Registration dates for both full-time and part-time students are available at www.sfasu.edu/registrar/167.asp. After a student registers, courses should not be added or dropped except for class conflicts or other acceptable reasons. Registration deadlines for terms and parts-of-term can be viewed at www.sfasu.edu/registrar/170.asp

Unit of Credit and Course Load

The unit of credit is the semester hour, defined as one class meeting per week (or its equivalent) for one semester of 15 weeks. Most courses meet three hours per week and have a credit value of three semester hours. For each hour in class, at least two hours of preparation are expected on the part of the student. Many students should spend more than this amount of time in study.

Any student registered for 12 semester hours or more during the fall or spring, three semester hours during Maymester, or six semester hours during Summer I and Summer II is considered a full-time student. The normal load is 15 to 19 semester hours during the fall or spring semester. Approval for heavier loads may be given by a student’s academic dean, college adviser, or academic department under exceptional circumstances or if a student had an average of B or higher during the preceding semester or the preceding summer session.

Student Classification

Adding and Dropping Courses

(Also see Dropped Course Refunds elsewhere in this bulletin.)

Students may add courses through the dates published at www.sfasu.edu/registrar/170.asp. Academic department chairs may reconcile class schedules through the official reporting date. Students may drop classes through the published drop deadline. A student will not be allowed to drop a course after these dates, unless he or she withdraws from the university. The first class day is listed in the university calendar.

The following applies:

1) Through the official reporting date, withdrawals or a course dropped will not be recorded on a student’s transcript.

2) After the official reporting date through the published drop deadline, a drop will be noted as a “W” or a “W6” on the transcript. Withdrawals are noted as a “W”.

3) If a student has been found guilty of cheating/plagiarism according to policy 4.1, Academic Integrity, the grade of “W” may be changed to “WF” at the discretion of the faculty member involved.

4) After the published drop deadline, a drop will not be permitted. After the drop deadline, a student may only withdraw from all courses for the term. This withdrawal will be noted on the transcript as a “WP” if the student is passing at the time or a “WF” if the student is failing at the time.

Legislation was passed by the Texas Senate (SB 1231) in late spring 2007 that could seriously impact the education careers of college students. This legislation applies to all students entering any Texas public institution of higher education as a first-time freshman for fall 2007 and subsequent terms. Please read the following information carefully.

Under section 51.907 of the Texas Education Code, “an institution of higher education may not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education.” This statute was enacted by the state of Texas in spring 2007 and applies to students who enroll in a public institution of higher education as first-time freshmen in fall of 2007 or later. Any course that a student drops is counted toward the six-course limit if “(1) the student was able to drop the course without receiving a grade (A, B, C, D, WF, or F) or incurring an academic penalty; (2) the student’s transcript indicates or will indicate the student was enrolled in the course (signified by a W6 grade at SFA); and (3) the student is not dropping the course in order to withdraw from the institution.” Some exceptions for good cause could allow a student to drop a course without having it count toward the limit, but it is the responsibility of the student to establish that good cause.

This statute applies to all Texas public colleges and universities. Therefore, a Stephen F. Austin State University student who has attended another institution of higher education and who might be affected by this statute should become familiar with that institution’s policies on dropping courses.
Auditing Courses

Students may audit regular academic courses offered on campus on a space-available basis and with the permission of the instructor. Transcripts do not reflect audit courses. Students may not audit regular academic courses offered off campus.

In those cases where a student audits a regular academic course, the tuition and fees shall be the same as the tuition paid by regularly enrolled students.

Transcripts

A student may obtain a copy of his/her academic record from the Office of the Registrar. Students may view their unofficial transcript in MySFA by clicking on “MyServices,” “Self-Service Banner,” “Student,” “Student Record,” if they have no holds. Additional information is available at www.sfasu.edu/registrar/129.asp under the “Transcripts” link.

Residence Status

The university is guided by state law in determining the resident status of students. Sections 54.001-54.209 of the Texas Education Code provide, in part, as follows:

In essence, the student who has not resided in Texas for 12 months immediately preceding the student’s registration into the university will be classified as non-resident.

A non-resident teaching or research assistant employed at least half-time in a position that relates to his or her degree program shall be entitled to pay the tuition and fees of a resident student during the period covered by the employment.

A non-resident student holding a competitive scholarship of at least $1,000 for the academic year awarded by a scholarship committee of SFA is entitled to pay the tuition and fees of a resident student during the period covered by the scholarship.

Rules and regulations governing the resident classification of a student shall be available in the Office of Admissions, and any student who is uncertain of status should obtain such rules and regulations and seek a determination of status through that office.

Individual determinations can be affected by death or divorce of parents, custody of minor by court order and active military duty of student or student’s parents.

Registering under the proper residency classification is the responsibility of the student. If there is any question of the right to classification as a resident of Texas, it is his or her obligation to raise the question with the Office of Admissions prior to registration.

Exemptions and waivers for residency status may be subject to acts of the Texas Legislature.

International Students

Insurance Requirement: The United States Citizenship and Immigration Services requires all international students to have health and accident insurance. The university has such a policy that meets all required coverage; applications are available at the Office of International Programs.

Tuition and Fees: If an international student is awarded a competitive scholarship of at least $1,000 by a scholarship committee of SFA, he/she becomes eligible for tuition and fees of an in-state student during the period covered by the scholarship.

(See also Scholarships and Financial Assistance for International Students in this section of the bulletin.)
Tuition Rebate for Designated Undergraduates

Section 54.0065 of the Texas Education Code authorizes a tuition rebate of up to $1,000 for certain undergraduates. The purpose of this program is to provide a financial incentive for students to complete their baccalaureate studies with as few courses outside the degree plan as possible. Minimizing the number of courses taken by students results in financial savings to students, parents and the state.

Undergraduate students who apply for a graduation audit are automatically considered for the tuition rebate.

Eligibility Requirements

• First college course after high school graduation must be taken in fall 1997 or later;
• Student must have been a Texas resident at all times while pursuing the degree;
• Student must have been entitled to pay in-state tuition at all times while pursuing the degree; and
• Student must not have graduated yet.

Key eligibility requirements:

A student may qualify for the tuition rebate (up to $1,000) if:

• for a student who enrolled after high school graduation at a college or university for the first time in fall 1997 or later, s/he has attempted no more than three semester credit hours in excess of the minimum number of hours required for their degree. For example, a student who completes a bachelor's degree that requires 120 credit hours with no more than 123 credit hours attempted might qualify for this rebate; and

• for a student who enrolled after high school graduation at a college or university for the first time in fall 2005 or later, s/he also must graduate in a timely manner to earn the tuition rebate. According to the most recent revision of the rebate program, a student who wants to receive the rebate must graduate within four calendar years for a four-year degree program or within five calendar years if the degree is in architecture, engineering or any other program determined by the board to require more than four years to complete. Currently the board has not identified any other five-year degree programs.

What could disqualify an individual?

Attempted hours include every course for which the student has registered, as of the official census date, in every semester, including repeated courses and courses from which the student withdraws (dropped courses, as well as withdrawal from the college or university). If a student has dropped more than one course after the official census date, s/he will probably not qualify for the rebate.

All credit by examination was originally counted, but a change in the law allows the first nine hours of credit earned by examination— for example, credit earned through AP courses, CLEP exams or high SAT or ACT scores— to be exempted; those first nine credit hours do not count as hours attempted. Additional credit earned exclusively by examination will still count toward hours attempted.

Dual credit courses— courses taken in high school for both high school and college credit— counted as hours attempted until May 27, 2011, when the 82nd Texas Legislature passed SB 176, which exempts course credit earned prior to high school
graduation from consideration in determining a student’s eligibility.

Students enrolled in higher education in fall 2005 or later must graduate in a timely manner to be eligible to receive the tuition rebate. This means that a student must graduate within four calendar years from his/her initial enrollment in college after high school graduation for a four-year degree, and within five calendar years for a five-year degree. A five-year degree is currently defined as all architecture and engineering programs.

Although there are certain exemptions for hardship situations, most part-time students will no longer be eligible to receive the tuition rebate.

More information and details concerning this program are available at the Office of the Registrar and in university policy 6.21., Tuition Rebate.

Tuition and Fees

Statutory tuition and required fees at Texas state universities are established by legislative enactment. Designated tuition and other fees are established within statutory limitations by the SFA Board of Regents.

Stephen F. Austin State University reserves the right to change tuition and fees in keeping with acts of the Texas Legislature or the university Board of Regents. All charges are subject to corrections. For the most current information regarding tuition and fees, go to www.sfasu.edu/businessoffice.

The university offers a fixed-rate tuition plan. To view the plan rates and compare it to the variable rate plan, see the Tuition and Fee Rate Tables on the website at http://www.sfasu.edu/controller/docs/business/tuition-rate-table-fall-2014.pdf.

Online payments are made through eBill, SFA’s electronic billing system. The eBill system is accessed by logging in to mySFA at www.sfasu.edu. Forms of accepted payment online are e-check, debit and credit cards (MasterCard, Visa, Discover, and American Express). Credit card transactions processed online will be assessed the 2.75% fee. No credit cards are accepted at the Business Office windows or via telephone. Forms of payment accepted at the Business Office windows are cash, personal check, cashier’s check, money order and debit card.

**Payment Deadlines**

EBill is SFA’s electronic billing system. Prior to and throughout each semester or term, billing notifications will be e-mailed to students’ SFA e-mail addresses alerting them that their bills are available for viewing online. No bills will be mailed through the post office.

Students who register during the regular registration period (as listed in the Schedule of Classes): Full payment of current amounts due must be made by the due date designated in the Schedule of Classes. Prior to the first class day of the term, the university will drop unpaid students from classes, and current tuition and fee amounts will be removed from the students’ accounts.

Students who register, add or change classes during the late registration period (beginning with the first class day of the term): Full payment of the current amount(s) due must be made by the university’s 13th class day during long semesters and the fifth class day during summer terms; otherwise, the classes will be dropped. For the Maymester or a term less than five weeks, full payment of current amounts due must be made by the second class day; otherwise, the classes will be dropped. Students will be subject to the university’s refund policy for courses dropped for insufficient payment. (See Refund of Tuition and Fees in this section.) Specific dates and deadlines are posted on the Business Office webpage at www.sfasu.edu/businessoffice. Students enrolling in classes during the late registration period incur a financial obligation immediately and must officially withdraw from the university if they decide not to attend, even if they have not yet paid.

**Late Registration and Late Course Addition Fees**

The last day to register is found in the Schedule of Classes. Enrollment or adding courses after the last day to register will be permitted only in extraordinary circumstances and at the university’s sole discretion.

Students who register or add classes after that date will incur a late-add fee. The late-add fee is charged on a per-credit-hour basis. Please go to www.sfasu.edu/businessoffice for the most current information regarding these charges.
Reinstatement Fee

In extraordinary circumstances, the university, at its sole discretion, may allow a student to be reinstated in classes after the 13th class day. In this case, a reinstatement fee will apply. During summer sessions, the reinstatement fee will apply after the 5th class day. Students are advised to contact the SFA Business Office at (936) 468-6960 to determine the total amount due for reinstatement.

Installment Payment Plan for Tuition, Fees, Room and Board

In accordance with Tex. Ed. Code 54.007, tuition and fees for fall and spring semesters may be paid using one of two alternatives. In addition, the university offers these same payment alternatives for room and board payments:

1) Full payment of tuition, fees, room and board in advance of the beginning of the semester; or

2) One-third of tuition, fees, room, board plus all non-mandatory fees (e.g., parking, yearbook, administrative fee, property deposit, student identification card, post office box) in advance of the beginning of the semester. Each of the remaining two installments will be approximately one-third of tuition, fees, room and board. The exact amounts due and specific due dates will be shown on the installment plan detail in the eBill system.

The university offers an Installment Payment Plan during summer terms. The plan is two payments of approximately 50 percent each.

Enrollment in the Installment Payment Plan is through mySFA. To enroll, all balances from prior terms must be paid in full. Students will be charged a non-refundable fee for the Installment Payment Plan. A late fee will be assessed on each late installment payment.

All types of financial aid (i.e., federal, state and private) administered by the university to a student will be applied toward payment of the first installment and each subsequent installment in the order due.

The costs for courses added after the initial registration are payable under the same payment alternative as was originally selected. Credits for dropped courses will be applied to any remaining balance before a refund is issued.

If enrollment is terminated for any reason, the unpaid balance of tuition, fees, room and board is due and payable immediately. Refunds for withdrawals are made in accordance with the regular refund schedule (see Refund of Tuition and Fees later in this section). Installment payments due will be deducted from the refund. The student is responsible for the immediate payment of any remaining balance due after the refund is applied. Students who fail to pay the balance in full will be considered delinquent.

The university will e-mail students notifying them prior to the second and third installment due dates via SFA’s eBill system. Students who fail to make full payment by the due dates will be placed on delinquency status and will incur a late charge of $25 for each missed payment date.

Additional Charges

TUITION FOR REPEATED OR EXCESSIVE UNDERGRADUATE HOURS

The State of Texas does not provide funds to state institutions of higher education
for excess semester credit hours attempted by a resident undergraduate student. Since funding will not be provided by the state, and as permitted by state law, SFA will charge tuition at the non-resident rate to all students who exceed the maximum semester credit hour limit of their program, based on the chart below. The non-resident tuition rate will be charged beginning with the term after the student reaches the maximum number of credit hours attempted in excess of the degree requirement.

Effective with students initially enrolling in the fall 1999 semester and subsequent terms, excess credit hours are those hours attempted by a resident undergraduate student that exceed by more than 45 hours the number of hours required for completion of the degree plan in which the student is enrolled. Effective with students initially enrolling in the fall 2006 semester and subsequent terms, excess credit hours are those hours attempted by a resident undergraduate student that exceed by more than 30 hours the number of hours required for completion of the degree program in which the student is enrolled. For purposes of excess hours, a resident undergraduate student includes a non-resident student who is permitted to pay resident tuition.

The semester credit hours counted toward the limitation include all hours attempted by the student except:

1) Semester credit hours earned by the student before receiving a baccalaureate degree that has been previously awarded.
2) Semester credit hours earned by the student by examination or other procedure by which credit is earned without registering for a course for which tuition is charged.
3) Credit for remedial education courses, technical courses, workforce education courses funded according to contract hours or other courses that would not generate academic credit that could be applied toward a degree program at SFA.
4) Semester credit hours earned by the student at a private or an out-of-state institution.
5) Semester credit hours earned by the student before graduating from high school and used to satisfy high school graduation requirements (i.e., dual credit courses). (Effective fall 2009.)
6) Hours not eligible for formula funding.

*Hours earned through examination without registering for a course are always excluded from the maximum number of hours allowed at the resident rate. Additionally, dual credit hours are excluded from the maximum number of hours allowed at the resident rate.

**COURSE REPEATS—“3-PEATS”**

The Texas Legislature eliminated funding to institutions of higher education for students enrolled in courses that they have attempted three or more times. An attempted course is any course in which a grade is earned, a repeated course, or a course dropped after the census date (12th class day in fall or spring semesters, fourth class day in summer terms, second class day in Maymester or sessions of five weeks or less.
In order to compensate for this loss of state funding, students attempting a course for the third or more time will be required to pay an additional $100 per semester credit hour for the repeated course. In assessing this charge, courses attempted at any other Texas public college or university will be considered.

Exemptions for repeated hours for attempted courses are as follows:

1) Up to 18 hours of remedial and development courses.

2) Hours for special topics and seminar courses that may be taken for additional credit toward a degree.

3) Hours for courses that involve different or more advanced content each time they are taken, including but not limited to, individual music lessons, Workforce Education Courses, manual special topic courses (when the topics change), theater practicum, music performance, ensembles, certain physical education, kinesiology courses and studio art.

4) Hours for independent study courses.

5) Classes taken prior to fall 2002.

6) A student shall be exempted from payment of higher tuition for any course repeated in the final semester or term before graduation, if the course(s) is taken for the purpose of receiving a grade that will satisfy a degree requirement. This exemption applies for only one semester. The exemption does not affect an institution’s ability to charge a higher tuition rate for courses that cannot be reported for funding for other reasons such as the excess credit hour limit.

**Exemptions and Waivers from Tuition and Fees**

In accordance with the laws of Texas, several exemptions and waivers are offered to students who meet certain eligibility criteria. Following is a list of some of these exemptions and waivers. For additional information, visit the Texas Higher Education Coordinating Board’s “College for All Texans” website at www.collegefortexans.com. All exemptions are subject to change at any time by the Texas Legislature. Additionally, if there is any discrepancy between the information listed below and the actual legislation or the Texas Higher Education Coordinating Board rules, the legislation and rules shall prevail.

**UNDERGRADUATE CONTINUATION REQUIREMENTS**

Texas Education Code section 54.2001-2002 requires students receiving certain exemptions for the payment of tuition and/or fees to maintain a grade-point average that satisfies the university’s grade-point average requirement for making satisfactory academic progress toward a degree or certificate in accordance with the university’s policy regarding eligibility for financial aid. Currently, those requirements can be found in university’s policy 6.16, Satisfactory Academic Progress for Financial Aid Recipients. That policy can be found on the financial aid website at: http://www.sfasu.edu/faid/satisacaprog.asp.

For purposes of this policy, these rules will apply to most of the university exemptions and waivers. The following exemptions are not subject to these requirements:

1. Dual Credit Exemption (TEC 54.216, TEC 130.008)
2. Foster Care Exemption (TEC 54.366)
3. Prisoners of War (TEC 54.342)
4. Children or spouses of veterans killed in action, missing in action, or who died as
a result of a service-related illness or injury; (TEC 54.341(a-2)(1)(A), (B), (C) or (D) or TEC 54.341(b)(1)(A), (B), (C) or (D))

5. Non-resident students authorized or required to pay resident rates.

*Vets, children/spouse of disabled veterans (TEC 54.341(a-2)(1)(E) or (b)(E)) and students receiving the Hazelwood Legacy exemptions ARE subject to the continuation requirements.

Additionally, in order to maintain eligibility for continuation of an exemption or waiver, undergraduate students must not have completed as of the beginning of the semester or term a number of semester credit hours that is considered to be excessive under Texas Education Code Section 54.014. These can be found on the university’s website at: http://www.sfasu.edu/controller/businessoffice/students/excess_credit.asp.

More information about the continuation requirements can be found on the Business Office website http://www.sfasu.edu/controller/docs/business/continuation-of-exemption-and-wavier-requirements.pdf

**HIGHEST RANKING HIGH SCHOOL GRADUATE (SEC. 54.301 TEX. ED. CODE)**

The purpose is to provide an award to students graduating top in their classes in high school.

The highest-ranking graduate of each accredited Texas high school is eligible for an exemption from tuition for both semesters of the first regular session immediately following his/her graduation. When, in the opinion of the university’s president, the circumstances of an individual case (including military service) merit such action, this exemption may be granted for any one of the first four regular sessions following the individual’s graduation from high school. Application for this exemption should be made in the Business Office.

**TEXAS VETERANS AND THEIR SPOUSES, DEPENDENTS, SURVIVORS - HAZLEWOOD ACT (SEC. 54.341 TEX. ED. CODE)**

The purpose of the Hazlewood Exemption (Hazlewood Act) is to provide an education benefit to honorably discharged or separated Texas veterans and to eligible dependent children and spouses of Texas veterans. A 2009 act added the provision to permit eligible veterans to assign their unused hours up to 150 hours of exemption eligibility to their child (known as the “Hazelwood Legacy Act”).

**Eligibility Requirements:**

**Veterans:**

1) Who, at the time of entry into the U.S. Armed Forces:
   a) are Texas residents,
   b) designated Texas as Home of Record, or
   c) entered the service in Texas.

2) Have served at least 181 days of active military duty, as indicated as “net active service” (the sum of 12(c) and 12(d)) on the DD214),

3) Have received an honorable discharge or separation or a general discharge under honorable conditions,

4) Have no federal veteran’s education benefits, or have federal veteran’s education benefits dedicated to the payment of tuition and fees only (such as Chapter 33 or 31; Pell and SEOG are not relevant) for the term or semester enrolled that do not

5) Are not in default on a student loan made or guaranteed by the State of Texas, and
6) Enroll in classes for which the university receives tax support
7) Make satisfactory academic progress in a degree or certificate program as determined by the institution (effective beginning fall 2014.)

Veterans who are granted their first Hazlewood exemption beginning fall 2011 must reside in Texas during the semester or term for which the exemption is claimed. This requirement does not apply to veterans who received the exemption prior to the 2011-2012 academic year.

Children and spouses:
1) Of veterans who, at the time of entry into the U.S. Armed Forces:
   a) are Texas residents,
   b) designated Texas as Home of Record, or
   c) entered the service in Texas.

2) Have a parent or is the spouse of a veteran of the U.S. Armed Forces, Texas National Guard or Texas Air National Guard who died as a result of service-related injuries or illness, is missing in action or became totally disabled for purposes of employability as a result of service-related injury or illness,

3) Have no federal veteran’s education benefits, or have federal veteran’s education benefits dedicated to the payment of tuition and fees only (such as Chapter 33 or 31; Pell and SEOG are not relevant) for the term or semester enrolled that do not exceed the value of Hazlewood benefits, and
4) Are residents of Texas as of the term or semester in which they enroll.
5) Children and spouses of a disabled veteran must make satisfactory academic progress in a degree or certificate program as determined by the institution (effective beginning fall 2014.)

This requirement does not apply to children who received the exemption prior to the 2011-2012 academic year.

The benefit may not be used for correspondence courses unless the courses are part of the student’s degree plan.

Transferability of Benefits (Legacy Program)

Eligible veterans may assign unused hours of exemption eligibility to a child under certain conditions. To be eligible, the child must:
1) be a Texas resident,
2) be the biological child, stepchild, adopted child or claimed as a dependent in the current or previous tax year,
3) be 25 years old or younger on the first day of the semester or term for which the exemption is claimed (unless granted an extension due to a qualifying illness or debilitating condition), and
4) make satisfactory academic progress in a degree or certificate program as determined by the institution.
If a child to whom hours have been delegated fails to use all of the assigned hours, a veteran may re-assign the unused hours that are available to another dependent child. Veterans’ spouses are not eligible to receive a transfer of unused hours.

**OFFICE OF FINANCIAL AID**

Austin Building, 1st floor  
P.O. Box 13052, SFA Station  
Nacogdoches, TX 75962  
Telephone: 936.468.2403  
Fax: 936.468.1048  
E-mail: finaid@sfasu.edu  
Web: www.sfasu.edu/faid

Applications for financial aid are available online beginning in January to apply for aid for the following fall, spring and summer semesters. Scholarship applications must be filed with the Office of Student Financial Assistance no later than Feb. 1. For priority considerations, applicants for financial aid should complete their financial aid application no later than March 15. Financial aid programs in which the university participates include the Federal Pell Grant, Supplemental Educational Opportunity Grant, TEACH Grant, Texas Grant, Texas Public Educational Grant, Lumberjack Grant, Federal and State Work-Study, Federal Perkins Loan, and the Federal Direct Loan Program.

As part of the university’s efforts to increase enrollment and support the access and participation goals of the state’s “Closing the Gaps” initiative, the administration has developed a program to cover the full costs of tuition and fees for four years for students whose family income is $30,000 or less. The “SFA Purple Promise” program will be available to all students whose families fall into this financial category, who are admitt-
ted to the university and make application by June 1. Students must maintain specified academic standards and complete a specified number of credit hours per semester.

Consideration for the above programs requires completion of a Free Application for Federal Student Aid electronic form (FAFSA). Students must meet all eligibility requirements, including Satisfactory Academic Progress, to receive financial assistance. Assistance may be available for part-time as well as full-time students.

Students are alphabetically assigned to a Financial Aid Counselor who will help with the application process and answer questions. Students can communicate directly with their counselor by phone, e-mail or appointment.

Federal TEACH Grant, Federal Unsubsidized Direct Loans, Federal Direct Plus Loans, Short-Term Emergency Loans and university scholarships may be available to students who do not demonstrate financial need.

Federal regulations require that students attend all classes to receive federal financial aid funds. Eligibility for federal student aid is, in part, based on your enrollment status for the term in which you are enrolled. Enrollment will be checked beginning the first class day of each term through the census date (12th class day for fall and spring).

Students will be administratively dropped from any course where attendance cannot be demonstrated. Based upon this information, your financial aid will be re-evaluated accordingly.

Dropping courses may result in a reduction of financial aid funds for the current term. In addition to a reduction in aid, dropping courses can also affect the student’s ability to make Satisfactory Academic Progress standing. For information concerning this policy or dropping classes, students should contact their counselor or visit www.sfasu.edu/faid.

Students that withdraw from the university or receive all QFs or any combination of QFs and Ws will be subject to a return of financial aid for the semester in which aid was received. (Please see Return of Funds by Financial Aid Recipients in this section of the bulletin.)

PER DIEM RETURN POLICY FOR FEDERAL FINANCIAL AID RECIPIENTS

Federal regulations require the university to perform a return calculation for all students who receive federal financial aid and withdraw during the semester. The return amount due to the program(s) is calculated on a per diem basis with a formula established by federal regulations. The student will be responsible for reimbursing SFA for any funds returned by the university on behalf of the student.

In addition, federal regulations require that this return calculation be done for students who stop attending their classes and do not officially withdraw and receive grades of all QFs, or any combination of Ws and QFs, for the semester. Per regulations, these students will receive a calculation using a 50 percent completion rate or a percentage based on the last documented date of attendance. It is the responsibility of the student to provide the Office of Student Financial Assistance with documentation of continued attendance if he or she receives all QFs, or any combination of Ws and QFs, for the semester. Documentation must be provided within 21 days of the end of the semester, unless an extension is announced.

RETURN POLICY FOR NON-FEDERAL FINANCIAL AID RECIPIENTS

SFA also requires a return of funds for all non-federal financial aid recipients who withdraw during the semester. In the event that non-federal financial assistance programs or privately funded scholarships have their own return policy, their policy supersedes this policy.

Regular Semester:

Prior to the first class day, 100% of the award must be returned.
During the first five class days, 80% of the award must be returned.
During the second five class days, 70% of the award must be returned.
During the third five class days, 50% of the award must be returned.
During the fourth five class days, 25% of the award must be returned.
After the fourth five class days, none of the award must be returned.

Summer Terms:

Prior to the first class day, 100% of the award must be returned.
During the first, second and third class days, 80% of the award must be returned.
During the fourth, fifth and sixth class days, 50% of the award must be returned.
After the seventh class day and thereafter, none of the award must be returned.
The student will be responsible for reimbursing the university for any funds returned by the university on behalf of the student.
STUDENT SERVICES

Academic Affairs

The Division of Academic Affairs offers numerous programs designed to foster student success. These include the Academic Advising Center; Academic Assistance and Resource Center; Office of International Programs; SFA 101: Freshman Seminar; and SFA 198: Learning and Study Skills.

Academic Advising Center

The Academic Advising Center provides advising services for students who have not declared an academic major. Full-time advisers are available to assist students with course selection and with materials to help them explore career options. The center also has information and literature on all academic majors offered at SFA.

Students who are not yet ready to declare an academic major when they enter the university should select “Undecided Liberal and Applied Arts” as their major. Because most first-year courses are chosen to fulfill General Education requirements, a student’s university career is not necessarily prolonged by an initial period of being undecided about a major. Any undecided student may be advised in the Academic Advising Center until the student has earned 45 semester hours of credit.

The center also serves as the campus liaison for the Texas Success Initiative. Students who have questions or concerns about TSI should consult with the center’s staff. For a detailed description of TSI, see the Undergraduate Admissions section of this bulletin.

The Academic Advising Center is located in the Ralph Steen Library, Room 203. The phone number is (936) 468-5803. Please visit www.sfasu.edu/advising for more information.

Academic Assistance and Resource Center

The AARC is a nationally acclaimed tutoring center and winner of the Texas Higher Education Coordinating Board’s Star Award for exemplary programs. The Academic Assistance and Resource Center is committed to improving the academic performance of the individual student at Stephen F. Austin State University. Through the personal attention of staff, AARC engages students in a collaborative, learner-centered environment focused on developing the scholarship of clients and the leadership of tutors.

The AARC offers free tutoring services for students, including weekly individual appointments, study groups, walk-in tables, workshops, and online tutoring for writing and math.

The AARC is located on the first floor of Ralph W. Steen Library. Students can review services on the website at: http://library.sfasu.edu/aarc/. Students may also call with questions at (936) 468-4108.

International Student Support Services

Services include an SFA orientation, cultural adjustment, assistance with visa issues, banking assistance, resources for assistance and initial transportation from Bush Intercontinental Airport (IAH) in Houston to SFA upon arrival in Texas. In addition, the English Language Institute is available for students who encounter difficulties with the use of the English language.
Academic support is offered through the Academic Assistance and Resource Center. All offices and departments at SFA are committed to student success and, therefore, will assist international students with their needs.

**SFA 101: Student Success**

It is important that students understand how a university works and what they need to do to be successful. Toward that end, the university has created a one-credit course designed specifically for the first-semester college student. In classes of no more than 25, SFA 101 students work with an experienced SFA instructor and a successful junior, senior or graduate student. SFA 101 is not a required course; however, it is beneficial to all beginning college students.

This course provides study and practice in methods for success in college. Topics include critical thinking skills, study skills, time and money management, goal setting, career planning, and a review of university resources and regulations.

SFA 101 is located on the second floor of the Ralph Steen Library. For additional information, call (936) 468-2188, or visit www.sfasu.edu/sfa101.

The university is committed to providing equal opportunities in higher education to academically qualified students with disabilities who demonstrate a reasonable expectation of college success. Students with disabilities are integrated as completely as possible into the university community, as the university shares responsibility with the student for modifying campus facilities and programs to meet individual needs.

Following acceptance for clear admission to SFA, the process of obtaining services and accommodations begins with the completion of the application for services and submission of appropriate documentation by the student. Students living on campus needing special accommodations because of a disability should request the form available through the Residence Life department or Disability Services. Documentation for academic and/or housing accommodations should provide sufficient evidence of a disability that substantially limits one or more major life activities as defined by Section 504 of the Rehabilitation Act of 1973 as amended, and the Americans with Disabilities Act of 1990. Guidelines for documentation are provided by Disability Services and should be reviewed by the student prior to seeking documentation from a qualified professional.

Documentation should be submitted well in advance of the initial semester in which accommodations will be requested. Sufficient time is necessary to provide for committee review of documentation and appropriate coordination of services.

Refer to Americans with Disabilities Act of 1990, and Section 504 in the University Policies section of this bulletin regarding provision of services for people with disabilities. Requests for additional information should be directed to:
