Welcome to SFA!

You should expect a lot of traffic around the residence halls when you arrive during Move-In. Please keep in mind that many residents will be unloading and moving in at the same time. Do not pull into a drive that is full of cars, blocking drives is a traffic violation and you will be asked to move immediately. Do not pull up in a handicapped space, onto a sidewalk, or onto the grass to unload. Vehicles in fire lanes, handicapped spaces (without permit), on the grass or blocking driving lanes will be ticketed and towed.

It is not possible to accommodate everyone’s vehicle in the unloading zone closest to the building. Plan to unload your items onto the sidewalk or grass as near the building as possible and move your vehicle immediately after it’s unloaded to make room for another vehicle. Once your vehicle is unloaded, please move it to a designated parking area, and have a family member stay with your belongings by the curb as you move them into the hall.

If your family is coming in multiple vehicles, the student should check in first while the loaded vehicle finds a space in the unloading zone near the hall. Other vehicles should be parking in designated parking areas, which may be a block or two away from the residence hall.

Parking & Traffic and Residence Life appreciates your compliance with the above unloading and parking procedures. Following these rules helps the move-in process go more smoothly for all residents.

Axe’Em Jacks!
