The Statewide Property Insurance Program’s insurance agent is Wachovia Insurance Services with AIG as the insurer. The insurance policy period extends from May 1st through April 30th of each year. The university’s current insurance contract with SORM began October 1, 2007 and ends April 30, 2008. The State Office of Risk Management is currently negotiating rates with insurance carriers. The annual policy is expected to cost no more than $350,000.

THEREFORE, the university was authorized to continue coverage under the Statewide Property Insurance program through the State Office of Risk Management (SORM). The new policy period will extend from May 1, 2008 through April 30, 2009. The president was authorized to sign the contract.

WAIVER OF STUDENT RECREATION CENTER FEE AND STUDENT CENTER FEE FOR ONLINE STUDENTS

WHEREAS, the board of regents considered the following: there are a number of SFA students who enroll only in online courses. Many of the students are geographically dispersed and pursue specific degree programs that can be completed online. The Texas Education Code 54.218 authorizes an institution to waive fees for students who enroll in distance learning courses only.

THEREFORE, it was ordered that the university waive the recreation center and student center fees for students who enroll only in online courses. The waiver will become effective with summer 2008 enrollment.

BOARD ORDER 08-26

THEREFORE, it was approved that designated tuition be increased to $106 per semester credit hour for fiscal year 2008-09.

BOARD ORDER 08-27
Upon motion by Regent Thompson, seconded by Regent White, with all members voting aye, it was ordered that the following item be approved:

STATUTORY CHANGES TO THE GENERAL PROPERTY DEPOSIT

WHEREAS, the board considered the following: Currently, each student enrolled in the university must make a general property deposit of $10 to cover property loss or damage. This deposit, net of any amount owed the university, is returned to the student at the student’s request upon withdrawal or graduation. Any deposit that remains without a refund request for a period of four years from the date of last attendance is forfeited and transferred to a property deposit scholarship account.

Pursuant to Texas Education Code 54.502, an institution may collect an amount not to exceed $100 to cover property losses and damage. An institution is also allowed to apply the deposit to any amount a student owes the institution.

THEREFORE, the board of regents approved a name change from General Property Deposit to General Deposit. The deposit amount was increased to $100 for new students,
beginning with fall 2008 registration. Previously enrolled students who have a break in enrollment of one academic year will also be responsible for the $100 deposit. Within 180 days of student graduation or withdrawal, the university will refund the deposit. A student who does not graduate or officially withdraw from the university is eligible for a refund if it is requested within four years of the last date of attendance. All general deposit funds will be net of any amount owed the university. Any general deposit balance that remains after four years will be forfeited and transferred to a general deposit fund scholarship account.

BOARD ORDER 08-28
Upon motion by Regent White, seconded by Regent Garrett, with Regents Boyer, Dickerson, Ertz, Garrett, Green, Pond, Thompson, and White voting aye, Regent Amaral voting nay, it was ordered that the following item be approved:

APPROVAL OF COURSE FEES AND OTHER FEES FOR FALL 2008

Course fees are allocated to instructional departments for expenditure within the academic year for which they are collected.

THEREFORE, the board of regents adopted the schedule of course fees and other fees (additions and changes) for the 2008-2009 academic year shown in Appendix 3. This amended 2008-2009 fee schedule will be effective with registration for the fall 2008 semester.

THEREFORE, the board of regents approved a 2.7% increase in room and board rates for FY2008-2009 in accordance with the schedule presented in Appendix 4.

BOARD ORDER 08-30
Upon motion by Regent Thompson, seconded by Regent White, with all members voting aye, it was ordered that the following item be approved:

ARAMARK FY2009 RATE AND CONTRACT ADDENDUM
WHEREAS, the following was considered by the board of regents: The contract between the university and ARAMARK requires that the two parties annually negotiate a rate for the provision of food service under the contract for the next fiscal year. Pursuant to the provisions within the contract the administration and ARAMARK have negotiated a rate increase of 4% for the provision of food service during the 2009 fiscal year. Our contract uses the percentage increase in the Food and Beverage element of the Consumer Price Index published by the Bureau of Labor Statistics, U. S. Department of Labor, for urban consumers ("CPI-U") in the South as a benchmark for the rate increase considered. This CPI element was 4.7% for last year; however, the administration negotiated an increase of 4%.

In addition, students have requested a program that would allow them to optionally add to the Dining Dollars feature of their meal plan during the term of their plan. The administration has negotiated with ARAMARK to add a provision to our contract allowing students to optionally purchase additions to their Dining Dollars feature at a discounted rate during the term of their plan.

THEREFORE, the board of regents approved the 4% negotiated rate increase to ARAMARK for the provision of food service during the FY2009 year, along with the contract addendum providing optional purchase of additional Dining Dollars. The president was authorized to sign the contract addendum.

Academic Probation, Suspension and Reinstatement for Undergraduates (A-3)

Original Implementation: January 30, 1981
Last Revision: October 30, 2007 April 22, 2008

Good Standing
A student must maintain a minimum cumulative grade point average of 2.0 in order to remain in good academic standing at the university.

Probation
A student is placed on academic probation after the first regular semester in which the cumulative grade point average (G.P.A.) fails to meet the minimum of 2.0 standard. Probation students whose semester grade point average is 2.0 or higher in a given semester will be allowed to continue on academic probation placed on "extended academic probation" until the cumulative grade point average is 2.0 or higher. Academic probation will continue until the student achieves good standing or is suspended from the university. Academic probation students whose semester grade point average for a given semester falls below the minimum 2.0 G.P.A. standard are placed on suspension.

Suspension
A student is placed on academic suspension after a regular semester that immediately follows a semester of probation if the student's semester grade point average falls below 2.0.

Reinstatement
A student on academic suspension may be allowed to continue in the university through any of the following procedures:

1. Following the student's first suspension, attend summer school at Stephen F. Austin State University and:
   a. Raise his/her grade point average to the minimum university standard as specified in the General Bulletin, or
   b. Pass with a C average or better at least 9 semester credit hours as specified by his/her dean.

2. Following the student's first suspension be reinstated on probation automatically after one regular semester's absence from the university. Following the student's second or subsequent suspension, be reinstated on probation automatically after an absence from the university of two regular semesters. Summer terms are exempted from periods of academic suspension.

3. Follow procedures established by his/her dean.

Change of Major
Students on academic probation, extended academic probation, or students returning after serving a suspension may change majors upon approval from their current and receiving deans.

Animals on University Property (D-3)

Original Implementation: Unpublished
Last Revision: April 24, 2007, April 22, 2008

Service animals are welcome in all buildings on campus and may attend any class, meeting, or other event. Reasonable behavior is expected from the animals while on campus. If the animal exhibits unacceptable behavior, the handler is expected to employ the proper training techniques to correct the situation.

Consideration of others must be taken into account when providing maintenance and hygiene of service animals. Additionally, specific guidelines have been established concerning service animals living in a campus residency environment.

Definitions:

1. **Handler:**
   Is a person with a disability using a service animal.

2. **Service Animal:**
   Is an animal specially trained to assist a person with a disability and:
   - is used by a person with a disability who has completed a training program, and
   - animal has been trained by an organization recognized by rehabilitation agencies as qualified.

   Service animals may include:
   - guide dogs,
   - hearing dogs,
   - attendant animals, or
   - seizure response animals.

   The animal must have had specific training to work the handler’s disability.

3. **Pet:**
   A domestic animal housed for sport, companionship, or other non-service functions. Pets are not allowed within university facilities. An exception would be small birds in cages and fish in a 10 gallon or less aquarium.

4. **Unauthorized Animal:**
   A pet or any animal that is neither a service animal, nor that is on campus for the specified limited use of classroom education or research.

Faculty, Staff, and Student Responsibility
Appendix 5

- Permit service animals to accompany the handler to all areas of the facility were the handler is normally allowed to go. A handler may not be segregated from other similar members of the campus community, except where there is real danger to the animal or where the natural organisms carried by the service animal would adversely affect research. Exceptions to the exclusions will be reviewed on a case-by-case basis.
- Do not pet, feed, or deliberately startle/disturb a service animal.
- Do not separate, or attempt to separate, service animals from their handlers.
- Provide handlers living in campus housing with an area for relieving and grooming the animals.

Documentation and Animal Owner’s Responsibility

- For classroom or campus housing settings, handlers must provide appropriate documentation of a disability to either the department of housing or disability services. It is the policy of Stephen F. Austin State University to demonstrate institutional effectiveness through systematic ongoing, integrated, and institution-wide, research-based, broad-based, interrelated, and appropriate planning for and evaluation. The institutional effectiveness process will document the achievement of the university mission and goals. Each of its educational activities program and of its administrative and educational support service units. At-Will Employment (E-66)

Original Implementation: July 15, 2003  
Last Revision: January 19, 2006/April 22, 2008

The following non-classified, academic and non-academic employees serve at the discretion of the university and are considered at-will employees, whose employment may be terminated with or without cause at any time by the university or the employee.

- All positions reporting to the Board of Regents including but not limited to the President, General Counsel, and Director of Audit Services
- All Vice Presidents/Provost including Associate Vice Presidents/Associate Provost
- All Deans including Associate Deans
- All Directors
- All Department Heads and Chairs
- All Coaches
  All Charter School Teachers

Any appointment included in this list which is filled by a tenured employee will not affect the employee's tenure status. Tenured employees removed from administrative assignments under this policy may be reassigned to a faculty position.

The university may choose to reassign an at-will employee under this policy, but such reassignment is not guaranteed. Additionally, the university will endeavor to give a terminated employee under this policy a 30-day notice, although notice is not required.

Any decision to terminate an at-will employee must be reviewed by the general counsel and/or director of human resources for legal considerations. Termination of at-will employees below the vice president level must be approved by the appropriate vice president and reported to the president and board of regents. The board of regents must approve termination of at-will employees at the vice president level or above. All such employees will be given an opportunity to resign in lieu of at-will termination, unless the termination is clearly for cause. The terms of resignation must be approved by the same process outlined for termination above, including legal review by the general counsel and/or director of human resources.

In regards to this policy, and the employee's completion of the 180-day probationary period, there is no contradiction. The 180-day probationary period is the designated time frame for the new employee to demonstrate their capability to perform their job tasks in a satisfactory manner. The completion of this evaluation period does not convey a permanent status to employees listed in this policy, and it does not negate the at-will status for either employee or employer.
Any agreements that in any way modify this policy must be made in writing and must contain the signature of the president, appropriate vice president, and the university board of regents.

1. items being delivered under delegated purchase authority to the Library, Stone Fort Museum, or departments using LPAs, P-reCards or Phone POs;
2. items that require installation by the contractor;
3. items specifically authorized by the Purchasing and Inventory Department.

It is the responsibility of the department taking receipt of goods or services to immediately update on-line receiving of any direct deliveries of goods or services. Timely entry of receiving information is essential to avoid late payment penalties, and to effectively handle freight claims, shortages, or discrepancies.

Vehicle Delivery

2. All vehicles picked up from the dealer (usually long-term leased or lease-purchased vehicles) must be delivered immediately upon pick-up to the Transportation Manager for identification as a state vehicle and recording State Vehicle Fleet Management Plan information. Vehicle pick-up may be completed by the end user or by the Transportation Department.

Other Delivery Services

3. handle the filing of claims with the freight company for any freight damages or shortages; and
4. affix property inventory tags when needed.

Upon receipt of goods from Central Receiving, the Department will:

1. check contents of shipment against original purchase order; and enter line item receiving information into the FRS Purchasing System.
2. notify Purchasing within three working days of any damages or shortages that could not identified by Central Receiving.

Upon receipt of goods or services directly from the Vendor, the Department will:

1. count and examine all cartons for visible damage and note any discrepancies on the Bill of Lading
2. check contents of shipment against original purchase order and enter line item receiving information into the FRS Purchasing System.
3. notify Purchasing within three working days of any damages or shortages

Failure to promptly update on-line receiving information or notify Purchasing of damages or shortages may result in delays in 1) the inability to return goods, 2) higher restocking fees, or 3) payment for the goods or services and a liability for late payment penalties. The payment of any such penalties will be made from the account(s) that funded the original purchase.

**Outgoing Freight**

Outgoing freight should be dispatched through Central Receiving to ensure proper documentation, packing, and labeling. Certificate Programs (A-69) NEW

Original Implementation: April 22, 2008
Last Revision: None

The purpose for offering an undergraduate or graduate certificate program is to meet the supplemental education needs of professionals. As jobs and job-related responsibilities change, individuals often need additional training. Providing certificates for workforce development and job enhancement is a high priority for the Texas Higher Education Coordinating Board.

A certificate program is a set of courses that provides in-depth knowledge and skill development in a content or professional area. The content contained in a set of courses for a certificate program should provide a coherent knowledge and skill base. Selected courses may come from one or more academic areas. A set of courses for a certificate program may be practice/skill oriented or academic in nature.

Process for Developing an Undergraduate or Graduate Certificate

1. Faculty members recognize a need for an undergraduate or graduate certificate program. They document the need and prepare an application.
2. The department, through its curriculum process, approves the application.
3. The department sends the certificate program application to the college for its review and approval--adhering to the curriculum approval process established in the college.
4. If approved at the college level, the certificate application is forwarded to either the Undergraduate Curriculum Committee or the Graduate Council for consideration. If approved the certificate program is presented to the Dean’s Council for its approval and to the Provost and Vice President for Academic Affairs.

Texas Higher Education Coordinating Board (THECB) Approval

Certificate programs that do not require THECB approval or notification are: 1) Those certificate programs for which no collegiate academic credit is given. 2) Certificate programs (A) at the undergraduate level of 20 semester credit hours or less, and (B) at the graduate and professional level of 15 semester credit hours or less.

Certificate programs that require THECB Board notification and are automatically approved, subject to review are 1) upper-level undergraduate certificates of 21-36 hours in disciplinary areas where the institution already offers an undergraduate degree program. 2) graduate-level and professional certificates of 16 - 29 hours in disciplinary areas where the institution already offers a graduate program at the same level as the certificate.
Responsibility for Certificate Programs

It is the responsibility of the academic unit offering certificate programs to establish a process for awarding and tracking certificates. Certificate records must be kept indefinitely within the academic unit.

Course Incidental Fees (A-12.1)

Original Implementation: April 30, 2001
Last Revision: January 19, 2006 April 22, 2008

Each course other than a laboratory class that is offered by the university may charge a course incidental fee. The course incidental fee charged must reasonably reflect the actual cost to the university of the materials and services for which the fee is collected. These funds will be used to cover the cost of materials, supplies, and/or services which result in a direct educational benefit in the classroom, including such things as guest lecturers or travel expenses to off-campus locations.

Laboratory classes charge a fee for the purpose of providing materials and supplies in the laboratory (See Policy A-24, Laboratory Fees); therefore, the course incidental fee will not be charged for a laboratory class.

Course incidental fees recommended by the department chair/director must be approved by the dean of the college and the provost and vice president for academic affairs. New and changed fees will be reviewed and approved annually by the Board of Regents. All fees will be reviewed annually at the department level for appropriateness and accuracy. New and changed fees will be submitted to the board of regents for approval. All course incidental fees will be published in the appropriate media and will be collected by the controller's office through student billings.

Digital Millenium Copyright (D-42)

Original Implementation: July 27, 1999
Last Revision: April 28, 2005/April 22, 2008

1. Summary

The Digital Millennium Copyright Act (DMCA) creates a liability limitation for Internet service providers (ISP) for certain copyright infringements created on-line. The university serves as an ISP for faculty, staff, and students. The DMCA establishes procedures whereby, upon receipt of proper complaints, the university will block access to or take down allegedly infringing material and notify the web page owner of the complaint. The alleged infringer may issue a properly executed counter-notice, upon receipt of which, the university shall re-post the material in 10-14 days (unless there is court action), and immediately forward such counter-notice to the original complainant. Repeat infringers will be subject to termination of Internet service by the university. It is the policy of the university to comply with these safe haven procedures created by the DMCA.

2. Registered Agent

The university General Counsel shall be designated as the registered agent for receipt of DMCA complaints. The complaint resolution team may include the following positions: Manager of Systems, Assistant Systems Manager, Library Director, Associate Library Director for Information Service, University Webmaster, Judicial Officer, Director of Student Activities, and General Counsel. Upon receipt of a DMCA complaint, relevant team members shall be responsible for assessing the complaint and determining the exact location of the alleged infringing material. Assessing the complaint would include a determination of whether the complaint contains all necessary elements, and whether the complaint involves the University in its role as an ISP or the university (and its employees) acting as a content provider. If the complaint is deficient, a notice of deficiency shall be returned to the complainant with a courtesy copy forwarded to the alleged infringer. No complaint will be deemed official, requiring take down procedures, unless all elements of a proper complaint are included.

3. Official Complaints

The following elements are required for DMCA complaints:
1. Must be signed or contain a digital signature by the owner of the copyright or the authorized agent.
2. Description of works claimed to be infringed.
3. Description of location for alleged infringing works.
4. Sufficient information to contact the complainer.
5. Statement of good faith belief that the use is not authorized by the owner/agent.
6. Statement that the information in the notice is accurate and, under penalty of perjury, the complainer is authorized to act on behalf of the owner.

4. University as Content Provider

If a determination is made that the DMCA complaint involves the university as a content provider and not an ISP, then careful consideration will be given to fair use exemptions under the copyright act. Appropriate university officials will be notified to handle the matter in a way similar to the way any claim of copyright infringement is handled.

5. Faculty/Graduate Students

The DMCA specifically defines when faculty or graduate students alleged infringement on-line is or is not attributable to the institution as a content provider. Infringing activities shall not be attributed to the institution if:
1. Such faculty members’ or graduate students’ infringing activities do not involve the provision of on-line access to instructional materials that are or were required or recommended, within the preceding three-year period, for a course taught at the institution by such faculty member or graduate student;
2. The institution has not, within the preceding three-year period, received more than two official DMCA complaints about the alleged infringer; and
3. The institution provides to all users of its system or network informational or network informational materials that accurately describe, and promote compliance with, the laws of the U.S. relating to copyright. See University Policy on Copyrighted Works Reproduction A-12.

6. Take Down Procedures

If the university is acting as an ISP, take down procedures will be automatically initiated once an official complaint is received. The complaint resolution team will notify the person responsible for the server to specifically locate the alleged infringing materials. The dean or director for the area involved will also be immediately notified of the official complaint. The dean or director shall
immediately confer with the alleged infringer and attempt the secure a voluntary
take down of the alleged infringing material. Such voluntary take down must be
confirmed by the dean or director. If these procedures cannot be completed within a
reasonably quick time or voluntary take down cannot be secured, then the dean or
director shall immediately coordinate with the person responsible for the server to
take down the alleged infringing materials. The General Counsel should be notified
when the alleged infringing materials have been removed.

7. Counter-Notices

If the alleged infringer believes the official complaint is in error or that the
complainant is not the official copyright holder or agent, he or she can submit a
counter-notice containing the following elements:
1. Must contain a physical or electronic signature of the alleged infringer;
2. Identification of the removed material and the location at which it
appeared;
3. A statement under penalty of perjury that the alleged infringer has a good
faith belief that the material was removed because of mistake or
misidentification; and
4. The alleged infringer’s name, address, telephone number, consent to the
jurisdiction of the Federal Court in which their address is located, and that they
will accept service of process from the official complainant.

Upon receipt of the counter-notice, the university shall immediately forward it to the
official complainant with an explanation that the university shall restore access to
the materials at issue within 10-14 days, unless notice is received that court action is
pending.

8. Repeat Infringers

The university may terminate Internet service to repeat infringers who receive more
than two complaints in a three-year period. Repeat infringement shall constitute
misuse of university computers and network systems under Policy D-8.1, Computer
and Network Security. Sanctions procedures under that policy will be followed.

Original Implementation: September 1990/February 2, 1982
Last Revision: July 10, 2001/April 22, 2008

1. **Purpose:** To provide a working environment of nondiscrimination, equal employment opportunity, affirmative action, protection from retaliation for members of classes protected by law, and to comply with federal and state equal opportunity employment regulations.

2. **Non-discrimination Policy:** It is the policy of Stephen F. Austin State University not to discriminate against any employee or applicant for employment because of race, color, religion, sex, age, national origin, disability, or disabled veteran status. Unlawful discrimination based on sex includes discrimination defined as sexual harassment. Stephen F. Austin State University is committed to the principles of Equal Employment Opportunity (EEO) law. An employee who violates this policy is subject to disciplinary action up to and including termination.

A supervisor or employee commits unlawful employment practice if the supervisor or employee retaliates or discriminates against a person, who (a) opposes a discriminatory practice, (b) makes or files a complaint alleging employment discrimination, (c) or testifies, assists or participates in any manner in an investigation, proceeding or hearing. Any employee who retaliates against another employee who opposes alleged employment discrimination violates the university’s policies and procedures and may be subject to disciplinary action up to and including termination. This policy applies to student complaints that might involve peer to peer discrimination/harassment and also student employment discrimination/harassment.

The president or designee will be responsible for overseeing the Discrimination Complaint/Sexual Harassment Policy and procedures and for ensuring compliance with EEO laws. All employment decisions will be based on objective, job related, and measurable criteria that can be consistently applied. Human resources or designee will review all employment actions and decisions, to include, but not limited to, recruitment, selection, promotion, assignment, training, evaluations, discipline, restructuring, workplace accommodations, and compensation to ensure consistency of application. All employment related documents will be maintained in accordance with the university’s Texas State Record Retention Schedule.

3. **Definitions:**

---

P-20
1. **Unlawful Discrimination**: Based upon a variety of statutes, both on the federal and state levels, unlawful discrimination may affect terms and conditions of the employment or the educational setting and is based upon race, color, religion, sex, age, national origin, disability, or disabled veteran status. Applicable statutes include: Title VII of the Civil Rights Act of 1964, Civil Rights Act of 1991, Title IX of the Education Amendments of 1972, Age Discrimination in Employment Act, Americans with Disabilities Act, Section 504 of the Rehabilitation Act, Equal Pay Act, Immigration Reform and Control Act of 1986, and Article 5221k, V.T.C.S.Texas Labor Code 21.001, et seq. The totality of the facts and circumstances will have a bearing on whether unlawful discrimination has occurred.

2. **Sexual Harassment**: Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, even if carried out under the guise of humor, constitute sexual harassment when:

3. Submission to or tolerance of such conduct is made either explicitly or implicitly a term or condition of an individual's employment or education; or

4. Submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions (including admissions and hiring) affecting that individual; or

5. Such conduct has the purpose or effect of substantially interfering with an individual's academic or professional performance or creating an intimidating, hostile or offensive employment, educational or living environment. The university will not tolerate sexual harassment of any employee or student by another employee, supervisor, or other person with whom an employee or student may have contact with as part of his or her duties. The totality of facts and circumstances in any given situation will have a bearing upon whether unlawful discrimination or sexual harassment has occurred.

4. **Required Equal Employment Opportunity (EEO) Training**: The university is required by the Texas Labor Code 21.010 to provide training to each new employee on policies regarding discrimination and harassment no later than 30 days after the date of hire. In addition, supplemental training is required every two years. All employees will receive a copy of the university’s Discrimination Complaint/Sexual Harassment Policy and procedures within 30 days of employment. A signed statement verifying attendance is required to be maintained in the employee’s personnel file.

5. **Management and Supervisory Responsibilities**: Vice presidents, deans, directors and department chairs shall take appropriate steps to disseminate this policy statement and to inform employees and students of procedures for lodging complaints. Vice presidents, deans, directors, and department chairs are required and students are urged to notify the director of human resources, ADA coordinator or the
appropriate dean, director, or department chair for the area involved when they learn of an instance of unlawful discrimination or sexual harassment.

6. **Employee Responsibilities and Student Responsibilities:** While not required, all employees are urged to contact the director of human resources or the appropriate dean, director, or department chair for the area involved when they learn of an instance of employee related unlawful discrimination or sexual harassment. Students are urged to contact the director of human resources, ADA coordinator or the appropriate dean, director, or department chair for the area involved regarding employee related unlawful discrimination or sexual harassment. Student to student infractions should be reported to the Judicial Office.

7. **Complaint Procedure:** Employees may report a discrimination or sexual harassment complaint without fear of retaliation. All university employees are responsible for immediately reporting discrimination or sexual harassment complaints to the director of human resources, or ADA coordinator (as applicable), or may additionally be reported to a vice president, dean, director or department chair for the area involved. Student to student complaints should be reported to the judicial officer, or the ADA coordinator (if applicable).

Complaints should be filed as soon as possible after any incident, but no later than 180 days from the incident involving unlawful discrimination or sexual harassment.

Complaints must be made in writing and signed by the individual submitting the complaint. While investigators will attempt to maintain as much confidentiality as possible, complete anonymity may give way to the university's obligation to investigate and take appropriate action. *Those complaints that are received verbally, but not in writing should still be communicated to the Director of Human Resources for possible informal investigation.*

If a pattern of harassment appears to exist but no complainant files charges, the university may file a third-party charge against an individual. Such charges will be handled with as much care and control as any other complaint so as to avoid acting on rumor or unjustified accusation.

8. **Investigative Process:**

1. **Employee Related Complaints** Once a complaint has been brought to the attention of a supervisor, department chair, or other individual in a management level position, that person must report the complaint to the director of human resources as soon as possible. Every attempt should be made to keep the information confidential and restricted to only those who have an absolute need to know. As there may be more than one complainant in an unlawful discrimination or sexual harassment case, the term "complainant" as used herein shall refer to one or more complainants.
The dean or director (or other appropriate administrator) for the area involved will normally begin the investigation of the charges within 10 working days from when it was received, not as a representative of the complainant, but as an impartial party. If the director is the direct supervisor of the accused, the vice president will assign an alternative director from within their division so the investigator is not investigating his or her own department. The investigation shall normally be conducted within 45 working days thereafter the letter of finding will be forwarded to the director of human resources and the general counsel at the end of the investigation. Case complexity will vary and the termination of the investigation will depend on case circumstances; however, the investigation will commence within the designated time and will conclude under normal circumstances within 45 working days. It is incumbent upon the investigating official to document a reasonable justification for extending an investigation beyond 45 working days. Investigation of a complaint normally will include conferring with the parties involved and may proceed as necessary with examination of relevant documentation and interviews with other employees or students. Discretion should be exercised in determining which witnesses are indeed necessary to the investigation. The dean or director conducting the investigation may also consult with appropriate management personnel, including the director of human resources, the ADA coordinator, and the general counsel for advice and guidance as applicable. After investigating the allegations, the dean or director will meet with the accused employee, provide the accused with the allegations and an opportunity to respond to the allegations. The investigator is responsible for responding to each allegation that the complainant has made. This response should be in the form of a memo describing the investigator's findings and conclusions. The memo summary should include a brief overview of the investigative process including the categories and numbers of individuals interviewed (excluding names), timelines, a summary of each allegation, a summary of the findings by the investigator, and a summary of the investigator's conclusions and recommendations. This memo should be addressed to both the complainant and the accused with copies provided to the appropriate vice president, the general counsel, and the director of human resources. If the complainant or the accused are not satisfied with the results of the investigation as presented in the memo from the investigator, they may appeal in writing to the appropriate vice president within 30 days of the date of the memo.

If the complaint cannot be resolved to the satisfaction of all parties, the dean or director, working with the director of human resources and the general counsel, will make a recommendation, normally within 20 days of receipt of the
complaint to the appropriate vice president as to whether any disciplinary action should be taken. A summary of the case will be provided to the vice president. Recommendations of the dean or director to the vice president may include dismissing of the charges; warning, suspension or termination of the accused; allowing the parties to sign a written statement of agreement resolving the differences between them; counseling; or other appropriate disciplinary action. A general status report of the investigation should be provided to the complainant and the accused upon completion of this investigative phase.

2. Student to Student Complaints:

The judicial officer shall investigate student to student complaints and follow the timeframes described in the preceding guidelines for employees. If student discipline is recommended, the Rules of Procedure in Student Disciplinary Matters will guide the proceedings. Said rules are located on the SFA Web Page for student policies and procedures or may be obtained from the Office of Student Affairs. Informal and formal disposition procedures are outlined within the policy; and, it contains full due process procedures.

9. Review by the Appropriate Vice President for Employee Related Complaints: After the vice president has offered to meet with the accused and if necessary, to meet with the complainant and witnesses, he/she will accept, modify or reject the recommendation of the dean or director. If the vice president concludes that the charges are serious enough to require termination or suspension, the faculty member or staff member may be placed on a leave of absence with pay, pending a hearing by the review board and action by the president.

The vice president's review should generally be completed within 10 days from receipt of the matter, unless additional time is required in fairness to the parties. A general status report should be forwarded to the complainant and the accused at the conclusion of the vice president's review.

10. Review by the Employee Discrimination Complaint Review Board: If the decision of the vice president is not satisfactory to either party (complainant or accused), that individual(s) has 5 days in which to request a formal hearing of the Discrimination complaint review board ("review board"). The request must be put in writing to the vice president issuing the decision.

The review board of three individuals will be selected from a panel of 20 pre-selected faculty members and 20 pre-selected staff members to be appointed by the president. If the accused is a faculty member, the review board will be composed of at least two faculty members. If the accused is a staff member, the review board will be composed of at least two staff members. The complainant will select one member
and the accused will select one member from the applicable panel. The two selected members will choose a third person from the panel. None of these individual review board members shall be from the department of the accused or the complainant (if applicable). These three individuals will comprise the review board and will elect a chair from among themselves. The university president may remove any selected review board member if substantial proof of bias exists.

The chair of the review committee is responsible for coordinating the hearing. The complainant, the accused, and the university all have the right to be advised by counsel, but lawyers will not be allowed to conduct or participate in the hearing. The day prior to the scheduled review committee hearing, each side shall submit a list of its witnesses and copies of its documentary evidence to the chair. A list of witnesses and a summary list of the evidence will be provided to each side. The rest of the review committee will not receive the material until the time of the hearing. All materials presented must be maintained in a confidential manner by all parties involved.

The dean or director who conducted the investigation will apprise the review board of the charges and will normally present all relevant evidence. Both parties will have an opportunity to respond to the charges and present evidence. Each party may make a 5 minute opening statement prior to presentation of the evidence. The burden will be on the complainant to prove by the greater weight of the credible evidence that the accused has committed an act of sexual harassment and/or unlawful discrimination. Cross examination of the witnesses is allowed by all parties. Each party may make a 5 minute closing statement.

The chair of the review board will conduct a fair hearing before the complainant and the accused and shall allow relevant witnesses and evidence from both parties. The hearing shall be closed to the public. The general counsel may and/or the director of human resources may be consulted in procedural matters of the review board and may be present at meetings. All information presented in the hearing is confidential and restricted to only those who have an absolute need to know.

The review board will normally have 5 days after the completion of the hearing to summarize its findings and make a written recommendation to the president.

11. **Review by the President for Employee Related Complaints:** The president may accept, reject, or modify the decision of the review board and will have access to all evidence, both parties, and witnesses as deemed appropriate. In all instances except where a faculty member's tenure is revoked or a faculty member is being terminated during the term of their employment, the decision of the president is final. In cases where tenure is being revoked or a faculty member is being
terminated during the term of employment, the case will be forwarded to the Board of Regents for a final determination. Pending action by the Board of Regents, the faculty or staff member may be suspended without pay and removed from the university or assigned to other duties with pay at the president's discretion. Final disposition of the case will be communicated to the accused employee and the complainant.

12. **Employee Sanctions:**
   1. **University imposed:** University sanctions for violations of this policy may include any disciplinary action, up to and including termination of employment for faculty or staff. Such activities may be viewed as constituting moral turpitude or substantial neglect of academic responsibilities under the Faculty Handbook and a major work rule violation under the Staff Discipline and Discharge Policy.
   2. **Civil:** Unlawful discrimination and sexual harassment are illegal under state and federal law. Official governmental investigations by the Equal Employment Opportunity Commission, the Texas Commission on Human Rights, and/or the Office of Civil Rights of the Department of Education may result in civil lawsuits against any person guilty of unlawful discrimination or sexual harassment.
   3. **Criminal:** Sexual harassment by a public servant is a criminal offense under 39.02 of the Texas Penal Code. Depending on the severity of the acts, sexual harassment may also specifically include indecent exposure, public lewdness, assault, or sexual assault under Chapter 21 and 22 of the Texas Penal Code.
   4. False charges may result in disciplinary action against the complainant by the university or civil charges against the complainant by the accused. An unsubstantiated charge is not considered "false" unless it is found to be made with the knowledge of it being false.

13. **Student Sanctions:** Disciplinary action for student to student related complaints may range from sensitivity counseling to suspension or dismissal. False charges may also result in disciplinary action. An unsubstantiated charge is not considered "false" unless it is found to be made with knowledge of it being false.

14. The dean/director (or other appropriate administrator) who investigated the complaint will be responsible for monitoring the circumstances surrounding the complaint to insure the situation has been remedied.

15. The human resources director or designee will be responsible for maintaining a log of all formal complaints and the results of such complaints.

Drug and Alcohol Testing (E-61)

Original Implementation: July 14, 1998
Last Revision: April 28, 2005April 22, 2008

It is the policy of Stephen F. Austin State University to promote a safe, healthy and productive learning and working environment free from the influences of drugs and alcohol. The university must set an example to ensure the safety, health and welfare of its employees, students and the citizens which it serves, by taking the appropriate steps for maintaining a drug-free workplace as mandated by the state and federal governments. This policy supplements all other SFASU policies regarding drug and alcohol use and related topics by establishing the guidelines for drug and alcohol testing. The drug and alcohol testing program is for the purpose of ensuring a healthy and safe workplace, and may not be used for the purpose of criminal prosecution.

General Policy

Stephen F. Austin State University may require employees in safety sensitive positions to submit to drug and/or alcohol testing based upon reasonable suspicion, post accident, or post university referred drug and/or alcohol rehabilitation. University safety sensitive employees who are subject to Department of Transportation regulations in 49 CFR parts 382, 291, and 40 (primarily drivers with commercial drivers licenses) will additionally be subject to random drug and/or alcohol testing proscribed by federal law.

1. Reasonable Suspicion:
   a. Direct observation of drug or alcohol use or possession and/or demonstration of physical symptoms of the influence of a drug or alcohol as related to work activities,
   b. A pattern of abnormal or erratic behavior, consistent with alcohol or drug abuse,
   c. Arrest or conviction of a drug or alcohol related offense as the focus of a criminal investigation into illicit drug use, possession, or trafficking,
   d. Information provided by reliable or credible sources,
   e. Information, which is independently corroborated,
   f. Evidence that an employee or student worker has tampered with a previous drug or alcohol test, or
   g. Possession of drug paraphernalia.

Individuals having reasonable suspicion of an employee in a safety sensitive position, based on the above criteria, must contact the Director of Human
Appendix 5

Resources and/or the Director of Environmental Health, Safety, and Risk Management. When feasible, the Office of the General Counsel will be contacted to confirm whether a given circumstance is sufficient to conduct a test.

Reporting personnel shall document the exact reasons why they suspect that a certain employee in a safety sensitive position has violated the drug and/or alcohol policy to include: the symptoms exhibited by the employee; the actions of the administrator, faculty, employee or student worker; if at all possible, corroborating statements from other administrators, faculty, employees or student workers; and other evidence which tends to establish a reasonable suspicion of illicit drug or unauthorized alcohol use. Statements by the reporting personnel should document specific facts, not speculation, about an employee's behavior or appearance which would lead a reasonable person to the conclusion that the employee was using or in possession of illicit drugs or unauthorized alcohol. The emphasis should be placed on how the behavior of the employee is affecting his/her performance.

2. Post-accident:

Each employee in a safety sensitive position who is involved in an accident that occurs during the course and scope of employment shall be required to submit to a drug/alcohol test. (A drug or alcohol test will also be requested if damage has occurred to university property as a direct result of the employee's behavior.)

3. Post University:

Referred Rehabilitation Monitoring:
As a condition of continued employment, any employee in a safety sensitive position who is participating in a substance abuse treatment program or who has a rehabilitation agreement with the university following an incident involving substance abuse may be required to submit to additional drug testing. This section shall not apply to employees in safety sensitive positions who have successfully completed a drug and alcohol rehabilitation program prior to employment with the university.
Appendix 5

Until the results of a test are received, an individual will automatically be removed from all safety sensitive functions, but may perform duties as assigned. Individuals may be suspended with pay pending investigation, if the continued participation of that individual presents a real and present danger to personal safety or property or threatens the health and safety of the individual or peers.

**Prohibited Employee Conduct**

1. Engaging in the manufacture, distribution, possession, or use of prohibited substances on university property, in university vehicles, or while in the conduct of university business. (Alcohol possession or use may be permitted on university property as articulated by university policy.)
2. Reporting to work under the influence of alcohol or illegal drugs.
3. Testing positive for alcohol and controlled substances as a safety sensitive employee.
4. Refusing to submit to required testing as a safety sensitive employee.
5. Permitting a subordinate employee, in a safety sensitive position, to perform or continue to perform safety sensitive functions when the supervising employee has actual knowledge that a safety sensitive employee has engaged in conduct prohibited in paragraphs above.

**Refusal to Submit Test**

An employee in a safety sensitive position who refuses to consent and submit to a test when requested under any of the circumstances provided for above will be subject to disciplinary action including termination.

Refusal to submit includes:

1. Failure to provide adequate breath for testing without a valid medical explanation after he or she has received notice of the requirement for breath testing in accordance with the provisions of this policy,
2. Failure to provide adequate urine for controlled substances testing without a valid medical explanation after he or she has received notice of the requirement for urine testing in accordance with the provisions of this policy, and
3. Engaging in conduct that clearly obstructs the testing process.

**Positive Test**

An employee in a safety sensitive position with a positive tests will be removed from performing his or her safety sensitive functions. Their supervisor and the Director of
Human Resources will meet with each employee who tests positive and inform the employee of the test result.

Based upon the information available after the meeting with the employee, the supervisor and the Director of Human Resources shall determine whether:

1. To proceed to impose appropriate disciplinary action (keeping in mind any minimum penalties as may be required by federal or state law if criminal penalties may have been pursued and the nature of the infraction as related to the job functions of the individual) pursuant to university procedures for discipline and dismissal of employee; or

2. To offer the employee the opportunity to participate in and satisfactorily complete an appropriate employee assistance program or rehabilitation program for alcohol and/or drug abusers as a condition of continued employment solely at the employee's expense. An employee who is permitted and chooses to participate in such a program must be informed that the university will pursue appropriate disciplinary action if the employee does not satisfactorily complete the prescribed program.

Recurrence of Substance Abuse: Upon the second occurrence of the necessity to potentially refer an employee, to counseling, or rehabilitation treatment, there will not be an option to refer the employee in a safety sensitive position for treatment and termination will be automatic.

Subsequent disciplinary actions: When an employee has experienced work related problems as a result of alcohol or drug use and has been reinstated, subsequent disciplinary action will not be taken for the previous work related problems provided the problems cease after reinstatement.

Employees Subject to Drug and Alcohol Testing

All employees in safety sensitive positions of Stephen F. Austin State University are to be included in the alcohol and/or drug testing program and will be subject to testing. Employees identified for testing purposes are expected to cooperate fully with designated clinic and/or laboratory personnel by making themselves available for testing, giving a valid sample and completing accurately all of the steps and necessary documents associated with the test.

Employees in safety sensitive positions at the university who are subject to this drug testing policy are defined as follows:
All employees whose job duties have a direct affect on the health, safety and welfare of employees, students and citizens, which the university serves including the following described duties:

- Drivers with commercial drivers licenses (CDL),
- Employees who are required to have a university certified drivers license in their job description,
- Persons who carry a firearm for security purposes,
- Employees who control dispatch of emergency services,
- Employees who repair or maintain university owned or leased vehicles,
- All maintenance personnel including but not limited to electricians, plumbers, carpenters, etc.,
- All employees who maintain the critical infrastructure of the university including but not limited to database administrators, systems administrators, programmer and systems analysts, network support specialists, etc.,
- Persons required to use dangerous equipment in the course and scope of their jobs including saws, drills, torches, tractors, mowers, and other motorized equipment,
- Employees using chemicals or other dangerous substances in the course and scope of their jobs,
- Medical professionals including licensed doctors, licensed nurses and certified athletic trainers.

Facilities for Testing

Employees selected for testing procedures shall report to the designated independent facility, or may be escorted by an authorized supervisor. A specimen will be collected and tested by an independently approved laboratory using valid, reliable testing procedures as outlined under the U.S. DOT regulations at 49 C.F.R, part 40. The services of a Medical Review Officer (MRO) will be retained for proper laboratory results interpretation.

Test Results

Drug and alcohol screen test results will be reviewed by an independent Medical Review Officer (MRO) after receipt of the specimen by the laboratory.

Employees who test positive for substances prohibited by this program shall be afforded an opportunity to consult with the MRO and to provide medical records or other biomedical information to assist the MRO in determining whether there is a legitimate medical explanation for the test results, including use of a legally prescribed medication. Upon review of all confirmatory tests and other medical records, the MRO shall issue a
confirmation report verifying test results. The MRO's confirmation report and the results therein shall be deemed conclusive.

The MRO refers to a licensed physician who is responsible for receiving laboratory results generated by the employer's drug testing program, evaluation, interpreting and verifying those drug testing results in conjunction with an employee's medical history, and determining whether a positive result was caused by the use of prohibited drugs or by an employee's medical condition.

The MRO shall have knowledge of substance abuse disorders and appropriate medical training to interpret and evaluate an individual's positive test result (as reported by the laboratory) together with his or her medical history and any other relevant biomedical information.

Any results below the minimum stipulated test levels for drug testing or under .02 for alcohol testing shall be considered a negative test result. Any employee with properly confirmed positive drug test results, or greater than .02 alcohol test as certified by the MRO, shall continue to be removed from any safety sensitive work and shall report to the supervisor upon request.

Records

All information from an applicant's or an employee's drug and alcohol tests is confidential, unless otherwise required by law. Records will be maintained in a secure manner so that disclosure of information to unauthorized persons does not occur.

Appeal and Retesting

Employees may appeal positive test results by submitting a written request to the Director of Human Resources within 24 hours after being informed of the positive test result. The appellant has the right to have a second test performed at a certified laboratory of his/her choice. The specimen transfer between the laboratories will follow standard protocol. An MRO shall interpret the alternate laboratory's test results, considering the nature of the result and time elapsed since the original test. All expenses for such retests will be the responsibility of the appellant.

Training

Supervisors who make reasonable suspicion determinations will receive training to recognize the signs and symptoms of drug use and will receive additional training to learn about the physical, behavioral, speech, and performance indicators of probable alcohol use.
Notice

All new employees shall receive notice of this policy and be required to sign an acknowledgement of receipt. Failure to sign an acknowledgement of receipt shall not nullify the notice provided by the University. Existing employees will be notified of the policy and its revisions.

Gifts, Prizes and Awards (C-58) NEW

Original Implementation: April 22, 2008
Revisions: None

This policy provides guidance regarding gifts, prizes and awards that can be given, the manner in which they can be given, and reporting requirements. State and federal regulations restrict the use of university assets to provide occasional gifts, prizes and awards to employees, students and others in the university community. In addition, different IRS regulations apply to the federal reporting of gifts, prizes and awards given to employees versus non-employees.

Raffles that include the purchase of a chance or ticket may not be conducted by the university. Outside organizations authorized to conduct raffles may do so only in accordance with Policy D-33, Solicitation on Campus, and state law.

Financial aid awards and grants are not considered gifts, prizes or awards for purposes of this policy. Most awards to students that are related to academic performance are considered financial aid, and as such are not subject to the provisions of this policy. Financial aid awarded to students must be processed through the business office, recorded on the student’s account, and reflected on the student’s bill.

Marketing and promotional items bearing the SFA name or logo are not considered gifts as long as they are not excessive in nature. An example of a marketing or promotional item is a shirt with an SFA department name provided to an SFA employee or representative. In addition, tickets provided to a representative of SFA for sporting events, fine arts events, recognition banquets, etc, are not considered gifts when attendance at the event is to promote the university in the representative’s official capacity.

All definitions and reporting requirements of this policy apply to any university funds, and remain the same even if the funds originate as a gift to the university from a third party.

No gifts, prizes or awards of any kind should be charged to university education and general (state) funds, designated accounts funded by course fees or other fees, or restricted federal and state funds as outlined below.

Use of Restricted Federal and State Funds: Funds from federal and state grants, contracts, or other sponsored agreements cannot be used to pay for items that are or appear to be gifts or marketing or promotional items, such as t-shirts, key chains, tote bags, caps, and other souvenirs or memorabilia, unless specifically provided for in an award document. Use of these funds to pay for awards for participation in grant-funded activities is generally allowable when both reasonable in cost and necessary to
accomplish program objectives. Acceptable awards include plaques, small trophies, ribbons, certificates, and pens/pencils and similar items.

For purposes of this policy the following definitions are understood:

**Employee:** An individual receiving compensation as a full-time or part-time employee, including casual employees, student employees and graduate assistants.

**Non-Employee:** An individual receiving no employment compensation of any kind or in any amount, including students who are not employed by any department of the university.

**Gifts:** A voluntary conveyance of something of value as a gesture of good will or appreciation. Marketing and promotional items are excluded as gifts as noted above.

**Award:** Something of value conveyed as a result of competition, merit or in recognition of service to the university on the part of the recipient.

**Prize:** Something of value conveyed as a result of chance, generally for promotional purposes, to one or more participants in an event sponsored by a university department or organization.

**EMPLOYEE as the recipient of a Gift, Prize or Award**

**Gifts**
Gifts of cash, including gift cards and gift certificates, to employees are not allowed using university funds.

Gifts, including those for birthdays, weddings, showers, retirements and other personal events, are usually not allowable expenditures of university funds. At their discretion, co-workers may contribute personal funds for this purpose.

Gifts other than cash, gift cards or gift certificates, and personal in nature such as those described in the previous paragraph may be allowed upon approval by the President or Vice-President when such gifts are for the purpose of showing support, respect, recognition, or good will, and are within IRS guidelines. If approved, the department must report the following information to the Controller’s Office: recipient name, social security number, address and value of the gift.

Non-cash gifts for employees of nominal value, such as t-shirts, cups, mugs, etc. can be purchased with appropriate funds. Marketing or promotional items bearing SFA name or logo as discussed above are not considered gifts. Non-cash gifts must be valued at $100 or less, unless a larger amount is approved by the President or Vice President. The
Appendix 5

department must report the following information to the Controller’s Office: recipient name, social security number, address and value of the gift.

**Prizes & Awards**
Cash awards may be given to employees for meritorious performance or other reasons connected with employment ONLY as part of an established campus-wide program. See Policy A-66 “University Award Programs.” Such cash awards cannot be given in the form of gift certificates or gift cards, but must be paid through payroll and submitted on a stipend authorization form.

Non-cash awards given to employees as length of service awards are acceptable as long as they are valued at less than $400 per year per employee. These awards may ONLY be administered by Human Resources.

Any non-cash award given for meritorious performance, or other reasons connected with employment, must be of nominal value. For purposes of this policy, nominal value is defined as $50 or less.

An employee may accept a cash or non-cash prize or award of any amount where the individual’s employment is incidental to the basis on which the prize or award is given. For example, a university employee would be eligible to win a door prize given at random or an essay-writing contest.

The department or organization sponsoring the contest, game of chance, etc., without the purchase of a chance or ticket must report the following information to the Controller’s Office: recipient name, social security number, address, and value of the prize or award.

**NON-EMPLOYEE as the recipient of a Gift, Prize or Award**

**Gifts**
Gifts of cash to non-employees are not allowed.

Gift certificates, gift cards or tangible commodities are allowed as long as the gift is given for a valid business reason.

For any gift greater than $100 in value, the department must report the following information to the Controller’s Office: recipient name, social security number, address, value of the gift and reason for the gift.

Development Gifts to donors or other individuals serving development interests, or for alumni relations purposes using university funds or property cannot exceed $100 in value unless approved by the President. The department must report the following information to the Controller’s Office: recipient name, social security number, address and value of the gift.
Institutional Gifts – When university officials are visiting abroad or are hosting visitors from other institutions, appropriate university funds may be used to give such visitors a gift valued at $100 or less, as a sign of appreciation or recognition. Any gift valued greater than $100 must be approved by the President. Marketing and promotional items with the SFA name or logo are not considered gifts as discussed above. The department must report the following information to the Controller’s Office: recipient name, social security number, address and value of the gift.

Gifts to Public Officials - Federal and state laws severely restrict the nature and value of gifts that may be made to public officials, and those restrictions may vary depending on the type of gift as well as the office held by the official. Gifts to municipal officials may also be restricted. In general, university policy prohibits all gifts to public officials, with the exception of token gifts valued at less than $50 as long as they are not provided in exchange for his/her decision, opinion, recommendation, vote, or other exercise of discretion as a state employee. Any exception to this limit should be discussed in advance with General Counsel in order to make certain it is allowed under the specific governing conditions. There may be restrictions on paying honoraria to public officials and questions should be directed to the General Counsel.

Prizes & Awards
Cash (including gift certificates or gift cards) or non-cash items may be given as prizes and awards as long as they are reported as required herein. Prizes and awards to non-employees must be for a valid business reason, which may include a contest, door prize, etc. without the purchase of a chance or ticket.

Regardless of the value of the prize or award, the department must submit the following information to the Controller’s Office: recipient name, social security number, address, value of the prize or award, and the reason for the prize or award.

NON-RESIDENT ALIENS as the Recipient of a Gift, Prize or Award
Cash and non-cash gifts, prizes and awards to nonresident aliens are generally subject to 30% withholding and reported on an IRS Form 1042-S. The department or organization must contact the Controller’s Office before processing gifts, prizes and awards to persons who are not U. S. citizens or Legal Permanent Residents, regardless of the value of the gift, prize or award.

The following information must be reported to the Controller’s Office: recipient name, social security number, address, value of the prize or award, and the reason for the prize or award.

To be eligible for a graduate assistantship, a student must have clear or provisional admission to the graduate school and the department/school/division and be in good academic standing. Graduate assistants assigned at the 50% rate (50% = full graduate assistantship) are expected to serve 20 clock hours per week in the department/school/division to which they are assigned. Those assigned to other percentages are expected to work a proportionate number of clock hours. The department chair/director is responsible for the selection, training, assignment of duties, and supervision of the graduate assistants in his/her department/school/division.

A graduate assistant must be enrolled for at least nine-six hours of graduate course work in the fall or spring semesters and three semester hours in a summer session. Should a graduate assistant fall below the nine-six or three hour minimum for a semester or summer session, he or she will not be eligible for an assistantship the following semester.

A student must be approved for an assistantship by the chair/director of the department, the Director of Personnel Services, the Budget Director, and the Associate Vice President for Graduate Studies and Research. The appointment as a graduate assistant is completed only after the candidate has attended a mandatory new employee orientation session in the Office of Personnel Services.

Except for students in the Ed.D., Ph.D. and M.F.A. programs, a student may receive an assistantship for no more than four long semesters and two full summers.

Long Term Care

A Long Term Care Plan is offered by Employees Retirement System of Texas to active employees and their families through CNA Insurance. The active employee may enroll at the time of employment or (within 31 days), without evidence of insurability. However, any family members must go through evidence of insurability to enroll in the plan. For information, or to sign up, go to www.ers.state.tx.us/links or call CNA at (877) 895-6762.

Retiree Insurance Coverage
University employees may continue their health insurance coverage providing they have ten or more years of creditable service, have been covered under the Texas Employee's Group Benefit Program, for at least three years prior to September 1, 2001, or ten years, after September 1, 2001, and meet the criteria for retirement benefits. Beginning September 1, 2003, the qualification for retiree insurance is age 65 or age plus years of service equals 80. Those who become totally disabled are entitled to participate in retiree insurance coverage, if they meet the criteria (age 65 or age plus years of service equals 80). The State will continue to fund the amount funded prior to retirement toward retiree and dependent coverage. A thirty-one- (31) day enrollment period is provided for persons retiring or qualifying for retiree insurance coverage. If employed at the time of retirement, and eligible for insurance benefits, there will be no waiting period for enrollment in the health plan. However, if the retiring member is not in an active status at the time of reaching eligibility for retiree insurance, (age 65 or age plus years of service equal to 80), there will be a ninety-day (90) waiting period for participation in the health plan.

Complete information will be made available to all qualified retirees by Human Resources prior to their date of retirement.

Social Security

All employees of the university are covered by the Federal Insurance Contribution Act (FICA). Currently, the employee contributions are broken down as follows:

6.20% of base salary of $94,297,500 for Old Age and Survivor's and Disability Insurance (OASDI);

1.45% of base salary for Medicare (HIMQFE).

This information is based on the Year 2006-2007 rates and limits.

Flexible Benefit Plan

Benefits eligible employees may participate in the Flexible Benefit Plan established in accordance with Section 125 of the Internal Revenue Code. The plan permits employees to pay for certain eligible expenses with pre-tax money.

Through this plan, participants are automatically enrolled in Redirection of Insurance Premiums. Allowable insurance premiums will be paid with pre-tax money, with the exception of Short-Term Disability, Long-Term Disability and Dependent Life.
Through this plan, the employee may choose to participate in one or both of
Reimbursement Accounts:

1. Medical Reimbursement Account - The participant may specify an amount of pre-tax money to be deposited in a medical reimbursement account. The participant can then apply for reimbursement when certain allowable out-of-pocket health care expenses are incurred.

2. Dependent Care Reimbursement Account - The participant may specify an amount of pre-tax money to be deposited in a dependent care reimbursement account. The participant can then apply for reimbursement when dependent care expenses are incurred.

Substantial tax savings may be realized through the Flexible Benefit Plan. However, several restrictions are important to keep in mind when enrolling in one or both of the reimbursement accounts.

1. Amounts designated to be tax sheltered cannot be changed during a plan year unless there is a change in family status. Forms must be completed within thirty (30) days of the qualifying life event-date, otherwise no changes may be made until the next summer enrollment period.

2. Reimbursement accounts are on a use-it-or-lose-it basis. During a plan year, expenses should be incurred for all tax sheltered money because any amount not reimbursed to the participant reverts to the insurer.

Eligible employees may enroll at the time of employment or during the Summer Enrollment period prior to the next Plan year. To continue to participate, employees must re-enroll each year and may make changes or stop participating each year during the Summer Enrollment period.

**State of Texas Deferred Compensation Plan/TEXA$AVER**

This plan is available to all employees. This plan allows employees to allocate a specified amount of their earnings to a tax-sheltered plan purchased by the State of Texas. Employees interested in learning more about this plan should contact the Benefits Office in Human Resources or the web site at www.ers.state.tx.us.

**Tax Sheltered Annuities**

All faculty and staff members are eligible to purchase a supplemental tax sheltered annuity.
Individuals electing to participate in the Tax Sheltered Annuity Plan should contact an authorized company for information and request to complete the proper forms. The employee must complete a written agreement authorizing the deduction from their monthly salary.

The authorization initiating a tax sheltered annuity should be executed before the 20th 25th of the month to be effective the next pay period. This agreement will remain in effect until the employee initiates a change of authorization or the maximum amount has been contributed.

Changes to the salary reduction authorization are permitted. Employees may change carriers at any time. An employee may terminate an authorized reduction in salary by completing the proper forms in Human Resources.

Once an annuity contract has been purchased for an employee, any questions concerning the contract's relation to the income tax laws are strictly between the faculty or staff member and the Internal Revenue Service.

Information on Tax Sheltered Annuities may be obtained from the Benefits Office in Human Resources.

U.S. Savings Bonds

Employees may purchase savings bonds starting in increments of $100/month (cost of $50 for a $100 bond.)

Original Implementation: June 29, 1981
Last Revision: January 19, 2006 April 22, 2008

Laboratory fees shall be assessed in an amount sufficient to cover in general the cost of laboratory materials and supplies used by a student. A department division or school may choose to average the costs over its total laboratory program and set an appropriate uniform fee. The basic fee is $10. For those classes where it can clearly be demonstrated that the value of expendable supplies is well beyond $10, a reasonable laboratory fee, not to exceed $30 may be charged.

Laboratory fees will be recommended by the department chair/director and approved by the dean of the college and the provost and vice president for academic affairs and published in the appropriate media. All fees will be reviewed annually at the department level for appropriateness and accuracy. New and changed fees will be submitted to the board of regents for approval. Fees will be reviewed annually in conjunction with the April meeting of the Board of Regents.

Moving Expenses (C-21)

Original Implementation: December, 1988
Last Revision: April 22, 2008

The university may pay reasonable moving expenses for a newly hired faculty or staff member. Payment for actual moving expenses of newly hired employees may be made from non-appropriated funds. However, payment of moving expenses is not an entitlement. It is an option, with terms to be agreed upon between the university and the prospective employee in advance. Prior approval of the university president is required.

Departments may negotiate with the new employee to pay full or partial moving expenses. Payments must be made from non-appropriated funds, provided the funds are available in their budget. Prior approval of the University President is required.

Moving expenses can be paid by either of two methods:

1. Direct payment to vendor (preferred method)

2. Reimbursement to new employee (Receipts documenting moving expenses must be attached to the Moving Expenses Payment/Reimbursement Form and submitted to the Payroll Office.) to qualify as a non-taxable reimbursement. Otherwise, the reimbursement amount is taxable to the employee and subject to immediate tax withholding and Form W-2 reporting.

The Payroll Controller's Office will coordinate all payments for moving expenses, regardless of which method of payment is used. The Personnel Action Request (PAR) Payroll forms and the Moving Expenses Payment/Reimbursement Form (available online at http://apache.sfasu.edu/sfa_forms/fill_in_forms.shtml) must be completed before any moving expense can be processed for payment. The taxability of any reimbursed moving expense will be determined by Internal Revenue Service guidelines.

Direct payment to vendors, such as to professional moving companies, are not subject to Federal income tax and FICA (social security) withholding. Direct payments to vendors also require an approved purchase order and invoice.

Parking and Traffic Regulations (D-24)

Original Implementation: September 1, 1961
Last Revision: April 24, 2007, April 22, 2008

GENERAL INFORMATION

1. These regulations are approved by the Board of Regents of Stephen F. Austin State University.

2. The University Police Department has the responsibility and the legal authority for the enforcement of the traffic and parking regulations listed in this booklet.

3. The university considers the use of a vehicle on campus a convenience and is not obligated to furnish unlimited parking space to accommodate all vehicles. The university will, however, attempt to provide a reasonable number of parking spaces in keeping with available resources.

4. Every person operating a motor vehicle on university property is held responsible for obeying all university traffic and parking regulations as well as all city and state parking and traffic regulations. All vehicles operated on the university property must display a valid parking permit 24 hours a day 365 days a year.

5. The term “university property” is interpreted to include all properties under the control and jurisdiction of the Board of Regents of Stephen F. Austin State University.

6. The term “visitor” is interpreted to mean an individual with no official connections with Stephen F. Austin State University as student, faculty, or staff member, or employee of private contractors assigned to Stephen F. Austin State University.

7. Visitor parking is set aside for special interest areas of the university. These spaces may not be utilized by university personnel, students, or employees of private contractors assigned to Stephen F. Austin State University. These spaces are reserved for bonafide visitors to the university. Visitors should obtain a visitor parking permit from the University Police Department or Information Booth on Vista Drive. Visitors are required to show a valid driver’s license to obtain a visitors permit.

8. Handicapped parking is provided in all parking lots on campus. These spaces are reserved 24 hours a day, seven (7) days a week for the holders of handicapped parking permits. A current SFA parking permit is also required.

9. The University Police Department offers escort service upon request between dusk and dawn to individuals requiring transportation to and from residence halls, academic buildings, and/or vehicles. To receive an escort, request in person at the University Police Department, or by telephone at 468-2608. The University Police
Department also provides escort 24 hours a day to local hospitals for emergencies when immediate medical care is not needed. For further information on the escort service, call the University Police Department at 468-2608.

10. If a vehicle becomes temporarily disabled and cannot be parked in its assigned area, it must be reported to the University Police Department. The fact that the vehicle is temporarily disabled will be recorded and an officer will either render assistance or authorize temporary parking. Temporary parking will only be authorized for 24 hours or less. If parking for a longer period is necessary it must be renewed at 24 hour intervals. Temporary parking will not be authorized in areas that are not parking spaces (tow away or no parking zones, etc.) or in Handicap Parking.

11. A permit may not be purchased for display on a disabled vehicle. For these purposes, a disabled vehicle is a vehicle that has been disabled for more than three weeks.

12. Services such as jump starts and unlocking vehicles are offered by the University Police Department as time permits. The University Police Department does not change flats, push cars or perform any major automotive service.

**VEHICLE REGISTRATION**

1. All faculty, staff, student (full or part-time) or employees of private contractors or other government agencies assigned to Stephen F. Austin State University, who operate a vehicle on university property, regularly or occasionally, are REQUIRED to obtain a parking permit. In order to purchase a Faculty/Staff permit after September of the Academic year, the Faculty/Staff member must first go to the Business Office located on the second floor of the Austin Building and pay for the permit. After payment is made, bring the receipt to the Permits Office at the University Police Department and a Faculty/Staff permit will be issued. Vehicles may be registered at the University Police Department 24 hours a day.

2. The registration of all vehicles parked on campus is required, but registration in itself is no guarantee of a parking space near the place where one works, resides or attends classes. The responsibility of finding a LEGAL parking space rests with the vehicle operator. Lack of space is not a valid excuse for violations of any parking regulations.

3. A permit must be obtained for each academic year or portion thereof.

4. Permits for the current academic year may be obtained at any time during the academic year. Persons may obtain permits for the next academic year beginning August 1 for faculty, staff, and employees of private contractors assigned to campus and August 20 for students.

5. A permit must be displayed on the vehicle no later than the first university business day that the vehicle is brought on campus.
6. The permit must be displayed as designated by the University Police Department. Only the permit for the current academic year should be displayed.

7. Vehicles owned by students may not normally be registered in the name of a faculty or staff member, unless approved by the Chief of Police or his designee.

A vehicle should not be sold with the parking permit still displayed.

9. Should a parking permit become mutilated or obliterated in any way, a new permit must be obtained from the University Police Department. When the remnants of the old permit are presented, a replacement will be issued for $8.00.

12. Student Center Parking Garage Fees

The use of the Student Center Parking Garage is deemed Pay-Per-Use 24 hours a day, 7 days a week. Persons parking in the Student Center Parking Garage must use the installed control equipment to access and exit the garage. The forms of payment accepted by the equipment will be posted at the entrances to the garage. If the equipment malfunctions, if the parker does not have a form of payment accepted by the control equipment, or if the parker loses the ticket dispensed to them by the entrance machine upon entry, the parker may utilize the call box located on the front of the exit machine and contact the University Police Department. An officer will be dispatched to the parking garage to collect payment. The forms of alternative payment accepted are exact cash, check, or signing a promissory note that permits the charges to be placed on their appropriate student, faculty, or staff account for payment through the Business Office.

a. Any university department hosting an event on campus may request parking for the Student Center Garage. It will be the individual department’s responsibility to notify the University Police Department within a reasonable amount of time or within 48 hours of the event (See University Policy F-5 Building Security/Special Events) with the number of permits/passes needed for the event. Passes for the Student Center Parking Garage will not be issued without a minimum of 48 hours notice. This is to allow for the parking arrangements to be made to accommodate the visitors to our campus. The fee for a department to utilize the parking garage for an event is $8 per day for up to 9 passes, or $6 per day if 10 or more are purchased. The amount will be charged to the requesting department via Inter-Departmental Transfers (IDTs).

b. Any faculty/staff member or student wishing to purchase a contractual space in the Student Center Parking Garage may do so for $200/225 per semester (Summer I and Summer II are combined for a contractual space). Persons purchasing a contractual space must also purchase a valid parking permit. Contractual spaces will not be reserved on any of the levels in the parking garage.

c. Any person wishing to purchase a pre-paid Pay-Per-Use card may do so by contacting the University Police Department. Pay-Per-Use cards will be credited with a pre-paid amount and will decrease in value with each use (i.e. debit card). Persons wishing to purchase a Pay-Per-Use card will be required to make a payment to the Business Office, located on the 2nd floor of the Austin Building, or by signing an agreement for the amount to be placed on the student’s bill.

d. Any person wishing to park a motorcycle in the Student Center Parking Garage will be required to follow the same rules and guidelines as a vehicle.

13. Aikman Dr. Parking Garage

The Aikman Dr. Parking Garage will be reserved for Faculty/Staff on Levels 1 and 2, and Housing Permit holders as indicated in this policy, Parking Regulations, on Level 3, and All Permit Parking on Level 4. 14. Carolyn St. Village Parking Garage

The Carolyn St. Village Parking Garage will be reserved for Housing permit holders as indicated in this policy, pages 6-8, Parking Regulations.
REQUIRED DISPLAY OF PERMIT

Registration is not complete until a current registration permit is properly displayed as follows:

1. Proper Display

To be properly displayed, the permit must be permanently affixed in the position listed below for vehicle type. Taping or clipping the permit is not considered as permanent placement (except faculty/staff permit, visitor permit, vendor, and temporary permit).

   a. Student permits must be displayed on front windshield within 2 inches of the State Registration sticker.

   b. Motorcycle and trailer permits must be displayed where they can be seen without difficulty.

   c. Faculty and staff, temporary, vendor and visitor permits shall be displayed from the rear view mirror in a manner to be visible from both the front and rear of the vehicle. If a vehicle does not have a rear view mirror, the permit shall be placed face up on the driver's side of the dash, but not obstructing view of the vehicle identification number. Faculty and staff permits may be displayed on any vehicle to be used by the permit holder.

   d. If a person other than the original permit holder is driving a permitted vehicle, that person must adhere to the same restrictions as the permit holder as to parking in the designated parking lot assigned by the permit.

   e. The procedure for Faculty/Staff to follow in the instance that their permit is lost or stolen is as follows:

      (1) Come to the University Police Department as soon as you discover that the permit is missing and file a police report for a Lost or Stolen Permit.

      (2) Come to the Permits Office after a police report is filed and we will issue a Temporary Permit for 30 days. If the permit is not found during those 30 days, the Faculty/Staff member will be required to purchase a NEW permit.

2. Permit Not Transferable and Non-Refundable

A permit is non-refundable and is not transferable from the person to whom it is issued. A student permit is not transferable from the vehicle for which it is issued. Faculty, staff, vendor or private contractor permits may be moved from one vehicle to
another and can be displayed on any vehicle used by the permit holder. Resale of parking permits is prohibited and will be considered as a false or fictitious permit.

**Types of Permits**

1. Permanent Permits:
   
a. Faculty, Staff, or Private Contractor
   
   These permits are issued to employees (non-student) of the university, or other government agencies assigned to the campus, or as authorized by the Chief of Police. These permits designate a particular lot assignment. Holders of this type of permit may use available faculty and staff spaces outside their assigned lots to conduct university business on a temporary basis. These permits must be returned to the University Police Department if employment on campus ceases.

   b. Campus Resident Parking
   
   These permits are issued to students who live in on-campus housing only. Holders of these permits may park in any area designated as “Campus Resident” parking or “All Permit” parking. A valid student ID and proof of liability insurance on the vehicle being registered is required. If the student’s housing status changes from on-campus to off-campus, the student must surrender their Housing Permit and purchase a Commuter Permit.

   c. Commuters (Students not living in University Housing)

Holders of these permits may park in areas designated as “All Permit” area parking. A valid student ID and proof of liability insurance on the vehicle being registered is required.

   d. Motorcycle
   
   These permits are issued to faculty, staff, students, or employees of private contractors assigned to Stephen F. Austin State University. Holders of these permits may park in areas designated as motorcycle parking or any legal parking space. Motorcycle permits are separate in themselves from Faculty/Staff, Student, or Vendor permits and must be purchased as such. A valid student ID and proof of liability insurance on the vehicle being registered is required.

   e. Trailer
   
   These permits are issued to faculty, staff, students, or employees of private contractors assigned to Stephen F. Austin State University who need to park
trailers on campus. Trailers may not exceed 21 feet in length. Holders of these permits may park the trailer in any legal parking space in which the permit holder’s vehicle is assigned.

g. Employees of Private Contractors

These permits are issued to employees (non-student) of private contractors assigned to the Stephen F. Austin State University campus. These permits designate a particular lot assignment. Holders of these permits may use available faculty/staff spaces in their assigned areas. These permits must be returned to the University Police Department if employment on campus ceases.

h. Occupied Recreational Vehicles

The owner or operator of any recreational vehicle parked and occupied (used as place of lodging either permanent or temporary while on the campus of Stephen F. Austin State University) must register that vehicle with the University Police Department as a recreational vehicle. A permit will be issued for the vehicle. There is no fee for the use of a recreational vehicle on campus for up to four nights per semester. Beginning on the fifth night per semester a recreational vehicle is occupied, a fee of $32.00 per night will be due and will be due for each subsequent night that the vehicle is occupied. Permits may be obtained and fees must be paid in advance of each night’s stay. The valid permit must be displayed in the front window of the vehicle or the front window of the tow vehicle near the vehicle inspection sticker. The fee is for parking only. No facilities are provided. A recreational vehicle owned by a student living on campus may be registered as a regular vehicle, but may not be occupied as a recreational vehicle on campus unless it is also registered as a recreational vehicle. If this vehicle is occupied, the recreational vehicle fees are due in accordance with this policy in addition to the regular parking permit fee.

2. Handicapped Permits:

a. Handicapped Permits and Temporary Handicapped Permits are issued by the County Tax Assessor-Collector of any Texas County.

b. Only vehicles displaying a Handicapped Permit or Temporary Handicapped Permit may park in “Reserved for Handicapped” parking spaces or any other area designed for disabled persons such as an access ramp or curb cut. These vehicles must also display a valid Stephen F. Austin State University parking permit.
Appendix 5

e. Faculty/Staff members who have a valid Handicap placard or license plate issued by the State of Texas may purchase a Commuter Permit for $32.00 in lieu of a Faculty/Staff permit.

3. Temporary Permits:

a. Substitute Vehicle

If a vehicle other than the vehicle registered with the university must be parked on campus, a temporary permit must be obtained at the University Police Department no later than the first university business day after the vehicle is brought on campus. When a vehicle (with a valid permit) is sold and the permit is not removed, a temporary parking permit can be issued for two (2) weeks and renewed for an additional two (2) weeks for the substitute vehicle. This will give the owner time to retrieve the parking permit. If unable to get the old permit during this time, a new permit must be purchased. A valid student ID and current proof of liability insurance on the vehicle being registered is required. A Temporary Permit may be given to a student who has already purchased a current permit and needs to use a different vehicle temporarily. The temporary permit may be issued in two week increments and can be renewed once after it is originally issued free of charge. After this one month period, the student will be required to pay a $3.20 fee per week for the temporary permit. Temporary Employees paid by the university may receive a free temporary permit for one month after which they will be required to purchase a regular Faculty/Staff permit or pay a weekly charge of $3.20 per week for the temporary permit.

b. Short Term Vehicle

Operators not having a vehicle registered with the university who need to operate a vehicle on campus for a short period of time may purchase a temporary permit for $3.20 per week. This permit must be obtained at the University Police Department no later than the first university business day after the vehicle is brought on campus. A valid student ID and current proof of liability insurance on the vehicle being registered is required.

c. Loading and Unloading Permit
A temporary permit may be obtained at no charge for loading or unloading heavy equipment, supplies, bulky class projects, etc. in an area other than the area designated on one's regular valid permit. Vehicle must be parking in a legal parking space in the assigned lot for loading/unloading. These permits may be obtained at the University Police Department.

d. Temporarily Sick or Injured Permit

A temporary permit may be obtained by a person who is temporarily disabled, due to illness or injury, to park in areas other than the area designated on his/her regular valid permit. An application for this permit must be accompanied by a doctor's statement. Parking assignments will be made in keeping with available resources.

**Parking Regulations**

1. The university reserves the right to enforce parking and traffic regulations:

   a. through the issuance of citations and the collection of fees for offenses.

   b. through the impoundment of vehicles in place or removal by towing of vehicles interfering with the movement of vehicular or pedestrian traffic or involved in specified parking offenses.

   c. by the suspension or revocation of permits for repeated offenses.

   d. by barring re-admission of any student for non-payment of outstanding fees.

   e. by withholding a student's official transcript and/or diploma.

   f. by other such methods as are commonly employed by city or state police in the control of traffic.

2. Parking areas are designed by signs and/or color coding on a map obtained from the University Police Department. These signs and maps indicate the type of permit holder for which the area is reserved. Certain lots are reserved for permit holders assigned to that lot only.

3. Parking areas are generally reserved for the type of permit holder indicated by signs from 6:00 a.m. to 4:00 p.m., Monday through Friday, except as otherwise indicated. Parking lots 8W (North of Education Building) and 15 (Early Childhood Lab/Outdoor Pool/HPE Complex) are reserved Monday through Friday until 8:00 p.m. A portion of Lot 47 (Commuter Lot), as identified by metal signs, is reserved for Band Practice on Tuesday, Wednesday, and Thursday after 3:30 p.m. Vehicles will be towed, at owner's expense, from this area during this designated time.
a. A valid parking permit is required for parking at the Health Clinic.

b. Pecan Park (Lot 54): All spaces facing the pavilion are reserved for Park Patrons ONLY.

4. Unpaid charges for parking offenses are recorded in the name of the person who has registered the vehicle with the University Police Department or in the name of the person in whose name the vehicle is registered with some official state motor vehicle registration department or agency. NOTE: If a student has the same family name and/or home address as the registered owner, then the unpaid charges on non-permitted vehicles will be recorded in the student’s name. Parking permits and parking fines not paid will be subject to collection. Any charges associated with collection will be the owner’s or the student’s responsibility.

5. A temporarily sick or injured person with a temporary “Special” permit may park only in those areas specified on the permit by the University Police Department. Vehicle must have a valid permanent parking permit.

6. Several parking spaces, regardless of the area in which they are located, are reserved 24 hours a day, seven (7) days a week for service vehicles, Residence Hall Directors, Handicapped, or as loading zones. 8. Certain parking spaces have been designated as “20 minute” parking spaces. These spaces are so designated to provide short-term parking for business access to the Stephen F. Austin State University Post Office, Student Center offices and other designated areas. Over parking in these spaces is prohibited. Citations may be issued for each 21 minutes segment of over parking. STUDENTS, FACULTY, STAFF, AND PRIVATE CONTRACTORS MUST HAVE A VALID SFA PERMIT DISPLAYED WHILE PARKING IN 20-MINUTE PARKING.

9. All vehicles, except motorcycles, must park head-in and within a defined space in lots and streets having angled or head-in parking.

Vehicles are prohibited at all times from parking in reserved spaces without a proper permit, no parking zones, tow-away zones, fire lanes, crosswalks, loading zones or service driveways, on lawns, curbs or sidewalks, barricaded areas or in any manner which obstructs the flow of vehicular or pedestrian traffic.
11. Students, faculty, staff and employees of private contractors or other government agencies assigned to Stephen F. Austin State University are expected to be familiar with and abide by these regulations at all times. The fact that a certain citation is not issued when a vehicle is illegally parked does not mean or imply that the regulation or law is no longer in effect.

12. The responsibility for obtaining knowledge of all laws and regulations in force rests with the motor vehicle operator.

Receipts and Deposits (C-5)

Original Implementation: Unpublished
Last Revision: April 28, 2005 April 22, 2008

Receipts

The university must account for all sales and receipts. Employees accepting payment of any kind, for any reason, must issue each payer an official university receipt in a form approved in advance by the controller.

Cash registers or other electronic devices used for recording sales must be equipped to issue numbered sales receipts showing the amount and description of the sale.

Departments authorized by the vice president for Business Affairs - Finance and Administration to collect funds, but which do not have cash registers, will use an official receipt book issued by the University Business Office. These receipts are to be handwritten in ink by an authorized employee. The employee issuing the receipt must:

- complete the receipt by entering detailed information in every blank,
- sign the receipt, and
- give the payee the original receipt.

The appropriate copy of the receipt should be sent to the University Business Office with the deposit (see Deposits, below). The non-perforated copy of the receipt will remain in the receipt book.

Receipts should never be altered. If a correction is necessary, the original receipt must be voided (with explanation noted) and a new receipt issued. The original of the voided receipt should be sent to the University Business Office along with the copy of the new receipt.

All receipt books must be available in the department for audit.

Sales Tax

Departments are responsible for collecting applicable sales tax and reporting it to the University Business Office on the Deposit Summary form.

Deposits

Some university departments are authorized to make deposits directly to the bank via courier service provided by the University Police Department (UPD). These departments
are: University Business Office, Ticket Office, University Center, Business Office, Housing Operations, and Athletics. All other departments will hand-deliver their deposits to the University Business Office, which will then incorporate the funds into the university's main daily deposit.

Each department that makes deposits directly to the bank via UPD courier shall hand-deliver the Deposit Summary form to the University Business Office on the deposit date. Immediately after the deposit is made, the UPD courier will hand-deliver the university's copy of the deposit slip to the University Business Office. There, the deposit slip will be compared to the Deposit Summary form to verify they balance. A University Business Office teller will then enter the deposit data into the university's online Financial Records System (FRS).

Each department that makes deposits to the University Business Office will be provided with two lockable deposit bags and keys. The department shall prepare the Deposit Summary form and place it in the deposit bag with the cash, checks, original credit card receipts, and the appropriate copy of the handwritten receipts. The locked bag will then be hand-delivered to the University Business Office by a departmental representative. The representative will leave the deposit with the teller, and sign for and take the empty deposit bag from the previous deposit. Subsequently, the University Business Office teller will verify that the receipts and the funds balance, and will enter the deposit data into FRS. The teller will lock the empty bag and store it until the departmental representative returns with another deposit.

Departments may view the applicable account(s) in FRS to confirm the deposit data entered by the University Business Office.

All funds (including overages) must be deposited promptly. Receipts of $25 or more must be deposited no later than the next working day. Receipts less than $25 must be deposited within four working days. Checks must be restrictively endorsed with the department's university stamp immediately upon receipt. No department may use any funds for any purpose prior to depositing them.

Sick Leave (E-47)

Original Implementation: Unpublished
Last Revision: January 19, 2006 April 22, 2008

Employees of the university, whose positions do not require as a condition of employment that they be enrolled and regularly attending classes, shall, without deduction in salary, be entitled to sick leave subject to the following conditions. Employees of the SFA Charter School will earn sick leave according to Charter School policy.

Sick leave entitlement shall be earned, beginning on the first day of employment, at the rate of eight (8) hours for each month or fraction of a month of employment, and shall accumulate with the unused amount of such leave carried forward each month. An employee who is on leave for the first day of the month may not use the sick leave that the employee accrues for that month until after a return to duty. Such leave accrual shall terminate on the last day of duty. An employee’s accrued sick leave balance will be transferred when an employee moves from employment in one state agency to another, provided the employment is uninterrupted. Part-time employees, working at least 20 hours per week, accrue sick leave proportionately to their FTE.

Employees of the university who separate from employment under a formal reduction in force are entitled to have their sick leave balances restored if they are re-employed by the State within 12 months. Employees separated from the university for reasons other than a formal reduction in force and re-employed by SFA may have their sick leave balances restored only if:

1. The employee is re-employed by the university within 12 months after the end of the month in which the employee separates from employment, but only if there has been a break in employment from the university of at least 30 calendar days; or
2. The employee is re-employed by a different state agency or institution of higher education within 12 months after the end of the month in which the employee separated from the university.

The university has no authority to pay out an employee’s accrued but unused sick leave balance upon termination. An employee who is restored to employment at the university following military service is entitled to have his or her sick leave balance restored. Employee Retirement System (ERS) retirees who return to state employment will not have their sick leave balances restored.

Sick leave with pay may be taken when sickness, injury, or pregnancy and confinement prevent the employee’s performance of duty or when a member of the employee’s
immediate family is actually ill. For purposes relating to regular sick leave, immediate family is defined as those individuals related by kinship, adoption or marriage who are living in the same household or if not in the same household are totally dependent upon the employee for personal care or services on a continuing basis. An employee who is the legal guardian of a child by court appointment may use sick leave to care for the child. Sick leave may be used for the adoption of a child under the age of three. An employee who must be absent from duty because of illness shall notify their supervisor or cause the supervisor to be notified of that fact at the earliest practical time.

To be eligible for accumulated sick leave with pay during a continuous period of more than three (3) working days, an employee absent due to illness shall send to the administrative department head a doctor's certificate showing the cause or nature of the illness, or some other written statement of the facts concerning the illness which is acceptable to such administrative head. If an illness results in the absence of three (3) working days or less, the administrative head has the discretion to require documentation of the illness.

1. Upon returning to duty after sick leave, an employee shall immediately complete a "Request for Vacation, Compensatory Time, Sick Leave Taken" form.
2. Funds appropriated for salaries and wages may be paid for all of the employee's accumulated vacation leave and for one-half of his/her accumulated sick leave, or for 336 hours of sick leave (whichever is less), to the estate of an employee when said employee dies while employed by the university. The employee must have had continuous employment with the university for at least 6 months at the time of death. The payment shall be calculated at the rate of compensation being paid the employee at the time of death.
3. An employee may use sick leave while he or she is on annual leave.
4. Employees employed by multiple agencies cannot accrue sick leave at a rate that exceeds that of a full-time, 40-hour-per-week employee.
5. Participation by any employee in an organized work stoppage has been declared to be against the public policy of the state of Texas (Art. 5154C, Vernon Civil Statutes). In any case when there is substantial evidence to indicate that an organized work stoppage exists in any division or department of the university, an employee reporting ill shall send to the administrative head of his/her department or division a doctor's certificate showing the cause or nature of the illness to be entitled to sick leave.
6. Extension of Sick Leave: Pursuant to the Texas Government Code section 661.202 (i) and (j), an extension of sick leave may be granted through the university policies of Sick Leave Pool, Family Medical Leave, or Leave of Absence. (See Sick Leave Pool, Family Medical Leave, and Leave of Absence Policies.)
7. An employee may use up to eight (8) hours of sick leave each calendar year to attend parent-teacher conference sessions for the employee's children who are in pre-kindergarten through 12th grade.

4.1. Students seeking on-campus employment may visit the Student Employment Center (SEC) in the Counseling and Career Services Office or view on-line jobs located on the SEC (http://www.sfasu.edu/ccs/studentemp/findjob.htm) web site. Students need to contact the employing department to apply for each position.

2. All students employed by the university are required to report to the SEC for verification of employment eligibility and payroll processing within seventy-two (72) hours or before the first day of employment. It is the employing department's responsibility to instruct all new student workers to report to the Student Employment Center within the stated time period. Once the necessary employment forms (Student Employment Information Sheet, I-9 and W-4) have been completed the student may be authorized to work on campus. Students working College Work-Study positions must obtain a "College Work Study Permit" from the Financial Aid office each semester they intend to work.

Once the necessary employment forms have been completed the student will be authorized to work on campus.

6.3. The hiring department will complete job assignments in the Oracle-based on-line student card system for all new hires. Rate changes and new account assignments can be completed within the on-line system as well. The check of approval levels 1 & 2 in the on-line student card system verifies that the supervisor or department head has determined that sufficient funds are available for payment of wages. Terminations are made using the "Disable Administrative Account Request" form at URL https://apache.sfasu.edu/par http://apache.sfasu.edu.

Any department still using the physical card system should contact Student Employment for conversion and training.

7.4. In the fall and spring semesters, student employees of the university will be restricted to no more than twenty (20) hours of work per week, unless approved by the Provost and Vice President for Academic Affairs or his/her designee, as indicated on the "Departmental Approval to Work More That 20 Hours" form. This
Appendix 5

form may be obtained from the SEC office or website. To be eligible for
employment on-campus employment during the fall or spring semesters as a
student worker (either a student assistant or work study) as student assistants,
college work study employees, or for any other employment, students must be required to carry a course load of at least six (6) or more semester hours
during the time which the student is working. It is the employing department's
responsibility to insure that student employees are enrolled for the required number of semester hours.

5. During the summer, students employed as either student assistants or work study, who are enrolled for three (3) or more hours of coursework, may not work more than twenty (20) hours per week, unless they receive proper authorization as instructed in can be employed for no more than twenty (20) hours per week If needing to work more than 20 hours, follow the instructions above in section 4 to get proper authorization. It is the employing department's responsibility to insure that student employees are enrolled for the required number of semester hours.

Those students who do not attend school in the summer but have a reasonable expectation of being enrolled as SFASU students in the upcoming fall semester are eligible for student assistant employment up to forty (40) hours per week in the summer. Reasonable expectation for a new student would include being accepted by the Office of Admissions.

6. Departments may determine CWS/Student Assistant pay rates according to the following five position grades. Pay scales-ranges are determined by the student's level of experience and skill. Students must always be paid at or above the federal minimum wage rate. Use the pay grade guide below to determine what amount to pay your student worker and also see our Suggested Pay Range.

1.A. Pay scale-Grade 1. Student work requiring no previous training or experience; duties can be learned readily under proper supervision; work may relate directly to the academic program of the University or to the maintenance of facilities and services. (Example: office clerks, sales clerks, service personnel).

2.B. Pay scale-Grade 2. Student work requiring some college course work, related experience and/or technical training; continuing supervision not
required; positions concerned directly with the academic program of the University requiring completion of some academic work for the position. (Example: typists, stenographers, student craftsmen, student graders)

5-E. **Pay-scale Grade 5.** For student employment not meeting the above four pay grade specifications the department should contact the Student Employment Center.

40.7. Job openings requiring services of Stephen F. Austin State University students must be placed with the **SEC Student Employment Center** through the Jobs4Jacks website (http://www.sfasu.edu/ccs/careerservices/jobs4jacks.asp) and/or the employing department for at least three (3) business days before the employing department recommends appointment of a candidate to fill the opening. Departments may choose to place job postings on their departmental bulletin board as well. Note that this posting would be in addition to the initial/original posting with SEC. It is the employing department's responsibility to insure that student job openings are listed for the required number of business days. It is also the employing department's responsibility to notify the SEC immediately when the job is filled.
If an employment emergency occurs requiring the immediate services of a student worker, the three-day posting requirement can be waived. The employing department must contact the Student Employment Center the next business day after the emergency occurred and provide documentation justifying the emergency. Lack of planning is not justifiable cause for an exception to the three-day posting requirement.

Departments may choose to place job postings on their departmental bulletin board as well. Note that this posting would be in addition to the initial/original posting with the SEC.

8. College Work-Study (CWS) is a federally-funded program designed to provide financial aid to those students choosing to earn a portion of their educational expenses. The Student Financial Aid Office determines the student's eligibility for CWS employment in accordance with established federal guidelines. Departments' allocated CWS funds should be aware of the following procedures.

1-A. The College Work-Study Program is a form of student employment and is therefore subject to the conditions outlined above.

2-B. To be eligible for the CWS program, the student must first complete the financial aid application for need-based aid by the established deadline. If the results of the need analysis indicate the student is eligible for CWS, and the student expresses an interest in the program, the Financial Aid Office will make the award accordingly.

3-C. The student must reapply for CWS each academic year. If the student wishes to be employed through the CWS program in the summer, he/she must request that the Financial Aid Office review his/her file for eligibility in the preceding spring semester.

4-D. Before beginning employment, each student must present to the employing department a "Work-Study Permit" secured from the Financial Aid Office. The permit will indicate the maximum amount of money the student may earn for a given period of employment by the university on a college work-study account. It is important to note that this amount is the maximum amount that can be paid from a CWS budget. It is the employing department's responsibility to control the hours worked by the CWS personnel to be absolutely certain that the student does not earn more than the amount of money allowed from CWS funds.
Once the student has earned the amount of his/her CWS award, the department must terminate the student from their CWS account. At that time the department may choose to either pay the student worker out of their departmental account as a "student assistant" or terminate the student worker. If the student exceeds his/her eligibility amount, the excess must be considered an "over-award" for financial aid purposes. An over-award means that the student's current financial aid package will be adjusted to compensate for the over-award and/or his/her future financial aid package will be adjusted accordingly. After the student has been terminated from CWS employment, the department may re-employ the student on their departmental account.

It is recommended that departments do not employ CWS students on their CWS and department accounts simultaneously. They should first exhaust their CWS allotment funds and then appoint the student to their departmental account.

5.E. A fall "Work-Study Permit" allows the student to work from August through December. A spring "Work-Study Permit" allows the student to work from January through May. A summer "Work-Study Permit" allows the student to work from May through August. (The division between the summer sessions is determined by the university's summer calendar.) Exact dates vary from year to year and are determined by the Student Financial Aid Office.

6.F. All time sheets for CWS employees must be signed by the student and the employing department head or authorized personnel. The department head is the only official authorized to verify the time worked by the student.

7.G. If questions arise concerning the College Work-Study Program, call the Financial Aid Office at 936-468-2403.

Foreign Students:
If questions arise, call the Student Employment Center, 468-3305. In general, the Department of Homeland Security permits foreign students to be employed under the same regulations as other students who are US citizens. Questions about documentation and identification requirements can be answered through the SEC at 936-468-6637.

Tenure (E-50A)

Last Revision: July 8, 2004 & April 22, 2008

I. General Provisions

A. For purposes of this policy:

1. "Tenure" means the entitlement of a faculty member who hold with the academic rank as defined in policy E-1A, Academic Appointments and Titles of instructor or above to and continue in his/her academic position unless dismissed for good cause. It ensures academic freedom and protects faculty from retribution.

2. "Department/School" (referred hereafter as department) is a subdivision of the a college/library (hereafter referred to as college). A college that is not further subdivided is referred to as a department, e.g. the College of Forestry and Steen Library.

3. "Academic Chair/Director of the Department" (referred hereafter as department chair) is the academic administrator immediately responsible for the department.

4. "Tenure Review Dossier/Portfolio" (referred to hereafter as dossier/portfolio) as used in this policy shall be defined as a set of verifiable materials showing evidence of the candidate's fitness for tenure. The dossier should portfolio should contain a succinct, substantive, and cumulative and relevant record of the candidate's performance during the probationary review period. (see IV.A.2, of this policy). Any material generated during the review process will become an integral part of the dossier.

A.B. Tenure is awarded by the institution according to established procedures after an appropriate probationary period on the basis of meritorious performance in teaching, research and/or scholarly/creative accomplishment and service. Faculty members who have not been granted tenure by the Board of Regents shall not be entitled to tenure by virtue of being employed at the university past the probationary period. Tenure shall normally be restricted to full-time faculty members who have earned the highest academic degree customarily awarded in their field of study; exceptions to this rule may be granted by the Provost and Vice President for Academic Affairs (VPAA).

B.C. The Stephen F. Austin State University Policy Manual This tenure policy establishes a uniform system of procedures to be used for tenure in all academic units of the university. Each college and its departments of the university shall also establish its own written policies governing its tenure decision-making guidelines/procedures which are consistent with this policy, to direct departments where circumstances require or permit.
Appendix 5

flexibility or variation. Each policy must conform to University Policy E-50A and contribute to the mission of the department, college, and the University.

E-D. The university tenure policy relies upon several principles:
1. Recommendations for granting or denying tenure shall be based on a verifiable record of performance.
2. The required content of the dossier portfolio and the departmental criteria shall be known by the candidate and the reviewers.
3. While variation related to the nature of the candidate's activity is expected, the content of the dossier portfolio should conform to the same criteria for all candidates in the same department.
4. The governing procedures shall be the same for all candidates across the University, except where conditions or academic cultures justify variation among colleges or among departments within a college.
5. Tenure procedures must be applied consistently to all candidates within a college.
6. Each person in the review process has a professional responsibility to treat information that evaluates another's work as confidential unless otherwise required by law.
7. Unconfirmed allegations of misconduct made against a candidate during the tenure review process shall not be considered by the reviewers; confirmed professional misconduct that occurred during the probationary period is a valid consideration for reviewers.

I.II. Appointments²

A. With the exception of special appointments clearly limited to a brief association with the university and reappointments of retired faculty members on special conditions, all full-time appointments² to the rank of instructor or above are of two kinds: probationary or tenured.

1. Appointments with tenure require that prior to the appointment, the appointee successfully complete the procedure for acquiring granting tenure at this institution university. A probationary faculty member's tenure status and years of credit for probationary service will be specified in the initial appointment letter along with any conditions.

2. Probationary appointments are subject to annual renewal.
   a. Beginning with full-time appointment to the rank of instructor or above, the probationary period for a faculty member shall not exceed six years at this institution university, including within this period credit granted for appropriate full-time service in all institutions of higher education.
Appendix 5

a-b. The dossiérportfolio must be submitted in the fall semester of the sixth-final year of probationary service unless permission is granted by the Provost and VPAA for earlier submission.

b-c. At the discretion of the university, prior full-time service at another university of normally no more than two years, but a maximum of three years, may be counted toward fulfillment of the required probationary period for tenure, and: A written agreement, mutually satisfactory to the candidate and the department, college, and University, to include or to exclude previous years of full-time service for time credited toward the probationary period, must be made determined at the time of initial appointment to a tenure-track position.

e-d. Scholarly leave of absence (those related to reasons 1, 2, 3, and 4 of Policy E-29A, Leave of Absence [Faculty]) will count as part of the probationary period unless the candidate and the institution agree in writing to an exception to this provision at the time the leave is granted.

d-e. Periods during which a faculty member is on leave of absence for one semester or more due to health related issues (see reason 5 of Policy E-29A and the description of Family Medical Leave and Organ or Bone Marrow Donors in Policy E-29A) or national guard service (see Authorized Training for Duty, Call to National Guard Active Duty by the Governor, and Call to National Duty in Policy E-29A) (see policy E-29A, Leave of Absence [Faculty]) shall not be counted toward fulfillment of the required probationary period unless the candidate and the institution agree in writing to an exception to this provision at the time the leave is granted.

e-f. For purposes of calculating the period of probationary service, an "academic year" shall be the approximate regular nine-month period from September through May. If a faculty member begins service during an academic year, the period of service from the date of appointment until beginning of the following academic year shall not be counted as academic service toward fulfillment of the maximum probationary period.

f-g. Unusual circumstances may justify adjustment of the probationary period. It is the responsibility of the faculty member to provide appropriate documentation to demonstrate sufficiently why the request should be granted. This documentation must be submitted to and approved by
the Provost and VPAA through the candidate's department chair and dean.

B. Notice of reappointment will be in writing and will specify the probationary faculty member's tenure status, years of credit for probationary service, and any special conditions.

C. Notice of non-reappointment, or of intention not to reappoint a faculty member, will be given in writing in accord with the following schedule:

1. not later than March 1 of the first year of probationary service at Stephen F. Austin State University (SFASU),

2. not later than December 15 of the second year of probationary service at Stephen F. Austin State University (SFASU),

3. or during a subsequent academic year of a probationary appointment, when the faculty member will be notified that a terminal contract is expected to be offered for the next academic year. Such notice must provide for an academic year (nine month) terminal contract.

C. A probationary faculty member's tenure status and years of credit for probationary service will be specified in the initial appointment letter, along with any conditions other than those relating to performance evaluation and an assessment of the department's programmatic needs which will affect consideration for reappointment or tenure. Notice of reappointment will be in writing and will specify the probationary faculty member's tenure status, years of credit for probationary service, any special conditions, and a current assessment of the programmatic needs of the department.

H.III. Pre-tenure Reviews

A. Each college and its departments shall establish a pre-tenure review process that is approved by the dean and the Provost and VPAA which academic unit at the department level shall formally reviews the progress of each of its faculty members toward the award of tenure at least twice once during a faculty member's probationary period. A copy of all college/department pre-tenure review policies must be filed in the offices of the Provost and VPAA and General Counsel. The pre-tenure review process must allow for review of probationary faculty by all tenured faculty members at the department level, the department chair, elected tenured faculty (one from each department) at the college level and the dean. Written feedback should be provided to candidates being reviewed highlighting strengths and weakness (with recommendations for addressing any weaknesses) along with a statement indicating the candidate is or is not progressing satisfactorily toward tenure and a recommendation concerning the continuation of the probationary candidate being reviewed. While annual reviews are encouraged, at a minimum pre-tenure reviews must be conducted according to the following schedule.
1. Faculty fulfilling a six-year or five-year probationary period (faculty hired with no time toward tenure) must be reviewed in the fall semesters of the third and fifth years of probationary service.

2. Faculty fulfilling a five-year probationary period (faculty granted one year of credit toward tenure) must be reviewed in the fall semesters of the second and fourth years of probationary service.

3. Faculty fulfilling a four-year or three-year probationary period (faculty granted two years of credit toward tenure) must be completed reviewed in the fall semester of the second year of probationary service.

4. Faculty fulfilling a three-year probationary period (faculty granted three years of credit toward tenure) must be completed in the fall semester of the second year of probationary service.

B. These reviews allow the chair, the tenured faculty, and the dean to provide indication of the faculty member's progress toward tenure and make recommendations concerning the continuation of the probationary faculty member.

C. The academic unit at the department level is responsible for defining a process, subject to approval by the dean and by the Provost, for performing these reviews. The process must allow for:

1. review of the probationary faculty member's performance by tenured departmental faculty;
2. review by the department chair;
3. review by the dean;
4. review by the Provost;
5. feedback in writing to the faculty member under review from each review level that highlights strengths and weaknesses (with recommendations for addressing weaknesses);
6. establishment of a professional development plan if necessary; and

8. The Hearing Committee's decision and the basis for it will be communicated in writing to the faculty member and the President. It will be accompanied by a verbatim typewritten record and audiotape-audio recording of the hearing.

9. If the Hearing Committee concludes that good cause for dismissal has not been established by the evidence in the record and the President rejects the Committee's conclusion, he will state his reason(s) for doing so in writing to the Committee and the faculty member. The President will provide a reasonable time for response before transmitting the case to the Board of Regents.

10. When it is the President's final judgment to recommend dismissal, he will transmit to the Board of Regents a verbatim typewritten copy of the record of the hearing, the report of the Hearing Committee, and his/her recommendation regarding dismissal. If the recommendation of the President for termination conflicts with the recommendation of the Hearing Committee, the Board of Regents will review the case based on the record of the hearing with opportunity for argument by the principals or their representatives. If the recommendations of the President and the Hearing Committee are in accord, the Board of Regents may choose to limit its review to a review of the record of the hearing. Following the Board's decision, the chairman will communicate the decision in writing through the president of the University to the chairman of the Hearing Committee and the faculty member.
11. Pending action by the Board of Regents, the faculty member may be suspended without pay and immediately removed from the University, or assigned to other duties with pay, if he/she (1) poses a continuing danger to persons or property; (2) disrupts the orderly operation of the university; (3) endangers the education of students; (4) has been convicted by a trial court of any felony or a crime of moral turpitude. In such cases, the President shall set a hearing before the appropriate administrator or committee on the faculty member's case as soon thereafter as is practical unless otherwise waived by the faculty member.

A.B. Probationary Faculty Whose Contract is Not Renewed

1. A probationary faculty member who has been notified of non-reappointment according to the schedule set forth in this policy Section II. B. may appeal non-reappointment only on presentation of a prima facie case that constitutional guarantees or academic freedom were violated. Appeals must follow the following schedule:

   a. Appeal of non-reappointment on or before March 1 for the first year of probationary service at Stephen F. Austin State University SFASU must be filed within 30 days of non-reappointment.

   b. Appeal of non-reappointment on or before December 15 for the second year of probationary service at Stephen F. Austin State University SFASU must be filed within 60 days of non-reappointment.

   c. Appeal of non-reappointment during a subsequent academic year of a probationary appointment or of a tenure decision must be filed within 30 days after the beginning of the next immediate fall term.

2. The burden of proof of allegations of abridgement of constitutional guarantees or academic freedom is upon the probationary faculty member. The burden of proof shall be by the preponderance of the evidence.

3. A faculty member who alleges abridgement of constitutional guarantees or academic freedom will present evidence to a committee of the University Grievance Panel.

   a. An Advisory Committee to hear the evidence will be composed of five members selected as follows from the University Grievance Panel: two members selected by the faculty member, two by the President or the President's delegate, and one by lot. Each party will have one challenge without stated cause.
Once constituted, the Advisory Committee will organize itself to carry out its responsibilities and establish its procedures.

Hearings must be completed by the end of the semester in which the appeal is filed or by the end of the fall semester if an appeal is filed during the summer.

4. If the Advisory Committee finds probable cause that there was an abridgement of constitutional guarantees or academic freedom, conferences between the faculty member and appropriate administrative officers of the university will be scheduled. If the conferences fail to achieve a mutual settlement, the faculty member's institutional due process is completed.

5. If the Advisory Committee finds no probable cause that there was an abridgement of constitutional guarantees or academic freedom, the faculty member's institutional due process is completed and a written report of the Advisory Committee's finding will be sent to the President and to the faculty member.

Financial Exigency

1. Termination of an appointment with tenure, or of a probationary or special appointment, before the end of the specified term may occur under extraordinary circumstances because of bona fide financial exigency; i.e., an imminent financial crisis, which threatens the continuation of a strong academic program and which cannot be alleviated by less stringent means. The responsibility for demonstrating the existence and extent of the financial exigency will rest with the administration.

2. If the institution, because of financial exigency, terminates appointments with tenure, or probationary or special appointments before the end of the specified term, it will not at the same time make new appointments except in extraordinary circumstances where a serious distortion in the academic program would otherwise result. Employment of a faculty member with tenure will not be terminated in favor of retaining a faculty member without tenure, except in extraordinary circumstances through which a serious distortion of the academic program would otherwise result.

3. Before terminating an appointment because of financial exigency, the appropriate university administrator, with faculty participation, will make every reasonable effort to place the faculty member concerned in another position within the University for which he/she is professionally qualified.

4. In each case of termination of appointment because of financial exigency, probationary faculty members concerned will be given notice not less than as prescribed in Section II. B this policy.
Tenured faculty members will be given notice at least twelve months prior to termination of appointment.

5. In each case of termination of an appointment with tenure because of financial exigency, the place of the faculty member concerned will not be filled by a replacement within a period of two calendar years, unless the released faculty member has been offered reinstatement and at least sixty days in which to accept or decline it.

6. A faculty member who alleges abridgement of constitutional guarantees or academic freedom in such an emergency will be afforded due process in accord with Section V. B. 3 through B. 5 of this policy.

C. D. Discontinuance of Program or Department Not Mandated by Financial Exigency

Termination of an appointment with tenure, or of a probationary or special appointment, before the end of the specified term may occur as a result of bona fide formal discontinuance of a program or department of instruction. The following standards and procedures will apply:

1. The decision to discontinue formally a program or department of instruction will be based essentially upon educational consideration as determined by the university administration after consultation with the affected faculty and appropriate standing or ad hoc committees.

2. Before the administration issues notice to a faculty member of its intention to terminate an appointment because of formal discontinuance of a program or department of instruction, the institution will make every reasonable effort to place the faculty member concerned in another position within the University for which he/she is professionally qualified.

3. In each case of termination of appointment because of program discontinuance, probationary faculty members concerned will be given notice not less than as prescribed in Section II. B of this policy. Tenured faculty members will be given notice at least twelve months prior to termination of appointment.

4. A faculty member who alleges abridgement of constitutional guarantees or academic freedom will be afforded due process in accord with Section V. B. 3 through B. 5 of this policy.

4 The university has a uniform procedure by which charges of discrimination made by employees or students are considered.

Tuition Rebate (C-50)

Original Implementation: January 30, 2001
Last Revision: April 28, 2005 April 22, 2008

Section 54.0065 of the Texas Education Code authorizes a tuition rebate of up to $1,000 for certain undergraduates. The purpose of this program is to provide a financial incentive for students to complete their baccalaureate studies with as few courses outside the degree plan as possible. Minimizing the number of courses taken by students results in financial savings to students, parents, and the state. To be eligible for rebates under this program, students must meet all of the following conditions:

To be eligible for a rebate under this program, a student must:

1. have enrolled for the first time in an institution of higher education in the fall 1997 semester or later;
2. request a rebate for coursework related to a first baccalaureate degree received from a general academic teaching institution;
3. have been a resident of Texas as set forth under rules established by the Texas Higher Education Coordinating Board and have been entitled to pay resident tuition at all times while pursuing the degree;
4. if enrolled for the first time in fall 2005 or later, graduate within four calendar years for a four-year degree or within five calendar years for a five-year degree if the degree is in architecture, engineering, or any other program determined by the Board to require more than four years to complete; and
5. have attempted no more than three hours in excess of the minimum number of semester credit hours required to complete the degree under the catalog under which the student graduated. Hours attempted include transfer credits, course credit earned exclusively by examination (except that, for the purposes of this program, only the number of semester credit hours earned exclusively by examination in excess of nine semester credit hours is treated as hours attempted), courses dropped after the official census date, for-credit developmental courses, optional internship and cooperative education courses, and repeated courses. Courses dropped for reasons that are determined by the institution to be totally beyond the control of the student shall not be counted. For students concurrently earning a baccalaureate degree and a Texas teaching certificate, required teacher education courses shall not be counted to the extent that they are over and above the free electives allowed in the baccalaureate degree program.
6. they must have enrolled for the first time in an institution of higher education in the fall 1997 semester or later;

7. they must be requesting a rebate for work related to a first baccalaureate degree received from a Texas public university;

8. they must have been a resident of Texas and have been entitled to pay resident tuition at all times while pursuing the degree, and

9. they must have attempted no more than three hours in excess of the minimum number of semester credit hours required to complete the degree under the General Bulletin under which they graduated. Hours attempted include transfer credits, course credit earned exclusively by examination, (except that, for the purposes of this program, only the number of semester credit hours earned exclusively by examination in excess of nine semester credit hours is treated as hours attempted), courses dropped after the official census date, for credit-developmental courses, optional internship and cooperative education courses, and repeated courses. Courses dropped for reasons that are determined by the institution to be totally beyond the control of the student shall not be counted. For students concurrently earning a baccalaureate degree and a Texas teaching certificate, required teacher education courses shall not be counted to the extent that they are over and above the free electives allowed in the baccalaureate degree program.

Beginning with students admitted for the first time in fall 2005, a student must also graduate in a timely manner currently defined as within four calendar years for a four-year degree or within five calendar years for a five-year degree to earn the tuition rebate.

The amount of the tuition rebate is the lesser of $1,000 or the actual amount of undergraduate tuition paid by the student to Texas public institutions of higher education. Tuition rebates shall be reduced by the amount of any outstanding student loans.

Students wishing to apply for tuition rebates must do so at the time they apply for baccalaureate degrees by checking the appropriate lines on the Application for Final Graduation Plan and completing the form on the back. Applications are available in the Registrar's Office.

The Registrar's Office will evaluate all applications and make a determination of rebate eligibility, based on number of hours attempted as posted on the student's academic record. The Registrar's Office will provide the Vice President for Finance and Administration Business Affairs - with the names, addresses and social security numbers of all applicants eligible for tuition rebates. Within 60 days after graduation, the Vice President for Business Affairs - Finance and Administration will mail rebate checks to eligible students and the Registrar's Office will mail denial notices to ineligible students.
Each notice will include the reason for denial. A student may appeal a denial decision to the Tuition Rebate Fiscal Appeals Committee. Information on the appeal process is available in the Registrar's Office. All appeals must be filed within 30 days of the university's written notification of denial.

Vacation Leave (E-53)

Original Implementation: Unpublished
Last Revision: April 13, 2006 April 22, 2008

Employees of the university, other than faculty with appointments of less than twelve months, shall, without deduction in salary, be entitled to a vacation in each fiscal year. SFA Charter School Teachers are excluded from this policy. Additionally, this policy will not apply if alternative leave benefits were negotiated in a contract agreement with an employee. An employee will earn vacation entitlement beginning on the first day of employment with the state and terminating on the last day. Vacation with pay may not be granted until the employee has had continuous employment with the state for six (6) months, although credit will be accrued during that period. Such entitlement shall be earned as listed below:

Vacation credit for the higher rate of accrual as shown on the chart above shall be given on the first calendar day of the month if the employee's anniversary date falls on the first calendar day of the month; otherwise, the increase will occur on the first calendar day of the following month.

Part-time employees are also eligible for annual leave, but their accrual rate and maximum annual leave carryover amounts are proportionate to the number of hours they work. For example, half-time employees earn and carry over annual leave at one-half and rate authorized for full-time employees.

The annual leave hours in excess of the maximum allowable carryover left at the end of a fiscal year shall be credited to the employee's sick leave balance. If the employee is on
any type paid leave that extends into the following month, the accrual will not be posted until the employee returns to duty. An employee forfeits this accrual if he or she fails to return to duty.

Time during which any employee is excused from work because of holidays shall not be vacation.

If a state employee transfers directly from one state agency to another, they shall be entitled to credit with the newly employing agency for accumulated but unused vacation entitlement, provided that employment with the state is uninterrupted. A state employee who resigns, is dismissed, or departed from state employment shall be entitled to be paid for all vacation time duly accrued at the time of separation from state employment, provided the employee has had continuous employment with the state for six (6) months.

Vacation leave must be approved in advance by the appropriate supervisor on the "Request for Vacation, Compensatory Time, Sick Leave Taken" form. Every effort should be made to accommodate the vacation requests, but supervisors may request that such leave be taken during periods other than departmental peak work periods.
