Student-Athletes

Athletically related financial aid is awarded on a one year basis and cannot be reduced or discontinued during the period of its award for any athletically related reason. Athletics scholarships may be reduced or canceled during the period of the award if a student-athlete:

- Renders himself or herself ineligible for intercollegiate competition in any manner, including failure to meet academic eligibility requirements or loss of amateur status (e.g., signing with an agent).
- Voluntarily quits the team.
- Fraudulently misrepresents any information on an application, letter of intent, or financial aid agreement.
- Engages in serious misconduct.

Athletics scholarships may not be reduced or cancelled during the period of the award on the basis of:

- A student-athlete's athletics ability, performance, or contribution to a team's success.
- An injury that prevents the student-athlete from participating in intercollegiate athletics.
- Any other athletics reason.

As stipulated by NCAA Bylaw 15, grants-in-aid are renewed on or before July 1st of the academic year in which they are to be effective. Student-athletes are asked to sign and return the agreements by July 15.

Renewal notifications (see Appendix 502D-2 for sample) must be mailed out on or before June 30th. The Associate Athletic Director for ~~Compliance~~ *Academic Services* coordinates the processing of scholarship renewals with each sport's Head Coach, sport secretary, the Director of Athletics, the ~~Assistant Athletic Director for Academic Services~~ *Senior Associate Athletic Director for Compliance* and the Director of Financial Aid.

Non-Renewal or Reduction of Financial Aid

All head coaches are required to notify the Director of Athletics of any plan to non-renew or reduce athletically related financial aid prior to notifying the student-athlete. The head coach should provide any documentation requested to justify the action. The Director of Athletics may or may not approve the proposed non-renewal or reduction based on all available information.

A student-athlete may appeal a non-renewal or reduction of aid in writing and directed to the Athletic Appeals Committee within ten (10) days of the cancellation notification. The Athletic Appeals Committee is chaired by the *Senior Associate Athletic Director for Compliance* and includes the ~~Assistant~~ *Associate Athletic Director for Student Services* and the *Assistant Athletic Director/Senior Woman Administrator*. If the appeal is not granted by the Athletic Appeals Committee, it can be appealed to the SFA Financial Aid Appeals Committee. A decision from this committee is final. Student-athletes must be notified in writing by the Director of Athletics, or his designee, and the Director of Financial Aid by July 1st for any non-renewal or reduction of athletic financial aid. All appeals must be completed prior to the start of the new academic year for which the non-renewal or reduction would apply.

Please note that outside of the period of the award, an athletics scholarship can be reduced or cancelled for any reason - including an athletics reason - at the discretion of the institution.

Summer School

Summer financial aid is not an entitlement or part of a student-athlete's academic year financial aid agreement. However, financial aid may be extended to cover summer school if attendance is warranted or expected in the sports of basketball and football. The Head Coach of each sport makes a determination regarding those student-athletes to be offered financial assistance for summer school provided funding is available. (See policy 503C SA-Summer School)

Summer school for incoming freshmen prior to initial, full-time enrollment in the fall are required by NCAA legislation to enroll in a minimum of ~~six~~ *three* (3) hours of academic course work, other than physical education activity courses, that is acceptable degree credit toward any of the university degree programs.

Recipients of summer school athletic aid will be prioritized in the following manner, provided funding is available:

1. Student-athletes who need the hours to be eligible for fall competition;
2. Student-Athletes who can graduate that summer;
3. Men's and women's basketball participants.
4. Football participants.

5. Student-athletes who have maintained their eligibility for the fall, but who need hours to keep on schedule for graduation at the completion of the fall semester; and
6. Incoming freshmen who may benefit academically.

Once approved, each student-athlete is required to sign a financial aid agreement for summer school reflecting the amount, terms and duration of aid.

Additionally, summer school scholarship recipients will be asked to repay the cost of tuition & fees of any class that was dropped or receives the grade of 'F'.

Fifth Year/Injured

The Department of Intercollegiate Athletics is not able to automatically grant Fifth-Year/Injured financial aid. Therefore, each request is reviewed by the ~~Director of Athletics~~ Associate Athletic Director for Academic Services and recommended to the Director of Athletics who approves/disapproves and grants based on the individual merits of the situation and on the recommendation of the Head Coach for each sport. Post eligibility grants-in-aid will be funded not to exceed the cost of tuition and fees (maximum of 15 hours per semester) or the amount of their last award if it was less.

Requirements to receive this award include:

1. *Must have completed their final season in good standing and ~~Return~~ return academically eligible just as if they still had a season of competition remaining.*
2. Enroll full-time unless they are in the final semester of degree plan/
3. Work at an Athletic Department assigned job for 10 hours each week. *This requirement may be waived for degree completion requirements that involve activities such as student teaching, internships, or other out of classroom commitments. Exceptions can also be granted due to medical reasons.*

To receive athletic aid the following semester, the recipient must pass at least 9 new hours towards their degree plan with a GPA of 2.00 or higher.

Lastly, it should be understood that this scholarship award will be made in 3 payments during the semester. The first payment will be 50% of the total cost of tuition and fees, and will be applied to their account at the beginning of each semester. The remaining two payments will be made in equal amounts approximately 30 and 60 days following the first payment. Should a recipient choose not to fulfill their assigned work detail, one or both of the remaining payments will not be applied to the billing statement.

Moreover, post-eligible aid is not awarded to any student-athlete under contract or receiving compensation from a professional sports organization.

Non-Institutional Financial Aid

Should a student-athlete qualify for non-institutional financial aid and exceed the maximum scholarship aid allowed, University funds are reduced dollar-for-dollar. NCAA Manual Bylaw 15, regarding Financial Aid should be consulted to determine the types of outside aid student-athletes may receive without reducing University aid (i.e., non-countable, outside aid) when totals do not exceed NCAA ceilings. Further, a student-athlete may receive a Pell Grant in combination with other institutional financial aid with no limit restrictions.

All outside aid received by a student-athlete must be reported to the University Office of Financial Aid at the beginning of each academic year. Individuals reporting outside aid may have their athletic grant-in-aid reduced to avoid an award in excess of a full-ride amount. permissible outside scholarship awards must meet NCAA criteria and may cause athletic grant-in-aid to be adjusted to NCAA ceiling amounts.

All non-athletically related aid received is to be reported to the Office of Financial Aid. The *Senior Associate Athletic Director for Compliance* is responsible for ensuring that the aid is permissible and for notifying the appropriate parties to make any necessary adjustments to the athletically related aid.

University Charges Not Paid by the Department

Certain expenses which may be incurred by the student-athlete while enrolled at SFA are not covered under his/her grant-in-aid. Per NCAA regulations, only tuition, room, board and required books are legitimate components of athletically related financial aid. The following list of expenses are not part of a grant-in-aid and therefore must be paid by the student-athlete.

They include, but are not necessarily limited to:

- Cost of treatment for non-athletically related injuries.
- Non-legitimate hotel charges (e.g., long distance telephone, laundry, movies, etc.) incurred during travel to away contests.
- Library fines and fines for damage to University property, including residence halls.
- Key deposits or replacement of a lost residence hall key.
- School supplies, reference books, pens, notebooks, paper, drafting kits, etc.
- Vehicle registration fees.
- Parking fines.
- Personal insurance for non-athletically related injuries and illnesses.
- Residence hall penalty fees incurred for breaking contract agreements.
- Late registration fees.
- Graduation fees
- Fees associated with student-teaching and internships.

Non-Scholarship Student-Athletes

The University extends to all non-scholarship (recruited or non-recruited) student-athletes the same benefits as scholarship athletes (excluding grant-in-aid awards). Once certified as eligible to participate, the benefits received are as follows:

- Academic counseling assistance (e.g., tutoring, career and peer counseling, etc.)
- Training room treatment for athletically related injuries.
- Strength and conditioning facility use.
- Referrals for vacation and permanent employment.
- Team travel and equipment use.
- Athletic letter awards.

STUDENT-ATHLETES: SUMMER SCHOOL

The Department of Intercollegiate Athletics is aware that time demands placed on student-athletes during the academic year may limit the number of credit hours a student-athlete may be able to handle beyond what is required by NCAA legislation. Summer school is often an option for timely completion of specific academic courses. For entering freshmen it is an opportunity to get a head start on their academics. However, summer school is not automatically financed. The Director of Athletics determines the amount of funding available from budgetary sources, endowments, SAF/SOF funds and private giving. The amount for each sport is determined and reported to each Head Coach prior to the end of the spring semester.

Provided funds are available, summer school attendance for those student-athletes participating in men's or women's basketball and football is expected unless permission is granted by the respective head coach for a student-athlete to not attend one or both sessions. ~~Football freshmen only attend Summer II.~~ Student-athletes in sports other than basketball or football who wish to attend summer school must discuss their decision with their Head Coach. Student-athletes requesting financial assistance for summer school fees must have approval of their Head Coach who in turn will send an official list and the amounts to be awarded, based on the funds available, to the Associate Athletic Director for ~~Compliance~~ *Academic Services* who will enter the financial aid into the Banner system. (see Policy 502D, Student-Athletes: Financial Aid, in this Manual for additional information).

Summer school attendance is highly recommended for student-athletes on academic suspension and in some cases where the student-athlete's eligibility is at risk. Other requests are considered if the student-athlete's Head Coach approves financial aid for summer school based on the following criteria:

- Individual sports' budgetary constraints;
- Class standing (i.e., freshman, sophomore);
- Availability of necessary classes (i.e., only offered during summer);
- Continuing eligibility requirements (i.e., the *requirement* for 24 hours of classes per year);
- Grades achieved in previous course work;
- Course completion necessary for graduation following summer session; and/or
- Course required for post graduate study.

Student-athletes who receive athletic funding for summer school, and drop a class(es) or receive a grade of 'F', will be required to repay all tuition & fee costs associated with class(es). Those charges will be placed directly on the students Billing Statement and will be payable at the Business Office.

Student-athletes wishing to attend summer sessions, at their own expense at another institution must obtain the prior approval of the ~~Assistant~~ *Associate Athletic Director for Academic Services*. Credit is transferred only if a grade of C or better is obtained. Moreover, the grade does not transfer to SFA, only the credit.

STUDENT-ATHLETES: HOUSING

Stephen F. Austin State University and the Department of Intercollegiate Athletics are committed to providing all student-athletes with the opportunity to enhance their social and personal values by taking part in a ~~democratic~~, community-living environment. ~~Therefore,~~ Student-athletes who live on campus are subject to the same residence hall rules and regulations as the rest of the student body. Although the majority of student-athlete housing is located in Lumberjack Lodge, Lumberjack Village or Lumberjack Landing, the University does not provide dormitories for the exclusive use of student-athletes, nor create segregated areas within residence halls solely for student-athletes. All student-athlete housing assignments are made through the University Housing Office and are within guidelines established by the University, the Southland Conference, and the NCAA. Student-athletes may not receive any special services or material amenities (e.g., ~~stereo~~tech upgrades, room furnishings, etc.) that are not provided to all members of the SFA student body on an equitable basis. General rules and regulations pertaining to residence hall living can be obtained from the University Housing Office.

The Head Coach of each sport is responsible for providing the ~~Associate Athletic Director for Compliance and Student Services~~ Assistant Athletic Director/SWA accurate and timely information regarding his/her students' housing arrangement requirements for the upcoming academic year. The ~~Associate Athletic Director for Compliance and Student Services~~ Assistant Athletic Director/SWA works closely with the SFA Housing Office in coordinating housing for student-athletes. All problems concerning the housing of student-athletes should be referred to the ~~Associate Athletic Director for Compliance and Student Services~~ Assistant Athletic Director/SWA.

On-Campus Housing

~~The athletic scholarship cost of on-campus housing is funded based on the cost of Hall 20 as part of the standard athletic financial aid package for student-athletes and does not exceed the limits established by the NCAA. Student-athletes that choose to live in more expensive on-campus house must pay the difference in cost.~~

- Incoming Freshmen and Transfers

The Department of Intercollegiate Athletics requires all unmarried student-athletes under the age of 21 and with fewer than 60 hours ~~attempted~~ earned to reside in on-campus housing. However, exceptions may be made under certain specified conditions ~~and at the Head Coach's discretion~~. For additional information on residence requirements see SFA General Bulletin.

Room assignments for incoming freshman and transfer students are requested by the Head Coach and coordinated by the ~~Associate Athletic Director for Compliance and Student Services~~ Assistant Athletic Director/SWA with the University Housing Office Coordinator's assistance.

In April of each year, coaches are asked to submit a list of all incoming freshman and transfers who will require housing. All freshmen are required to live in one of four residence halls. The residence halls for freshman include Hall 14, Hall 16, Steen Hall, and Lumberjack Landing. There are a limited number of beds available for scholarship student-athletes ~~in the new freshman hall~~ Lumberjack Landing and coaches should not assume they have a space without first receiving a confirmation from the ~~Associate Athletic Director for Compliance and Student Services~~ Assistant Athletic Director/SWA who will coordinate freshman housing. Those freshmen not in Lumberjack Landing will be placed in Steen Hall. Each incoming student-athlete ~~must~~ submit a completed Residence Hall Application to the University Housing Office in order to have their request processed. ~~All student-athletes must include a \$50 application fee along~~

~~with their application. Once an actual assignment is made, an additional \$50 contract fee is required. Applications are available by using the student-athlete's mySFA username and password received when the SA applied for admission. By logging into the SA's mySFA account an application for housing can be completed and submitted along with a required \$100 deposit. SA's should check their SFA email account for application confirmation.~~

- Continuing Students

Continuing students are permitted to retain their rooms from year to year, provided they file their renewal request on time *and it is approved by the Assistant Athletic Director/SWA.*

Room Change Process

Room changes are often available at the beginning of each semester and can usually be accomplished with the assistance of the *Assistant Athletic Director/SWA and the University Housing Coordinator.* However, all room changes require the permission of the Head Coach, and some room changes may result in a higher room rate.

Off-Campus Housing

SFA students wishing to live off campus must be over 21 years of age and/or complete a minimum of 60 semester hours of college level work. Head Coaches retain the right to approve or deny the request of their student-athletes to live off campus.

Student-athletes, with the approval of their Head Coach to live off campus, are responsible for selecting suitable housing. There are a variety of apartment complexes, houses, condominiums and duplexes for rent throughout the city. Student-athletes are responsible for all deposits (e.g., damage deposit, electricity, water and phone). Deposits cannot be waived or paid for by the Department of Intercollegiate Athletics.

~~In May~~ Prior to the issuance of scholarship renewals, coaches must provide a list of all student-athletes planning to live and dine off-campus. These lists are submitted to the ~~Associate Athletic Director for Compliance and Student Services~~ Associate Athletic Director for Academic Services for the preparation of scholarship agreements.

Off-campus room and board allotments are based on housing formula's approved by the NCAA and the cost of the 20 meal dining plan and are distributed in a lump sum payment at the beginning of each semester. Payments are mailed or direct deposited, based on the method they have established with the University.

Preseason Housing

Coaches must obtain the approval of the Director of Athletics to schedule practice or competitive events when school is not in session. Approval is only granted if such a schedule is within the guidelines of the NCAA and there are sufficient funds in the sport's budget to cover related expenses. (See Policy 602B, Scheduling: Practices, in this Manual for additional information.)

Preseason housing is coordinated by the ~~Associate Athletic Director for Compliance and Student Services~~ Assistant Athletic Director/SWA with the SFA University Housing Office Coordinator for student-athletes residing in residence halls. Special needs that require preseason housing prior to the beginning of a semester or after a semester ends are provided. This service is provided to student-athletes, as well as other student groups (e.g., student housing staff, Twirl-O-Jacks, Marching Band,

etc.). Student-athletes living off campus are responsible for coordinating their own preseason housing needs, as required.

Break Housing

Coaches must receive pre-approval for all housing needs for semester break *and holiday* periods. Housing approvals are not granted retroactively. Approval is only granted if scheduling of practices and/or competition is within NCAA, and Southland Conference rules and regulations, and there are sufficient funds in the sport's budget to cover related expenses. Coaches are responsible for submitting the names of all student-athletes requiring housing to the ~~Associate Athletic Director for Compliance and Student Services~~ Assistant Athletic Director/SWA.

Summer School Housing

On-campus housing for student-athletes approved to attend summer school is ~~not scheduled~~ coordinated by the ~~Associate Athletic Director for Compliance and Student Services~~ Assistant Athletic Director/SWA. ~~Students should make their reservations by using on-line application requests found on the Housing website (See Policy 503B, Student-Athletes: Summer School, in this Manual for additional information.)~~ Student-athletes who lived on-campus during the just completed academic year are not required to submit an application for housing however all incoming freshmen or transfers must go through the application process described above.

STUDENT-ATHLETES: MEDICAL POLICY

The Department of Intercollegiate Athletics maintains a comprehensive sports medicine and athletic training program to ensure quality health care for its student-athletes. More specifically, the Athletic Training staff is responsible for the prevention, clinical evaluation, diagnosis, treatment, rehabilitation, and reconditioning of injuries or illnesses sustained as a result of participation in scheduled practices, competitions, or during travel to and from these events.

Maintaining adequate health care is a shared responsibility between the Athletic Training staff, the Head Coaches and student-athletes. The Team Physician has absolute authority in determining the physical fitness of each student-athlete, to include deciding whether an ill or injured student-athlete may participate in practice or competition. Coaches must abide by and/or implement the instructions given by the Athletic Training staff and abide by medical disqualifications and restrictions. Student-athletes must immediately report any injury incurred during a scheduled practice or athletic event to a member of the Athletic Training staff.

Athletic Training Staff

The SFA Athletic Training staff consists of the Team Physician, the Head Athletic Trainer, Assistant Athletic Trainers, Graduate Assistants and Athletic Training Students in consultation with orthopedic consultants and other medical specialists, as required. The Head Athletic Trainer in consultation with the Team Physician, is responsible for ensuring that student-athletes receive proper treatment for athletically-related illnesses or injuries. All members of the Department involved in training, conditioning, coaching or supervision of students participating in University-sponsored intercollegiate athletic events are fully responsible to the Head Athletic Trainer with respect to matters pertaining to health and/or injuries.

The Head Athletic Trainer serves as the NCAA athletics health care administrator who oversees athletic health care administration and delivery. The athletics health care administrator is an administrative role serving as the primary point of contact to assure compliance with NCAA health and safety legislation and interassociation recommendations.

All members of the Athletic Training staff will abide by all the rules and regulations of the National Collegiate Athletics Association (NCAA), the Southland Conference (SLC), and State of Texas laws.

Operation and Use of Athletic Training Room Facilities

Athletic Training Room hours of operations begin no later than 8:00 a.m. and remain open until the last in-season sport is finished for the day on a Monday through Friday basis. Hours of operation are extended when additional coverage is necessary for scheduled events or practices especially on Saturdays, Sundays, or holiday breaks. Coverage for usual practice sessions or events must be scheduled by the Head Coach at least one week prior to the event. The Head Athletic Trainer coordinates this coverage.

The Head Athletic Trainer is responsible for the operation and supervision of the Athletic Training Room. Student-athletes are not allowed in the Athletic Training Room without supervision. All therapeutic modalities are administered by a member of the Athletic Training staff because of the potential danger involved. When the Athletic Training Room is not in use, it is to be locked at all times. Student-athletes receiving therapy are supervised at all times; under no circumstances is a patient receiving treatment left unattended.

The Athletic Training Room is strictly for the use of those individuals involved in the intercollegiate athletics program; however, the facility is available to visiting teams on an as-needed courtesy basis.

Care Providers and Referrals

Only medical expenses related to athletic injuries that occur as a direct result of participation in the student-athlete's designated intercollegiate sport are covered. Participation includes voluntary physical activities that prepare the student-athlete for participation, as well as supervised pre-season conditioning, organized practice attended by a member of the coaching staff, or a Department sponsored game, meet or match. (The Department is not responsible for medical expenses incurred when a student-athlete is injured in a non-athletic event, such as playing a recreational sport with friends.)

The Head Athletic Trainer or designee evaluates all athletic injuries and refers student-athletes to specialists, when appropriate. All referrals for off-campus medical care must be authorized in advance by the Head Athletic Trainer. A Department of Athletics Injury Referral Form (see Appendix 506A-1) must be completed by the Head Athletic Trainer, Assistant Athletic Trainer, or the Graduate Assistant Athletic Trainer prior to consultation and accompany the athlete receiving treatment from an outside physician or specialist.

For all illness (night or day), the student-athlete should immediately report to the Head Athletic Trainer, Assistant Athletic Trainer, or Graduate Assistant Athletic Trainer. Once seen, the Athletic Trainer decides if further medical attention is appropriate and arranges for an appointment with an appropriate physician as soon as possible. The student-athlete is responsible for reporting to the Head Athletic Trainer the physician's diagnosis, all drugs or special instructions required, and the advisability of returning to practice or competition.

Medical Examinations

All student-athletes participating in an intercollegiate sports program are required to undergo a comprehensive physical examination prior to any participation in practice or competition. All new student-athletes are required to complete the Medical History form and are given a complete physical examination under the supervision of the Head Athletic Trainer. Thereafter, student-athletes are required to complete an annual health history update, with physical examination or specialty consultation performed only on those areas of the body where a change has occurred from the time of the initial examination. (See Appendix 506A-8 for Annual Health Information and Re-Examination forms.)

Head Coaches are responsible for submitting completed team rosters to the Head Athletic Trainer each spring with updates and additions provided a minimum of two (2) weeks prior to the first day of the fall semester. The Assistant Athletic Trainer(s) or a Graduate Assistant Athletic Trainer is responsible for setting up physical exam appointments and returning the team roster with appointment times and place indicated. Physical exam priorities are established according to official practice starting dates, and are set by the Team Physician and Head Athletic Trainer. Physicals are completed at the University Health Center.

A member of the Athletic Training staff is on hand during the course of all physical examinations to observe the procedures and policies of the attending physician and to assist the physician at his/her discretion. It is the responsibility of the Athletic Training staff to ensure that each

student-athlete has completed his/her physical examination before providing written notification for the issuance of athletic equipment.

Each physical examination focuses on the following areas of concern:

1. Evaluation of Sports Health History Evaluation Form (first year student-athletes);
2. Evaluation of existing medical records;
3. Orthopedic Checks;
4. Sight;
5. Blood analysis to include sickle cell solubility test (no drug screening); and
6. Personal and mental evaluation (at physician's discretion).
7. Baseline neurocognitive tests.

- **Walk-on Student-Athletes Physical Examinations**

Walk-on athletes trying-out for a team are required to show proof of medical insurance and to sign a waiver of responsibility as part of Appendix 506A-8. If selected for participation in a sport, the student-athlete must complete the required Medical History form, and participate in a complete physical examination. It is the responsibility of the Head Coach, or designate, of each sport to ensure that the physical exam has been completed prior to tryouts, practice or participation.

All first-time, walk-on student-athletes are responsible for securing their own athletic physicals and are responsible for any costs incurred. Most physicals can be administered by the student health center on campus. Appropriate forms for the examination are to be obtained from the Head Athletic Trainer.

Walk-on student-athletes who have appeared on a team roster for one complete season, are considered as team members for the purpose of physical exams only and may receive subsequent physical exams and post-eligibility exams at no cost.

Sickle Cell Testing

NCAA legislation effective August 1, 2010, requires institutions, as part of the required medical examination, to include a sickle cell solubility test. All SFA student-athletes who are beginning their initial year of eligibility and student-athletes trying out for a team, including transfers will be tested. All students who have a positive screening will have further testing completed to determine exact sickle cell diagnosis.

Costs associated for this test will be provided, if needed, for scholarship athletes. Students wishing to walk-on or tryout for a team will be required to pay all costs associated with this test.

SFA athletics will accept official documentation from previous testing for this requirement. This could be from previous institutions, labs, or other medical records that provide sickle cell results.

Test results are required for all students before they are permitted to practice or compete.

Post Eligibility Examinations

All student-athletes are given an exit physical examination upon the completion of their eligibility. The examination is designed to ascertain the physical health and well-being of each

student-athlete and to release the Department of Intercollegiate Athletics from any responsibility for injuries sustained by the athlete in competitions other than intercollegiate sports sanctioned by the Department.

Medical Records

A medical record file is created at the time a student-athlete joins the intercollegiate athletics program and completes the initial physical examination. Complete medical records for all student-athletes participating in the intercollegiate athletics program are accurately maintained and up-dated during the time a student-athlete is competing for SFA. All records are kept on-file for a period of seven (7) years following competition.

The medical file contains the appropriate insurance information, medical histories, authorizations, understandings and agreements between the University and the student-athlete and his/her parents or legal guardians, as well as history of athletically related injuries and illnesses, and any treatments rendered. Additionally, the Athletic Training staff maintains complete records of all encounters, medical referrals, medication records, exams, injuries, and other information pertinent to the student-athlete's medical history.

A Daily Treatment Report is maintained in the Athletic Training Room by the Athletic Training staff which reflects all treatments provided on a given day, treatment appointments and medication. The reports are furnished on a daily basis to the appropriate Head Coach.

Coverage for Scheduled Practices and Events

The Athletic Training staff is initially responsible for treating any injury or illness sustained as a result of athletic participation in scheduled practices and games, or during travel to and from those events. For low risk sports, such coverage may be provided by the Athletic Training staff member who is on call or on duty in the Training Room. For high-risk sports, coverage is provided at the site of the practice or competition. Physician coverage is provided as needed.

All Head Coaches and their assistants are responsible for familiarizing themselves with the Department's medical policies. Coaches should be equipped to handle emergency situations in the absence of a member of the Athletic Training staff. Per NCAA legislation all coaches and strength and conditioning staff members will maintain proper first aid, CPR, and AED certifications. Such knowledge is not only vital to the welfare of the student-athlete, but is important in preventing charges of neglect or misconduct from being filed against the coach in charge.

Athletic Training coverage for weight room activity is not mandatory.

Preventative Care

The Athletic Training staff is responsible for not only providing medical care to injured student-athletes, but also preventing injury by identifying risk factors associated with athletic participation, and educating coaches and student-athletes on preventive safety techniques. Additionally, all coaches should be able to recognize the onset of fatigue, dehydration and heat exhaustion and notify a member of the Athletic Training staff when such an event occurs.

It is the responsibility of the coaches, as well as the Head Athletic Trainer and Equipment Manager to make sure that all athletic equipment is in good working order and inspected on a regular basis. Coaches must ensure that each student-athlete is wearing appropriate, properly fitted athletic equipment. When there are adverse climate conditions, extreme care is used to maintain the proper balance of electrolytes.

The Athletic Training staff works with the Director of Wellness Center to provide dietary counseling to student-athletes. More specifically, every effort is made to provide an adequate number of calories and proper nutrition to student-athletes who are actively participating.

Student-athletes needing help with weight control may be referred by the Athletic Training staff to a physician or nutritionist/dietician for evaluation and nutritional consulting.

Treatment of Injuries

All injuries, including dental injuries, and illnesses are to be reported immediately to a member of the Athletic Training staff for emergency first aid and evaluation. If necessary, the student-athlete is referred to the Team Physician for medical diagnosis and prescribed treatment. The Head Athletic Trainer may refer the athlete to orthopedic consultants or other specialists.

The Athletic Training staff provides prophylactic taping, bracing and padding for injured parts, as well as stretching and strengthening exercises for specific injuries. In addition, rehabilitative therapy (strengthening and range of motion exercises and/or treatment with appropriate modalities) is provided by the Athletic Training staff under the Assistant Athletic Director for Sports Medicine or Team Physician's supervision.

It is the student-athlete's responsibility to follow recommended Athletic Training Room procedures related to the care of any athletic injury. Failure to do so may result in an unnecessary, lengthy rehabilitation and a prolonged absence from participation in the sport.

The Athletic Training staff monitors the progress of all student-athletes during treatment in the Athletic Training Room and keeps complete and accurate records on the progress of student-athletes during the treatment period. Required diagnostic tests for injured student-athletes and transportation to medical testing facilities is also coordinated by the Head Athletic Trainer when required.

When surgery or hospitalization of a student-athlete who is a minor is recommended, the Head Athletic Trainer contacts the student-athlete's parents or guardians to inform them of their son's/daughter's diagnosis, prognosis and current health status. Contact must be made with parents or guardians prior to the scheduling of surgery. The student-athletes and his/her parents should be informed of the right to a second opinion when surgery is recommended.

Athletes injured on an away trip should be returned to SFA, if possible. If a member of the Athletic Training staff is not traveling with the team, the coach is responsible for obtaining the assistance of the host school's team physician or certified athletic trainer. Every effort should be made to contact the parents or guardian of a dependent student-athlete prior to hospitalization or surgery, to inform them of the injury. In emergency situations, immediate medical care should be obtained. If a member of the Athletic Training staff is not present on the trip, the Athletic Training staff must be notified concerning the injury.

- **Dental Care**

Mouthpieces can be fitted for those student-athletes participating in contact sports. If the mouthpiece is not worn or has been lost, the Department is not responsible for dental charges.

The Department assumes financial responsibility for dental care which is a direct result of an athletic injury sustained in formal practice or competition in the student-athlete's designated sport. Student-athletes are to immediately (i.e., within 24 hours) report all dental injuries to a member of the Athletic Training staff. The Department will not pay for general dental treatment (e.g., cleaning of teeth or treatment of cavities).

- **Eye Care**

Eye exams are performed as part of the annual physical exam. If eye problems are discovered, the student-athlete is referred by the Head Athletic Trainer to an optometrist or ophthalmologist.

The Department assumes financial responsibility only for eye injuries sustained in training, scheduled practices and competitions in the student-athlete's designated sport.

Illness

Illness is defined as any disease, sickness, disorder, and syndrome that are not directly caused by an athletic related injury episode. This includes, but is not limited to: sickness, mental health, ADD/ADHD, asthma, STD, diabetes, hypertension, sickle cell disorder, OBGYN, skin disorders, etc. SFA does not assume financial responsibility for illness, pre-existing illness, or any testing, diagnostics, prescriptions, or consultations related to the illness.

All referrals for illness should come from the athletic training room. Initial referrals will be made to the SFA Student Health Center. In the event off campus referrals are required by the Health Center or requested by the student-athlete, all charges will be the responsibility of the student-athlete including co-pays, deductibles, lab fees and prescriptions.

Mental Health

Campus Counseling Services will assist student-athletes in overcoming obstacles to their personal and academic goals. This is accomplished through individual and group counseling and through outreach presentations, training and consultation.

In the event a student-athlete displays the need for, self-identifies, or requests mental health counseling services, the sports medicine staff will make a referral to Campus Counseling Services. Services are free to all students and all information (including the fact that a student attends counseling) is confidential within the limits provided by law. No record is made on an academic transcript or credential file.

In the event off-campus professional mental health services are required by a student-athlete, the SFA Athletic Department assumes no financial responsibility.

Concussion Assessment, Management, and Return to Play Guidelines

Policy and procedures on neurocognitive baseline testing and subsequent assessment and management of concussions as well as return to play guidelines has been developed in accordance with the Stephen F. Austin State University Department of Sports Medicine's Mission

Statement utilizing NCAA's framework guidelines to provide quality healthcare services and assure the well-being of each student-athlete.

The Stephen F. Austin State University Department of Sports Medicine recognizes that sport induced concussions pose a significant health risk. Baseline neurocognitive testing pre and post injury will provide significant data for return to competition decisions. This baseline data along with physical examination, and/or further diagnostic testing will be used in conjunction in determining when it is safe for a student-athlete to return to competition.

Concussion Definition

A concussion is a brain injury that is caused by a traumatic force to the head or another part of the body. This injury can occur in any sport (or other activity ie; car accident or fall) and presents itself uniquely in each individual. A concussion can occur even if a person does not lose consciousness.

Signs and Symptoms of Concussion

Certified athletic trainers, athletic training students, and coaches should be aware of the signs and symptoms of concussion to properly recognize and intervene. Recognition of any of the following signs/symptoms should be reported immediately.

CONCUSSION SIGNS – WHAT THE MEDICAL PERSONNEL CAN OBSERVE

- Appears dazed
- Confused about play
- Moves clumsily
- Answers question slowly
- Personality change
- Forgets plays prior to hit
Retrograde amnesia
- Forgets plays after hit
Anterograde amnesia
- Loses Consciousness

CONCUSSION SYMPTOMS – WHAT THE STUDENT-ATHLETE DESCRIBES

- Headache
- Nausea
- Dizziness
- Balance problems
- Visual changes
- Photosensitivity
- Feeling sluggish
- Feeling foggy
- Cognitive changes

If an athlete has sustained a concussion, those involved in his/her care must be aware of the warning signs and symptoms of post-concussion syndrome as listed below. Immediate medical care is required if symptoms progress rapidly.

Loss of intellectual capacity	Lack of concentration	Sleep disturbances
Poor recent memory	Poor attention	Depressed mood
Personality changes	Fatigue/irritability	Anxiety
Headaches	Phono/photophobia	Twitching/seizures
Dizziness	Nausea/vomiting	Balance issues
Fluid/blood from nose/ears	Loss of consciousness	Weak/numb extremities

Concussion Management and Return to Play Guidelines

In any circumstance where a concussion is suspected in an athlete, the first priority is to remove the athlete from further competition until a thorough sideline assessment can be made. Furthermore, if there is a question about the state of mental clearing it is best to err in the direction of conservative assessment and withhold the athlete from further competition until a physician assessment can be arranged.

The following are general guidelines based on the recommendations of the NCAA and National Athletic Trainers Association (NATA) to be followed by all certified athletic trainers (ATC) and team physicians when treating student-athletes with concussion like symptoms.

Pre-Season Education

- Student-athletes will be provided educational material regarding concussions and will be required to sign an *Assumption of Risk* form in which the student-athlete accepts the responsibility for reporting their injuries and illnesses to the institutional medical staff, including signs and symptoms of concussion. All educational materials will also be disseminated to coaches, parents, team physicians, athletic trainers, and the Athletic Director.

Pre participation Assessments

- Stephen F. Austin State University sports medicine staff will record the following baselines: Immediate Post-Concussion Assessment and Cognitive Testing (ImPACT)(Pre and post injury assessment that evaluates symptom status and cognitive function) and X2 Biosystems ICE (mental status & neurological function, BESS balance, Symptom checklist which is SCAT 3 compliant) on each student-athlete prior the first practice. The same assessment tools will be used post-injury at appropriate time intervals. A measure of cognitive function will be performed within 24-48 hours withstanding elevated symptoms where testing would be postponed.

Recognition and Diagnosis of Concussion.

- ImPACT and X2 Biosystems ICE will be used post-injury at appropriate time intervals. A measure of cognitive function will be performed within 24-48 hours withstanding elevated symptoms where testing would be postponed.
- At the time of injury or once the injury has been reported, the medical staff will document all information pertinent to the concussive event including: 1) mechanism of injury, 2) initial signs and symptoms, 3) state of consciousness.

- Reporting of concussion-like symptoms can be done in a variety of ways; injured player to medical staff, injured player to coach, injured player to peer, etc. It is the opinion of Stephen F. Austin State University that coaches, student-athletes, and medical staff all have a responsibility in reporting injuries and assisting in maintaining the health and safety for all who participate in intercollegiate athletics.
- At the time of injury, the medical staff will monitor vital signs and level of consciousness after the concussion until the athlete's condition improves or further medical treatment is necessary.
- A student-athlete will be disqualified from competition activity on the day of injury if he/she is evaluated and diagnosed with concussion-like symptoms.
- A student-athlete with a concussion will be referred to a physician or emergency room on the day of injury if he/she: 1) loses consciousness for an extended period of time, 2) experiences increased symptoms, 3) experiences persistent decreased sensory or motor function.

Post-Concussion Management

- A student-athlete with a concussion who has increased number of post-concussion symptoms, symptoms worsen over time or symptoms interfere with the athlete's daily activities will be referred to a team physician or specialist with concussion management experience.
- Once removed from participation and sent to his/her local residence, the medical staff will give the student-athlete a Home Care Instruction sheet. This sheet outlines care of a concussion and requires the signatures of the student-athlete, observer (person designated to stay with the student-athlete), and medical staff.
- A student-athlete's parent or guardian will be notified by a member of the medical staff after a concussive episode has occurred.
A student-athlete with a history of concussions will be treated more conservatively; the severity of the concussion may require the athlete to be referred to a team physician or specialist with concussion management experience.

Return to Learn.

- Student athletes may be returned to classroom activities after a reasonable reduction of symptoms at the discretion of the medical staff.
- If necessary, academic accommodations may be requested by the medical staff. Student-athletes should not return to classes while grossly symptomatic. Proper documentation will accompany the injured student-athlete to present to his/her instructors.
- A student-athlete should not attend practice or team meetings if they are not actively engaged in academic activity and classroom attendance nor should they be allowed to attend games or travel with their team to away contests.
- A student athlete's level of symptoms will be assessed by the medical staff to determined observation of practice or attend team meetings.

Return to Play

- A 5 step graduated protocol has been established by the medical staff for return to play (RTP) in athletes who sustain concussion. There should be at least one day (24 hrs) between each RTP progression / phase. If there is any return of symptoms during the RTP progression process the student athlete will return to the previous stage
 - a. **RTP 0- NO GO.** Student-athlete continues to report concussion like symptoms. All athletes in the level should focus on rest and having minimal cognitive stimulus. No class or athletic participation.

- b. **RTP-1- Light Exertional Activities.** The student-athlete will begin an exertional progression program starting with light aerobic exercises.. They may also return to meetings.
- c. **RTP 2- Moderate Exertional Activities.** The student athlete will advance to moderate exertional activities and weight training.
- d. **RTP 3- Heavy Exertion and Non-Contact Practice.** The student-athlete may participate in non-contact practice.
- e. **RTP-4 -Contact Practice.** The student-athlete may participate in contact practice.
- f. **RTP – 5- Full Go- Released to full participation.**

Full return to play will only be possible if the student-athlete remains symptom free and has a return to pre injury baseline scores on ImPACT and X2 Biosystems ICE testing. . Final determination will be made by a team physician following direct consultation and evaluation.

- Proper documentation will be kept on file regarding concussive episodes, testing, physician notes, and return to play criteria. As with all injuries, but especially with concussed athletes, all decisions about diagnosis, management, and return to play will be at the discretion of the treating physician.

Eligibility for Medical Hardship

A Head Coach may initiate the request for medical hardship waiver for a player who is ill or was injured during the first half of the sport's traditional playing season and can no longer participate in his/her sport's program for the season in which the injury or illness occurred. Additionally, the student-athlete may not have participated in more than 30% of scheduled competition in his/her sport. The Head Athletic Trainer and/or Team Physician, under the direction of the Director of Athletics, reviews the student-athlete's medical records to determine if the medical hardship waiver option applies.

If the Head Athletic Trainer or appropriate consultant agrees that the student-athlete should be granted a medical hardship waiver, a Southland Conference Hardship Waiver Petition (see Appendix 506A-9) must be completed. This petition must also include the following:

- The date of the injury or illness;
- An anatomical diagnosis of the injury or illness;
- The treatment prescribed; and
- The medical reasons from the treating physician why the student-athlete could not play.

Additionally, a published schedule of events, participated in by the student-athlete should be included. The petition must be signed by the Head Athletic Trainer, Associate Athletic Director for Compliance and the Director of Athletics before being forwarded to the Southland Conference Office for the approval of the Commissioner.

Medical Expense and Insurance Coverage

Medical expenses incurred as a direct result of participation in organized practice or competition at SFA is considered the responsibility of the Department. All student-athletes are required to complete and return the Athlete's Medical Packet (see Appendix 506A-10) to the Athletic Training Room prior to the issuance of equipment for practice. Student-athletes who are on athletic scholarship and not covered by family or individual policies are encouraged to purchase insurance. All non-scholarship student-athletes (walk-ons) are required to present valid proof of health insurance prior to participation.

If proof of health insurance is not provided by a non-scholarship athlete prior to the start of any organized team athletic activity, the student-athlete will be held out of participation until valid proof is presented. It is the responsibility of the student-athlete/family to notify the Head Athletic Trainer or Athletic Insurance Coordinator of any lapse in coverage. Failure to do so could result in the student-athlete/family responsible for medical costs. Non-scholarship student-athletes who experience a lapse in coverage will be held out of participation until valid proof of insurance is presented.

The student-athlete's own insurance policy is used in all instances to cover expenses related to any athletically related injury. If the insurance does not cover an athletically related injury or does not fully cover the charges, the Department, as secondary insurer, is responsible for the balance. Parents are notified by the Head Athletic Trainer or designate. Unauthorized, outside medical expenses are considered to be the responsibility of the student-athlete. In an effort to expedite medical care, student-athletes are encouraged to designate a primary care physician (PCP) located in the Nacogdoches area. This will assist with the referral process that most insurance companies require. All HMO, Medicaid, and other out of network insurance must have prior approval before participation.

Primary Health Insurance Medical Billing

To help offset the increasing costs of providing quality health care coverage for student-athletes, the Athletic Department will bill student-athlete's primary health insurance for treatments and rehabilitation services provided by certified Athletic Training staff for all lost time injuries. All treatments and rehabs provided to student-athletes will follow the injury treatment protocols ordered by and overseen by the team physicians. At no time will student-athletes, parents or guardians be billed for any medical services provided by the Athletic Training staff. Billing will only go to their primary health insurer. The primary health insurance company will be contacted for precertification before any billing will take place. When charges are submitted for treatments and rehabs, student-athletes or parents will receive an Explanation of Benefits (EOB) form from their insurance company detailing any charges, discounts, and payments made. The EOB is not a bill only a statement of activity on the primary health insurance policy. At no time will the policy holder be responsible for any "remaining balance owed" for treatments or rehab provided by the Athletic Training staff.

Post-Eligibility Insurance Coverage

The University realizes that certain injuries which are the direct result of intercollegiate athletics participation may require additional medical attention after a student-athlete has exhausted his or her eligibility. Therefore, secondary insurance coverage is provided for up to two (2) years from the date of injury. This coverage is dependent upon documentation of injury, reasonable adherence to medical advice during rehabilitation and no further evidence of post-competition re-injury. Each case is individually reviewed for strict adherence to these guidelines.

Arrangements for the continuing care of a student-athlete with an athletically related injury are to be made before he/she leaves the University, either as a result of withdrawal or graduation. If prior arrangements for short or long-term care are not made, the University is released from all responsibility.

NCAA Catastrophic Injury Policy

The Department, through its NCAA membership, provides coverage for all student-athletes, student coaches, student managers, student trainers, and student cheerleaders against catastrophic injury while representing Stephen F. Austin State University during qualifying intercollegiate athletics play or practice, or during travel related to these activities. Special catastrophic injury medical insurance provides payment for serious injuries up to \$20 million in lifetime benefits.

The Department assumes no legal liability or moral responsibility for injury to a student-athlete that was not caused by the negligent acts or omissions of an officer, employee, or agent of the Department. Claims by third parties for damages as a result of injury to a student-athlete are investigated in the same manner as any other liability claim against the University.

Distribution of Drugs and Medication

The Department recognizes its responsibility related to controlling the purchase, storage and dispensing of prescription drugs, both narcotic and non-narcotic, as well as the keeping of records related to these activities. All of these activities must be in keeping with state and federal laws, as well as Athletic Training Room procedures, and they must be carried out in such a manner as to provide proper security.

All prescription medications stocked in the Athletic Training Room are labeled and pre-dispensed. The medications are distributed by written prescription from the Team Physician or referral physicians or dentists. Medications unavailable in the Athletic Training Room are referred by written prescription to a designated pharmacy in the community. Non-prescription medications are distributed by the Athletic Training staff following established Athletic Training Room protocol. No other Department personnel are allowed to distribute medications to student-athletes. The Department pays only for medications prescribed by the Team Physician and referral physicians and dentists.

Athletic Pregnancy Policy

The following is for the protection of the student athlete and for the protection of the unborn child, should pregnancy occur. SFA Athletics will not force a student athlete to inform the medical staff or coaches that a student athlete has become pregnant; but encourages the student athlete to do what is in the best interest of the student athlete and unborn child and inform the medical and coaching staffs. The sports medicine department will honor the student athletes request for confidentiality, until such time it is medically necessary to withhold the student athlete from participation.

- **American College of Obstetricians and Gynecologists (ACOG)**
Guidelines for Exercise During Pregnancy
- **NCAA Sports Medicine Handbook Guideline 2Q**

If a pregnancy is suspected

- Once the athlete suspects that she is pregnant, she should contact her athletic trainer, coach or athletic department personnel because diagnostic testing must be done to confirm or rule out a pregnancy.

- If the athlete believes that she is pregnant or the athletic trainer believes that the athlete is pregnant due to signs and symptoms, the athlete needs to complete a pregnancy test at a medical facility. This testing can be performed at the SFA Student Health Center or an OBGYN physician's office of her choosing.
- The athlete will need to consent to a release of information from the Student Health Center so that results can be given to the athletic trainer and team physician.
- Pregnant student-athletes will never be forced to terminate a pregnancy because of financial or psychological pressure or for fear of losing their institutional grant-in-aid. NCAA Bylaw 15.3.4.3 specifies that institutional financial aid based in any degree on athletics ability may not be reduced or cancelled during the period of its award because of injury, illness, or physical or mental medical condition.
- All medical costs due to pregnancy incurred by the student-athlete will be the financial responsibility of the student-athlete and NOT the Athletic Department.

A confirmed pregnancy will need to complete the following steps:

- A gynecological exam and determination must be made as to the stage of the pregnancy. This information must be given to the Team Physician, so that a determination can be made of the athlete's ability to continue their sport along with the Head Athletic Trainer and assigned sport Athletic Trainer.
- An athlete with a confirmed pregnancy will be encouraged to inform her coach. If the athlete declines to allow information to be released to her coach, any withholding from practice will be explained as an "undisclosed medical condition." The team physician will direct the future course of action in relation to the athlete's participation in sports activity.
- Pregnancy is not an automatic disqualifier for participation, but proper medical documentation is required before any participation in athletics can continue.
- In the event of spontaneous miscarriage their OBGYN physician and the team physician will review the case and make a return to activity decision.
- Athletes participating in athletics during pregnancy can be medically disqualified by their OBGYN physician and team physician due to the risks that sport participation may cause to both the unborn child and the athlete.
- If an Athlete with a confirmed pregnancy is granted permission to continue sports participation from their obstetrician and team physician, she will be asked to sign the Participation by Pregnant Student-Athlete Waiver, which outlines risks, limitations, and the allowable activities associated with continued sporting activities. (Appendix:)
- Athletes with pregnancies that do not reach full-term will be evaluated and must be medically cleared by their OBGYN and the Team Physician before returning to any activity.
- Athletes may return to full activity post-delivery but must receive medical clearance by their OBGYN physician and the Team Physician.

Lightning Policy

SFA Athletics will follow NCAA guidelines regarding lightning safety. SFA athletic trainers and athletic administration will coordinate decisions regarding removal of student-athletes from practice or competition. SFA athletics utilizes a weather tracking software that tracks storms lightning. In the event lightning occurs within a six mile radius all participation will cease. A 30

minute removal from participation is required after the most recent lightning strike within the six mile radius. Each new lightning strike resets the 30 minute clock. During lightning stoppage all student-athletes, coaches, staff-members, are required to relocate to the nearest safe area.

Medical Personnel

The SFA Sports Medicine network is composed of the following personnel:

- Certified Athletic Trainers
- Medical Director / Team Physician (Orthopedic Surgeon)
- Neurosurgeon
- General Practitioner Physicians (SFA Student Health)
- Family Physicians
- Dentistry
- Chiropractor
- Nutritionist
- Neuropsychologist
- Cardiologist
- Athletic Training Students

DEPARTMENT OF INTERCOLLEGIATE ATHLETICS STUDENT GRIEVANCE PROCEDURES

The Department of Athletics of Stephen F. Austin State University is committed to resolving all complaints or grievances brought to its attention in the most equitable fashion possible for all persons concerned. It is the expectation of the Department that attempts be made to resolve any complaints or grievances via the informal procedures outlined below. However, if a satisfactory resolution of the problem proves impossible through the informal mechanism, formal grievance procedures may be employed.

NOTE: ~~If you have a~~ *The process for complaints or grievances about a decision regarding your athletic grant-in-aid, the process for grieving that decision is set forth in the "Scholarship Renewal / Non Renewal Process." Complaints or grievances concerning behavior addressed in a separate university policy (e.g. discrimination, sexual misconduct) shall follow the appropriate university policy. The President or Director of Athletics may, in their discretion, refer a complaint or grievance for external investigation and resolution if the use of these grievance procedures is likely to constitute a significant conflict of interest or for other good cause.*

Informal Procedures

Any student-athlete with a complaint or grievance involving an athletic team, coach, department official, or policy should discuss and attempt to resolve the complaint or grievance with the person(s) involved. All persons involved in the process should make every attempt to resolve the ~~problem~~ *issue* as promptly as possible. In the event that a satisfactory resolution cannot be reached by the parties involved, the following actions may be taken by the grievant:-

1. The grievant may consult informally and confidentially with a third party with whom she/he feels comfortable. Among those who might serve as resources are coaches, faculty athletic representative, academic counselors, members of the Athletic Department administration, members of the Athletic Council or other staff members. With the aid of that person, the grievant may attempt to identify other approaches to resolving the ~~problem~~ *issue*. After consultation, the grievant should make an additional attempt to resolve the ~~problem~~ *issue* with the person(s) involved.
2. If no satisfactory resolution of the complaint or grievance can be achieved, the grievant may request that the resource person call together the persons involved in an attempt to facilitate an informal resolution.
3. At the discretion of the Director of Athletics, the Director or his designee may schedule a meeting with the grievant in a final attempt to resolve the ~~problem~~ *issue* informally. The Director, or his designee, may also wish to contact the person(s) about whom the complaint is being lodged.
4. If a meeting among those involved is not feasible or if the parties are unable to resolve the complaint or grievance to their satisfaction, the grievant may use the formal grievance procedure.

NOTE: The grievant is required to employ the informal procedure prior to taking formal action.

Formal Procedure

Should the grievant wish to employ formal means to resolve a complaint or grievance, the following action should be taken:

1. The grievant should notify the Director of Athletics of his/her *complaint or grievance* in writing, outlining the ~~complaints~~ *issues*, the persons involved and any other pertinent information.
2. The Director of Athletics or his designee should conduct a preliminary interview with the grievant. The Director, or his designee, may also ~~wish to~~ contact the person(s) about whom the *complaint or grievance* is being lodged.
3. The Director, or his designee, shall conduct a formal meeting involving the grievant, the person(s) about whom the *complaint or grievance* is made and any other relevant parties. Each party may also be accompanied by an advisor, *however, the advisor may not actively represent the party during the meeting. Failure to abide by this rule may result in the advisor being dismissed from the meeting. This meeting may be held with all parties present or separately in the Director's, or his designee's, discretion based on the circumstances.*
4. Within a reasonable time period after the formal meeting, the Athletic Director, or his designee, shall notify the grievant, in writing, of the decision.

Formal Appeal

Should the grievant be unsatisfied with the decision of the Athletic Director, or his designee, *the grievant may appeal solely on the following grounds: and only (a) if substantial new facts have been discovered that were unavailable at the time of the initial formal meeting; and/or (b) the grievant presents evidence that he or she's constitutional guarantees have been violated. , he or she* If one or both of these factors are met, the grievant may take the following steps:

1. Within 14 days after receipt of a written decision, the grievant ~~should~~ *must* notify the Chairman of the Intercollegiate Athletic Council (IAC) in writing, that he or she wishes to appeal the decision and *identify on what basis an appeal is being filed. The grievant should specify in detail* ~~notify the Chairman of the Intercollegiate Athletic Council of~~ the substantial new facts which were unavailable at the time of the meeting *and/or the basis on which he or she alleges their constitutional guarantees have been violated.*

DEPARTMENTAL STAFF: HOLIDAYS

The Department of Intercollegiate Athletics adheres to a schedule of observed holidays established by the Board of Regents in accordance with State law. A regular employee, one who is employed to work a minimum of 20 hours per week for a period of at least four and one-half (4 1/2) months, *is* eligible for paid holidays.

The Board of Regents approves the holiday schedule annually.

Additional holidays are published annually in the official University calendar. If a designated holiday falls on a Saturday or Sunday, the holiday is observed on either Friday or Monday, as determined by the University.

COACHES: EMPLOYMENT CONTRACTS AND APPOINTMENTS

The Department of Intercollegiate Athletics is committed to employing coaches and administrative staff members who are capable of performing as professionals in an educational community where high standards of integrity and ethical behavior, as well as sportsmanship, are valued and expected (see Policy 101, Philosophy and Objectives). Employment contracts are negotiated within University guidelines by the Director of Athletics and the President of the University.

All SFA Head coaches are hired by letters of appointment or written contracts with terms specified in writing. The Head Football Coach's contract and Football Assistant coaching appointments are renewed on February 1 each year, all other contracts and assistant coaching appointments are renewed on September 1. Assistant coaching appointments in all sports are not for a specified term and serve at the pleasure of the Head Coach.

Employment Negotiations

The Department recruits and hires personnel who display a quality image in athletics, as well as foster academic success. In order to hire this type of individual, candidates may be recruited from other educational institutions. However, the University does not enter into negotiations with an individual who is under contract to another educational institution without first contacting that institution and securing permission. After negotiations have been completed, the selected candidate is not hired until he/she has been released from all contractual obligations with the other institution..

Likewise, if a coach under contract to Stephen F. Austin State University is contacted by another institution, he/she is expected to notify the Director of Athletics **before** entering into negotiations. Once negotiations have begun, the coach is also expected to keep the University informed regarding the status of those negotiations, and to fulfill all contractual obligations prior to employment by another institutions.

Commitment to the NCAA

The policies of the Department regarding employment contracts reflect both the philosophy of the University and of the NCAA. All contractual agreements and letters of appointment with coaches are to contain a provision stipulating that the University has the right to terminate an employment contract with any staff member found in violation of NCAA legislation.

~~Recent NCAA regulations also require that all contractual agreements, including letters of appointment (not considered contracts), with full-time and part-time athletics department staff members include a clause requiring the employee to receive prior written approval from the President for all generated athletically related income and/or benefits from sources outside the University. The request must be in writing and include the amount of compensation to be received and the source of the income. NCAA by-laws allow athletic staff members to earn income in addition to their institutional salary through outside employment consistent with university policy related to outside income and benefits (Policy 11.19- Outside Employment).~~

~~Contractual agreements, including letters of appointment, between a full-time or part-time athletics department staff member and an institution shall include the stipulation that the staff member is required to provide a written detailed account annually to the chief executive officer for all athletically related income and benefits from sources outside the institution. In addition,~~

~~the approval of all athletically related income and benefits shall be consistent with the institution's policy related to outside income and benefits for all full-time and part-time employees. Such sources of income shall include but are not limited to the following:~~

- ~~a) Income from annuities~~
- ~~b) Sports camps~~
- ~~c) Housing benefits~~
- ~~d) Country Club benefits~~
- ~~e) Complimentary ticket sales~~
- ~~f) Television and radio programs~~
- ~~g) Endorsements~~
- ~~h) Courtesy Cars~~

Contract Provisions

All contracts must be in compliance with the applicable rules and regulations of Stephen F. Austin State University, the Southland Conference and the NCAA. The University recognizes its moral obligation, as well as its legal responsibility, to uphold all contractual agreements. Likewise, administrative and coaching staff members are expected to represent the University in a positive professional manner, while abiding by all applicable University, Conference and NCAA rules and regulations.

While appointments and contracts with individual staff members may vary according to duties and responsibilities, the sport involved, and the budget and revenue-producing capability of the unit, they all must:

- State clearly all salary and benefit agreements, as well as funding sources;
- Specify any special concessions or additional provisions that are to be included;
- Stipulate the duration of the contract/appointment; and
- Include an NCAA compliance clause.

All Coaches contracts must be reviewed by the General Counsel and are signed by the President with appropriate approvals.

Contract Renewal/Non-Renewal

Employment contracts with head coaches are reviewed annually. Multi-year contracts may be renewed prior to their expiration by recommendation of the Director of Athletics, with the approval of the President and the Board of Regents.

Non-renewal of head coaches' contracts is determined by the Director of Athletics with the approval of the President. Non-renewals are within the discretion of the University and may be with or without cause.

Head coaches whose contracts are not being renewed are notified in writing by the Director of Athletics prior to the recruitment and hiring of replacement staff.

Appointments of Assistant Coaches

Assistant Coaches do not receive employment contracts. They serve without a specified term at the pleasure of the Head Coach. Separation from such appointments may be initiated at any time by the Head Coach, with the approval of the Director of Athletics and the President.

FACILITIES: STRENGTH AND CONDITIONING

The Department of Intercollegiate Athletics' strength and conditioning program is designed to enhance the physical well-being of its student-athletes through strength training, flexibility, anaerobic conditioning, nutritional consultation, sports-specific physiological analysis and rehabilitation. The Director of Wellness Center manages the operation of the strength and conditioning programs and reports to the Director of Athletics. Facilitators are delegated responsibility for specific sports' training programs under the direct supervision of the Director of Wellness Center.

NCAA regulations and University liability insurance requirements restrict the use of Departmental strength and conditioning room facilities to enrolled student-athletes and approved staff. Specifically, the strength and conditioning rooms may not be used by high school students or unapproved guests. The Director of Wellness Center retains the right to refuse access to any individual wishing to use the facilities.

Strength and conditioning facility use is restricted to posted operating hours. The Director of Wellness Center retains authority to change hours of operation as necessary. Head Coaches are responsible for ~~scheduling~~ *coordinating* their team's work-outs with the Director of Wellness Center and for reporting team schedule changes as they occur. Scheduled team workouts take priority over individual training.

The strength and conditioning facility is generally available from 6:00 a.m. to 6:00 p.m., Monday through Friday.

Use of Weight Training Facilities

At the beginning of the academic year, each Head Coach is responsible for scheduling an orientation meeting for his/her team with the Director of Wellness Center. The orientation is designed to familiarize the coaching staff and the student-athletes with Strength and Conditioning policies and procedures. All rules and guidelines governing the facilities and work-outs are disseminated during the orientation. Student-athlete attendance is mandatory prior to being granted work-out privileges.

Release Form

The Department of Intercollegiate Athletics strength and condition facilities are provided for the exclusive use of currently enrolled, eligible SFA student-athletes and Departmental staff.

With the approval of the Director of Wellness Center and the Director of Athletics, other individuals may be granted access to the facilities on a limited basis, provided their training does not interfere with athletic program requirements. Individuals who may be provided privileges include:

1. Former SFA athletes and professional athletes who train in the area in their off-season;
2. Currently enrolled SFA student-athletes who have completed their eligibility but are continuing their education; *and*
3. ~~SFA faculty and staff members; and~~

4. Individuals approved by the Director of Athletics for facility use.

All individuals approved to use either facility are required to sign a Weight Room Release Form (see Appendix 604C-1), releasing the Department of Intercollegiate Athletics and its staff from liability in the event of injury or accident.

Rules of Conduct and Operation

All ~~student athletes, students and staff members~~ *individuals* who use the facility are required to comply with the rules of operation regarding conduct and equipment use. Violators of established rules are subject to discipline and possible suspension of training privileges. Respective Head Coaches are notified of all disciplinary actions. Although each facility may establish specific operational procedures, the following rules have been established to ensure a safe environment for both areas.

1. Only authorized personnel and currently enrolled student-athletes are allowed to use the strength and conditioning facility.
2. The strength and conditioning facility is locked at all times unless a trained and authorized supervisor is present. Student-athletes are to lift only when their sport is schedule or during open-lifting periods.
3. Student-athletes are to be mindful of the purpose of Strength and Conditioning Program and give maximum effort during workouts.
4. Present and former athletes using the facilities must have their program approved by the Director of Wellness Center. Any program revision must also be approved.
5. Student-athletes are to consult with the Director of Wellness Center, or designate, whenever they have a training question.
6. A ~~coach~~ *member of the strength and conditioning staff* must be on the floor of the strength and conditioning rooms when the training of individuals or teams is in progress.
7. Every athlete must wear a shirt, shorts or sweats and closed-toed shoes (i.e., no sandals or thongs) at all times. No one will be allowed to lift in street clothes.
8. Soft drinks, food and tobacco products are not allowed in the facilities.
9. Each weight is to be returned to the specifically marked place on the rack after use.
10. All dumbbells must be replaced in sequence on the rack after each use.
11. All lifters must use collars on all sets. Including warm-ups.
12. All lifters must use spotters.
13. All blocks, mats, straps, etc., used during workouts are to be replaced.
14. No rough-housing or improper conduct will be tolerated. Individuals are expected to be courteous to others and respectful of the facility.

15. No equipment is to leave the facilities for any reason.
16. Injuries of any type are to be reported immediately.

Disciplinary Action

Disciplinary actions are based on the severity of the rules of conduct or operation violation. As appropriate, the discipline may include physical workouts, required community service or suspension from the facility. The Director of Wellness Center consults with the sport's Head Coach when disciplining student-athletes.

Capital Plan Items***1. Baker Pattillo Student Center Grand Ballroom Renovation and Upgrade*****Explanation:**

At its July 26, 2016 meeting, the Board of Regents approved the first phase of the Grand Ballroom renovation project at a cost not to exceed \$1,100,000. While Phase I included renovations to pre-function, rooms and hallway areas adjacent to the ballroom, Phase II will include renovation of the interior of the ballroom, the installation of updated video projection equipment, upgraded sound systems and new furniture. Phase II is projected to begin in August 2018.

Recommendation:

The administration recommends approval of Phase II of the Baker Pattillo Student Center Grand Ballroom renovation at a cost not to exceed \$2,400,000. Auxiliary fund balance will be used to fund the project. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

2. Hall 20 HVAC Upgrade**Explanation:**

Hall 20, opened in 1985, has 358 assignable beds. Each room has an individual Packaged Terminal Air Conditioner (PTAC) unit that is controlled by the occupant. These individual units are difficult to maintain and do not adequately handle moisture in these rooms during certain times of the year, leading to numerous complaints. The Residence Life and Physical Plant staff identified a system that would provide a more energy-efficient solution to heating and cooling the 91,000 square feet in Hall 20 while easing maintenance issues and addressing moisture problems. A Variable Refrigerant Flow (VRF) system has been selected to replace the current PTACs with a central system. This type system has been successfully deployed in other similar settings across the South to address similar issues. Once the PTACs are removed, the holes that remain will be bricked up and painted.

Recommendation:

The administration recommends approval of the Hall 20 HVAC upgrade at a cost not to exceed \$1,400,000. Auxiliary fund balance will be used to fund the project. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

3. *Ferguson, Dugas, and Math Buildings Exterior Renovations*

Explanation:

This project continues state building exterior improvements. The exterior brick veneer, stone, plaster, expansion joints, windows and adjoining concrete need to be cleaned, repaired and water proofing applied.

Math | built 1983 | 3 floors

T.E. Ferguson Liberal Arts | built 1969 | 5 floors

Vera Dugas Liberal Arts North | built 1984 | 4 floors

Recommendation:

The administration recommends approval of the Ferguson, Dugas, and Math Buildings' exterior renovations at a cost not to exceed \$1,210,000. The Higher Education Fund (HEF) will be used to fund the project. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

4. *ITS Data Integrity Monitoring Software and Hardware and Network Equipment*

Explanation:

File integrity monitoring software and supporting hardware is needed to examine institutional data. This software will allow us to observe where sensitive data resides and can help ensure security of that data by determining its need to be there. This software will help identify normal data-related activity and help identify abnormal data occurrences. The software will also satisfy TAC 202 SI-7 and others by monitoring activity and security authorizations.

To maintain secure, reliable network connectivity to wired and wireless networks, it is necessary to upgrade and replace networking infrastructure equipment, wireless access points and server and storage environments that support the network. The changes in wireless networking standards and the constant introduction of new wireless enabled devices necessitates that wireless networking equipment be replaced every few years. These funds support a seven-year replacement cycle for wired network equipment and a five-year replacement cycle for wireless networking equipment and the supporting server and storage environment.

Recommendation:

The administration recommends approval of ITS data monitoring software and hardware, and security network equipment at a cost not to exceed \$680,000. The Higher Education Fund (HEF) will be used to fund the project. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

5. *ITS Upgrade Exadata Hardware*

Explanation:

The ITS Exadata hardware is an Oracle built hardware environment that is highly tuned for running Oracle databases. A number of Oracle databases run in this environment, including the Banner system, user portal mySFA and imaging solution ImageNow. This environment also provides flexibility to add additional databases as new software packages are added and existing software packages monitored in ITS. The hardware that makes up our Exadata environment will reach end-of-life this December and will no longer be supported. The Exadata hardware upgrade is needed to help ensure the stability and performance of our enterprise systems that rely on this environment to run.

Recommendation:

The administration recommends approval of an ITS Exadata hardware upgrade at a cost not to exceed \$652,946. The Higher Education Fund (HEF) will be used to fund the purchase. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

6. *Hall 20 Furniture Replacement*

Explanation:

The furniture in Hall 20 is due for replacement. The in-use beds and dressers were installed in 1999 while the in-use desks were installed in 1992. Hall 20 has 199 rooms with 358 assignable beds.

Recommendation:

The administration recommends approval of the purchase of new furniture for Hall 20 at a cost not to exceed \$467,500. Budgeted auxiliary funds will be used for the purchase. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

7. *Classroom Updates and Instructional Delivery Support***Explanation:**

To enhance instructional delivery, the university continues to replace instructional equipment and update classroom technology. This initiative will provide funds to upgrade classrooms and obtain and/or replace technology-related instructional delivery equipment.

Recommendation:

The administration recommends approval to fund classroom updates, equipment and technology support at a cost not to exceed \$300,000. The Higher Education Fund (HEF) will be used to fund the purchase. The administration further recommends presidential authorization to sign associated purchase orders and contracts of \$100,000 or more.

8. *Mass Communication Broadcasting and Multimedia Facilities Upgrades***Explanation:**

The SFA television and radio stations require equipment upgrades to ensure that the studios, editing bays, and broadcast equipment reflect current industry standards. Maintaining the mass communications broadcast facilities ensures that our students are working in an environment that is within industry standards as well as providing state of the art public service from the SFA TV 2 television station and KSAU 90.1 radio station. Equipment associated with this action item supports converting the television station and editing bays to industry standard high definition (HD), converting the television studio to industry standard LED lighting, and upgrading associated equipment in the television and radio studios, editing bays, and computer labs.

Recommendation:

The administration recommends approval Mass Communication Broadcasting and Multimedia Facilities Upgrades at a cost not to exceed \$295,157. The Higher Education Fund (HEF) will be used to fund the project. The administration further recommends presidential authorization to sign associated purchase orders and contracts of \$100,000 or more.

9. *Halls 14 and 16 Exterior Renovations and Upgrades***Explanation:**

Hall 14 was opened in 1964 and contains 403 assignable beds. Hall 16 was opened in 1966 and contains 409 assignable beds. These halls are scheduled for exterior maintenance to include patching, caulking, waterproofing, and refinishing of the exterior steps. This work would be completed during the summer of 2018.

Recommendation:

The administration recommends approval of exterior maintenance on Halls 14 and 16 at a cost not to exceed \$259,881. Budgeted auxiliary funds will be used to fund the project. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

10. *Classroom and Building Safety and Security Upgrades***Explanation:**

Last year the university undertook an aggressive project to replace door lock mechanisms on all classroom and exterior entry doors in academic buildings. These new locks permit a standard lock-down procedure for emergency situations and provide more everyday access control and building open/close scheduling. The funding requested in this proposal is for the continuation of this project to add similar capability to selected non-academic buildings as well as addressing any additions to the first phase in academic buildings.

Recommendation:

The administration recommends life safety and security upgrades in campus classrooms and buildings at a cost not to exceed \$270,000. The Higher Education Fund (HEF) will be used to fund the project. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

11. Clark Boulevard Entrance Sign**Explanation:**

The university proposes to construct an entrance sign at the south end of Clark Boulevard at East Starr Avenue. The design will be similar in appearance to the one located at the corner of North and East College Streets but modified and adapted specifically for the location. The project may include potential new sidewalks, accessible curb ramps, and other modifications to the immediate area in which the sign will be constructed.

Recommendation:

The administration recommends construction of campus entrance sign at the intersection of Starr Avenue and Clark Boulevard, at a cost not to exceed \$200,000. The Higher Education Fund (HEF) and/or tuition revenue bond proceeds will be used to fund the project. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

12. Hall 20 Roof Replacement**Explanation:**

The following residence hall roof is scheduled for replacement:

Hall 20 | 32 years old (1985)

Recommendation:

The administration recommends roof replacement for Hall 20 at a cost not to exceed \$178,846. Budgeted auxiliary funds will be used to fund the project. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

13. Steen Library Architectural Assessment**Explanation:**

Nationally, university libraries are evolving from vast collections of books and journals into academic commons that house student support services, academic advising, collaborative study space, faculty support areas, and administrative functions as well as traditional library functions. The Steen library has significantly reduced its physical collection eliminating outdated, underutilized, and redundant volumes that can be easily accessed electronically. Development of an academic commons is a critical step towards achieving the vision of student success described in the strategic plan - reaching students where they are, using cutting-edge teaching techniques and advanced research methods both inside and outside the classroom in an open, collaborative, and engaged environment.

Recommendation:

The administration recommends approval of a Steen Library architectural study at a cost not to exceed \$150,000. The Higher Education Fund (HEF) will be used to fund the project. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

14. Miller Science Building HVAC Maintenance**Explanation:**

Periodically, a building's HVAC system requires certain types of maintenance. The Miller Science Building HVAC ductwork needs a thorough cleaning throughout the building.

Recommendation:

The administration recommends approval of a project to perform maintenance on the HVAC system in the Miller Science Building at a cost not to exceed \$150,000. The Higher Education Fund (HEF) will be used to fund the project. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

15. Outdoor Pool Equipment Replacement**Explanation:**

The Student Recreation Center was opened in 2007. Several items of major equipment at the outdoor pool are in need of replacement. Essential equipment including, but not limited to, the pump, motor, sand filters, and chemical feed system will be replaced after the pool is closed for the season unless failure of one of these critical pieces of equipment makes an earlier replacement necessary.

Recommendation:

The administration recommends necessary equipment replacement at the Campus Recreation outdoor pool at a cost not to exceed \$135,000. Designated fund balance will be used to fund the project. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

16. ITS Security Management Software**Explanation:**

The software is designed to analyze event data in real time for the early detection of targeted attacks and data breaches, and to collect, store, investigate and report on log data for incident response, forensics and regulatory compliance. This is in direct support of TAC 202 AU-5. This will help us strengthen our security posture of the IT infrastructure across the entire university.

Recommendation:

The administration recommends approval of ITS security management software at a cost not to exceed \$125,000. The Higher Education Fund (HEF) will be used to fund the purchase. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

17. ITS Virtual Desktop Infrastructure (VDI) Thin Client Technology**Explanation:**

This is to replace our aging VDI units. VDI does offer some security advantages to a desktop such as no local data storage, streamlined security patch implementation and no unauthorized programs being installed. Some of the 325 campus VDI clients have been in service for over six years. The current VDI units prevent don't allow an upgrade to the latest version of VMWareView, which is necessary to provide additional functionality.

Recommendation:

The administration recommends approval of ITS VDI thin client technology at a cost not to exceed \$115,000. The Higher Education Fund (HEF) will be used to fund the project. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

18. Baker Pattillo Student Center Freezer Replacement**Explanation:**

The original seals and gaskets on a walk-in freezer installed in 1964 are breaking down and allow exterior air to enter the freezer compartment. This 400 sq. ft. freezer can no longer be effectively repaired. The freezer serves the food service operations in the Student Center and is essential to that function.

Recommendation:

The administration recommends replacement of the referenced freezer in the Baker Pattillo Student Center at a cost not to exceed \$112,000. The source of funds will be budgeted auxiliary funds. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

19. Human Services Classroom Assistive Technology and Equipment**Explanation:**

The Department of Human Services specializes in preparing students to work with individuals with a variety of disabilities. Graduates will be expected to work with a variety of assistive instructional technologies and it is imperative that the department's classrooms model these expectations. Additionally, a significant number of the department's students and faculty are in need of assistive classroom technologies to accommodate disabilities.

Recommendation:

The administration recommends approval to fund ADA compliant instructional equipment and technology upgrades in the Human Services Department at a cost not to exceed \$110,000. The Higher Education Fund (HEF) will be used to fund the project. The administration further recommends presidential authorization to sign purchase orders and contracts of \$100,000 or more.

Specific rationale for new policy:

Specific rationale for each substantive revision: 1) The policy committee felt that it makes no sense to list all manner of appeal procedures, and then at the end state that only the instructor can change a grade. The committee researched other schools and found circumstances under which grades could be changed by parties other than the instructor, and felt SFA's policy could benefit from some of these ideas. 2) Therefore, the committee recommends changing the policy from only the faculty member may change a grade, to provide for circumstances under which the provost may change a grade. Such circumstances could include: the instructor being deceased, no longer being at the institution with no way of being contacted, or having been found in violation of any relevant university policy. The authority to change a grade would be with the provost and vice president for academic affairs after consultation and recommendation from the dean and academic head.

Academic Appeals by Students

Original Implementation: August 31, 1981

Last Revision: ~~July 29, 2014~~ July 25, 2017

This policy provides a formal process for students to appeal ~~academic decisions~~ *final grades and determinations of academic dishonesty*. All relevant *written* documentation under consideration at each step will be forwarded to the appropriate parties at the next procedural level. Any further appeal must be made within ten (10) business days from the conclusion of each step. Recommendations or decisions at each level are generally made within four weeks of receiving the appeal. The burden of proof rests with the student throughout the process.

A student may appeal a final grade if ~~inappropriate criteria were used in determining the grade, it can be demonstrated that~~ the instructor did not adhere to stated procedures or grading standards, or *if other compelling reasons exist to change the grade*. A student may not appeal due to general dissatisfaction with a final grade or disagreement with the instructor's professional judgment regarding the quality of the student's work.

It is important to distinguish grounds for grade appeal from questions about quality of instruction. Successful grade appeals must be based on evidence that the student performed at a level sufficient to warrant a different grade. It is important for students to bring to the instructor's and the department's attention perceived deficiencies in instruction, but these by themselves do not normally warrant a change in grade.

~~Aside from final grades, a student may appeal substantial and/or unjustified deviation from academic policies, procedures, and/or requirements.~~

These steps are to be followed when making an academic appeal:

1. Students must first appeal *in writing* to the ~~individual~~ *faculty member* with whom they have an academic dispute. In the case of a final grade dispute, ~~they~~ *students* must appeal to the instructor within thirty (30) calendar days after the first class day of the next long semester. Given extenuating circumstances, exceptions to this deadline may be granted by the academic unit head.
2. If the dispute is not resolved, the student may appeal to the academic unit head. The academic unit head then requests a written statement from the ~~individuals~~ *faculty member and the student* involved in the dispute. The academic unit head provides both parties a written recommendation.
3. If the dispute remains unresolved after appeal to the academic unit head, either individual involved in the dispute may appeal in writing to the academic dean. *The academic unit head will forward all documentation involved in the dispute to the dean.* The dean notifies both parties of the continuation of the appeal and provides a written recommendation.

Prior to making a recommendation, the dean may refer the appeal to the college council. If

the college council has no student members, the dean asks the president of the Student Government Association to recommend no more than two students from that college to be appointed as voting members. The college council reviews all documentation and submits its recommendation to the dean.

4. After a ~~decision~~ recommendation is made by the dean, either party may appeal in writing to the provost and vice president for academic affairs. The dean's written recommendation in addition to all documentation is submitted to the provost and vice president for academic affairs. The college council may serve as an advisory body to the provost and vice president for academic affairs. The provost and vice president for academic affairs evaluates all documentation and any ~~additional oral presentations~~ other information deemed relevant.
5. The provost and vice president for academic affairs *will* informs the student and all persons involved in the appeal process of the ~~final decision~~ recommendation.

Faculty members are responsible for the evaluation of student course work conducted in their class and, under normal circumstances, ~~are the sole judge of the grades received by the students in their course~~ only the instructor may change a grade. However, under extraordinary circumstances (such as the instructor being deceased, no longer being at the institution with no way of being contacted, disregard for the instructor's grading policies or procedures, or having been found in violation of any relevant university, college, or department policy or procedure), a grade may be changed. The authority to change a grade would be with the provost and vice president for academic affairs, after consultation and recommendation from the dean and academic unit head. If possible, the provost and vice president for academic affairs will inform the student and all persons involved in the appeal process of the final decision.

Academic Program Review

Original Implementation: April 28, 2005

Last Revision: ~~July 29, 2014~~ July 25, 2017

Academic Program Review (APR) is driven by the university's mission statement and strategic plan and enhances the quality of all academic programs and ensures the ongoing support necessary for continuation, modification, and development of programs. All undergraduate and graduate degree programs fall within this policy. APR encourages self-study and planning within programs and aligns the strategic plans of the program, the college, and the university. APR provides information for curricular and budgetary planning decisions at each administrative level. In turn, the resources needed for growth, continuation, or modification of programs can be included in planning processes.

The normal cycle for APR is every seven years. *A timeline for program review may be found on the website for the provost and vice president for academic affairs.* All academic programs including certificates and minors, in addition to degree programs, in an academic unit should be reviewed at the same time, ~~making APR a unit as well as degree self-study.~~ If one program in an academic unit is governed by a *discipline-specific* accrediting agency, all programs in the academic unit will be reviewed concurrently and in the same cycle as the accredited review. If accreditation is on a cycle of less than 10 years, that cycle will be followed. If the cycle is 10 years or more, a program review will be required in the interim. Academic units with multiple accrediting agencies should follow the cycle of the accrediting agency most appropriate to the unit. *Notwithstanding accreditation requirements, at a minimum all master's and doctoral degree programs will be reviewed at least once every seven years.*

The APR template guides the development of the self-study report (see APR Handbook). The provost and vice president for academic affairs must approve in advance a deviation from the template. Accreditation reports will substitute for the program review report required by this policy. However, any information required by the APR appendices but not included in the accreditation review must be added.

The following definitions are relevant to the APR process:

- An **academic program** is a structured grouping of course work designed to meet educational objectives leading to a baccalaureate degree, graduate degree, certificate, or teaching credential.
- An **academic unit** (e.g., department, division, school) manages one or more academic programs.
- **Unit Outcomes** are the measureable benefits of the services provided by an academic unit.
- **Program Learning Outcomes** (PLOs) are the knowledge, skills, and abilities students are expected to demonstrate upon completion of an academic program/major.
- **Student Learning Outcomes** (SLOs) define the knowledge, skills and abilities students are expected to demonstrate upon completion of a particular course.

- **Core Objectives** (COs), as prescribed by the Texas Higher Education Coordinating Board (THECB), are critical thinking skills, communication skills, empirical and quantitative skills, teamwork, personal responsibility and social responsibility.

PROCESS

The APR process adheres to the standards of the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) and the THECB. Academic units are required to evaluate their effectiveness in achieving unit outcomes and learning outcomes to accomplish college and university goals (i.e., mission statements and strategic plans). The APR consists of an Internal Program Review or self-study (including assessment of unit outcomes), an External Program Review, and a Program Improvement Plan. All master's and doctoral program reviews are submitted to THECB according to its established schedule. Master's and doctoral programs in the same discipline are reviewed simultaneously using the same self-study materials and reviewers.

~~The university's mission statement and strategic plan drive APR.~~ Academic units must be engaged in the ongoing assessment of their unit outcomes and program learning outcomes. Academic units with core curriculum courses must conduct an assessment of COs.

The provost and vice president for academic affairs establishes a schedule of programs to be reviewed along with deadlines for completing each task. The self-study is developed by a committee composed of faculty within the academic unit appointed by the academic unit head. The report must adhere to the APR template (see APR Handbook).

The self-study includes the following: (1) program overview and unit effectiveness ~~(unit outcomes)~~; (2) curriculum and student learning (PLOs and COs); (3) faculty characteristics and qualifications; and (4) summary conclusions. All required data must be completed even if an accrediting report is submitted in lieu of the APR report.

All programs are subject to external review. Reviewers must have subject-matter expertise, employment at an institution of higher education outside Texas and faculty status in a program nationally recognized for excellence in the discipline. ~~E-Additionally,~~ external reviewers cannot have a conflict of interest that could influence their judgment (e.g., SFA alumni, former students or employees of the university, or formal collaborators with faculty in the unit under review) or employment at institutions within Texas. Faculty members of the academic unit nominate three individuals from comparable institutions of higher education to serve as possible external reviewers. The dean of the college selects at least one person from the three nominated. Preference is given to nominees from colleges and universities accredited by SACSCOC. Doctoral programs must have at least two external reviewers who conduct an on-site visit (see APR Handbook to obtain guidelines for external reviewers). Upon completion of the external review, the faculty members of the academic unit consider the recommendations. A final report is prepared that includes the self-study (Internal Program Review), the External Program Review and the Program Improvement Plan that describes the actions taken or to be taken to improve the performance of the academic unit. All documentation is sent to the dean for comment. The dean forwards all materials to the provost and vice president for academic affairs for review and feedback.

Course Fees

Original Implementation: April 30, 2001

Last Revision: ~~January 26, 2016~~ July 25, 2017

Each course, other than a laboratory class, offered by the university may charge a course fee. Laboratory classes charge a fee for the purpose of providing materials and supplies in the laboratory (see policy 3.22, Laboratory Fees). Course Fees are governed by the Texas Education Code.

The course fee charged must reasonably reflect the actual cost to the university of the materials and services for which the fee is collected. These funds will be used to cover the cost of materials, supplies, and/or services that result in a direct educational benefit to the students currently enrolled, including such things as guest lecturers or travel expenses to off-campus locations.

Fees are normally considered to cover the cost of goods and services to be consumed within the course of one semester. Accounts used to handle fees for consumable goods and services are not intended to accumulate a balance. *However, if a balance is accumulated in a course fee account, the balance will be spent for a similar purpose as outlined on the course fee request form to meet the academic needs of the course. Any changes or deletions will follow the standard approval process.*

Fees may also be assessed to cover the value consumed by students of durable goods (or other equipment or software) in one semester, when the goods have a life span of more than one semester and are not intended or designed to be consumed in one semester. Accounts intended for this purpose may accumulate a balance. *These Accumulated balances may only be used to fund the purchase of the goods, equipment, or software specified on the original course fee request.*

Course fees recommended by the academic unit head must be approved by the dean of the college and the provost and vice president for academic affairs. All fees will be reviewed annually at the academic unit level for appropriateness and accuracy. New and changed fees will be submitted to the Board of Regents for approval. *The president is authorized to approve the deletion of course fees. Course fee deletions will be presented to the Board of Regents for acceptance at the next meeting.* All course fees will be published in the appropriate media and will be collected by the controller's office through student billings. The lab and course fee request forms, with appropriate justification, will be retained in the Office of Academic Affairs as long as the fee exists plus three years.

Discipline and Discharge

Original Implementation: December 6, 1983

Last Revision: ~~January 27, 2015~~ July 25, 2017

This policy shall apply to all regular non-academic employees including both exempt and non-exempt staff. The non-renewal of non-academic employees with contracts, temporary employees, at-will employees, or dismissal during the probationary period are not covered by this policy. The probationary period of an employee is one hundred eighty (180) calendar days.

Supervisory efforts should be concentrated on preventing serious personnel concerns rather than on disciplining employees for misconduct. However, supervisors have the right to discipline or summarily discharge an employee for cause. It is essential that each concern be investigated so that the facts of the situation are known before the discipline measures have been determined. An employee being disciplined should be told what they have done wrong and should be clearly instructed on what is expected of them. Any discharge must first be reviewed by the director of human resources.

Except in cases of discharge, the employee should be given a reasonable period of time to improve their performance or correct their actions or attitude. An employee may be discharged when reasonably corrective or rehabilitative methods have failed or when the serious nature of a violation or the accumulation of violations warrants separation.

Definitions of Minor Rule Violations

Rule violations of a minor nature may have little or no effect on the continuity, efficiency, and safety of university work, but will not be tolerated. The following are examples of minor rule violations, which may result in either oral or written warnings for entry into an employee's record. Continual violations may result in stronger disciplinary action up to and including discharge. This list is not all-inclusive.

1. Unauthorized, unexplained, or inexcusable absence or tardiness.
2. Failure to notify supervisor of absence at the earliest practical time.
3. Failure to observe assigned work schedules (starting time, quitting time, rest and meal periods).
4. Soliciting or collecting contributions for any purpose, or selling or offering for sale any goods or service, on university premises in violation of university policy.
5. Unsatisfactory work performance.
6. Loafing or other abuse of time during assigned working hours.
7. Interfering with any employee's work performance or duties by talking or by other distractions.
8. Circulating or distributing written or printed matter on university premises in violation of

the university policy on petitions and handbills.

9. Leaving regularly assigned work location without notifying immediate supervisor.
10. Performing unauthorized personal work on university time.
11. Defacing bulletin boards or notices posted thereon.
12. Minor violations of safety rules.
13. Failure to use the time clock system as instructed.
14. Discourteous treatment of the public or of other employees.
15. Improper political activity of a minor nature.
16. Minor violation of *an* internal department work rules *or* university policy *or* procedure.
17. Engaging in excessive visiting, personal conversations, or use of the telephone for personal use.
18. Failure to follow any reasonable instructions issued by supervisor related to performing job tasks and/or job duties.
19. Abusive or unruly conduct of a minor nature.

Definitions of Major Rule Violations

Major offenses are any act or omissions in violation of university policies or rules to such a degree that further employment of the offending individual may not be desirable for the university. The following are examples of some offenses which subject an employee to a written warning, suspension, or discharge. This list is not all-inclusive.

1. Any act which might endanger the safety or lives of others.
2. Refusal to properly perform work assigned by a supervisor.
3. Violation of university safety rules.
4. Falsifying any university records.
5. Clocking in or out for another employee or allowing one's time to be entered by another employee.
6. Leaving university premises during working hours without permission from the supervisor.
7. Abusing, destroying, damaging, or defacing university property, tools, equipment, or the property of others on university premises.
8. Gambling on university premises.
9. Delaying or restricting work, or inciting others to delay or restrict work.
10. Fighting on university premises.
11. Carrying firearms or other dangerous weapons on university premises in violation of law or university policy.
12. Failure to return to work on expiration of vacation or leave of absence, or when called back after a layoff.
13. Disclosure of confidential university information to unauthorized persons.
14. Theft, misappropriation or unauthorized use of university funds or property, or other dishonest actions.
15. Continued unsatisfactory work performance.
16. Unauthorized, unexplained, or inexcusable leave for more than three days.

17. Excessive absences or tardiness.
18. Physical, mental or emotional inability to perform the job satisfactorily.
19. Major violation of *an* internal department work rules *or university policy or procedure*.
20. Insubordination.
21. Abusive and unruly conduct.
22. Indecent or obscene conduct.
23. Conviction of a felony or of a misdemeanor involving moral turpitude by a trial court.
24. Flagrant or repeated minor rule violations.
25. Sexual misconduct or sexual harassment of any person by an employee.
26. Unlawful discrimination.
27. Bringing or consuming any liquor, marijuana, or narcotics on university premises (this rule applies to any habit-forming or disabling substance not prescribed by a physician).
28. Reporting for duty under the influence of liquor, marijuana, or narcotics (applies to any habit forming or disabling substance not prescribed by a physician).
29. Accepting any gifts or favors, which influence or tend to influence the performance of duties or the granting of service or favors to other university personnel, applicants, clients, or other persons.
30. Refusal to attend state and university mandated trainings within the appropriate timeframe including but not limited to EEO training and Performance Management Plan training.

Corrective Disciplinary Actions

For repeated but relatively minor incidents of substandard performance, misconduct, or rule violations, discipline should be progressive. The normal sequence of action is: (1) Oral Warning; (2) Written Reprimand; (3) *Disciplinary probation* (43) Suspension; (54) Demotion; (65) Discharge. Depending on the severity of the case, the action may begin at any of these steps. Any action involving suspension, demotion, or discharge must have prior review from the director of human resources.

Any corrective disciplinary action should be recorded on the Employee Counseling Form (available in Human Resources). The corrective action should include a section which documents specific, job related, and measurable actions identified to increase job knowledge, improve skills, or correct performance difficulties. Timetables shall be established for follow-ups and improvement or non-improvement and will be documented on all Employee Counseling Forms.

Oral Warning: Normally, initial disciplinary action should be in the form of an oral discussion and warning, especially for minor rule violations. If it appears that an employee has failed to perform their work or conduct themselves according to job requirements, the supervisor should first talk to the employee about the matter and informally inquire further into the situation. If facts indicate that the employee may have been at fault, the supervisor should discuss the matter with ~~them~~ *him or her*. The supervisor may call on another person (preferably another supervisor) to be present as a witness. The employee should clearly be instructed of

the gravity of the action and should be told that the warning is disciplinary in nature. Supervisors should maintain a complete and accurate written notation of the warning on an Employee Counseling Record form.

Written Reprimand: Reprimand involves both a formal interview with the employee and an official memorandum emphasizing the negative effect of the employee's conduct or work performance on their record and opportunities for advancement. If the immediate supervisor does not have the authority to discharge the employee, then the interview should be conducted by the department official who does have discharge authority. A written reprimand should include: the names of everyone involved, dates, a description of the incident or unsatisfactory performance, witnesses (if any), and the action taken. Use the Employee Counseling Record for this purpose. Reference should also include the dates and results of prior oral warning(s), or other written reprimand(s). It should also bear the employee's comments, if any, and the employee's signature. The employee should be informed that their signature indicates they have received a copy of the reprimand, but not necessarily that they agree with its contents. If the employee refuses to sign the reprimand, a witness, preferably another supervisor, should verify that the employee has read the reprimand and refused to sign an acknowledgement. A copy of the reprimand should be sent to the director of human resources to be filed in the employee's permanent file.

Disciplinary Probation: *a disciplinary action that places an employee on a probation period, up to six months, in 30-day increments, to improve inadequate performance and/or conduct before additional disciplinary action is taken. Disciplinary probation may also be used in conjunction with other disciplinary actions. During the probationary period, the employee will receive a specific performance improvement plan and/or instructions to improve his or her behavior and/or performance. To place an employee on disciplinary probation, the supervisor should:*

- *present the employee with a completed Employee Counseling Record indicating disciplinary probation, the period of disciplinary probation, the reasons for the disciplinary probation and attach a performance improvement plan and/or instructions to improve their behavior and/or performance, and;*
- *forward a copy of the Employee Counseling Record to Human Resources for inclusion in the employee's permanent file.*

Suspension: ~~may be~~ Suspension is a disciplinary action or an interruption (with or without pay) of the active employment of an employee pending an investigation and decision by the director of human resources, with advice and counsel from the general counsel, as appropriate. Suspension for a period of longer than three (3) days must be approved by the appropriate vice president. To suspend an employee from the payroll, the supervisor should:

- present the employee with a completed Employee Counseling Record indicating suspension, the period of suspension, and the reasons for the suspension;
- forward a copy of the Employee Counseling Record to Human Resources for inclusion in

the employee's permanent file. The department will then complete a Leave Without Pay Form, removing the employee from the payroll if the suspension is for any period of time that the employee is to be without pay.

The supervisory official will conduct a conference with the employee at the beginning of the shift on the day the employee is to return to work. A discussion should occur with the employee recapping the reason for suspension, what is expected of the employee and the next step to be taken if improvement does not occur.

Demotion: The supervisory official with the authority to discharge an employee also has the authority to demote an employee. An employee who cannot or will not carry out efficiently and effectively the duties of the job for which they are hired or promoted, may be demoted to a job more commensurate with their abilities, skills, and experience or job performance. The immediate supervisor recommending demotion will first review the demotion with the director of human resources. The director of human resources will ensure that the employee has received proper counseling and an adequate trial period for improvement of performance prior to the approval of any recommendation for demotion. Demotion should be considered a last alternative in lieu of termination and may only be considered when a lower job assignment is available in the department in which the employee works.

Discharge: In cases other than serious offenses, discharge from employment should be used as a last resort. The supervisor who has authority to employ a person also has the authority to discharge a person. Prior to the action, the discharging supervisor must review the situation with his immediate superior, the director of human resources, and, in unusual circumstances, the general counsel. This review will assure that the case for dismissal has been objectively investigated and is both justified and properly documented. The appropriate vice president must approve each discharge. If the discharge is in order, an employee should be presented with a completed Employee Counseling Record indicating discharge, the reasons for the discharge, and the date of the discharge. Since discharge requires prior consultation and approval, it should not be done "on-the-spot". However, if the supervisor believes it is improper to leave the employee on duty until such approval can be obtained, the supervisor should, with review from the director of human resources, immediately place the employee on suspension for a period not to exceed three (3) days. This action also allows time for any investigation which may be necessary.

Other Actions: In extremely serious cases involving unruly behavior, violence or imminent threat to personal safety or property, the supervisor and/or University Police Department may determine the need for immediate arrest or removal from University property of an employee. This action should be considered an immediate suspension and may warrant proceeding with the discharge process. Also, an interim suspension with pay may be used as a non-disciplinary action for situations that warrant investigation while the employee does not return to duty. The director of human resources must approve an interim suspension with pay.

Alternative Disciplinary Actions: Other forms of disciplinary action may be appropriate in some cases. These may include making up lost time, docking, withholding salary increases, transfer to more suitable work, or compensating the university for damage. With the exception of making up lost time, these alternative disciplinary actions require the prior review of the director of -human resources.

Involuntary Terminations Other Than Discharge: It is not the intent of this policy to prohibit, or in any way restrict, the university and its administrative officials from the right to terminate any employee for any non-disciplinary reason if it is in the best interest of the university to do so. An employee so terminated shall not have recourse through this policy or the Grievance and Appeals procedure. Examples of termination for non-disciplinary reasons include, but are not limited to, terminations due to lack of work or funds (reduction in force), the redesigning of jobs, the termination of grant funding which eliminates positions, termination of a temporary position, and changes in the organizational structure in compliance with university policies and rules, i.e., retirement, nepotism, etc.

Employees who are terminated for non-disciplinary reasons may appeal through the supervisory chain up to the vice president for the area involved only on grounds of alleged constitutional violations or other legal rights which may have been abridged.

Early Registration Priority

Original Implementation: July 25, 2017

Last Revision: None

The primary purpose of priority registration at Stephen F. Austin State University is to ensure that students with special scheduling circumstances have an opportunity to make adequate progress through their curricula toward graduation.

Generally, the criteria for approval to register early may include scheduling constraints related to academic programs or university related activities that cause students to travel away from campus.

Written requests for priority registration may be submitted by appropriate faculty or staff affiliated with student groups. A one-page rationale requesting special status should be sent to the office of the provost and vice president for academic affairs. Requests will be considered on a case by case basis by the Deans' Council.

The registrar will maintain a current list of those groups of students who have priority registration.

General Policy Statement

It is the policy of Stephen F. Austin State University that all officers and employees maintain high ethical standards in the performance of their official duties. The following guidelines regarding state ethics laws for state employees are applicable to the Board of Regents, the administration, faculty and staff of the university. Other university policies that affect ethical standards include but are not limited to: Discrimination Complaints (2.11); Sexual Misconduct (2.13); Dual Employment (11.7); Nepotism (11.16); Purchasing Ethics and Confidentiality (17.22); Fraud (2.7); Discipline and Discharge (11.4); Purchases from Employees (17.21); and Financial Aid Code of Conduct (4.7). Officers and employees of the university will receive regular training on the provisions of this policy.

Ethics Laws for State Officers and Employees

State officers and employees owe a responsibility to the people of Texas in the performance of their official duties. See Texas Government Code §572.001. High institutional standards and high personal standards are critical to fulfilling that responsibility. There are a variety of both civil and criminal statutes that set out the ethical responsibilities of state officers and employees. The Texas Ethics Commission is charged with interpreting, issuing advisory opinions, and enforcing certain ethics laws including Chapter 572 of the Government Code and Chapters 36 and 39 of the Penal Code. Those statutes contain provisions relating to conflicts of interest, bribery, gifts, official misconduct, and misuse of state property, among other things. Additionally, §556.004 of the Government Code contains a list of prohibited acts of agencies and individuals with regard to political activity. A variety of other Texas statutes contain specific ethics provisions applicable to state employees and officers. All employees and officers are required to abide by applicable state and federal laws and regulations regardless of whether they are specifically stated in this policy. Any employee determined to be in violation of this policy is subject to disciplinary action, up to and including termination. ~~Contact the general counsel for questions and advice~~*The general counsel should be contacted on matters arising under this policy.*

1. Conflicts of Interest, Commitment, Bribery and Gifts

While the law regarding conflicts of interest may be legally complex, §572.051 of the Government Code outlines standards for state officers and employees, which if followed, should prevent most conflicts of interest from occurring. It does not provide any penalties or sanctions at law for failure to comply with the standards it sets, though in cases of egregious

noncompliance a person's behavior could constitute a crime under one of the Penal Code provisions governing the conduct of state officers and employees. However, failure to comply with the standards may result in disciplinary action, up to and including termination.

The acceptance of gifts by state officers and employees is addressed in §572.051(1), which provides that a state officer or employee should not accept or solicit any gift, favor, or service that might reasonably tend to influence the officer or employee in the discharge of official duties or that the officer or employee knows or should know is being offered with the intent to influence the officer's or employee's official conduct.

A state officer or employee should never accept anything if it might make him do his job differently, or if he thinks the person giving it has the hope he will do his job differently. Section 572.051(5) provides, in effect, a "no tipping" rule for state officers and employees. It states that a state officer or employee should not intentionally or knowingly solicit, accept, or agree to accept any benefit for having exercised the officer's or employee's official powers or performed the officer's or employee's official duties in favor of another.

For most state employees, compliance with §572.051(1) and (5) eliminates worry about compliance with either the Penal Code or the lobby law with respect to the acceptance of gifts.

Section 572.051(2), (3), and (4) states that state officers and employees should not engage in economic activities even on their own time that might affect decisions at their state job, or that might lead them to disclose confidential information learned on the job. Simply put, state officers and employees should not engage in business or investments that might make them want to do their state job differently. Additionally, university policy requires university approval prior to engaging in outside employment. If approved, performance of the employee's responsibilities to the university is paramount and outside work must assume a position secondary to university responsibilities. See Outside Employment (11.19).

Section 572.051(2), (3) and (4) of the Government Code specifically reads as follows:

572.051. STANDARDS OF CONDUCT; STATE AGENCY ETHICS POLICY.

(a) A state officer or employee should not:

(2) accept other employment or engage in a business or professional activity that the officer or employee might reasonably expect would require or induce the officer or employee to disclose confidential information acquired by reason of the official position;

(3) accept other employment or compensation that could reasonably be expected to impair the officer's or employee's independence of judgment in the performance of the

officer's or employee's official duties;

(4) make personal investments that could reasonably be expected to create a substantial conflict between the officer's or employee's private interest and the public interest.

Added by Acts 1993, 73rd Leg., ch. 268, Sec. 1, eff. Sept. 1, 1993.

Amended by: Acts 2007, 80th Leg. R.S., Ch. 629, Sec. 1, eff. September 1, 2007

The Texas Penal Code also includes provisions regarding conflicts of interest, bribery and gifts. A state employee commits the offense of bribery if he intentionally or knowingly solicits, offers, or accepts a "benefit" in exchange for his decision, opinion, recommendation, vote, or other exercise of discretion as a state employee. Penal Code §36.02.

Most state employees are subject to a prohibition on the acceptance of "benefits." Penal Code §36.08. For example, an employee of a regulatory agency may not accept a benefit from a person the employee "knows to be subject to regulation, inspection, or investigation by the public servant or his agency." *Id.* §36.08(a). Also, an employee of a state agency who exercises discretion in connection with contracts, purchases, payments, claims, or other pecuniary transactions may not accept a benefit from a person the employee knows is "interested in or likely to become interested in any contract, purchase, payment, claim, or transaction involving the exercise of his discretion." *Id.* §36.08(d). These prohibitions apply regardless of whether the donor is asking for something in return.

The statutory definition of "benefit" is "anything reasonably regarded as pecuniary gain or pecuniary advantage." Penal Code §36.01(3). In advisory opinions, the Ethics Commission has stated that the following gifts may be benefits: a \$50 clock, a hotel room, a hunting trip, football tickets, a \$160 rifle, and a \$60 restaurant meal. Ethics Advisory Opinions Nos. 97, 94, 90, 69, 60 (1992). Benefits such as food, lodging, transportation, football tickets, etc., may however be permissible if accepted as a "guest." Penal Code §36.10(b). To accept something as a guest, the donor must be present.

Other advisory opinions have concluded that certain items are not benefits. A cup of coffee is not a benefit. Ethics Advisory Opinion No.118 (1993). Small amounts of perishable food delivered to government offices are generally not benefits. Ethics Advisory Opinion No. 62 (1992). Trinkets of minimal value such as coffee mugs, key chains, and "gimme" caps are generally not benefits. Ethics Advisory Opinion No. 61 (1992). A plaque is not a benefit. Ethics Advisory Opinion No. 36 (1992). Of course, a state officer or employee may accept a gift from a person such as a friend, relative, or business associate with whom he has a relationship independent of that official status if the gift is given on account of that relationship rather than the officer's or employee's official status. Penal Code §36.10(a)(2).

Honoraria may also be considered as gifts or benefits under the Penal Code. A state officer or

employee may not solicit, agree to accept, or accept an honorarium in consideration for services he would not have been asked to provide but for his official position. Penal Code §36.07. Thus, for example, the officer or employee may not take a speaker's fee for speaking in his official capacity. Although questions about honoraria come up most frequently in regard to speeches, the prohibition applies to fees or gifts for any service that the officer or employee would not have been asked to provide but for his official position. It is permissible to accept food, transportation, and lodging in connection with a speech or other service performed in an official capacity.

Except as otherwise permitted by law or policy, university employees are prohibited from having a direct or indirect financial or other interest, engaging in a business transaction or professional activity, or incurring any obligation that is in substantial conflict with the proper discharge of their duties. This includes, but is not limited to, engaging in non-employment related activities that interfere with the employee's duties and responsibilities to the university.

2. Official Misconduct and Misuse of State Property

A state employee would commit an offense if, with intent to obtain a benefit or harm another, he intentionally or knowingly violated a law relating to his office or employment. Penal Code §39.02(a)(1). This catchall prohibition applies to any violation of a law relating to the employee's state employment. This means, for example, that a violation of a rider to the Appropriations Act, done with intent to obtain a benefit or harm another, could be the basis of a criminal prosecution.

Also, an officer or employee would commit an offense if, with intent to obtain a benefit or harm another, he misapplied anything of value belonging to the government that has come into his custody or possession by virtue of his state employment. Penal Code §39.02(a)(2). This provision is the basis for criminal prosecutions regarding the misuse of state property for personal use or otherwise. Additionally, university policy 17.14, Property Inventory and Management, and Government Code § 2203.004 specifies that university property may only be used for state/university purposes. This includes electronic resources. See Use of Electronic Information Resources (16.32).

Under Government Code §552.352, misuse or improper distribution of confidential information is also considered a specific type of crime involving official misconduct.

In addition to criminal liability, employees may be responsible for the negligent loss, damage or destruction to university property under Property Liability (16.22).

Financial Disclosure Statements

Regents and the president must file financial disclosure statements with the Texas Ethics Commission by April 30 of each year, or as otherwise required under the Government Code Chapter 572.

3. Prohibited Acts of Agencies and Individuals Regarding Political Activity

The university, its officers and employees may not use any money under its control, equipment or official authority to influence an election as prohibited by §556.004 of the Texas Government Code. Sections 556.004-.009 of the Government Code specifically read as follows:

556.004 PROHIBITED ACTS OF AGENCIES AND INDIVIDUALS.

- a. *A state agency may not use any money under its control, including appropriated money, to finance or otherwise support the candidacy of a person for an office in the legislative, executive, or judicial branch of state government or of the government of the United States. This prohibition extends to the direct or indirect employment of a person to perform an action described by this subsection.*
- b. *A state officer or employee may not use a state-owned or state-leased motor vehicle for a purpose described by Subsection (a).*
- c. *A state officer or employee may not use official authority or influence or permit the use of a program administered by the state agency of which the person is an officer or employee to interfere with or affect the result of an election or nomination of a candidate or to achieve any other political purpose.*
- d. *A state employee may not coerce, attempt to coerce, command, restrict, attempt to restrict, or prevent the payment, loan, or contribution of anything of value to a person or political organization for a political purpose.*
- e. *For purposes of Subsection (c), a state officer or employee does not interfere with or affect the results of an election or nomination if the individual's conduct is permitted by a law relating to the individual's office or employment and is not otherwise unlawful.*

Added by Acts 1993, 73rd Leg., ch. 268, Sec. 1, eff. Sept. 1, 1993.

Amended by Acts 1999, 76th Leg., ch. 1498, Sec. 1, eff. Sept. 1, 1999

556.005 EMPLOYMENT OF LOBBYIST.

- a. *A state agency may not use appropriated money to employ, as a regular full-time or part-time or contract employee, a person who is required by Chapter 305 to register as a lobbyist. Except for an institution of higher education as defined by Section 61.003, Education Code, a state agency may not use any money under its control to employ or*

- contract with an individual who is required by Chapter 305 to register as a lobbyist.*
- b. A state agency may not use appropriated money to pay, on behalf of the agency or an officer or employee of the agency, membership dues to an organization that pays part or all of the salary of a person who is required by Chapter 305 to register as a lobbyist. This subsection does not apply to the payment by a state agency of membership fees under Chapter 81.*
 - c. A state agency that violates Subsection (a) is subject to a reduction of amounts appropriated for administration by the General Appropriations Act for the biennium following the biennium in which the violation occurs in an amount not to exceed \$100,000 for each violation.*
 - d. A state agency administering a statewide retirement plan may enter into a contract to receive assistance or advice regarding the qualified tax status of the plan or on other federal matters affecting the administration of the state agency or its programs if the contractor is not required by Chapter 305 to register as a lobbyist.*

Added by Acts 1993, 73rd Leg., ch. 268, Sec. 1, eff. Sept. 1, 1993.

Amended by Acts 1999, 76th Leg., ch. 1498, Sec. 1, eff. Sept. 1, 1999; Acts 2003, 78th Leg., ch. 249, 4.11, eff. Sept. 1, 2003.

556.0055. RESTRICTIONS ON LOBBYING EXPENDITURES.

- a. A political subdivision or private entity that receives state funds may not use the funds to pay:

 - 1. lobbying expenses incurred by the recipient of the funds;*

4. Disclosure Statement for Employees Involved in Purchasing, Contracting, and Investments

Section 2261.252 of the Government Code requires each employee or official involved in procurement or contract management for the university to disclose any potential conflict of interest specified by state law or university policy that is known by the employee or official with respect to any contract with a vendor or bid for the purchase of goods or services from a vendor by the university. *This disclosure applies at any time during the procurement process, from the initial request for bids for the purchase of goods or services from a vendor until the*

completed final delivery of the goods or services, or through the term of a contract with a vendor. Additionally, this provision of state law is applicable to contracts for goods or services solicited through a purchase order if the amount of the purchase order exceeds \$25,000.

As required by §2262.004 of the Government Code, university personnel who make decisions or recommendations regarding the preparation of a solicitation, evaluation of a bid or proposal, who should be awarded the contract, or contract terms or conditions of a major contract award must disclose in writing to the president on a form prescribed by the state auditor direct or indirect pecuniary interests (10% interest or \$25,000 threshold) or family relationships (nepotism) which that employee may have in the major contract award. A major contract award involves a contract of at least \$1 million in value. Use the referenced disclosure form developed by the Office of the State Auditor.

Additionally, to the extent such provision is applicable to the transaction, §2254.032 of the Texas Government Code requires officers and employees who have any financial interest in an offer to provide consulting services to the university to report that interest to the president no later than the tenth day after the date that the offer is submitted. University personnel must also report any individual related to them within the second degree by consanguinity or affinity (as determined by Section 573 of the Government Code) who has an interest in any consulting offer made to the university.

In addition to the specific reporting requirements and thresholds of §2262.004 of the Government Code, university personnel have broader reporting and ethics requirements outlined in Purchasing Ethics and Confidentiality (17.22). Officers and employees also have a legal disclosure requirement to declare any interest in property that is to be acquired by the university as outlined in Government Code Chapter 553.

Investment officers responsible for the investment of public funds under the Public Funds Investment Act, Government Code Chapter 2256, must disclose personal relationships and interests involving investment transactions.

Officers and employees are encouraged to contact the general counsel if they have questions or concerns about the applicability of this disclosure form and to disclose possible indirect or direct pecuniary interests which do not meet the minimum threshold limits outlined in these statutory provisions. Disclosure of all possible pecuniary interests in major or non-major contract awards or procurements is required by Purchasing Ethics and Confidentiality (17.22) to avoid other possible conflict of interest concerns. Potential transactions with relatives of employees should also be disclosed to the general counsel for advice and counsel to initiate measures that avoid any appearances of a conflict of interest.

5. Disclosure by Public Servant of Interest in Property

Section 553.002 of the Government Code requires individuals who are elected, appointed, employed or designated as an officer of government and who have a legal or equitable interest in property that is to be acquired with public funds to file an affidavit with the county clerk of the county the individual resides in and the county clerk of each county in which the property is located. The affidavit must be filed within 10 days before the date on which the property is to be acquired by purchase or condemnation. The contents of the affidavit are included in this section.

6. Conflicts of Interest for Officers (Regents)

In addition to the statutory restrictions outlined above or in referenced policies, officers of the university, namely regents, are held to relatively strict standards for conflicts of interest under law. Conflicts of interest may involve indirect or direct pecuniary interests as established in Texas common law. Specific statutory exceptions have been carved out to allow regents to recuse themselves from specific actions. Section 572.058 of the Government Code permits regents to disclose a personal or private interest in a measure, proposal, or decision pending before the board and not participate in board action involving that matter. Section 51.923 of the Education Code allows the university to contract with nonprofit corporations which may have one or more regents serving on their board or a regent serving as an officer or employee of the nonprofit. The statute also permits the university to contract with business entities in which a regent has an interest. If a regent has a “substantial interest” in the business entity and board approval is required, that regent must recuse himself or herself from the decision on behalf of the university. A regent has a “substantial interest” if the regent or the regent’s spouse, child, parent, father or mother in-law, son or daughter in-law, stepparent, or stepchild: ~~owns~~ 10%*one percent* or more of the voting stock or shares of the business entity or ~~owns either~~ 10%*one percent* or more or \$15,000 or more of the fair market value of the business entity; funds received by the regent from the business entity ~~exceed~~ 10%*one percent* of the regent’s gross income for the previous year; or the regent is an officer of the business entity or its governing board.

~~However, Section 2261.252 prohibits the university from entering into a contract for the purchase of goods or services with a private vendor if a regent or family member within the second degree of affinity or consanguinity has a financial interest. A financial interest is defined as owning or controlling, directly or indirectly, an ownership interest of at least one percent, including the right to share in profits, proceeds or capital gains; or if the regent could reasonably foresee that a contract with the vendor could result in a financial benefit to the employee or official. This section does not include a provision permitting disclosure and recusal prior to a vote to proceed with a contract.~~

Regents should contact the general counsel on possible conflict of interest matters and

disclose to counsel potential direct or indirect pecuniary interests in matters pending before the Board of Regents. Potential transactions with relatives of regents should also be disclosed to the general counsel for advice and counsel to avoid any appearances of a conflict of interest.

7. Nepotism

Officers and employees are reminded that hiring certain relatives as defined in Nepotism (11.16) and/or under state law is prohibited.

8. Discrimination and Sexual Harassment

Discrimination and sexual harassment are prohibited by university policies 2.11 and 2.13, respectively, and also under state and federal law.

9. Equity Ownership and Management Participation relating to Research, Development, Licensing and Exploitation of Intellectual Property

Ownership of any equity interest in a business entity that has an agreement with the university relating to research, development, licensing, or exploitation of intellectual property created or discovered by an employee shall be disclosed to the president or his designee. The president shall take any necessary steps to avoid injury to the university as a result of potential conflicts of interest arising out of such equity ownership.

No employee may serve as a director, officer, or employee of a business entity that has an agreement with the university relating to research, development, licensing, or exploitation of intellectual property in which the university has an ownership interest except upon request of, or prior approval by, the Board of Regents. Authorization to serve as a director, officer, or employee of such a business entity may be subject to one or more conditions established to avoid injury to the university as a result of potential conflicts of interest.

In accordance with §51.912 of the Texas Education Code, the names of all business entities that have an agreement with the university relating to the research, development, licensing, or application of intellectual property in which employees own an equity interest, or for which such persons serve as director, officer, or employee, shall be reported to the governor and legislature on an annual basis. The university may accept equity interests as partial or total compensation for rights conveyed in agreements with business entities relating to intellectual property owned by the university. The university may negotiate, but shall not be obligated to negotiate, an equity interest on behalf of any employee as a part of an agreement between the university and a business entity relating to intellectual property created, discovered, or developed by the employee and owned by the university.

10. Acting as an Agent

An officer or employee of the university is prohibited from acting as an agent for another person in the negotiation of the terms of an agreement relating to the provision of money, services, or property to the university.

Summary

In this age of high ethical standards and unrelenting public scrutiny, it is imperative that all state officers and employees be aware of applicable ethics laws. Texas governmental entities are run under an open government system, and all public officers and employees are subject to review. Anyone who has questions or concerns should contact the university's general counsel. A copy of this policy shall be annually filed with the Texas Higher Education Coordinating Board as required by the General Appropriations Act.

Fixed Rate Tuition Plan

Original Implementation: April 15, 2014

Latest Revision: ~~July 29, 2014~~ July 25, 2017

Section 54.017 of the Texas Education Code requires governing boards of general academic teaching institutions to offer a fixed tuition price plan to entering undergraduate students, including undergraduate students who transfer to the institution. Eligible freshmen or transfer students must be offered the opportunity to participate in a fixed tuition price plan for 12 consecutive semesters from the point of initial enrollment at a public or private institution, regardless of whether the student enrolls at any institution in those semesters. For purposes of this policy, one or more summer terms occurring in the same summer is considered a semester. Fees charged to a participating student may not exceed fees charged to a non-participating student. The statute permits the Board of Regents to establish restrictions and qualifications. The plan adopted by Stephen F. Austin State University (SFA) to meet the legislative requirements is the Fixed Rate Tuition Plan (F RTP). The F RTP is effective beginning in the fall semester of 2014. The restrictions and qualifications include the following provisions:

- The plan will apply to undergraduate students only.
- Only Texas resident students, or students defined under Texas Education Code Section 54.052 may participate in the F RTP.
- The F RTP is not applicable to any student who has previously enrolled at SFA, except for students that have only taken dual credit courses from SFA.
- An entering eligible student, either freshman or transfer, must accept or reject the F RTP prior to registering for the first semester. Students can change their decision any time prior to the first class day. Students eligible to make this election who enroll after the first class day must make their election prior to enrolling. That decision is non-revocable after they register.
- The fixed rate applies to designated tuition only.
- Entering freshmen who participate in the F RTP will be eligible to have a fixed level of designated tuition for four consecutive academic years that include fall, spring, and summer.
- An academic year will be considered three consecutive “semesters”, with the summer considered as one semester, regardless of whether a student enrolls in any or all of the summer terms—Maymester, Summer I or Summer II.
- Students must enroll in a degree-seeking program.
- Students may voluntarily elect out of the F RTP option and pay the prevailing designated tuition rate in the next subsequent semester, unless they opt out prior to the first class day of the semester. Once a student elects out of the plan, they may not be reinstated.
- ~~The rate of the F RTP will level at the same 16 semester credit hour designated tuition cap available outside the plan.~~ *Students enrolled in the F RTP will be eligible for the same tuition cap as established by the Board of Regents for students enrolled outside the plan.* If changes are made to the designated tuition cap, it will apply to all students.
- For purposes of planning and establishing cohorts, it is presumed that students will enroll in 30 hours a year for four years. Students may take more or less hours, as long as they do not exceed the allowable “consecutive semesters,” based on their assigned cohort.

- Students entering the F RTP will be assigned a cohort based on the date of their initial enrollment at any institution. The rate for each cohort will be set by the Board of Regents.
- The F RTP will be effective for the students for 12 “semesters” from their date of initial enrollment at SFA or another institution.
- Each fiscal year will have a rate assigned for that year based on the projected increases in designated tuition. That rate will apply for that fiscal year’s cohort.
- Transfer students enrolling at other institutions prior to the fall semester of 2011 will not be eligible.
- The F RTP is non-renewable.
- The excessive *undergraduate credit hours’* penalty *and the three-peat tuition penalty for repeating classes* will apply to F RTP students. This ~~penalty is imposed at the non-resident tuition rate~~, and will be charged in addition to the F RTP designated tuition rate *if students meet the conditions for which these penalties apply*.
- ~~The penalty for repeating classes for three or more times will apply to F RTP students.~~
- Students eligible for exemptions and/or waivers will not be allowed to register in the F RTP.
- Students attending under a contract paid by a third party are not eligible to enroll in the F RTP.
- Students participating in the Texas Guaranteed Tuition Plan (formerly the Texas Tomorrow Plan Fund) or the Texas Tuition Promise Fund are eligible to enroll in the F RTP.
- If a student is determined to be eligible for an exemption or waiver after enrollment, the student will no longer be eligible and the non-F RTP rate will be assessed for the current semester. (No retroactive adjustments to the account will be made for prior semesters.)

Graduate Assistantships

Original Implementation: Unpublished

Last Revision: ~~November 7, 2016~~ July 25, 2017

Stephen F. Austin State University offers three types of graduate assistantships (GAs):

Teaching Assistantship - A Graduate Teaching Assistant (GTA) works with students in a specific course or laboratory to provide support for the faculty member in charge, and, in some cases, to teach the course as the primary instructor, under the guidance of a faculty member.

Research Assistantship - A Graduate Research Assistant (GRA) is normally employed by the principal investigator of a funded research project or may be employed by an academic department in the pursuit of its broader research mission. The GRA will be assigned a range of duties, such as library searches, fieldwork, laboratory experiments, and preparation of reports. Work on a research project often leads to a thesis or dissertation or a professional presentation or publication, and provides long-range direction for the student's development as a scholar.

Administrative Assistantship - A Graduate Administrative Assistant (GAA) works with the administrative staff of a department, college, or campus office primarily in gathering, organizing, and analyzing information. The duties should be more advanced than those performed by undergraduate student assistants.

To be eligible for a GA, a student must have clear or provisional admission to the graduate school and the academic unit, and be in good academic standing. GAs assigned at the 50% rate (50% = full GA) are obligated to the academic unit to which they are assigned for *approximately 320 hours per semester or twenty (20) clock hours per week*. Those assigned to other percentages are obligated for a proportionate number of clock hours. *GA work times and schedules are determined by the needs of the academic unit or department*. The academic unit or department head is responsible for the selection, training, assignment of duties, and supervision of the GAs.

A GA must be enrolled for at least six semester credit hours (SCH) of graduate courses in a fall or spring semester, or three SCH in the summer. Should a GA fall below the required SCH minimum, the GA will not be eligible for an assistantship the following semester.

A GA who receives veteran's benefits or other resources may be required to take nine hours in a fall or spring semester in order to receive the additional benefits. A student eligible for additional benefits should consult the source of the additional funding to determine the number of hours he/she must be enrolled to receive the benefits.

A student must be approved for an assistantship by the academic unit head, dean, director of human resources, and dean of graduate studies. Appointment as a GA is completed only after the candidate has attended a mandatory new employee orientation session in the Department of Human Resources. Except for students in the Ed.D., Ph.D. and M.F.A. programs, or externally funded

grant programs, a student normally may receive an assistantship for no more than four long semesters and two full summers.

Administrative Leave with Pay

As authorized by Texas Government Code 661.911, the administrative head of an agency may grant administrative leave with pay without a deduction in salary as a reward for outstanding performance as documented by employee performance appraisals. Using employee performance appraisals as a basis for doing so, the president may grant administrative leave with pay to staff-employed in a position for at least 20 hours per week for a period of at least four and one half months and is not employed in a position for which the employee is required to be a student as a condition of the employment.

Full-time staff employees may be granted administrative leave in eight-hour increments and may not exceed 32 hours during a fiscal year. The leave can be reduced proportionately for part-time staff employees.

The president may develop and revise procedures necessary to implement this section in the president’s sole discretion, determine the number of hours that will be available in a fiscal year up to the statutory limit of 32 hours, and restrict administrative leave with pay to specific dates or for use throughout the fiscal year.

The two categories of eligibility for administrative leave are as follows::

Category One

1. The employee must receive a minimum overall rating of “Acceptable” on their last annual performance evaluation,
2. The employee must have received no rating below “Acceptable” in any category on their last performance evaluation,
3. The employee must have received an “exceeds expectations or exemplary” in at least one category on their last performance evaluation, and
4. The employee must not have received any disciplinary action during the last twelve months excluding oral and written reprimands.

Category Two

1. The employee must have satisfactorily completed their most recent performance evaluation without negative ratings in any area,
2. The employee must have made a significant contribution to a university initiative, managed a special project or initiative within their department and/or demonstrated exceptional performance beyond their tenure during their probationary period, and
3. The employee must not have received any disciplinary action during the last twelve months, excluding oral and written reprimands.

Administrative Leave with Pay Conditions

Administrative leave with pay is a reward and not an entitlement. Administrative leave is tracked and monitored by the controller’s office. The Department of Human Resources maintains procedures to implement administrative leave.

An employee shall not receive payment for administrative leave balances when their employment is terminated. Administrative leave balances cannot be transferred to other state agencies.

Additional Categories**Leaves available for both faculty and staff:**

Individuals for whom a leave of absence has been approved are responsible for making an appointment with human resources to resolve all questions regarding employee benefits.

Individuals on leave due to a personal serious health condition or to care for a covered relation must contact their supervisor at least once each week, or as often as requested by the supervisor, regarding the status of the condition and the intention to return to work. The supervisor is responsible for reporting this information to human resources as the university is responsible for notifying employees of their rights under the Family and Medical Leave Act (FMLA).

~~Additionally, the individual is required to call human resources on the 1st and 3rd Monday of each month during their leave to report their leave and/or return to work status. Employees on leave due to a worker's compensation claim must contact their supervisor at least once each week, or as often as requested by their supervisor, regarding the status of the condition and the intention to return to work. Additionally, the individual is required to provide a work status report to the university environmental health, safety and risk management office from the treating physician after each appointment. The environmental health, safety and risk management office will provide a form to the physician upon request. The employee is responsible for insuring the information is provided as requested.~~

~~Employees, who are recovering from a worker's compensation injury, are concurrently on FMLA leave, and who have exhausted all accrued paid leave are in leave without pay status (LWOP). These employees must make a written request from the university president for a leave of absence (LOA) not to exceed a 12 month period from the beginning of their leave without pay status. Except as provided for in the following leave provisions, any extended leaves of absence without pay for a period of four and one half (4 1/2) months or more for faculty or exempt staff must be approved by the Board of Regents upon the recommendation of the president.~~

~~**Family Medical Leave**— The Family and Medical Leave Act (FMLA) will, in many circumstances, entitle university employees with more than one year of service and who have worked at least 1,250 hours in the last year, to request up to twelve weeks of medical leave per year. (See the Family and Medical Leave policy 12.9 for more information.)~~

Parental Leave - Employees who do not qualify for family and medical leave are entitled to parental leave for the birth of a child or the adoption or foster care placement of a child under the age of three. Parental leave cannot exceed 12 weeks. Such parental leave may be taken only for the birth of a natural child or the adoption or foster care placement with the employee of a child under 3 years of age. The leave period begins with the date of birth or the adoption or foster care placement. (See the Family and Medical Leave policy 12.9 for more information.)

Foster Parent Leave - An employee, who is a foster parent to a child under the protection of the Department of Family and Protective Services (DFPS), is entitled to a leave of absence with full pay for the purpose of attending meetings held by the DFPS regarding the employee's foster child. In addition, the employee may attend, with a paid leave of absence, the admission, review, and dismissal (ARD) meetings held by a school district regarding the foster child.

Emergency Leave – *Employees may be granted emergency leave for the following reasons:*

1. Bereavement Leave: Employees will be granted *emergency leave* for bereavement leave without a loss in pay when a death occurs in their family. For the purposes ~~of~~ *of emergency leave due to bereavement leave*, family is defined as the employee's spouse, or the employee's

and spouse's parents, children, brothers, sisters, grandparents and grandchildren.

The amount of time granted for bereavement leave shall not exceed three days. A full three days is not automatically granted since it is intended that such leave be limited to the reasonable amount of time necessary for travel, funeral arrangements, and funeral services. If additional days are needed, ~~the~~^a faculty member will be required to use sick leave. Staff employees will be required to use vacation or compensatory time if additional days are needed. Employees who have exhausted all available leave accruals will be required to take leave without pay if extended leave is approved.

Requests for bereavement leave should be submitted to the department official who has the authority to approve leave. Requests for bereavement leave for family members, not mentioned above, or for leaves greater than three days are subject to the approval of the director of human resources, the divisional vice president, and the university president. Employees requesting bereavement leave may be required to provide documentary evidence of the relative's death to qualify for paid leave and attach it to the Bereavement Leave Request form.

- ~~2. Administrative Leave: Administrative leave will be granted in only the rarest of circumstances. While employees hold no entitlement to additional leave, they may be granted paid emergency/administrative leave when it is determined that there is good cause for such leave. Such leaves will not normally exceed three workdays per fiscal year. For the purposes of this leave, an emergency is defined as an unforeseen event or combination of circumstances calling for immediate action which if not responded to immediately would present imminent danger to human life or substantial damage to property. Except for extraordinary circumstances, employees accruing sick leave would not be eligible for emergency/administrative leave for their own, or a family member's medical illness.~~

~~Administrative leave may be requested by an employee and approved by the department head for the employee to attend the funeral of a co-worker or other university employee with whom they regularly worked. Department heads, however, must ensure minimum staff levels are maintained in the department.~~

2. Inclement weather conditions: *The university president may grant* ~~will not constitute just cause for an~~ emergency leave ~~unless approved by the president in response to inclement weather conditions for~~ the institution as a whole.
3. *Just Cause: The university president may grant emergency leave for other reasons determined to be for a good cause in good faith that the employee being granted the emergency leave intends to return to their position on expiration of the period of emergency leave.*

~~Requests for emergency/administrative leave will not be approved unless authorized by the employee's immediate supervisor and department head, the director of human resources, the divisional vice president, and the university president. All requests for emergency/administrative leave should be routed to the employee's supervisor on the Administrative Leave Request form.~~

4. *Leave during an Investigation: The university president may grant emergency leave to an employee who is the subject of an investigation being conducted by SFA or a victim of, or witness to, an act or event that is the subject of an investigation being conducted by SFA.*

Emergency Leave Reporting Requirements

1. *The university is required to report to the state controller's office no later than October 1 of each year, the name and position of each employee granted more than 32 hours of emergency leave during the previous fiscal year along with the reason the leave was granted.*
2. *The university is required to report to the state auditor's office and Legislative Budget Board the name of each employee given 168 hours or more of emergency leave due to a SFA investigation during each fiscal quarter.*

Educational Activities Leave - An employee may use up to 8 hours of sick leave each fiscal year to attend educational activities for the employee's children who are in pre-kindergarten through 12th grade. Educational activities are school-sponsored activities, including parent-teacher conferences, tutoring, volunteer programs, field trips, classroom programs, school committee meetings, academic competitions, and athletic, music, or theater programs. Employees must give reasonable notice of intention to use sick leave to attend such activities.

Jury Duty - No deduction shall be made from the salary or wages of any employee who is called for jury service. *Time allocated to jury duty includes time spent in the jury selection process and serving on a jury during a trial and the sentencing phase of the trial. If an employee is dismissed from jury duty prior to the end of the work day, the employee must return to work or request other appropriate leave for the remaining hours in the workday. Time spent traveling to jury duty location and the workplace shall be considered jury duty.*

Military Leave – Employees are eligible for 15 workdays in each federal fiscal year (October 1 through September 30) without loss of pay or benefits to accommodate authorized training or duty for the state's military forces, a reserve branch of the U.S. Armed Forces, or a state or federally authorized urban search and rescue team. The 15 days of paid leave do not have to be consecutive. If the employee does not use the 15 days of military leave in a federal fiscal year, the employee is entitled to carry the balance forward to the next federal fiscal year, not to exceed 45 workdays.

The university will adjust the work schedule of a member of the Texas National Guard or United States Armed Forces Reserve so that two of the employee's days off each month coincide with two days of military duty. An employee called to active duty during an emergency to serve in reserve component of the Armed Forces under Title 10 or Title 32 of the U.S. Code is entitled to an unpaid leave of absence. The employee may choose, but is not required, to use all or some portion of another form of paid leave before they choose to go on leave without pay while on military leave.

An employee called to state active duty as a member of the state military forces by the governor because of an emergency is entitled to receive emergency leave without loss of military leave or vacation leave. This leave will be provided without a deduction in salary. This time is not limited and does not count against the 15 days maximum military leave per federal fiscal year.

An employee called to federal active duty for the purpose of providing assistance to civil authorities in a declared emergency or for training for that purpose is entitled to receive paid emergency leave for not more than 22 workdays without loss of military leave or vacation leave per calendar year.

A member of the state military forces who is ordered to active state duty by the governor or by other proper authority under the law of this state is entitled to the same benefits and protections provided:

- To persons performing service in the uniformed services in accordance with Title 38 U.S.C. Sections 4301- 4313 and 4316-4319, as that law existed on April 1, 2003; and
- To persons in the military service of the United States in accordance with Title 50 App. U.S.C. Sections 501-536, 560, and 580-594, as that law existed on April 1, 2003.

Military Paid Leave and State Service - Employees called to active duty during national emergency to serve in a reserve component of the U.S. Armed Forces under Title 10 or 32 of the U.S. Code are entitled to state service for longevity purposes, vacation leave accruals, and sick leave accruals while on an unpaid leave of absence. This leave will be accrued but not posted until the employee returns to state employment. In addition, the employee retains their leave balances unless the employee chooses to use any accrued leave (vacation or compensatory time) to maintain benefits for the employee or the employee's dependents while on military duty. Additionally, the employee may continue to accrue service credit with ERS by receiving at least one hour of state pay during each month of active military service. The employee may use any combination of paid leave to qualify for state pay.

Military Differential Pay: The university shall grant sufficient emergency leave to provide a pay differential if the employee's military gross pay is less than the employee's state gross pay. The combination of gross military pay and emergency leave may not exceed the employee's actual state gross pay. Pay received while assigned to a combat zone, hardship duty pay, and family separation pay is excluded when computing military differential pay. The employee should be notified of the university's intent to use emergency leave to supplement their military pay to raise

it to a rate comparable to the state pay received prior to activation. Only state employees called to active duty in support of a national emergency or Homeland Security mission (under U.S.C. Title 10 or 32) and who's military pay is less than their gross state pay are eligible for differential pay. Service members involved in routine military training or who are attending military schools are not entitled to this differential pay. If emergency leave is granted to employees activated for military duty, those employees will accrue sick leave and vacation leave, as appropriate, each month they receive pay from the university. The sick and vacation hours will be accrued but not posted until the employee returns to full employment with the university. To determine eligibility, the employee must provide a copy of their Military Leave and Earnings Statement each month that emergency leave is going to be granted to look at the total entitlement of military pay received by the service member. The service member's pay may change during the period of active duty because of a promotion or change in entitlements; any increase in pay may reduce or cease the need for state military differential pay.

Military Restoration of Employment: To be eligible for restoration of employment at the conclusion of military service, the employee must be honorably discharged no later than five years after induction, enlistment, or call to duty and must be physically and mentally qualified to perform the duties of the job. If an employee is unable to perform the duties of the previous job due to a service-related disability, the veteran is entitled to be restored to a position that he or she can perform with similar or the -nearest possible seniority, status, and pay. Veterans whose employment has been restored may not be dismissed without cause within a year of their reinstatement. Eligible veterans must apply for reinstatement within 90 days after discharge or release from service. The application must be made in writing to the president of the university and must include evidence of discharge under honorable conditions. An individual reemployed is considered to have been on furlough or leave of absence during the time that they were in military service. As such, the employee may participate in retirement or other benefits to which a state employee is or may be entitled.

Medical and Mental Health Care Leave for Veterans: Veterans receiving health benefits under a program administered by the Veterans Health Administration of the United States are eligible for leave to obtain medical or mental health care administered by Veterans Health Administration of the United States Department of Veterans Affairs, including physical rehabilitation. Leave may not exceed 15 days each fiscal year unless the president grants additional leave.

Certified Red Cross Activities Leave - Employees who are certified disaster service volunteers of the American Red Cross or are in training to become such a volunteer may be granted a paid leave of absence not to exceed 10 days each fiscal year. The employee must have the approval of his or her supervisor and a formal request from the Red Cross. In addition, the approval of the governor's office is required. An employee on such leave will not lose pay, vacation time, sick leave, -earned overtime, and/or compensatory time during this leave. The pool of certified disaster volunteers must not exceed 350 participants at any one time.

Amateur Radio Operator Leave – An employee with an amateur radio station license issued by the Federal Communications Commission will be granted a paid leave of absence not to exceed 10 working days each fiscal year to participate in specialized disaster relief services. An employee on such leave will not lose pay, vacation time, sick leave, overtime leave, or compensatory time. The amateur radio operator leave must be authorized by the employee's supervisor and must have the approval of the governor. The number of amateur radio operators eligible for this leave may not exceed 350 state employees at any one time.

Volunteer Firefighters/Emergency Medical Services Training Leave - Volunteer firefighters and emergency medical services volunteers will be granted a paid leave of absence not to exceed five working days each fiscal year for attending training schools conducted by state agencies.

To be eligible for legislative leave, a peace officer or firefighter must submit a written application to his or her employer on or before the 30th day before the employee intends to begin the legislative leave. The application must state the length of requested leave and that the peace officer or firefighter is willing to reimburse the employer for any wages, pension, or other costs the employer will incur as a result of the leave. The length of the requested leave may not exceed the length of the session.

Legislative leave is not considered a break in service and is treated as any other paid leave.

Assistance Dog Training - An employee with a disability as defined by Texas Human Resources Code, Section 121.002 shall be granted a paid leave up to 10 working days in a fiscal year for the purpose of attending a training program to acquaint the employee with an assistance dog to be utilized by the employee. The leave of absence may not exceed five working days in a fiscal year to serve as a bone marrow donor or 30 working days in a fiscal year to serve as an organ donor.

Donation of Blood - An employee shall be allowed sufficient time off, without a deduction in salary or accrued leave, to donate blood. An employee must obtain approval from his/her supervisor prior to taking off. I. Introduction

Stephen F. Austin State University reaffirms its commitment to the freedoms of speech and expression by establishing this policy. Individuals have the right to attempt to attract the attention of others, and corresponding rights to hear the speech of others when they choose to listen, and to ignore the speech of others when they choose not to listen. This policy outlines the rules that govern the use of signs and exhibits to attract the attention of others.

Students, faculty, and staff are free to express their views, individually or in organized groups by sign or exhibit, on any topic, in all parts of the campus. Persons not affiliated with the university are free to express their views by sign or exhibit in areas designated for that purpose. These postings and exhibits are subject only to rules necessary to preserve the equal rights of others and the functions of the university. Teaching, research, and other official functions of the university shall have priority.

II. Definitions

"Student" shall mean any person registered for academic credit at the university.

"Faculty" and "staff" shall mean any person employed by the university.

"Official organization" shall mean any organization recognized by the university.

A "sign" means any method of displaying a visual message to others, except transferring possession of a copy of the message will be considered distribution of literature and not a sign.

A "banner" is a sign hung from a structure, or between two buildings, structures, or poles. A banner posted as part of a manned exhibit may be considered to be a "sign".

A "kiosk" is an outdoor structure designated by the university for the posting of signs.

A "yard sign" is a temporary outdoor sign displayed above the ground. Yard signs must not exceed 18 inches x 24 inches in size.

An "exhibit" is a temporary outdoor display used for marketing or informational purposes. This includes all free-standing products, sandwich boards, easels, etc.

“Chalking” is use of water soluble sidewalk chalk on paved areas.

III. **Applicability**

The rules articulated in this policy apply to all students, faculty, staff and their official organizations, as well as all other persons and groups. Due to practical administrative realities, this policy does not apply to the university and its agents, servants, or employees, acting in the course and scope of their employment. This exception also includes official activities of the SFA Alumni Association and SFASU Foundation.

IV. **Signs**

A student, faculty member, staff member or their official organization may display a sign by holding it, carrying it; by displaying it at a table, or by posting it on a kiosk, bulletin board, or at another designated location. Signs may not be posted in any other location.

A. **Posting Signs on Kiosks**

1. Only students, faculty, staff and their official organizations may post signs on kiosks. No advance permission is required so long as the sponsoring individual or person is clearly identified in writing on the material. Each sign posted on a kiosk must identify the student, employee or organization that posted the sign by using the full name of the individual or organization and contact information.
2. All persons or organizations seeking to display a sign without identifying information must complete a registration form with the Office of Student Engagement and deposit a true and correct copy of the sign to be displayed.
3. Students and employees posting signs as individuals may not post any sign advertising goods or services for sale except at locations designated for that purpose [see Solicitation on Campus (16.25)].
4. Due to space considerations, no sign posted on a kiosk may be larger than 11 inches by 17 inches.
5. Each sign must state the date the sign was posted or the date of the event being advertised.
6. Students, faculty, staff and their official organizations must take care to use the names and marks of the university on postings only in ways that are allowable and never in a way that would give the impression an event was sponsored by the university if that is not the case.
7. Signs may not be posted more than 14 days before the date of the event they advertise.
8. The person or organization that posts a sign on a kiosk must remove that sign no later than 14 days after it was posted, or 24 hours after the event it advertised has

concluded, whichever is earlier. The university reserves the right to remove sign from kiosks after the date of the event has passed.

9. No sign may be posted on a kiosk over another properly posted sign.
10. No person or organization may post more than two of the same signs on any one kiosk at the same time. If space is limited, the university reserves the right to remove multiple signs for the same event, program, or service, or signs sponsored by the same individual or organization, even if each is materially different.
11. A list of all officially designated kiosks and of locations where students, faculty and staff may post signs advertising goods or services for sale will be available in the student engagement office and on their website.

B. Signs in Other Designated Locations

Each academic or administrative unit of the university may authorize the posting of signs in spaces that unit occupies and controls.

The use of posting space controlled by academic or administrative units may be limited to official statements or business of the unit, or to certain subject matters of interest within the unit, or to signs posted by persons or organizations affiliated with the unit.

C. Removal of Signs

The dean of student affairs, or their designee, may remove any sign that violates any of the rules outlined in this policy, or any sign that meets the legal standards below:

1. A sign may be removed if it contains expressions that are an incitement to imminent lawlessness. Such removals may be conducted only with the advice of the general counsel and approval of the vice president for university affairs. Careful consideration must be given to the actual circumstances surrounding such expression, and removal can only occur if it appears that such provocation causes an immediate likelihood of violence or illegal acts. Advocacy of lawlessness is insufficient, and the speech must be directed to inciting or producing imminent lawless action and likely to incite or produce such action.
2. A sign may be removed if it contains "fighting words" expressions. Such removals may be conducted only with the advice of the general counsel and approval of the vice president for university affairs. "Fighting words" are similar to expressions of imminent lawlessness, except they are addressed to individuals on a personal scale. Only those "fighting words" that pose an immediate likelihood to provoke the average person to retaliation and thereby cause a breach of the peace should be considered under this exception. Again, careful consideration must be given to the actual circumstances surrounding such expression.

3. Signs may be removed if they contain obscenity. Such removals may be conducted only with the advice of the general counsel and approval of the vice president for university affairs. In determining what constitutes obscene material, a three-part test applies:
 - a. The average person applying contemporary community standards would find that the work taken as a whole, appeals to the prurient interest;
 - b. The work depicts or describes in a patently offensive way, sexual conduct specifically defined by the applicable state law; and
 - c. The work, taken as a whole, lacks serious literary, artistic, political or scientific value.

V. **Banners, Yard Signs and Exhibits**

Banners, yard signs and exhibits may be posted and displayed only by academic or administrative departments of the university. Those that do not clearly identify the sponsoring department may be removed.

VI. **Tables**

Students, employees and their official organizations may set up tables from which to display literature and disseminate information, subject to this policy.

A. **Locations**

Students, employees and their official organizations may set up tables in any outdoor location on the campus and in any indoor location subject to the rules governing the building housing this location.

Persons not affiliated with the university may set up tables in designated locations outdoors on campus and in indoor locations subject to the rules governing the building or grounds of the location.

B. **Table Permits**

Tables may not be set up without a permit. Reservations for space must be made at least 48 hours in advance using the Grounds Reservation Form. This form is available in the student engagement office and on the student engagement website. This process allows the university the opportunity to provide orderly scheduling of areas that may become crowded.

C. **Restrictions**

Tables cannot disrupt university functions and/or interfere with vehicular and pedestrian traffic.

Use of amplified sound at tables is governed by the policy, Use of Amplified Sound on Campus Grounds (16.31).

Tables may not be set up on the lower level of the Stephen F. Austin statue plaza.

Tables may only be set up inside any building with permission from the academic or administrative unit that controls the space, or from the faculty member or staff member who controls the space at a particular time. Academic or administrative units may specify additional rules by restricting tables to reasonable locations in spaces occupied by that unit.

Each table must have a sign or literature that identifies the student, faculty, staff or organization sponsoring the table.

Any person or organization sponsoring a table shall remove litter from the area around the table that resulted from tabling activity.

Students, faculty, staff and their official organizations may supply their own tables.

VII. Chalking

Sexual Misconduct

Original Implementation: July 27, 2015

Last Revision: ~~July 26, 2016~~ July 25, 2017

1. General Policy Statement

Stephen F. Austin State University (university) is committed to maintaining a learning and working environment that is free from sex discrimination. ~~Sexual misconduct~~ *Sexual Misconduct* is a form of sex discrimination and will not be tolerated. Individuals who engage in ~~sexual misconduct~~ *Sexual Misconduct* will be subject to disciplinary action.

1.1 The university will take prompt disciplinary action against any individuals or organizations within its control who violate this policy. The university encourages any student, faculty, staff, or visitor to promptly report violations of this policy to an individual identified in Section ~~34.72~~.

2. Applicability

This policy applies to all university administrators, faculty, staff, students, and third parties within the university's control, including visitors and applicants for employment. It applies to conduct regardless of where it occurs, including off university property, if it potentially affects the Complainant's education or employment with the university. It also applies regardless of the gender, gender identity or sexual orientation of the Complainant or the ~~respondent~~ *Respondent*. In addition, it applies whether the ~~complaint~~ *reported policy violation* was made by or against a third party, and whether the ~~complaint~~ *reported policy violation* was made verbally or in writing.

3. ~~Filing a Complaint and Reporting Violations~~

———*Definitions and Examples*¹

Complainant – refers to the individual(s) who are alleged to have been impacted by a violation of this policy.

Respondent – refers to the individual(s) who is accused of violating this policy.

Consent – involves a voluntary, ongoing, mutual understanding among all participants that indicates a willingness through words or clear unambiguous actions that demonstrate a knowing, intentional agreement to engage in each instance of sexual activity. Knowledge of Consent is the responsibility of each person involved in every instance of sexual activity and Consent can be withdrawn at any time.

¹ The definitions provided in the main body of the text are the definitions adopted by the university. When applicable, we have included the state law definition. In any criminal action brought by law enforcement, the state law definition will apply.

Examples of Ineffective or Absence of Consent

The following list provides examples of when Consent has not been obtained or is not effective. This list is not exhaustive:

Consent is not effective when any participant in the sexual activity is unsure if a knowing, intentional, voluntary, agreement to engage in each act of sexual activity has been demonstrated.

Consent is not effective if one person knew or reasonably should have known that another person involved was incapacitated.

Consent to one act does not imply Consent to another.

Past Consent does not imply future Consent.

Consent to engage in sexual activity with one person does not imply Consent to engage in sexual activity with another.

Any expression of an unwillingness to engage in any instance of sexual activity establishes a presumptive lack of Consent.

Consent is not effective if it results from: (a) the use of physical force, (b) a threat of physical force, (c) intimidation, (d) Coercion, (e) Incapacitation or (f) any other factor that would eliminate an individual's ability to exercise their own free will to choose whether or not to have sexual activity.

A current or previous dating or sexual relationship, by itself, is not sufficient to constitute Consent. Even in the context of a relationship, there must be a voluntary, mutually understandable agreement that clearly demonstrates a willingness to engage in each instance of sexual activity.

The definition of Consent for the crime of Sexual Assault in Texas can be found in Section 22.011(b) of the Texas Penal Code.²

² Texas Penal Code, Section 22.011(b) states that a Sexual Assault is without Consent if: (1) the actor compels the other person to submit or participate by the use of physical force or violence; (2) the actor compels the other person to submit or participate by threatening to use force or violence against the other person, and the other person believes that the actor has the present ability to execute the threat; (3) the other person has not Consented and the actor knows the other person is unconscious or physically unable to resist; (4) the actor knows that as a result of mental disease or defect the other person is at the time of the Sexual Assault incapable either of appraising the nature of the act or of resisting it; (5) the other person has not Consented and the actor knows the other person is unaware that the Sexual Assault is occurring; (6) the actor has intentionally impaired the other person's power to appraise or control the other person's conduct by administering any substance without the other person's knowledge; (7) the actor compels the other person to submit or participate by threatening to use force or violence against any person, and the other person believes that the actor has the ability to execute the threat.

Incapacitation – A state of being that prevents an individual from having the capacity to give Consent. For example, Incapacitation could result from the use of drugs or alcohol, a person being asleep or unconscious, or because of an intellectual or other disability.

Intimidation – Unlawfully placing another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the person to actual physical attack.

Coercion - the practice of compelling another party to act by use of intimidation or threats.

Dating Violence³ – includes abuse or violence, or a threat of abuse or violence, against a person with whom the actor has or has had a social relationship of a romantic or intimate nature. The existence of such a relationship shall be determined by the individual subjected to the violence -with consideration of the following factors:

- a) The length of the relationship;
- b) The type of relationship; and
- c) The frequency of interaction between the persons involved in the relationship.

Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. It does not include acts covered under the definition of domestic violence.

Domestic (Family) Violence⁴ – includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the individual subjected to

³ Dating Violence is defined by the Texas Family Code, Section 71.0021 as:

- (a) an act, other than a defensive measure to protect oneself, by an actor that:
 - (1) is committed against a victim:
 - (A) with whom the actor has or has had a dating relationship; or
 - (B) because of the victim's marriage to or dating relationship with an individual with whom the actor is or has been in a dating relationship or marriage; and
 - (2) is intended to result in physical harm, bodily injury, assault, or Sexual Assault or that is a threat that reasonably places the victim in fear of imminent physical harm, bodily injury, assault, or Sexual Assault.
- (b) For purposes of this title, "dating relationship" means a relationship between individuals who have or have had a continuing relationship of a romantic or intimate nature. The existence of such a relationship shall be determined based on consideration of:
 - (1) the length of the relationship;
 - (2) the nature of the relationship; and
 - (3) the frequency and type of interaction between the persons involved in the relationship.
- (c) A casual acquaintanceship or ordinary fraternization in a business or social context does not constitute a "dating relationship" under Subsection (b).

Texas Penal Code, Section 22.01 provides the criminal penalties associated with Dating Violence.

⁴ Family Violence is defined by the Texas Family Code Section 71.004 as:

- (1) an act by a member of a family or household against another member of the family or household that is intended to result in physical harm, bodily injury, assault, or Sexual Assault or that is a threat that reasonably places the member in fear of imminent physical harm, bodily injury, assault, or Sexual Assault, but does not include defensive measures to protect oneself;

the violence, by a person with whom the individual subjected to the violence shares a child in common, by a person who is cohabitating with or has cohabitated with the individual subjected to the violence as a spouse or intimate partner, by a person similarly situated to a spouse of the individual subjected to the violence under the domestic or family violence laws of the state of Texas, or by any other person against an adult or youth subjected to the violence who is protected from that person's acts under the domestic or family violence laws of the state of Texas.

Hostile Environment – *exists when sex-based harassment is sufficiently severe or pervasive to deny or limit the individual's ability to participate in or benefit from the university's programs or activities or an employee's terms and conditions of employment. A Hostile Environment can be created by anyone involved in a university's program or activity (e.g., administrators, faculty members, employees, students, and university visitors).*

In determining whether sex-based harassment has created a Hostile Environment, the university considers the conduct in question from both a subjective and objective perspective. It will be necessary, but not adequate, that the conduct was unwelcome to the individual who was harassed. To conclude that conduct created or contributed to a Hostile Environment, the university must also find that a reasonable person in the individual's position would have perceived the conduct as undesirable or offensive.

To ultimately determine whether a Hostile Environment exists for an individual or individuals, the university considers a variety of factors related to the severity, persistence, or pervasiveness of the sex-based harassment, including: (1) the type, frequency, and duration of the conduct; (2) the identity and relationships of the persons involved; (3) the number of individuals involved; (4) the location of the conduct and the context in which it occurred; and (5) the degree to which the conduct affected an individual's education or employment.

The more severe the sex-based harassment, the less need there is to show a repetitive series of incidents to find a Hostile Environment. Indeed, a single instance of Sexual Assault may be sufficient to create a Hostile Environment. Likewise, a series of incidents may be sufficient even if the sex-based harassment is not particularly severe.

First Amendment Considerations: This policy does not impair the exercise of rights protected under the First Amendment.

Other Inappropriate Sexual Conduct – *Includes unwelcome sexual advances, requests for sexual favors, or verbal or physical conduct of a sexual nature directed towards another*

- (2) abuse, as that term is defined by Sections 261.001(1)(C), (E), and (G), by a member of a family or household toward a child of the family or household; or*
- (3) Dating Violence, as that term is defined by Section 71.0021.*

Texas Penal Code Section 22.01 provides the criminal penalties associated with Domestic (Family) Violence.

individual that does not rise to the level of Sexual Harassment but is unprofessional, inappropriate for the workplace or classroom and is not protected speech. It also includes consensual sexual conduct that is unprofessional and inappropriate for the workplace or classroom.

Preponderance of the Evidence – *The greater weight of the credible evidence. Preponderance of the Evidence is the standard for determining allegations of Sexual Misconduct under this policy. This standard is satisfied if the action is deemed more likely to have occurred than not.*

Responsible Employee – *A university employee who has the duty to report incidents of Sexual Misconduct to the Title IX coordinator or other appropriate designee, or an employee whom an individual could reasonably believe has this duty. Responsible Employees include all administrators, faculty, supervisory staff, residence life directors and advisors, and graduate teaching assistants. Any employee with confidentiality obligations related to their primary duties to the university as defined in Section 4.5 is excepted.*

Retaliation – *Any adverse action threatened or taken against someone because the individual has filed, supported, provided information in connection with a report of Sexual Misconduct. Retaliation includes, but is not limited to: intimidation, threats, or harassment against any Complainant, responding party, witness, or third party.*

Sexual Assaults – *Refers to any sexual contact or intercourse with a person without the person's Consent, including sexual contact or intercourse against the person's will or in a circumstance in which the person is incapable of Consenting to the contact or intercourse and includes but is not limited to any offense that meets the definition of Rape, Fondling, Incest, or statutory Rape:*

- a) Rape: the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the Consent of the person.*
- b) Fondling: The touching of the private body parts of another person for the purpose of sexual gratification; without the Consent of the person, including instances where an individual is incapable of giving Consent because of the person's age or because of a temporary or permanent mental incapacity.*

5 Sexual Assault is defined by Texas Penal Code, Section 22.011 as intentionally or knowingly:

- a) Causing the penetration of the anus or sexual organ of another person by any means, without that person's Consent; or*
- b) Causing the penetration of the mouth of another person by the sexual organ of the actor, without that person's Consent; or*
- c) Causing the sexual organ of another person, without that person's Consent, to contact or penetrate the mouth, anus, or sexual organ of another person, including the actor.*

- c) *Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.*
- d) *Statutory Rape: Sexual intercourse with a person who is under the statutory age of ~~consent~~ Consent.*

Sexual Exploitation – Occurs when an individual takes non-consensual or abusive sexual advantage of another for his or her own benefit, or to benefit anyone other than the one being exploited. Examples of Sexual Exploitation include, but are not limited to, engaging in voyeurism; forwarding of pornographic or other sexually inappropriate material by email, text, or other channels to non-Consenting students/groups; and any activity that goes beyond the boundaries of Consent, such as recording of sexual activity, letting others watch consensual sex, or knowingly transmitting a sexually transmitted infection (STI) to another.

Sexual Harassment – Unwelcome conduct of a sexual nature including but not limited to unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature, when submission to such conduct is made either explicitly or implicitly a term or condition of a person's student status, employment, or participation in university activities; such conduct is sufficiently severe or pervasive that it interferes with an individual's education, employment, or participation in university activities, or creates an objectively Hostile Environment; or such conduct is intentionally directed towards a specific individual and has the effect of unreasonably interfering with that individual's education, employment, or participation in university activities, or creating an intimidating, hostile, or offensive environment. Sexual Harassment is a form of sex discrimination that includes:

- a) *Sexual Violence, Sexual Assault, Stalking, domestic violence and Dating Violence as defined herein.*
- b) *Physical conduct, depending on the totality of the circumstances present, including frequency and severity, including but not limited to:*
 - i. *unwelcome intentional touching; or*
 - ii. *deliberate physical interference with or restriction of movement.*
- c) *Verbal conduct not necessary to an argument for or against the substance of any political, religious, philosophical, ideological, or academic idea, including oral, written, or symbolic expression, including but not limited to:*
 - i. *explicit or implicit propositions to engage in sexual activity;*
 - ii. *gratuitous comments, jokes, questions, anecdotes or remarks of a sexual nature about clothing or bodies;*
 - iii. *gratuitous remarks about sexual activities or speculation about sexual experiences;*
 - iv. *persistent, unwanted sexual or romantic attention;*
 - v. *subtle or overt pressure for sexual favors;*
 - vi. *exposure to sexually suggestive visual displays such as photographs, graffiti, posters, calendars, or other materials; or*
 - vii. *deliberate, repeated humiliation or intimidation based upon sex.*

Sexual Misconduct – A broad term encompassing a range of non-consensual sexual activity or unwelcome behavior of a sexual nature. The term includes Sexual Assault, Sexual Exploitation, sexual intimidation, Sexual Harassment, domestic violence, Dating Violence, Stalking, and Other Inappropriate Sexual Conduct. Sexual Misconduct can be committed by men or women, strangers or acquaintances, and can occur between or among people of the same or opposite sex.

Stalking⁶ – Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others, or suffer substantial emotional distress. For the purposes of this definition--

- a) Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
- b) Reasonable person means a reasonable person under similar circumstances and with similar identities to the person subjected to the ~~stalking~~ Stalking behavior.

- a) is considered harassment, or that the actor knows or reasonably should know the other person will regard as threatening:

to note that a police department's geographic jurisdiction depends on where the ~~sexual misconduct~~ *Sexual Misconduct* occurred. If the incident occurred on the university campus, a report may be filed with the SFA University Police Department by calling 936-468-2608 or in person at the police headquarters at 232 East College Street, even if time has passed since the assault occurred. SFA university police can also inform the Ceomplainant on how to obtain a protective order.

Reporting an assault to law enforcement does not mean that the case will automatically go to criminal trial or to a university disciplinary hearing. If the university police are called, an officer will be sent to the scene to take a detailed statement. A report may be filed with the university police even if the assailant is not a university student or employee.

If the incident occurred off-campus a report may be filed with the appropriate law enforcement agency. No matter the location of the incident, SFA university police can assist the Ceomplainant in filing a report with the appropriate law enforcement agency. If a report is made to a law enforcement agency, an officer will usually contact the ~~–~~Ceomplainant to take a written report.

C. Counseling and Other Services

A person who has experienced ~~sexual violence~~ *Sexual Violence* is strongly encouraged to seek medical and psychological care even if ~~the person he or she~~ does not plan to report the assault to the police. A person may be prescribed medications to prevent sexually transmitted infections and/or pregnancy even if the police are not contacted.

In accordance with this policy, students involved in a case alleging any prohibited behavior related to this policy, including any Ceomplainant, reporting party, or responding party, will be offered counseling provided by a counselor who does not provide counseling to any other person involved in the incident, to the greatest extent practicable based on the number of counselors employed by the institution. A referral will be made by the Title IX coordinator or designee to Counseling Services when there is a request made for counseling to inform counseling services of the need for separate appointment times and providers.

Medical care for students can be provided at the Student Health Clinic, at a local emergency room, or by a private physician. Psychological support for students can be provided by the SFA Counseling Center.

Students desiring counseling should contact:

SFA Counseling Center
(936) 468-2401

Faculty and staff should contact:

Family Crisis Center of East Texas
(936) 468-7233
(800) 828-7233 (24 hour crisis line)

56.2 Interim Measures and Ongoing Assistance

In addition to the services provided by on- and off-campus providers, the university will take immediate and interim measures to assure the safety and well-being of the Ceomplainant, to maintain an environment free from harassment, discrimination or ~~retaliation~~ *Retaliation*, and to protect the safety and well-being of community members.

For example, if the accused is an employee, interim action may include reassignment and/or suspension. If the accused is a student, interim action may include suspension, no contact orders, changing living arrangements, modifying the course schedule, or modifying other aspects of the educational environment. Interim action may also include allowing the Ceomplainant to move to a new residence hall, change work schedules, alter academic schedules, and withdraw from or retake a class without penalty. Moreover, the university may be able to provide additional accommodations for a Ceomplainant while an investigation is pending.

At the outset of an investigation, students alleging policy violations involving violence, including but not limited to Sexual Assault, domestic violence, Dating Violence, or Stalking, and who are enrolled in the same course with a Respondent, may withdraw from the course without any academic penalty as an interim measure. This same option is available to the Respondent.

7. Intake Procedures and Protocol

7.1 Key Officials in an Investigation

A. Title IX Coordinator

The Title IX coordinator is the senior university administrator who oversees the university's compliance with Title IX. The Title IX coordinator is responsible for leading the administrative investigation of reports of ~~sexual misconduct~~ *Sexual Misconduct* and is available to discuss options, provide support, explain university policies and procedures, and provide education on relevant issues. The Title IX coordinator may designate one or more deputy Title IX coordinators.

Any member of the university community may contact the Title IX coordinator or a deputy coordinator with questions.

B. Investigators

The Title IX coordinator will ensure that ~~complaint~~*reported policy violations* are properly investigated under this policy. The Title IX coordinator will also ensure that investigators are properly trained at least annually to conduct investigations that occur under this policy.

67.2 Assessment of ~~Complaint~~*Reported Policy Violation*

The Title IX coordinator or designee will conduct a preliminary assessment of the ~~complaint~~*reported policy violation* and determine whether a formal resolution or an informal resolution should occur.

67.3 Notification to ~~Complainant~~*Complainant* of University Offices Offering Assistance

After receiving a ~~complaint~~*reported policy violation*, the Title IX coordinator or deputy coordinator shall inform the ~~Ceomplainant~~ of available resources and assistance.

67.4 Informal Resolution of Certain ~~Sexual—Misconduct~~*Sexual Misconduct Complaints* Reports. (OPTIONAL)

Informal resolution may be appropriate:

- (a) With a ~~complaint~~*report* not involving ~~sexual—violence~~*Sexual Violence* as defined in this policy; and
- (b) When both parties are categorically similar (i.e. employee/employee or student/student).

If informal resolution is deemed appropriate by the Title IX coordinator or designee, then the individual will be provided assistance ~~with-in~~ informally resolving the alleged ~~sexual—misconduct~~*Sexual Misconduct*. Assistance may include, depending on the ~~complaint~~*reported policy violation*, providing the ~~Ceomplainant~~ with strategies for communicating with the offending party that ~~the~~*his or her* behavior is unwelcomed and should cease, directing a university official to inform the offending party to stop the unwelcomed conduct, or ~~other informal resolution designed to stop, remedy and prevent future incidents~~*initiating mediation*. However, the university may take more formal action, including disciplinary action, to ensure an environment free of ~~sexual harassment~~*Sexual Harassment* or ~~sexual—misconduct~~*Sexual Misconduct*. A ~~Ceomplainant~~ may end this informal process at any time and proceed with a formal ~~complaint~~*report and investigation*.

Timeframe

Informal resolutions should be completed no later than 10 business days after the Title IX coordinator receives the request for informal resolution. Should an informal resolution take longer, a justification for the delay will be provided to the parties by the Title IX coordinator.

Confidentiality and Documentation

The university will document informal resolutions. The Title IX coordinator will retain the documentation. If the Ceomplainant *or reporting party* wishes to remain anonymous, the university's ability to establish facts and eliminate the alleged misconduct will be limited. The university will attempt to find the right balance between the Ceomplainant's desire for privacy and confidentiality and its responsibility to provide an environment free of ~~sexual misconduct~~ *Sexual Misconduct*.

67.5 Formal Complaint and Investigation

Formal Complaint

To begin the investigation process, the Ceomplainant should submit a signed, written statement setting out the details of the conduct that is the subject of the ~~complaint~~ *reported policy violation*, including the Ceomplainant's name, signature, and contact information; the name of the person(s) directly responsible for the alleged violation; a detailed description of the conduct or event that is the basis of the alleged violation; the date(s) and location(s) of the occurrence(s); the names of any witnesses to the occurrence(s); the resolution sought; and any ~~document~~ *documentation* or information that is relevant to the ~~complaint~~ *reported policy violation*. The university may initiate an investigation regardless of the manner in which a ~~complaint~~ *reported policy violation* is received; however a detailed written complaint may enhance the investigation. If the complaint is not in writing, the investigator should prepare a statement of what he or she understands the ~~complaint~~ *reported violation* to be after the initial interview and ask the Ceomplainant to verify that statement.

Investigation and Finding(s)

- A. An investigator will be assigned to investigate the ~~complaint~~ *reported policy violation*.
- B. As part of the investigation process, the Ceomplainant and the ~~respondent~~ *Respondent* will be provided notice of the ~~complaint~~ *reported policy violation* and be allowed five (5) business days to respond in writing. If the Ceomplainant or ~~respondent~~ *Respondent* has evidence that there is a conflict of interest or other bias between them and the Title IX coordinator

or investigator assigned to the ~~investigation~~~~complaint~~, such individual should describe and provide the evidence ~~offer~~ for the conflict of interest or bias in their response. Substantiated conflicts of interest or other bias will be handled in accordance with Section 87.3 of this policy.

- C. As part of their response, the ~~Ce~~complainant and the ~~respondent~~*Respondent* may present any document or information that is believed to be relevant to the ~~complaint~~*reported policy violation*.
- D. Persons thought to have information relevant to the ~~complaint~~*reported policy violation* will be interviewed and those interviews will be appropriately documented. Both the ~~respondent~~*Respondent* and the ~~Ce~~complainant may recommend witnesses for interview and suggest questions that should be asked. Neither the ~~Ce~~complainant nor the ~~respondent~~*Respondent* will normally attend these interviews or the gathering of evidence; however, if either one is permitted to attend, the other shall have the same right.
- ~~E. The investigation of a complaint will be concluded as soon as possible after receipt of the written complaint. The complainant, respondent, and Title IX coordinator should be provided updates on the progress of the investigation and issuance of the report. In investigations exceeding 60 calendar days, a justification for the delay will be presented by the investigator to the Title IX coordinator.~~
- ~~EE.~~ After the investigation is complete, a written report⁸ will be issued to the Title IX coordinator and the appropriate administrator. The appropriate administrator will depend on the status of the ~~respondent~~*Respondent* (i.e., student, faculty, employee, or third party). The report shall include a summary of the ~~complaint~~*reported policy violation* and investigation, factual findings, and a conclusion regarding whether a policy violation occurred (based on a “~~preponderance of the evidence~~*Preponderance of the Evidence*” standard).
- ~~GF.~~ After the written report is completed, the ~~Ce~~complainant and ~~respondent~~*Respondent* shall be informed concurrently in writing of the finding(s). Each will be allowed to inspect the report or, at the university’s discretion, *be* provided letters summarizing the findings in the report in keeping with FERPA and Texas Education Code, Section 51.971 to the extent applicable.

⁸ Appropriate report redactions will be made to comply with Texas Education Code, Section 51.971, to the extent applicable.

~~HG.~~ If the ~~respondent~~*Respondent* is found responsible for violation of this policy, after the appeal process in Section 67.6 has concluded, the matter will be referred to the appropriate administrator who will impose disciplinary action or sanction(s) in accordance with applicable policies and procedures dependent on the status of the ~~respondent~~*Respondent* (i.e. student, faculty, or employee).

67.6 Appeal

Each party will have five (5) business days from the date the report/letter is issued via e-mail to each party to submit a written appeal of the finding(s) using the “*Sexual Misconduct Appeal of Investigation Findings*” online form to the Title IX coordinator. ~~Appeals should be in writing and must include: the appealing party’s name, university identification number (if applicable), and the grounds for the appeal.~~ An appeal is not intended to re-hear or re-argue the matter and is limited to the following grounds:

- (a) ~~s~~Substantive procedural error that resulted in preventing a fair, impartial, or proper investigation. Deviations from the designated procedures will not be a basis for sustaining an appeal unless material harm or prejudice results;
- (b) ~~d~~Discovery of substantial new evidence that was unavailable at the time of the investigation, and which reasonably could have affected the findings of the investigator; and/or
- (c) ~~f~~Finding(s) not supported by the evidence.

If an appeal is filed, the other party will have two (2) business days to file a response to the appeal.

Appeals will be reviewed within seven (7) business days after being received. The Title IX coordinator will submit all appeal materials to an appeal panel consisting of three (3) members from a pool of trained individuals, typically deputy Title IX coordinators or investigators not affiliated with the matter. The appeal panel may:

- (a) ~~a~~Affirm or uphold the determination;
- (b) ~~r~~Request further investigation into the ~~complaint~~*reported policy violation*; or
- (c) ~~t~~Take such other action as may be warranted under the circumstances.

The ~~C~~complainant and the ~~respondent~~*Respondent* shall be informed concurrently in writing of the decision.

67.7 Standard of Proof

All investigations under this policy will use the ~~preponderance of the evidence~~*Preponderance of the Evidence* standard to determine violations of this policy.

67.8 Timelines

Barring any unforeseen and reasonable delays, the university will endeavor to resolve ~~complaint~~*reported policy violations* under this policy no later than sixty (60) calendar days after the initial report was received by the ~~R~~responsible Employee. If the investigation and resolution exceeds sixty (60) calendar days, the university will notify all parties in writing of the reason for the delay and the expected time frame adjustment. Best efforts will be made to complete the process in a timely manner by balancing principles of thoroughness and fundamental fairness with promptness.

At the request of law enforcement, the university may defer its fact-gathering until after the initial stages of a criminal investigation. The university will nevertheless communicate with the ~~Ce~~complainant regarding ~~their~~*his/her* rights, procedural options, the status of the investigation, and the implementation of interim measures to ensure ~~the~~*his/her* safety and well-being of the ~~Ce~~complainant. The university will also communicate with the ~~respondent~~*Respondent* regarding ~~the~~*his/her* rights, procedural options and information regarding the status of the investigation *as they relate to the* ~~respondent~~*Respondent*. The university will promptly resume its fact-gathering as soon as law enforcement has completed its initial investigation, or if the fact-gathering is not completed in a reasonable time.

The university will not wait for the outcome of a concurrent criminal or civil justice proceeding to take action. The university has an independent duty to investigate ~~complaint~~*reported policy violations of sexual misconduct**Sexual Misconduct*.

The filing of a complaint under this policy does not excuse the ~~Ce~~complainant from meeting time limits imposed by outside agencies. Likewise, the applicable civil or criminal statute of limitations will not affect the university's investigation of the ~~complaint~~*reported policy violation*.

67.9 Remedies

In addition to sanctions that may be imposed pursuant to the appropriate disciplinary policy, the university will take appropriate action(s), including but not limited to those below to resolve ~~complaint~~*reported policy violations of sexual misconduct**Sexual Misconduct*, prevent any recurrence and, as appropriate, remedy any effects:

- (a) Imposing sanctions against the ~~respondent~~Respondent, including attending training, suspension, termination or expulsion;
- (b) Ensuring the Ceomplainant and ~~respondent~~Respondent do not share classes, working environments, or extracurricular activities;
- (c) Making modifications to the on campus living arrangements of the ~~respondent~~Respondent or Ceomplainant (if the Ceomplainant requests to be moved);
- (d) Providing comprehensive, holistic ~~victim—support~~ services including medical, counseling, and academic support services, such as tutoring;
- (e) Providing the ~~complainant~~Complainant extra time to complete or re-take a class or withdraw from a class without an academic or financial penalty, *and minimizing any financial implications to the extent permitted by applicable law or regulation*;
- (f) Determining whether ~~sexual—misconduct~~Sexual Misconduct adversely affected the ~~complainant~~Complainant's university standing;
- (g) Conducting, in conjunction with university leaders, a university climate check to assess the effectiveness of efforts to ensure that the university is free from ~~sexual—misconduct~~Sexual Misconduct, and using that information to inform future proactive steps that the university will take;
- (h) Providing targeted training for a group of students or employees if, for example, the ~~sexual—misconduct~~Sexual Misconduct created a ~~hostile—environment~~Hostile Environment in a residence hall, or department, *student organization*~~fraternity or sorority~~, or on an athletic team. Bystander intervention and ~~sexual—misconduct~~Sexual Misconduct prevention programs may be appropriate;
- (i) Issuing policy statements or taking other steps to clearly communicate that the university does not tolerate ~~sexual misconduct~~Sexual Misconduct and will respond to any incidents and to any individual who reports such incidents.

These remedies are separate from, and in addition to, any interim measures that may have been provided before the end of the university's investigation. If the ~~complainant~~Complainant did not take advantage of a specific service (e.g., counseling) when offered as an interim measure, the ~~complainant~~Complainant should still be offered, and is still entitled to, appropriate final remedies that may include services the ~~complainant~~Complainant declined as an interim measure. A refusal at the interim stage does not mean the refused service or set of services should not be offered as a remedy.

67.10 Sanctions and Discipline

Disciplinary action against faculty and employees will be handled under the university's policies for discipline and dismissal of faculty and employees. Disciplinary actions may include, but are not limited to, written reprimands, the imposition of conditions, reassignment, suspension, and dismissal. The vice president for university affairs, or designee, will impose disciplinary action, if any, against a student under the university's student disciplinary procedures. Student disciplinary actions may include, but are not limited to, probation, suspension, or expulsion.

In accordance with federal law, when disciplinary action is commenced because of a violation of this policy, both parties will have equal opportunities in all aspects of the sanctioning process including notices and advisor ~~assistance~~~~representation~~. Further, the standard of proof in determining the outcome will be the ~~“preponderance of the evidence”~~*Preponderance of the Evidence,”* as defined in this policy.

78. Provisions Applicable to the Investigation

78.1 Assistance

During the investigation process, a ~~complainant~~*Complainant* or ~~respondent~~*Respondent* may be assisted by an advisor of their choosing, however, the advisor may not actively represent the ~~complainant~~*Complainant* or ~~respondent~~*Respondent* in any meeting or interview. Failure to abide by this policy may result in the advisor being dismissed from the meeting or interview.

78.2 Documentation

The university shall document ~~complaint~~*reported policy violations* and their resolution and retain copies of all materials in accordance with state and federal records laws and university policy.

78.3 Conflicts of Interest

In the event a conflict of interest (or related bias) exists between a ~~complainant~~*Complainant*/~~respondent~~*Respondent* and a university official responsible for any part of the investigation or disposition of the ~~complaint~~*reported policy violation*, the university will determine if a conflict of interest (or other related bias) exists, and, if so, make appropriate substitutions for that individual's role in the process.

89. Additional Conduct Violations

89.1 ~~Retaliation~~*Retaliation*

Any administrator, faculty member, student, or employee who knowingly and intentionally engages in any retaliatory action or behavior against any individual(s) involved in a case or investigation is subject to disciplinary action

up to and including dismissal or separation from the university. Individuals considered involved in a case or investigation include, but are not limited to, the Complainant(s); Respondent(s); any witness(es); and anyone who has submitted a reported violation, provided information in connection with a violation, and/or participated in an investigation or disciplinary process of a reported violation. ~~Any administrator, faculty member, student or employee who knowingly and intentionally retaliates in any way against an individual who has brought a complaint under this policy, participated in an investigation or disciplinary process of such a complaint, or opposed any unlawful practice, is subject to disciplinary action up to and including dismissal or separation from the university.~~

89.2 False ~~Complaint~~Reports

A charge of filing a false ~~report~~~~complaint~~ may be made by the university against any person who knowingly and intentionally files a false ~~complaint~~~~report~~ under this policy. An individual found responsible is subject to disciplinary action up to and including dismissal or separation from the university. A finding of non-responsibility does not indicate a report was false.

89.3 Interference with an Investigation

Any person who knowingly and intentionally interferes with an ongoing investigation conducted under this policy is subject to disciplinary action up to and including dismissal or separation from the university. Interference with an ongoing investigation may include, but is not limited to:

- (a) ~~a~~Attempting to coerce, compel, or prevent an individual from providing testimony or relevant information;
- (b) ~~r~~Removing, destroying, or altering documentation relevant to the investigation; or
- (c) ~~p~~Providing false or misleading information to the investigator, or encouraging others to do so.

89.4 No Effect on Pending Personnel or Academic Actions Unrelated to the ~~Complaint~~Reported Policy Violation

The filing of a ~~complaint~~~~report~~ under this policy will not stop or delay any action unrelated to the ~~complaint~~~~report~~, including: (1) any evaluation or disciplinary action relating to a ~~complainant~~~~Complainant~~ who is not performing up to acceptable standards or who has violated university rules or policies; (2) any evaluation or grading of students participating in a class, or the ability of a student to add/drop a class, change academic programs, or receive financial reimbursement for a class; or (3) any job-related functions of a university employee. Nothing in this section shall limit the university's ability to take interim action.

910. Dissemination of Policy and Educational Programs

109.1 –Policy Availability and Access

This policy ~~will be made~~ is available to the ~~public university community~~ online at <http://www.sfasu.edu/policies/>; additionally, a direct link to the policy can be found on the Lumberjacks-Care website (www.sfasu.edu/lumberjacks-care) to provide additional related information and resources identified in the policy. References to this policy and related resources will also appear in other university publications. Periodic notices will be sent to university administrators, faculty, staff, and students about the university's ~~sexual misconduct~~ Sexual Misconduct policy. All currently enrolled students will be sent email notices at the start of each academic term before the official reporting date. The notice will include information about ~~sexual misconduct~~ Sexual Misconduct, including the ~~complaint-reporting~~ procedure, and about university disciplinary policies and available resources, such as support services, health, and mental health services. The notice will specify the right to file a complaint under this policy and with law enforcement and will refer individuals to designated offices or officials for additional information.

910.2 – Ongoing ~~Sexual Misconduct~~ Sexual Misconduct Prevention Training and Lumberjacks Care Public Awareness Campaign

The university's commitment to raising awareness of the dangers of ~~sexual misconduct~~ Sexual Misconduct includes offering ongoing education through annual training and lectures by faculty, staff, mental health professionals, and/or trained university personnel. The university will regularly educate and train employees and supervisors regarding the policy and conduct that could constitute a violation of the policy. Preventive education and training programs will be provided to university administrators, faculty, staff, and students and will include information about risk reduction, including bystander intervention. Training on ~~sexual harassment~~ Sexual Harassment and ~~sexual violence~~ Sexual Violence policy and procedures will be provided to law enforcement personnel, including training on their obligation to advise university administrators, faculty, staff, and students of their rights to file a complaint under this policy and their right to file a criminal complaint. *More information about training and our Lumberjacks Care public awareness campaign can found at <http://www.sfasu.edu/Lumberjacks-Care/>*

910.3 –Training of Coordinators and Investigators

All Title IX coordinators, deputy coordinators, investigators, and those with authority over the administration of this policy shall receive training each academic year on the elements of this policy.

110. Annual Reporting and Notice

The university's non-discrimination statement will be made available to all students, faculty, and employees online, in required publications, and in specified departments. On a

regular basis, and upon any updates to this policy, the university will send notice of its compliance with Title IX as required by law. The notice shall designate the Title IX coordinator and deputy coordinators, explain which offenses are prohibited and where to report violations of this policy, provide information regarding *available* victim resources, and provide a link to this policy and other related university websites.

11. Definitions and Examples

Consent — ~~A voluntary, mutually understandable agreement that clearly indicates a willingness to engage in each instance of sexual activity. Consent to one act does not imply consent to another. Past consent does not imply future consent. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another. Consent can be withdrawn at any time. Any expression of an unwillingness to engage in any instance of sexual activity establishes a presumptive lack of consent.~~

~~Consent is not effective if it results from: (a) the use of physical force, (b) a threat of physical force, (c) intimidation, (d) coercion, (e) incapacitation or (f) any other factor that would eliminate an individual's ability to exercise his or her own free will to choose whether or not to have sexual activity.~~

~~A current or previous dating or sexual relationship, by itself, is not sufficient to constitute consent. Even in the context of a relationship, there must be a voluntary, mutually understandable agreement that clearly indicates a willingness to engage in each instance of sexual activity.~~

~~The definition of consent for the crime of sexual assault in Texas can be found in Section 22.011(b) of the Texas Penal Code.¹⁰~~

Dating Violence¹¹ — ~~Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.~~

⁹ The definitions provided in the main body of the text are the definitions adopted by the University. When applicable, we have included the state law definition. In any criminal action brought by law enforcement, the state law definition will apply.

¹⁰ Texas Penal Code, Section 22.011(b) states that a sexual assault ~~Sexual Assault~~ is without consent ~~Consent~~ if: (1) the actor compels the other person to submit or participate by the use of physical force or violence; (2) the actor compels the other person to submit or participate by threatening to use force or violence against the other person, and the other person believes that the actor has the present ability to execute the threat; (3) the other person has not consented ~~Consented~~ and the actor knows the other person is unconscious or physically unable to resist; (4) the actor knows that as a result of mental disease or defect the other person is at the time of the sexual assault ~~Sexual Assault~~ incapable either of appraising the nature of the act or of resisting it; (5) the other person has not consented ~~Consented~~ and the actor knows the other person is unaware that the sexual assault ~~Sexual Assault~~ is occurring; (6) the actor has intentionally impaired the other person's power to appraise or control the other person's conduct by administering any substance without the other person's knowledge; (7) the actor compels the other person to submit or participate by threatening to use force or violence against any person, and the other person believes that the actor has the ability to execute the threat.

¹¹ Dating Violence ~~Dating Violence~~ is defined by the Texas Family Code, Section 71.0021 as:

~~The existence of such a relationship shall be determined by the victim with consideration of the following factors:~~

~~The length of the relationship;~~

~~The type of relationship; and~~

~~The frequency of interaction between the persons involved in the relationship.~~

~~Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. It does not include acts covered under the definition of domestic violence.~~

~~Domestic (Family) Violence¹²—includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the state of Texas, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the state of Texas.~~

~~Hostile Environment—exists when sex-based harassment is sufficiently severe or pervasive to deny or limit the individual's ability to participate in or benefit from the university's~~

~~(a) an act, other than a defensive measure to protect oneself, by an actor that:~~

~~(1) is committed against a victim:~~

~~(A) with whom the actor has or has had a dating relationship; or~~

~~(B) because of the victim's marriage to or dating relationship with an individual with whom the actor is or has been in a dating relationship or marriage; and~~

~~(2) is intended to result in physical harm, bodily injury, assault, or sexual assaultSexual Assault-or that is a threat that reasonably places the victim in fear of imminent physical harm, bodily injury, assault, or sexual assaultSexual Assault;~~

~~(b) For purposes of this title, "dating relationship" means a relationship between individuals who have or have had a continuing relationship of a romantic or intimate nature. The existence of such a relationship shall be determined based on consideration of:~~

~~(1) the length of the relationship;~~

~~(2) the nature of the relationship; and~~

~~(3) the frequency and type of interaction between the persons involved in the relationship.~~

~~(c) A casual acquaintanceship or ordinary fraternization in a business or social context does not constitute a "dating relationship" under Subsection (b).~~

~~Texas Penal Code, Section 22.01 provides the criminal penalties associated with Dating ViolenceDating Violence.~~

~~¹² Family Violence is defined by the Texas Family Code Section 71.004 as:~~

~~(1) an act by a member of a family or household against another member of the family or household that is intended to result in physical harm, bodily injury, assault, or sexual assaultSexual Assault-or that is a threat that reasonably places the member in fear of imminent physical harm, bodily injury, assault, or sexual assaultSexual Assault, but does not include defensive measures to protect oneself;~~

~~(2) abuse, as that term is defined by Sections 261.001(1)(C), (E), and (G), by a member of a family or household toward a child of the family or household; or~~

~~(3) dating violenceDating Violence, as that term is defined by Section 71.0021.~~

~~Texas Penal Code Section 22.01 provides the criminal penalties associated with Domestic (Family) ViolenceDomestic (Family) Violence.~~

~~programs or activities or an employee's terms and conditions of employment. A hostile environment can be created by anyone involved in a university's program or activity (e.g., administrators, faculty members, employees, students, and university visitors).~~

~~In determining whether sex-based harassment has created a hostile environment, the university considers the conduct in question from both a subjective and objective perspective. It will be necessary, but not adequate, that the conduct was unwelcome to the individual who was harassed. To conclude that conduct created or contributed to a hostile environment, the university must also find that a reasonable person in the individual's position would have perceived the conduct as undesirable or offensive.~~

~~To ultimately determine whether a hostile environment exists for an individual or individuals, the university considers a variety of factors related to the severity, persistence, or pervasiveness of the sex-based harassment, including: (1) the type, frequency, and duration of the conduct; (2) the identity and relationships of the persons involved; (3) the number of individuals involved; (4) the location of the conduct and the context in which it occurred; and (5) the degree to which the conduct affected an individual's education or employment.~~

~~The more severe the sex-based harassment, the less need there is to show a repetitive series of incidents to find a hostile environment. Indeed, a single instance of sexual assault may be sufficient to create a hostile environment. Likewise, a series of incidents may be sufficient even if the sex-based harassment is not particularly severe.~~

~~First Amendment Considerations: This policy does not impair the exercise of rights protected under the First Amendment. The university's sexual misconduct policy prohibits only sex-based harassment that creates a hostile environment. In this and other ways, the university applies and enforces this policy in a manner that respects the First Amendment rights of students, faculty, and others.~~

~~Incapacitation—A state of being that prevents an individual from having the capacity to give consent. For example, incapacitation could result from the use of drugs or alcohol, a person being asleep or unconscious, or because of an intellectual or other disability.~~

~~Intimidation—Unlawfully placing another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.~~

~~Other Inappropriate Sexual Conduct—Includes unwelcome sexual advances, requests for sexual favors, or verbal or physical conduct of a sexual nature directed towards another individual that does not rise to the level of sexual harassment but is unprofessional, inappropriate for the workplace or classroom and is not protected speech. It also includes consensual sexual conduct that is unprofessional and inappropriate for the workplace or classroom.~~

~~Preponderance of the Evidence—The greater weight of the credible evidence. Preponderance of the evidence is the standard for determining allegations of sexual misconduct under this~~

~~policy. This standard is satisfied if the action is deemed more likely to have occurred than not.~~

~~**Responsible Employee**—A university employee who has the duty to report incidents of sexual misconduct to the Title IX coordinator or other appropriate designee, or an employee whom an individual could reasonably believe has this duty. Responsible employees include all administrators, faculty, supervisory staff, resident life directors and advisors, and graduate teaching assistants, except any employee with confidentiality obligations as defined in Section 3.5. Incidents of sexual misconduct (including sexual harassment and sexual violence) and other inappropriate sexual conduct may also be reported to responsible employees.~~

~~**Retaliation**—Any adverse action threatened or taken against someone *because* the individual has filed, supported, provided information in connection with a complaint *report* of sexual misconduct or engaged in other legally protected activities. Retaliation includes, but is not limited to, intimidation, threats or harassment against any complainant, witness or third party.~~

~~**Sexual Assault**¹³—An offense that meets the definition of rape, fondling, incest, or statutory rape:~~

~~**Rape:** the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the *person*victim.~~

Student Code of Conduct

Original Implementation: January, 1998

Last Revision: ~~July 26, 2016~~ July 25, 2017

Choosing to join the SFA community obligates one to adhere to a code of civilized behavior that embraces academic and personal integrity; respect for the dignity, rights and property of others; and an intolerance of bigotry. In keeping with this obligation, students and student organizations are expected to conform to the standards outlined in the Student Code of Conduct.

Additionally, at SFA, the community holds itself to a standard called The SFA Way. At its basis, The SFA Way encourages the entire university community to “strive for personal excellence in everything we do.” While the Student Code of Conduct articulates the minimum expectations of those in the community, the university encourages students to “hold themselves and others accountable” to the higher standards of The SFA Way.

This document is organized into the following sections:

2. The term “student” includes all persons enrolled at the university. Persons who withdraw after allegedly violating the Student Code of Conduct, who are not officially enrolled for a particular term but have a continuing relationship with the university, or participate in university sponsored activities prior to enrollment, are considered “students;” as are persons who are living in university residence halls, although not enrolled.
3. The “vice president for university affairs” is the person designated by the university president to be responsible for the administration of the Student Code of Conduct.
4. The term “student conduct administrator” means a university official authorized by the vice president for university affairs or his/her designee to impose sanctions upon any student(s) found to have violated the Student Code of Conduct.
5. The term “student conduct authority” means any person or persons authorized by the vice president for university affairs or designee to determine whether a student has violated the Student Code of Conduct and to recommend or impose sanctions when a violation has been committed.
6. The term “respondent” means any student accused of violating this Student Code of Conduct.
7. The term “~~complainant~~ *reporting party*” means any person who submits a charge alleging a student has violated this Student Code of Conduct.
8. The term “due process” means a respondent has or will be given notice of the accusation and an opportunity for a hearing. In a case involving a *reporting party* ~~complainant~~, the *reporting party* ~~complainant~~ will have the same access to due process as the respondent.

9. The term, “university-recognized medium” refers to means of communicating with students. In most cases, this will mean the student’s official SFA email address.
10. The term “student conduct hearing” means a meeting between the student conduct authority and a respondent(s) to determine, through a sharing of information, whether the student(s) has violated the Student Code of Conduct as well as the need for any sanction.
11. The term “administrative disposition” means a hearing with a Student Conduct Authority to determine whether a student has violated the Student Code of Conduct and imposing sanctions on students found responsible for violations.

13. The term “appeal” means the review by the designated appellate authority of the full record of a disciplinary hearing and the sanction imposed by a student conduct administrator or student conduct hearing board to determine the adequacy of the procedures used and the fairness of the sanctioning. The appeal may or may not include a meeting with the respondent and/or ~~complainant~~ *reporting party*.
14. The term “appellate authority” means any person or persons authorized by the vice president for university affairs or designee to consider an appeal regarding a student conduct authority’s determination as to whether a student has violated the Student Code of Conduct or regarding the sanctions imposed by the student conduct administrator.

21. The term “complicity” means being present during the planning or commission of any violation of the Student Code of Conduct in such a way as to condone, support, or encourage that violation. Proceedings under this Student

Code of Conduct may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of the vice president for university affairs or designee.

Determinations made or sanctions imposed under this Student Code of Conduct shall not be subject to change because criminal charges arising out of the same facts giving rise to violation of university rules were dismissed, reduced, or resolved in favor of or against the criminal law defendant.

When a student is charged by federal, state, or local authorities with a violation of law:

- a. The university will not request or agree to special consideration for that individual because of his or her status as a student.
- b. The university may advise off-campus authorities of the existence of the Student Code of Conduct and of how such matters are typically handled within the university community.
- c. The university will attempt to cooperate with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators provided that the conditions do not conflict with campus rules or sanctions.
- d. Individual students and other members of the university community, acting in their personal capacities, remain free to interact with governmental representatives, as they deem appropriate.

ARTICLE III: PROCEDURES

A. Introduction

The following rules of procedure in student disciplinary matters are adopted to ensure that the university will fulfill the requirements of procedural due process in student disciplinary proceedings, that the Stephen F. Austin State University Student Conduct Code and Residence Life Community Living Guidelines may be secured to all students and that the disciplinary procedures within Stephen F. Austin State University shall be definite and determinable.

These rules of procedure shall be followed in any disciplinary proceeding, subject to the authority of the Board of Regents and the authority delegated to the president of the university to exercise jurisdiction over disciplinary matters of the university. Cases involving sexual misconduct will be investigated according to university policy 2.13 (Sexual Misconduct). Sanctioning and appeals of sanctions in cases involving sexual misconduct will be conducted under this policy.

B. Overview of the Process

When a complaint is received in the Office of Student Rights and Responsibilities, the respondent will be contacted through a university-recognized medium or personal delivery. The student will be provided with a notice to appear for an administrative disposition with the student conduct authority. Details of administrative disposition procedures are provided below. Once a decision has been made, either the respondent, ~~complainant~~ *reporting party* or both shall have the right to request a hearing under the hearing procedures after the conclusion of an administrative disposition. Details of hearing procedures are provided below. A student may appeal the finding of the hearing to the dean of student affairs or his/her designee. If a student desires, they may waive their right to a hearing in favor of a hearing with the dean of student affairs or designee so

long as they are appealing the sanction received and not the findings of the student conduct authority. The ruling of the dean of student affairs or designee shall be final. Procedures governing appeals are provided below.

C. Filing the Complaint

Any member of the university community may file a complaint against a student alleging a violation or violations of the Student Code of Conduct. Complaints may be submitted in writing to the Office of Student Rights and Responsibilities. Anonymous complaints may be made; however, limited involvement by the ~~complainant~~ *reporting party* could impact the ultimate finding of responsibility.

D. Filing a False or Frivolous Complaint

Knowingly filing a false or frivolous complaint or knowingly providing false information to intentionally mislead university officials who are investigating or reviewing a complaint is expressly forbidden. A frivolous complaint is one that is made in retribution for another student filing a complaint and that can be clearly demonstrated as lacking merit. Violators may face charges up to and including suspension or expulsion. The university is the sole party who may file charges of a false or frivolous complaint.

E. Notice of Allegations/Charges

Upon receiving a report of an alleged violation of the Student Code of Conduct, the student conduct administrator will review the report and, if needed, conduct an initial investigation. If there is sufficient evidence to indicate that a violation may have occurred, a notice of allegations/charges will be sent to the respondent, including the alleged incident date and the nature of the charges, with instructions to appear in person at a designated location within five (5) business days to begin the student conduct process. The official means of contacting a student will be through university email or postal mail. If the student does not respond as instructed, another notice will be sent allowing another five (5) business days to respond. Failure to respond to the second notice may lead to the case being heard in absentia (without the student being present) and holds placed on the student's account. Holds will remain in place at least until the student contacts the student conduct administrator to receive case resolution information or until any sanction has been completed. Appeals to student conduct findings and/or sanctions heard in absentia must be filed within five (5) business days of the student conduct authority or student conduct hearing board's decision.

Where an incident has or can be reasonably expected to greatly disrupt the university environment, falls within the category of a suspendable offense, or occurs at the beginning or very near the end of a semester, the student may be contacted to come in immediately to begin the process. In addition to notices by email and postal mail, attempts will be made to contact the student by phone or by in-person contact by a university employee. This expedited contact is intended to preserve the university living/learning environment and can offer a student found responsible of an infraction options that may be time-limited or time-based, such as withdrawing prior to financial penalties or beginning a suspension period in a timely manner.

Failure by a student to have current contact information on file will not invalidate the notices.

F. Immediate Response

The university reserves the right to take any action as may be reasonably appropriate, upon receipt of a complaint, to protect the ~~complainant~~*reporting party* or university community pending the final outcome of these procedures. These actions may include housing reassignments, class schedule changes, and/or restrictions from entering certain buildings or participation in certain events. These actions will be handled on a case-by-case basis.

G. Investigation

The student conduct administrator, or designee, will begin an investigation of the case as an impartial party, not as a representative of the ~~complainant~~*reporting party*. The investigator will interview the ~~complainant~~*reporting party*, the accused and any other persons who may have pertinent factual information about the case. The process and the potential outcomes will be explained to both the ~~complainant~~*reporting party* and the accused, especially the use of the investigatory results in the student conduct process. All persons interviewed will be advised that this is a confidential investigation.

The investigator will meet with the respondent and provide the student access to the written complaint. The respondent may choose to respond verbally in the interview or in writing within a specified time. If the respondent accepts responsibility for the complaint allegations, the case can be resolved at that time through an administrative disposition or other remediation and the ~~complainant~~*reporting party* contacted with the outcome to the extent allowed by law, as well as the Title IX and ADA coordinators as appropriate. Both students have the right to request a hearing under the hearing procedures after the conclusion of an administrative disposition or to appeal the outcome as outlined in the appeals section of this policy.

The investigator may also gather and examine documents and other evidence relevant to the complaint and may consult with appropriate personnel for advice and guidance as applicable. The investigation should be completed within 20 business days. The investigator will document any reasons for an investigation taking longer than 20 business days. The investigation includes the preparation of the report of findings and recommendations (if appropriate).

H. Burden of Proof

The burden of proof is by a preponderance of the evidence, defined as evidence which leads a reasonable person to conclude something is more probable than not. The rules of evidence do not apply in any hearing nor are the proceedings to be conducted as judicial trials; however, care shall be taken to comply with the intent of the procedural safeguards provided by these guidelines.

I. Administrative Disposition

Administrative dispositions will be conducted with a single-member student conduct authority who will review the initial report, allow the student to respond or offer additional evidence, render a decision and determine sanctions as deemed appropriate. The ability to present witnesses to the alleged incident may be limited in this format. If the student conduct authority is unable to render a decision, or if the details of the case make a hearing more advisable, he/she may refer the case to the student conduct hearing board for a hearing. Otherwise, a student must request a hearing under the hearing procedures after the conclusion of an administrative disposition or appeal the sanction to the dean of student affairs or designee within five (5) business days of the decision or

the decision becomes final.

J. Hearing

A multi-member board composed of at least three individuals (typically two faculty/staff and one student) will conduct hearings. The faculty/staff members will be selected from a pool of appointees from the vice president for university affairs. The students will be selected from and representative of the general student population with input from the student government association president. A respondent will be advised of the board members in the hearing notification described below and have one business day to challenge a board member's participation based on known facts that would impact impartiality or conflict of interest. The university may replace the student member of the board for certain cases that require additional training or involve sensitive student information. Any alterations to the typical board composition will follow the same notification procedure.

K. Notice of Hearing

The hearing board chair will provide notice of the hearing, transmitted either through a university-recognized medium or personal delivery to the respondent. The notice will set forth the date, time and place of the alleged violation, the conduct in question, and the date, time and place of the hearing before the student conduct hearing board. The respondent will be informed that an advisor may accompany the respondent to the hearing. The student must notify the student conduct hearing board chair if an attorney is chosen as an advisor to allow the university's attorney to also be present. Failure by the respondent to have a current local address on record with the university or to access notifications transmitted through a university-recognized medium shall not invalidate the notice. The notice shall be given at least five (5) consecutive calendar days prior to the hearing, unless a shorter or longer time is fixed by the chair for good cause. Any request for continuance shall be made in writing to the chair, who has the authority to reschedule the hearing if it is determined the request is timely and for good cause.

If a new hearing must be set for either the failure of the respondent to show or for a continuance, the chair will notify the student conduct administrator and the respondent of the new date for the hearing. Failure to appear for the newly scheduled hearing will lead to the case being heard in absentia (without the student being present) and holds placed on the student's account. Holds will remain in place at least until the student contacts the student conduct administrator to receive case resolution information or until any sanction has been completed.

Appeals to student conduct findings and/or sanctions must be filed within five (5) business days of the student conduct authority's decision as outlined in the appeal section of these procedures.

L. Role of the Chair in Hearings

The chair manages the hearing according to the procedures outlined in this document and ensures it is conducted in a manner consistent with the ascertainment of the truth and the orderly process of justice. Each person in attendance is expected to exhibit proper dignity, courtesy, and respect. The chair may dismiss any person from the hearing who interferes with or obstructs the hearing or fails to abide by the rulings of the chair.

Procedural questions which arise during the hearing not covered by these general rules shall be

determined by the chair, whose ruling shall be final unless the chair presents the question to the committee at their request, in which event the ruling of the committee by majority vote shall be final. The chair may also seek guidance from the general counsel prior to or during the hearing on procedural issues.

M. Role of the Student Conduct Administrator

In serving both the student conduct hearing board and the respondent, the role of the student conduct administrator is impartial and supportive in nature and there is no involvement in the final determination of the board. The student conduct administrator provides a summary of the case and initial investigations and can also be called to testify about the outcomes of previous similar cases and the conduct background of the respondent for consideration by the student conduct hearing board for sanctioning if the student is found responsible for a violation of the student code of conduct.

N. Order of Proceedings

The student conduct hearing board chair will preside at the hearing, determine the presence or absence of the respondent, verify the receipt of notices of charges by the respondent, call for or report any continuances (rescheduling) requested or granted, determine the presence of any advisor of the respondent and explain any special or extraordinary procedures to be employed during the hearing. The hearing will be recorded in either voice or video format.

The student conduct administrator will begin the process by presenting a general overview of the case to the board outlining the basic nature of the case, the types of evidence to be used, and the findings of any investigation prior to the hearing. This information is prepared at the direction of the student conduct hearing board chair after a review of the initial report of the alleged incident. The student conduct administrator is not a part of the student conduct hearing board and serves to provide the board and the respondent with assistance in obtaining the information necessary for as full a hearing of the facts as possible.

The respondent can choose to make opening remarks after the student conduct administrator gives the overview or wait until any defense witnesses or evidence are presented. The respondent's advisor may advise the respondent, but may not participate in the hearing, for example by questioning witnesses or addressing the board.

The student conduct hearing board and the respondent may call and cross-examine witnesses and present evidence. The respondent may address the board and inspect and copy the board's findings and determinations. The respondent can, but cannot be required to, testify. Any person testifying, including the respondent, shall be subject to cross-examination, subject to other provisions specified in this policy.

The respondent will be afforded an opportunity to obtain necessary witnesses and documentary or other evidence. The student conduct administrator will assist in securing the cooperation of witnesses. The student conduct administrator cannot compel other students to appear at a hearing but can assist students being called as witnesses with class absence notifications when necessary. The student conduct administrator will make available any necessary documents and other evidence within the university's control, to the extent allowed by law. Depending on the nature of the evidence, it may be made available to the respondent during normal university business hours but not released to the respondent and/or in an alternate format such as a photograph or recording.

The hearing is meant to be an exchange of information and a presentation of facts and evidence by witnesses having direct knowledge of the alleged infraction. The student conduct hearing board chair may limit the number of, or disallow completely, character witnesses that have no knowledge of the alleged incident. Witnesses are called beginning with those the student conduct hearing board requested. The board members and the respondent may both ask questions.

The board chair may direct the respondent to direct questions to the chair to be asked on the respondent's behalf at the chair's discretion. When this process is completed, the respondent may call any witnesses or present any additional evidence or information relevant to the current complaint.

After all witnesses and evidence has been presented, the respondent may make a closing statement, if desired. The chair may then call on the student conduct administrator for a range of sanctions for the alleged infraction. At this time, the student conduct administrator, the respondent, and any advisor are excused, the recording stopped, and the student conduct hearing board analyzes the information gathered, determines what it believes are the facts of the case, renders a finding of responsible or not responsible, and an appropriate sanction, if necessary. These findings are to be delivered to the student conduct administrator within 3 business days where an outcome letter will be prepared for the respondent. The respondent may appeal the decision within five (5) business days of the date of the letter of findings as outlined in the appeal section of these procedures.

Hearings are closed to the public. The general counsel may be consulted in procedural matters of the student conduct hearing board and may be present at hearings. All information presented in the hearing is confidential and restricted to only those who have an absolute need to know.

O. Hearing Procedures with a Complainant Reporting Party

When a hearing is held with a student complainant reporting party, the process will follow the general pattern of the regular hearing in this manner:

- a. Summary of the case and initial investigations by the student conduct administrator
- b. Opening statement by the complainant reporting party (five minutes)
- c. Opening statement by the respondent if the respondent chooses (five minutes)
- d. Presentation of witnesses and evidence by complainant reporting party
- e. Presentation of witnesses and evidence by respondent
- f. Closing statement by the complainant reporting party (five minutes)
- g. Closing statement by the respondent if the respondent chooses (five minutes)

The burden of proof is by a preponderance of the evidence. Cross-examination of the witnesses is allowed by both parties. In cases of alleged victimization, the parties shall not be permitted to directly question each other. The student conduct hearing board is permitted to question the parties and/or witnesses at any time during the proceeding. At the conclusion of the complainant reporting party's closing statement, the student conduct administrator, the complainant reporting party, the respondent, and any advisors are excused, the recording stopped, and the student conduct hearing board analyzes the information gathered, determines what it believes are the facts of the case, renders a finding of responsible or not responsible, and an appropriate sanction, if necessary. These

findings are to be delivered to the student conduct administrator within three (3) business days where an outcome letter will be prepared and sent to the respondent and the ~~complainant~~*reporting party* to the extent allowed by law and to the Title IX and/or ADA coordinator as appropriate. Any appeal to the board's decision must be made within five (5) business days of the date of the letter of findings as outlined in the appeal section of these procedures.

Hearings are closed to the public. The general counsel may be consulted in procedural matters of the student conduct hearing board and may be present at meetings. All information presented in the hearing is confidential and restricted to only those who have an absolute need to know.

In addition to the procedures outlined elsewhere, the following will also apply:

- a. Both the respondent and the ~~complainant~~*reporting party* will receive the notice of the hearing.
- b. Both the respondent and the ~~complainant~~*reporting party* will have the right to challenge a board member's participation based on known facts that would impact impartiality or conflict of interest. This selection must be made prior to the hearing, within one day of receiving the notice.
- c. Both the respondent and the ~~complainant~~*reporting party* have the right to have an advisor present.
- d. Both the respondent and the ~~complainant~~*reporting party* may ask for a continuance.
- e. Both the respondent and the ~~complainant~~*reporting party* will have the same opportunity to obtain witnesses and evidence and have the assistance of the university as described.
- f. Both the respondent and the ~~complainant~~*reporting party* will have the right to testify or refuse to testify.
- g. Both the respondent and the ~~complainant~~*reporting party* will have opportunity to cross-examine all witnesses and are subject to cross-examination if choosing to give testimony. An intercom or other remote audio or video device may be used in hearings to allow a ~~complainant~~*reporting party* to testify and respond to questions and cross-examinations without face-to-face contact with the respondent.
- h. Both the respondent and the ~~complainant~~*reporting party* will have the ability to submit a written response to the charges.

P. Appeal Procedures

Students have one level of appeal for every student conduct case. The final appellate authority shall be the vice president for university affairs or his/her designee. There shall be two grounds for appeal. The first is appealing the findings of responsibility and the second is an appeal of the sanction received. Respondents sanctioned under this policy for violation of the Sexual Misconduct policy (2.13) may only appeal the sanction(s) administered under this policy.

Appeal of the Findings of Responsibility

The respondent may appeal the finding of responsibility to the dean of student affairs. The student must file a signed and dated written appeal in the Office of the Dean of Student Affairs no later than 5 p.m. the day of the deadline. The written appeal must contain: the respondent's university identification number, date of the disciplinary action being appealed, the nature of the charges, the grounds which merit an appeal, any extenuating circumstances the respondent wishes to have considered and a request(s) to continue to reside on campus and/or attend classes during the appeal process.

Appeal of the Sanction

The respondent may accept the finding of responsibility and appeal the sanction to the vice president for university affairs or his or her designee. The signed and dated written appeal must be filed in the Office of the Dean of Student Affairs no later than 5 p.m. the day of the deadline. The written appeal must contain: the respondent's university identification number, date of the disciplinary action being appealed, the nature of the charges, the grounds which merit an appeal, any extenuating circumstances the respondent wishes to have considered and a request(s) to continue to reside on campus and/or attend classes during the appeal process.

Q. Confidentiality and Records

All hearings and records (written, electronic, audio or video recording, etc.) pertaining to hearings will be considered education records and will be treated as designated by current law. Student conduct records are kept for two years beyond a student's final enrollment at the university. Records for cases where a student has been suspended or expelled are held permanently. Disciplinary actions are not noted on a student's academic transcript.

There will be no disclosure of file contents outside of the university without the written permission of the student, unless required or allowed by law. Disclosure within the university is limited to those employees having legitimate need of the information to conduct university business. Incident reports are generally not released to students to protect the privacy rights of other students involved in the incident. A student may make a written request for a personal copy of their incident report and receive a redacted copy. Disclosure to victims of violent crimes, nonforcible sex offenses or other offenses with reporting requirements will be handled according to current law.

Hearings are audio and/or video recorded. All hearings are closed to the public.

R. Rights of Students in Disciplinary Proceedings

The rights outlined below will be accorded to any student in an administrative disposition or hearing for an alleged violation of the student code of conduct. Both respondent and complainant/reporting party shall have the same rights under this Student Code of Conduct unless additional rights are provided to either party under the law.

- a. to be present at the hearing;
- b. to meet with the student conduct administrator to discuss the disciplinary process;
- c. to submit a written account of the alleged incident;
- d. to be advised of the date, time and location of the disciplinary hearing, and to request rescheduling (a continuance) for good cause;
- e. to be present at the hearing and to be accompanied by an advisor of the student's choosing during the hearing process, although the advisor will not be permitted to speak for the student during the hearing;
- f. to testify at the hearing;
- g. to decline to testify, with knowledge that all relevant evidence will be considered and the alleged violation adjudicated;
- h. to hear or examine evidence presented against the respondent;

- i. to have and cross-examine witnesses, as specified in this policy;
- j. to make any statement in mitigation or explanation of the conduct in question;
- k. to be informed in writing of the finding and any sanction imposed to the extent allowed by law;
- l. to appeal the finding and/or sanction to the proper authority;
- m. to waive hearing deadlines as outlined in these procedures.

S. Additional Rights of ~~Complainant~~*Reporting Parties* in Disciplinary Proceedings Involving Victimization

Some actions that violate university policy involve victimization of one or more students by another student(s). This behavior may include physical violence and other acts that endanger the safety of others in the university community. Individuals initiating a complaint involving victimization or respondents in these cases are entitled to certain rights during the disciplinary process. Cases involving victimization defined as sexual misconduct will be investigated according to university policy 2.13 (Sexual Misconduct).

If a complaint is filed with the student conduct administrator, it is important to remember that the respondent is being charged with violating a university rule or regulation; therefore, the university is ultimately responsible for investigating, initiating charges, imposing sanctions if the respondent chooses to admit the violation, implementing the hearing process, and determining sanctions following a finding of responsibility. Although a ~~complainant~~*reporting party*'s input may be sought during the disciplinary process, the ultimate disposition of the case rests with the university. If a ~~complainant~~*reporting party* withdraws a complaint during the course of the disciplinary proceeding, the university reserves the right to proceed with the case on the basis of evidence other than the testimony of the ~~complainant~~*reporting party*.

During the course of a disciplinary proceeding, a ~~complainant~~*reporting party* in cases involving victimization has the following rights:

- a. to meet with the student conduct administrator to discuss the disciplinary process;
- b. to have reasonable assistance from the university in remediating any situation where the victim must be in contact with the respondent, such as a change in residence hall or course section assignment or restrictions on entering specific buildings or attending certain events;
- c. to make an impact statement, either in person or in writing, to the student conduct hearing board for consideration during the sanctioning phase;
- d. to know the outcome of the process as allowed by laws related to the particular incident.

T. Penalties

Admonition: is a warning.

Conduct Probation: is for a specified period of time and requires that a second offense will result in disciplinary probation or suspension.

Disciplinary Probation: is for a specified period of time and may carry with it other conditions to be met (e.g., restriction of participation in extracurricular activities, holding student office, pledging or joining campus organizations).

Special Action: is a sanction designed to enhance the educational intent of the disciplinary process. Examples of sanctions include the requirement of a special program or class (the cost of this program will be paid by the student), removal from university housing, payment of damages, extracurricular activity restrictions, community service, educational sanctions, counseling referrals, removal from any class or program, or restrictions on enrollment in any class or program.

Suspension of an Individual: is a bar from attending the university for a specific period of time and begins at the date and time specified by the student conduct authority considering the case. A suspension also carries with it the following conditions:

- A. The respondent must remain off the campus during the period of suspension, except when summoned by a university official or when an appointment with an official has been arranged in advance.
- B. A student under suspension may not live or board in university facilities.

Suspension of a Student Organization: is loss of university recognition for a specified period of time as outlined in university policy 10.9 (Student Organization Formation and Recognition). Student organizations are required to cease all activities during the specified period. Student organizations that continue to function during the suspension will be considered in violation of their suspension. Special Actions may also be attached to the suspension to enhance the educational intent of the disciplinary process. Suspended student organizations must submit a new application as an organization at the end of the suspension period.

Expulsion: is a permanent bar from attending the university whereby the student is not eligible for readmission to the university and begins at the date and time specified by the student conduct authority considering the case. An expelled student's status will also carry the following conditions:

- A. The expelled student must remain off the campus, except when summoned by a university official or when an appointment with an official has been arranged in advance.
- B. A student under expulsion may not live or board in university facilities.

Debarment: is equivalent to suspension from the university applied to persons not currently registered at the time the penalty is imposed.

Interim Suspension: The student conduct authority may, with the approval of the vice president for university affairs, suspend a student for an interim period pending disciplinary proceedings when there is evidence that the continued presence of the student on the university campus poses a substantial threat of harm or bodily injury, damage to property, or threat to the stability and continuance of normal university functions. The student conduct authority may provide for the interim suspension to become immediately effective without prior notice to the student. However, the student conduct authority shall provide notice to the student at the first reasonable

opportunity.

The student conduct authority shall inform the student that he/she is entitled to a hearing to be held within five (5) university business days from the effective date of the interim suspension. If the student desires a preliminary hearing shall then be held on the following issues only:

- A. the reliability of the information concerning the student's conduct, including the matter of his/her identity;
- B. whether the conduct and surrounding circumstances reasonably indicate that the continued presence of the student on the university campus poses a substantial threat of harm or bodily injury, damage to property, or threat to the stability and continuance of normal university functions.

If the student conduct authority finds the information concerning the respondent's conduct is unreliable or that the respondent has been misidentified, charges may be dismissed. If the student conduct authority finds that allowing the respondent to remain on campus poses no threat or disruption, the student may be allowed to remain on campus pending the completion of the hearing process.

U. Status during Appeal

In cases of suspension or expulsion where an appeal is filed within the required time, a respondent may petition the Office of the Dean of Student Affairs in writing for permission to continue to reside on campus and/or attend classes pending final determination of the appeal. The officer may permit either of these requests under such conditions as may be designated pending completion of appellate procedures, provided such continuance will not seriously disrupt the university or constitute a danger to the health, safety or welfare of the university community.

ARTICLE IV: NON-DISCRIMINATION, INTERPRETATION AND REVISION

Decisions under this policy will be made based on observations of a student's conduct, actions and statements and not on the basis of a student's race, color, religion, national origin, sex, age, disability, genetic information, citizenship, veteran status, sexual orientation, gender identity, or gender expression.

Any question of interpretation or application of the Student Code of Conduct shall be referred to the vice president for university affairs or designee for final determination.

The Student Code of Conduct shall be reviewed annually under the direction of the vice president for university affairs or designee.

Student Internships

Original Implementation: July 29, 2014

Last Revision: ~~None~~ July 25, 2017

This policy describes the process to *place or employ a student intern at SFA* ~~determine and determine~~ *whether student the internships at SFA* must be paid or unpaid. The Fair Labor Standards Act (FLSA) defines the term “employ” very broadly as ~~including~~ “to suffer or permit to work.” *When it is determined that SFA employees* ~~Those who meet that broad FLSA definition, those employees are~~ “suffered or permitted” to work must be compensated ~~under the law~~ for the services they perform.

Volunteer (Unpaid) Internships

~~If the test below is not met, the individual is required to be paid at least the minimum wage and overtime compensation for hours worked over forty in a work week.~~

Definition

There are some circumstances ~~whereby under which~~ a student who participates in an internship or training program may do so without compensation. The determination of whether an internship or training program meets this exemption from pay depends upon all the facts and circumstances of each such program. The following six criteria must be applied when making this determination:

- The student internship, even though it includes actual operation of the facilities, is similar to training which would be given in an educational environment *(This often occurs where a college or university exercises oversight over the internship program and provides educational credit.)*;
- The internship experience is for the benefit of the intern;
- The intern does not displace regular employees, but works under close supervision of existing staff;
- The employer that provides the training derives no immediate advantage from the activities of the intern; and on occasion its operations may actually be impeded;
- The intern is not necessarily entitled to a job at the conclusion of the internship; and
- The employer and the intern understand that the intern is not entitled to wages for the time spent in the internship.

If all the factors listed above are met, an employment relationship does not exist under the FLSA, and the minimum wage and overtime rules do not apply to the intern. The intern may be unpaid.

Liability and Indemnification

Volunteer interns are required to execute the intern release form or other form approved by the general counsel prior to the start of their internship. If the university intern is a minor, the form must be signed by a parent or legal guardian.

Volunteer interns at SFA are not covered under the university's workers' compensation insurance program and are encouraged to secure a personal health insurance policy.

Volunteer interns are prohibited from performing any of the following activities in the course and scope of their authorized activities:

- *Operating heavy equipment;*
- *Operating university or state-owned vehicles (including golf carts) except with the express written permission of a university official;*
- *Working with hazardous materials, including stored energy (e.g. steam, electricity, hydraulics) prior to completing appropriate training from the Department of Environmental Health, Safety, and Risk Management; and*
- *Acting as a representative of the university, including but not limited to entering into any contract on behalf of the university, making public statements on behalf of the university, or incurring financial obligations.*

Safety Evaluations

Any volunteer intern placement at SFA that requires services to be performed in a lab, health care facility, or any other setting where the intern may be exposed to hazardous materials, machinery, or health-related situations must be evaluated and approved by the director of environmental health, safety, and risk management, or their designee, prior to the commencement of the intern services. In such cases, safety training must be completed prior to the initiation of any activities with potential for hazardous materials exposure. Any plan or guidelines developed by the Department of Environmental Health, Safety, and Risk Management must be implemented and followed or the intern situation must terminate.

Paid Internships

There are, however, advantages for providing compensation to the interns, such as:

- Being able to attract skilled interns;
- Increasing intern commitment and reward for contribution;
- Reducing financial burdens that may require a student to work a second job during their internship ~~(or limit internship opportunities to only those students who can afford them);~~

- *Providing flexibility for departments to allow intern to support duties and responsibilities of regular workers during peak periods.*

A department that offers paid internships must fund or secure funding for those paid student internships. The hiring process must follow the same procedural and approval process used for other student assistant positions.

Placement

Departments wishing to place a student intern *whether paid or unpaid* must follow the procedures provided by the Department of Human Resources. *Departments are allowed to partner with university schools and colleges to provide internships in fields of study applicable to the department.*

Policy Compliance

Consistent with SFA's policy on non-discrimination, university employees shall not illegally discriminate against interns on the basis of race, color, religion, national origin, sex, age, disability, genetic information, citizenship, ~~and~~ veteran status, *sexual orientation, gender identity, or gender expression.*

Those who are selected for a student internship ~~Once selected for an internship at SFA, the intern will be~~ required to submit to a criminal history check and complete any position specific training.

All ~~P~~paid interns will complete appropriate new employee paperwork, and comply with appropriate procedures required by the Department of Human Resources.

Placement of Relatives

Neither a paid or unpaid intern can ~~An intern cannot~~ be supervised by a relative, nor can ~~such a~~ family member make decisions about an *internship* placement or the terms and conditions of the placement (See policy 11.16, Nepotism).

Safety Evaluations

~~Any intern placement at SFA that requires services to be performed in a lab, health care facility, or any other setting where the intern may be exposed to hazardous materials, machinery, or health-related situations must be evaluated and approved by the director of environmental health, safety, and risk management, or their designee, prior to the commencement of the intern services. In such cases, safety training must be completed prior to the initiation of any activities with potential for hazardous materials exposure. Any plan or guidelines developed by the Department of Environmental Health, Safety, and Risk Management must be implemented and followed or~~

~~the intern situation must terminate.~~

Issues for International Students

International students seeking an internship need to obtain work authorization for paid internships, as well as any unpaid internships that do not qualify under the U.S. Department of Labor guidelines. Failure to do so could jeopardize a student's visa status. Departments selecting an international student should check with the Department of International Programs before pursuing any internship for an international student to be sure of what authorization will be required.

Responsibilities and Rights

~~Interns shall abide by all university policies and external laws and regulations that govern their actions including, but not limited to, those relating to ethical behavior, safety, confidentiality, protected health and student information, computer use, financial responsibility, and drug use.~~

~~Interns are prohibited from performing any of the following activities in the course and scope of their authorized activities:~~

- ~~• Operating heavy equipment;~~
- ~~• Operating university or state-owned vehicles (including golf carts) except with the express written permission of a university official;~~
- ~~• Working with hazardous materials, including stored energy (e.g. steam, electricity, hydraulics) prior to completing appropriate training from the Department of Environmental Health, Safety, and Risk Management; and~~
- ~~• Acting as a representative of the university, including but not limited to entering into any contract on behalf of the university, making public statements on behalf of the university, or incurring financial obligations.~~

Liability and Indemnification

~~Interns are required to execute the intern release form or other form approved by the general counsel prior to the start of their internship. If the university intern is a minor, the form must be signed by a parent or legal guardian.~~

~~Interns at SFA are not covered under the university's workers' compensation insurance program and are encouraged to secure a personal health insurance policy.~~

Termination

~~An intern's service may be terminated at any time and without prior notice *whether the service is as a volunteer or paid.*~~

Volunteer Workers

Original Implementation: July 29, 2014

Last Revision: ~~None~~ July 25, 2017

This policy is designed to provide guidance and conditions on the university's use of volunteers, reduce volunteer risk and protect the interest of the university, its volunteers, and the community it serves.

Definition

According to the U.S. Department of Labor, an individual who performs services for a public agency for civic, charitable, or humanitarian reasons, without promise, expectation, or receipt of compensation for services rendered, is considered to be a "volunteer" during such hours. The individuals shall be considered volunteers only where their services are offered freely and without pressure or coercion, direct or implied, from an employer. For SFA, a "university volunteer" is defined as any uncompensated individual who is authorized by a university department to perform humanitarian, charitable or public services on behalf of the university.

Eligibility

Any individual is eligible to serve as a university volunteer, subject to the following eligibility requirements:

- The individual must have adequate experience, qualifications, and training for the task(s) he or she will be asked to perform as a university volunteer.
- Mandatory cash and receipts training is required of all volunteers whose job duties include the acceptance, record keeping, and deposit of university receipts.
- All required training for volunteer positions must be current at the time volunteer work is performed.
- A current employee of SFA may not serve as a university volunteer in any capacity in which he or she is employed at the university, or which is essentially similar to or related to the individual's regular work at the university. A current employee may volunteer for special events, such as United Way events, commencement, Showcase Saturdays, and other similar events.
- An individual who is under the age of eighteen (18) may only become a university volunteer with the written consent of a parent or legal guardian. Volunteer opportunities for minors are limited to only non-hazardous environments and activities. The sponsoring department must contact Human Resources for approval prior to the minor being permitted to volunteer.
- An individual who will be working with sensitive populations or who will have access to cash, checks, or other forms of liquid assets for the university may only become a

university volunteer after the completion of a satisfactory background check. Human Resources will initiate the background check upon request of the sponsoring department and after receipt of a consent form signed by the potential volunteer. The sponsoring department is responsible for the cost of the background check.

- “Sensitive populations” are individuals under 18 years of age and other individuals entitled to enhanced supervision or protection based on university practice or state or federal law.
- Those volunteers who are authorized to accept funds for university business must have written approval from the bursar and follow the Receipts and Deposits policy.

Responsibilities and Rights

University volunteers shall abide by all university policies and external laws and regulations that govern their actions including, but not limited to, those relating to ethical behavior, safety, confidentiality, protected health and student information, computer use, financial responsibility, and drug use.

University volunteers are not covered by the Fair Labor Standards Act and are not considered SFA employees for any purpose. Therefore, university volunteers are not eligible for compensation or any university benefits as a result of their volunteer association with SFA.

Prohibited Activities

University volunteers are prohibited from performing any of the following activities in the course and scope of their authorized activities:

- Operating heavy equipment;
- Operating university or state-owned vehicles (including golf carts) except with the express written permission of a university official;
- Working with hazardous materials, including stored energy (e.g. steam, electricity, hydraulics); and

Wellness Release Time

Original Implementation: July 29, 2014

Last Revision: ~~None~~ July 25, 2017

The Stephen F. Austin State University employee wellness program is designed to benefit full-time employees and is a voluntary program of physical exercise and wellness activities designed to improve the health and well-being of employees.

As part of the employee wellness program, the university will provide wellness release time which provides full-time, benefits-eligible employees 30 minutes of release time during normal work hours up to three (3) times a week for participation in physical exercise and wellness activities offered at the campus recreation center, employee wellness program locations, or walking on campus. Off-campus activities are not included unless sponsored by the employee wellness program.

Prior to participation in release time, the employee must complete the employee wellness participant profile, including the waiver of liability and hold harmless agreement in full. Employees should consult with a physician before undertaking any physical activity program.

Wellness release time is paid time, does not have to be made up, cannot be accrued, and may not be split or carried over from one day to another. Those employees using the time-clock system will be required to enter the appropriate task code for their release time. Wellness release time will not be counted toward *Fair Labor Standards Act* (FLSA) overtime.

Each ~~semester-fiscal year of participation, (no later than September 30) fall, spring and the summer session~~ or when transferring to a new position, employees must secure approval from their immediate supervisors and/or department heads prior to participation.

Immediate supervisors and department heads are expected to make reasonable efforts to accommodate requests for wellness release time. However, it must be recognized that participation may be disapproved if it is determined that the workflow and operation of the employee's department will be negatively impacted by the employee's absence due to participation in release time. If an application is denied, the supervisor or department head will indicate the reason(s) for the denial.

Abuse of the privilege to participate in release time will subject the employee to revocation of the privilege and/or disciplinary action. Supervisors have the right to review records of employees' utilization of the campus recreation center and the employee wellness program to verify hours of involvement.

Year-end Purchasing

Original Implementation: April 5, 1984

Last Revision: ~~July 29, 2014~~ July 25, 2017

The state fiscal year is September 1 through August 31 and the following rules and regulations apply to year-end transaction processing.

Consumables/expendable supply items are to be charged to the fiscal year in which they are delivered. The cost of consumable supplies ordered in one fiscal year and delivered in the next fiscal year may be charged to the prior year only if the following conditions exist:

1. delay causing delivery in the later fiscal period was beyond *the university's reasonable control of the agency*;
2. delivery could have reasonably been expected to occur during the fiscal year in which the order was placed; and
3. the quantity ordered could have been consumed during the fiscal year in which it was ordered had delivery occurred as originally anticipated.

Services are to be charged to the fiscal year in which they are ~~provided~~ delivered.

Capital equipment purchases (non-consumable with a useful life of more than one year) are to be charged to the fiscal year in which they are ordered, except that capital purchases may be charged to the year of delivery as long as the appropriation for the year in which delivery will occur exists, (General Appropriations Act has been signed by the governor) and payment is not made prior to September 1 of the new fiscal year. Payments under a lease-purchase agreement are to be charged to the fiscal year in which the payment is made.

~~Internet connections, S~~**subscriptions, maintenance contracts, post office box rentals, insurance, internet connections and surety or honesty bonds** are chargeable to the fiscal year in which they begin and may be paid in full from that fiscal year regardless of whether the purchase covers more than one fiscal year. This rule supersedes other rules relating to consumable items, services, or capital equipment.

Seminar and conference expenses related to conducting or attending the same are to be paid from the fiscal year in which the seminar or conference occurs, unless it is determined to be cost-effective to use current fiscal year funds to pay for conducting or attending a seminar or conference that will occur partly or entirely during a different fiscal year. This rule supersedes other rules relating to consumable items, services, or capital equipment.

Utility services are to be charged to the fiscal year in which the service is provided except that a prior fiscal year may be used to pay for September services of the next fiscal year. This rule

supersedes other rules relating to consumable items, services, or capital equipment. Utility service is defined in the Texas State Comptroller's eXpendit website.

A combined purchase of at least two consumable items, services and capital assets should follow the year-end rules according to the dominant purpose of the contract.

A purchase option that is contractually exercised to purchase a consumable item, service, or capital equipment should follow the year-end rules according to the good or service for which the option is exercised.

Department Notification

~~Each spring,~~ the purchasing department establishes and notifies departments of deadlines for receipt of approved requisitions for the current fiscal year to comply with state guidelines and allow adequate order processing time for current year orders.

Requisitions received prior to the established deadline dates will be processed on current fiscal year funds unless properly identified as a next fiscal year requisition following the instructions provided through the purchasing listserv. Requisitions received after the established deadline dates will be processed on next fiscal year funds.

Exceptions

Exceptions to the established deadline dates will be made if necessary to comply with year-end guidelines established by the state comptroller or for emergency reasons. The director of procurement may use discretion in the best interest of the university when applying or exempting the established deadlines or above rules when using non-appropriated funds.
