UNIT OF CREDIT AND COURSE LOAD

The unit of credit is the semester hour, defined as one class meeting per week (or its equivalent) for one semester of 15 weeks. Most courses meet three hours per week and have a credit value of three semester hours. For each hour in class, at least two hours of preparation are expected on the part of the student. Many students should spend more than this amount of time in study.

For Title IV purposes, any student registered for 12 semester hours or more during the fall, spring, or summer is considered a full-time student. The normal load is 15 to 19 semester hours during the fall or spring semester. Approval for heavier loads may be given by a student’s academic dean, college advisor, or academic department under exceptional circumstances or if a student had an average of B or higher during the preceding semester or the preceding summer session.

ADDING AND DROPPING COURSES

(Also see Dropped Course Refunds elsewhere in this bulletin.)

Students may add courses through the dates published at sfasu.edu/registrar/170.asp. Academic department chairs may reconcile class schedules through the official reporting date. Students may drop classes through the published drop deadline. A student will not be allowed to drop a course after these dates, unless he or she withdraws from the university. The first class day is listed in the university calendar.

The following applies:

1. Through the official reporting date, withdrawals or a course dropped will not be recorded on a student’s transcript.

2. After the official reporting date through the published drop deadline, a drop will be noted as a “W” or a “W6” on the transcript. Withdrawals are noted as a “W”.

3. After the published drop deadline, a drop will not be permitted. After the drop deadline, a student may only withdraw from all courses for the term. This withdrawal will be noted on the transcript as a “WP” if the student is passing at the time or a “WF” if the student is failing at the time.

Legislation was passed by the Texas Senate (SB 1231) in late spring 2007 that could seriously impact the education careers of college students. This legislation applies to all students entering any Texas public institution of higher education as a first-time freshman for fall 2007 and subsequent terms. Please read the following information carefully.

Under section 51.907 of the Texas Education Code, “an institution of higher education may not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education.” This statute was enacted by the state of Texas in spring 2007 and applies to students who enroll in a public institution of higher education as first-time freshmen in fall of 2007 or later. Any course that a student drops is counted toward the six-course limit if “(1) the student was able to drop the course without receiving a grade (A, B, C, D, WF, or F) or incurring an academic penalty; (2) the student’s transcript indicates or will indicate the student was enrolled in the course (signified by a W6 grade at SFA); and (3) the student is not dropping the course in order to withdraw from the institution.” Some exceptions for good cause could allow a student to drop a course without having it count toward the limit, but it is the responsibility of the student to establish that good cause.

This statute applies to all Texas public colleges and universities. Therefore, a Stephen F. Austin State University student who has attended another institution of higher education and who might be affected by this statute should become familiar with that institution’s policies on dropping courses.

AUDITING COURSES

Students may audit regular academic courses offered on campus on a space-available basis and with the permission of the instructor. Transcripts do not reflect audit courses. Students may not audit regular academic courses offered
off campus. The deadline for registering as audit is the census date of the appropriate semester.

In those cases where a student audits a regular academic course, the tuition and fees shall be the same as the tuition paid by regularly enrolled students.

**TRANSCRIPTS**

A student may obtain a copy of his/her academic record from the Office of the Registrar. Students may view their unofficial transcript in mySFA by clicking on the “Academics” tab, “View Transcript (Unofficial),” if they have no holds. Additional information is available at sfasu.edu/registrar/129.asp.

**RESIDENCE STATUS**

The university is guided by state law in determining the resident status of students. Sections 54.001-54.209 of the Texas Education Code provide, in part, as follows:

In essence, the student who has not resided in Texas for 12 months immediately preceding the student’s registration into the university will be classified as non-resident.

A non-resident teaching or research assistant employed at least half-time in a position that relates to his or her degree program shall be entitled to pay the tuition and fees of a resident student during the period covered by the employment.

A non-resident student holding a competitive scholarship of at least $1,000 for the academic year awarded by a scholarship committee of SFA is entitled to pay the tuition and fees of a resident student during the period covered by the scholarship.

Rules and regulations governing the resident classification of a student shall be available in the Office of Admissions, and any student who is uncertain of status should obtain such rules and regulations and seek a determination of status through that office.

Individual determinations can be affected by death or divorce of parents, custody of minor by court order and active military duty of student or student’s parents.

Registering under the proper residency classification is the responsibility of the student. If there is any question of the right to classification as a resident of Texas, it is his or her obligation to raise the question with the Office of Admissions prior to registration.

Exemptions and waivers for residency status may be subject to acts of the Texas Legislature.

**INTERNATIONAL STUDENTS**

Insurance Requirement: The United States Citizenship and Immigration Services requires all international students to have health and accident insurance. The university has such a policy that meets all required coverage; applications are available at the Office of International Programs.

Tuition and Fees: If an international student is awarded a competitive scholarship of at least $1,000 by a scholarship committee of SFA, he/she becomes eligible for tuition and fees of an in-state student during the period covered by the scholarship.
(See also Scholarships and Financial Assistance for International Students in this section of the bulletin.)

TUITION REBATE FOR DESIGNATED UNDERGRADUATES

Section 54.0065 of the Texas Education Code authorizes a tuition rebate of up to $1,000 for certain undergraduates. The purpose of this program is to provide a financial incentive for students to complete their baccalaureate studies with as few courses outside the degree plan as possible. Minimizing the number of courses taken by students results in financial savings to students, parents and the state.

Undergraduate students who apply for a graduation audit are automatically considered for the tuition rebate.

Eligibility Requirements

- First college course after high school graduation must be taken in fall 1997 or later;
- Student must have been a Texas resident at all times while pursuing the degree;
- Student must have been entitled to pay in-state tuition at all times while pursuing the degree; and
- Student must not have graduated yet.

Key eligibility requirements:

A student may qualify for the tuition rebate (up to $1,000) if:

- for a student who enrolled after high school graduation at a college or university for the first time in fall 1997 or later, she/he has attempted no more than three semester credit hours in excess of the minimum number of hours required for their degree. For example, a student who completes a bachelor’s degree that requires 120 credit hours with no more than 123 credit hours attempted might qualify for this rebate; and

- for a student who enrolled after high school graduation at a college or university for the first time in fall 2005 or later, she/he also must graduate in a timely manner to earn the tuition rebate. According to the most recent revision of the rebate program, a student who wants to receive the rebate must graduate within four calendar years for a four-year degree program or within five calendar years if the degree is in architecture, engineering or any other program determined by the board to require more than four years to complete.

What could disqualify an individual?

Attempted hours include:

- transfer credits
- course credit earned exclusively by examination (except the first nine semester credit hours are excluded)
- courses dropped after the official census date
- for-credit development courses
- optional internship and cooperative education courses
- repeated courses
If a student has dropped more than one course after the official census date, she/he will probably not qualify for the rebate.

Attempted hours exclude:

- course credit that is earned to satisfy requirements for a Reserve Officers’ Training Corps program but that is not required to complete the degree program for students graduating with a bachelor’s degree in December 2007 or later
- course credit, other than course credit earned exclusively by examination, that is earned before graduating from high school (i.e. dual credit hours earned in high school) (Effective June 17, 2011.)
- required teacher education courses to the extent that they are over and above the free electives allowed in the baccalaureate degree program (for students concurrently earning a baccalaureate degree and a Texas teaching certificate)
- courses dropped for reasons that are determined by the institution to be totally beyond the control of the student
- developmental or remedial education — pre-college, remedial courses if not taken for college credit

Although there are certain exemptions for hardship situations, most part-time students will no longer be eligible to receive the tuition rebate.

More information and details concerning this program are available at the Office of the Registrar and in university Policy 6.21., Tuition Rebate.

TUITION AND FEES

Statutory tuition and certain fees at Texas state universities are established by legislative enactment. Designated tuition and other fees are established within statutory limitations by the SFA Board of Regents.

Stephen F. Austin State University reserves the right to change tuition and fees in keeping with acts of the Texas Legislature or the SFA Board of Regents. All charges are subject to corrections. For the most current information regarding tuition and fees, go to sfasu.edu/businessoffice.

The university offers a fixed-rate tuition plan. To view the plan rates and compare it to the variable rate plan, see the Tuition and Fee Rate Tables on the website at sfasu.edu/controller/businessoffice/students/rate_tables.asp.

Online payments are made through eBill, SFA’s electronic billing system. The eBill system is accessed by logging in to mySFA at sfasu.edu. Forms of accepted payment online are e-check, debit and credit cards (MasterCard, Visa, Discover, and American Express). Credit card transactions processed online will be assessed the 2.75-percent, non-refundable fee. No credit cards are accepted at the Business Office windows or via telephone. Forms of payment accepted at the Business Office windows are cash, personal check, cashier’s check, money order and debit card.

PAYMENT DEADLINES

EBill is SFA’s electronic billing system. Prior to and throughout each semester or term, billing notifications are e-mailed to students’ SFA e-mail addresses alerting them that their bills are available for viewing online. No bills are mailed through the post office.

Students who register during the regular registration period (as listed in the Schedule of Classes): Full payment of current amounts due must be made by the due date designated in the Schedule of Classes.

Students who register, add or change classes during the late registration period (beginning with the first class day of the term): Full payment of the current amount(s) due must be made by the university’s 13th class day during regular semesters and the fifth class day during summer terms; otherwise, the classes will be dropped. For the Maymester or a term less than five weeks, full payment of current amounts due must be made by the second class day; otherwise, the classes will be dropped. Students will be subject to the university’s refund policy for courses dropped for insufficient payment. (See Refund of Tuition and Fees in this section.) Specific dates and deadlines are posted on the Business Office webpage at sfasu.edu/businessoffice. Students enrolling in classes during the late registration period incur a financial obligation immediately and must officially withdraw from the university if they decide not to attend, even if they have not yet paid.

Students who enroll in the installment payment plan or opt to receive a short-term loan will be subject to additional payment deadlines. These payment deadlines will be communicated to students when they sign up for these options. These deadlines also are published on the Business Office webpage at sfasu.edu/businessoffice.

LATE REGISTRATION AND LATE COURSE ADDITION FEES

Students registering for class on or after the first class day of the semester or summer term are subject to a late registration fee. This fee is assessed to all students who register during the late registration period (first through 12th class day for fall and spring semesters, first through fourth class day for summer terms, first through second class day of Maymester). Students may add classes during this period without being assessed the late registration fee provided they initially enrolled prior to the first class day and were not dropped for non-payment.

The last day to register is found in the Schedule of Classes. Enrollment or adding courses after the last day to register will be permitted only in extraordinary circumstances and at the university’s sole discretion.

Students who register or add classes after that date will incur a late add fee. The late add fee is charged on a per-credit-hour basis. Refer to sfasu.edu/controller/businessoffice/students/exp_fees.asp for the most current information regarding these charges.
REINSTATEMENT FEE

In extraordinary circumstances, the university, at its sole discretion, may allow a student to be reinstated in classes from which he/she has been dropped for non-payment. In this case, a reinstatement fee will apply. The fee is charged on a per-credit-hour basis. During regular semesters, the reinstatement fee will apply after the 13th class day. During summer sessions, the reinstatement fee will apply after the fifth class day. Students are advised to contact the SFA Business Office at (936) 468-6960 to determine the total amount due for reinstatement.

INSTALLMENT PAYMENT PLAN FOR TUITION, FEES, ROOM AND BOARD

In accordance with Tex. Ed. Code 54.007, tuition and fees for fall and spring semesters may be paid using one of the following two alternatives. In addition, the university offers these same payment alternatives for room and board payments:

1. Full payment of tuition, fees, room and board in advance of the beginning of the semester; or

2. One-third of tuition, fees, room, board plus all non-mandatory fees (e.g., parking, yearbook, administrative fee, property deposit, student identification card, post office box) in advance of the beginning of the semester. Each of the remaining two installments will be approximately one-third of tuition, fees, room and board. The exact amounts due and specific due dates will be shown on the installment plan detail in the eBill system.

The university offers an installment payment plan during summer terms. The plan is two payments of approximately 50 percent each.

Enrollment in the installment payment plan is through mySFA. To enroll, all balances from prior terms must be paid in full. Students will be charged a fee each term the student enrolls in the installment payment plan.

The university will email students notifying them prior to the second and third installment due dates via SFA’s eBill system. Students who fail to make full payment by the due dates will be placed on delinquency status and will incur a late installment fee for each missed payment date.

ADDITIONAL CHARGES

TUITION FOR EXCESSIVE UNDERGRADUATE HOURS

The State of Texas does not provide funds to state institutions of higher education for excess semester credit hours attempted by a resident undergraduate student. Since funding will not be provided by the state, and as permitted by state law, students who exceed the maximum semester credit hour limit of their program, based on the charts below, will be charged an additional amount per semester credit hour. The additional tuition rate, established by the SFA Board of Regents, will be charged beginning with the term after the student reaches the maximum number of credit hours attempted in excess of the degree requirements.

Effective with students initially enrolling in the fall 1999 semester and subsequent terms, excess credit hours are those hours attempted by a resident
undergraduate student that exceed by more than 45 hours the number of hours required for completion of the degree plan in which the student is enrolled. Effective with students initially enrolling in the fall 2006 semester and subsequent terms, excess credit hours are those hours attempted by a resident undergraduate student that exceed by more than 30 hours the number of hours required for completion of the degree program in which the student is enrolled. For purposes of excess hours, a resident undergraduate student includes a non-resident student who is permitted to pay resident tuition.

The semester credit hours counted toward the limitation include all hours attempted by the student except:

1. Semester credit hours earned by the student before receiving a baccalaureate degree that has been previously awarded.
2. Semester credit hours earned by the student by examination or other procedure by which credit is earned without registering for a course for which tuition is charged.
3. Credit for remedial education courses, technical courses, workforce education courses funded according to contract hours, or other courses that would not generate academic credit that could be applied toward a degree program at SFA.
4. Semester credit hours earned by the student at a private or an out-of-state institution.
5. Semester credit hours earned by the student before graduating from high school and used to satisfy high school graduation requirements (i.e., dual credit courses). (Effective fall 2009.)
6. Hours not eligible for formula funding.

**TUITION FOR REPEATED COURSES — “3-PEATS”**

The Texas Legislature eliminated funding to institutions of higher education for students enrolled in courses that they have attempted three or more times. An attempted course is any course in which a grade is earned, a repeated course, or a course dropped after the census date (12th class day in fall or spring semesters, fourth class day in summer terms, second class day in Maymester or sessions of five weeks or less).

In order to compensate for this loss of state funding, students attempting a course for the third or more time will be required to pay an additional amount per semester credit hour for the repeated course as established by the SFA Board of Regents. In assessing this charge, courses attempted at any other Texas public college or university will be considered.
Exemptions for repeated hours for attempted courses are as follows:

1. Up to 18 hours of remedial and development courses.

2. Hours for special topics and seminar courses that may be taken for additional credit toward a degree.

3. Hours for courses that involve different or more advanced content each time they are taken, including but not limited to, individual music lessons, Workforce Education Courses, manual special topic courses (when the topics change), theater practicum, music performance, ensembles, certain physical education, kinesiology courses and studio art.

4. Hours for independent study courses.

5. Classes taken prior to fall 2002.

6. A student shall be exempted from payment of higher tuition for any course repeated in the final semester or term before graduation, if the course(s) is taken for the purpose of receiving a grade that will satisfy a degree requirement. This exemption applies for only one semester. The exemption does not affect an institution’s ability to charge a higher tuition rate for courses that cannot be reported for funding for other reasons such as the excess credit hour limit.

Refer to sfasu.edu/controller/businessoffice/students/3peats.asp for the most current information regarding these charges.

**EXEMPTIONS AND WAIVERS FROM TUITION AND FEES**

In accordance with Texas legislation, some exemptions and waivers are offered to students who meet certain eligibility criteria. These exemptions and waivers are listed below. For the specific eligibility requirements for each exemption and waiver offered by the university, visit the Business Office website at sfasu.edu/controller/businessoffice/students/waivers-exemptions.asp.

Additional information is available on the Texas Higher Education Coordinating Board’s “College for All Texans” website at collegeforalltexans.com.

All exemptions are subject to change at any time by the Texas Legislature. UNDERGRADUATE CONTINUATION REQUIREMENTS
Texas Education Code section 54.2001-2002 requires students receiving certain exemptions for the payment of tuition and/or fees to maintain a GPA that satisfies the university’s GPA requirement for making satisfactory academic progress toward a degree or certificate in accordance with the university’s policy regarding eligibility for financial aid. Currently, those requirements are published in university Policy 6.16, Satisfactory Academic Progress for Financial Aid Recipients. That policy can be found on the financial aid website at sfasu.edu/aid/satisacaprog.asp.

For purposes of this policy, these rules will apply to most of the university exemptions and waivers. The following exemptions are not subject to these requirements:
1. Dual Credit Exemption (TEC 54.216, TEC 130.008)
2. Foster Care Exemption (TEC 54.366)
3. Prisoners of War (TEC 54.342)
4. Children or the spouse of a veteran killed in action, who died while in service, is missing in action, or whose death is documented to be directly caused by illness or injury connected with service in the armed forces of the U.S.; (TEC 54.341(a-2) (1)(A), (B), (C) or (D) or TEC 54.341(b)(1)(A), (B), (C) or (D))
5. Non-resident students authorized or required to pay resident rates.

*Vets, children/spouse of disabled veterans (TEC 54.341(a-2)(I)(E) or TEC 54.341 (b)(E)) and students receiving the Hazlewood Legacy exemptions ARE subject to the continuation requirements.

Additionally, in order to maintain eligibility for continuation of an exemption or waiver, undergraduate students must not have completed as of the beginning of the semester or term a number of semester credit hours that is considered to be excessive under Texas Education Code Section 54.014. These can be found on the university’s website sfasu.edu/controller/businessoffice/students/excess_credit.asp.

More information about the continuation requirements can be found on the Business Office website sfasu.edu/controller/businessoffice/students/waivers-exemptions.asp.

RESIDENTS OF BORDERING STATES (SEC 54.0601 TEX ED. CODE)

In lieu of non-resident tuition, students from Arkansas, Louisiana, New Mexico and Oklahoma will be charged the resident rate plus $80 per semester credit hour. Application for the reduced non-resident rate shall be made in the Office of Admissions.

PAST DUE AND DELINQUENT ACCOUNTS

A student’s account is past due when the amount due is not paid by the due date. Holds will be placed on past due accounts, which will prevent the student from registering for classes, making course changes and receiving transcripts. Delinquent accounts and accounts in default will be subject to the university’s Student Accounts Receivable Policy (3.28) and may include reporting the delinquent student’s account to the state for a treasury warrant hold and/or to a credit bureau(s). Any costs associated with collection of delinquent accounts will be assessed to the student, including collection agency fees and/or attorney fees.

Stephen F. Austin State University Office of Student Financial Assistance is committed to helping students meet their financial needs. SFA provides students traditional financial assistance in the form of grants, work-study and student loans. SFA participates in several state and federal financial aid programs. To be considered for these funds, an applicant must complete a Free Application for Federal Student Aid online at fafsa.ed.gov. Undocumented students may apply for aid using the Texas Application for State Financial Aid, which can be located on our website at sfasu.edu/faid. For priority consideration, applications should be received by the Office of Student Financial Assistance by March 15 each year; however, applications received after this date will be accepted and processed. Once the information is received, students will be evaluated for all available aid programs. Students must meet all eligibility requirements, including Satisfactory Academic Progress to receive financial assistance. Assistance is available for part-time as well as full-time students. For specific student requirements and information regarding the application process, please visit our website at sfasu.edu/faid.

Students are alphabetically assigned to a specific financial aid counselor who will help with the application process and answer questions. Students can communicate with their financial aid counselor via phone or email. Students also may schedule an individual appointment as needed.

SFA Purple Promise

The administration has developed a program to cover the full cost of tuition and fees for four years for students whose family income is $30,000 or less. The SFA Purple Promise program will be available to all students whose families fall into this financial category and are admitted to the university and complete all financial aid requirements by June 1. Students must maintain specified academic standards and complete a minimum of 30 credit hours per academic year (fall, spring and summer terms combined).

Attendance Policy

Federal regulations require that students attend all classes in order to receive federal financial aid funds. Eligibility for federal student aid is, in part, based on your enrollment status for the term in which you are enrolled. Enrollment will be checked beginning the first class day of each term through the census date. Students will be administratively dropped by the Registrar’s Office from any course where attendance cannot be demonstrated. Based upon this information, your financial aid will be re-evaluated accordingly.
Dropping courses may result in a reduction of financial aid funds for the current term. In addition to a reduction in aid, dropping courses also can affect the student’s ability to make Satisfactory Academic Progress. For more information concerning this policy, students should contact their financial aid counselor or visit sfasu.edu/faid.

Students who withdraw from the university or receive all QFs or any combination of QFs and Ws will be subject to a return of financial aid for the semester in which aid was received. (Please see Return of Funds by Financial Aid Recipients in this section of the bulletin.)

OFFICE OF INTERNATIONAL PROGRAMS/ SFA INTERNATIONAL SCHOLARSHIP

The OIP/SFA International Scholarship is awarded to any student who will contribute to the increased diversity for international representation at Stephen F. Austin State University. The amount of the scholarship is $1,000 per year. In general, students cannot hold graduate assistantships and OIP scholarship awards simultaneously.

Criteria for consideration of scholarship award (satisfy at least two of the following):

1. To a student whose native language is not English.
2. To a student who has lived in a country other than the United States for five years or longer.
3. To a student who has foreign or dual citizenship recognized by a foreign country, but not by the United States.

Additional requirements:

1. All students are required to have a minimum cumulative GPA of 2.75 for consideration.
2. Attach an original typed essay (100 words minimum). Only students who are re-applying must describe how they have contributed to international/
cultural diversity on the SFA campus in the past semester or year.

3. All students that are awarded the scholarship will have funds applied after registering for classes.

In addition, recipients of this scholarship must take an active role in the international activities on campus. Unfulfilled obligations will result in automatic disqualification for one semester following the award year. Current recipients are highly encouraged to assist with new student orientation when possible.

**Students who are awarded the OIP Scholarship will be eligible for Texas resident tuition rates.**

Evaluation and awarding of this scholarship will be determined by the Office of International Programs. Preference will be given to degree-seeking and full-time students.

Application deadlines: both fall and spring semester awards have multiple application deadlines and are published at sfasu.edu/oip.

**PILOT 19**

As a result of the NAFTA Agreement, two students from Mexico per 1,000 students enrolled at SFA are eligible to pay in-state tuition and fees. Students accepted into this financial aid program must sign a financial need statement. (For example, with 11,000 students at SFA, 24 students from Mexico would be entitled to receive this tuition waiver.)

**GOOD NEIGHBOR SCHOLARSHIP**

The Texas Legislature enacted a law that awards 10 scholarships to students from every country south of the United States (except Cuba) and Canada. In addition, 30 scholarships are awarded to students from Peru and Mexico. Students must have been accepted into a Texas university by March 1. Then, the university submits names to the Texas Higher Education Coordinating Board, which awards the scholarships. Recipients do not pay state tuition for fall, spring and summer following the award made in May. Recipients must intend to return to the eligible country upon completion of the program of study.

**OTHER SCHOLARSHIPS**

See Scholarship Awards in this bulletin for other scholarships, such as Community College Transfer Scholarship, for which international students may be eligible.

**OTHER FINANCIAL AID FOR INTERNATIONAL STUDENTS**

TPEG Grants - See the Financial Aid section of this bulletin. (Applications for international students are available in the OIP.)

Note: International or nonresident students who hold competitive scholarships of at least $1,000 for an academic year are entitled to pay resident tuition and fees provided they compete with other students, including Texas residents, for the scholarship. The scholarship must be awarded by a scholarship committee officially recognized by the university. The waiver of non-resident fees is available only during the period covered by the scholarship. (Grants such as TPEG will not qualify students for in-state tuition).
RETURN OF FUNDS BY FINANCIAL AID RECIPIENTS

When a student has received financial aid payments to cover educational costs for a semester and subsequently withdraws from the university during the semester for which payments were received, these funds can no longer be considered as being used for educational purposes. Therefore, all or a portion of the funds may have to be repaid to the aid programs from which they were received. Funds returned to the federal loan program will reduce the student’s loan balance with the lender. The student will be responsible for reimbursing the university for any funds returned by the university on behalf of the student. In the event that non-federal aid programs or privately funded scholarships have their own policy, their policy supersedes this policy.

PER DIEM RETURN POLICY FOR FEDERAL FINANCIAL AID RECIPIENTS

Federal regulations require the university to perform a return calculation for all students who receive federal financial aid and withdraw during the semester. The return amount due to the program(s) is calculated on per diem basis with a formula established by federal regulations. The student will be responsible for reimbursing the university for any funds returned by the university on behalf of the student.

In addition, federal regulations require that this return calculation be done for students who stop attending their classes and do not officially withdraw and receive grades of all QFs, or any combination of Ws and QFs, for the semester. Per regulations, these students will receive a calculation using a 50 percent completion rate or a percentage based on the last documented date of attendance. It is the responsibility of the student to provide the Office of Student Financial Assistance with documentation of continued attendance if he or she receives all QFs, or any combination of Ws and QFs, for the semester. Documentation must be provided within 21 days of the end of the semester, unless an extension is announced.

RETURN POLICY FOR NON-FEDERAL FINANCIAL AID RECIPIENTS

SFA also requires a return of funds for all non-federal financial aid recipients who withdraw during the semester. In the event that non-federal financial assistance programs or privately funded scholarships have their own return policy, their policy supersedes this policy.

STUDENT SERVICES

ACADEMIC AFFAIRS

The Division of Academic Affairs offers numerous programs designed to foster student success. These include the Academic Advising Center; Academic Assistance and Resource Center; Office of International Programs; and SFA 101 Freshman Seminar.

STUDENT SUCCESS CENTER

ACADEMIC ADVISING CENTER

The Academic Advising Center provides advising services for students who have
not declared an academic major. Full-time advisors are available to assist students with course selection and with materials to help them explore career options. The center also has information and literature on all academic majors offered at SFA.

Students who are not yet ready to declare an academic major when they enter the university should select “Undecided” as their major. Because most first-year courses are chosen to fulfill General Education requirements, a student’s university career is not necessarily prolonged by an initial period of being undecided about a major. Any undecided student may be advised in the Academic Advising Center until the student has earned 45 semester hours of credit.

The center also serves as the campus liaison for the Texas Success Initiative. Students who have questions or concerns about TSI should consult with the center’s staff. For a detailed description of TSI, see the Undergraduate Admissions section of this bulletin.

The Academic Advising Center is located in the Steen Library, Room 203. The phone number is (936) 468-5803. Please visit sfasu.edu/advising for more information.

SFA 101

It is important that students understand how a university works and what they need to do to be successful. Toward that end, the university has created a one-credit course designed specifically for the first-semester college student. In classes of no more than 25, SFA 101 students work with an experienced SFA instructor and a successful upperclass student. SFA 101 is not a required course; however, it is beneficial to all college students.

This course provides study and practice in methods for success in college. Topics include critical thinking skills, study skills, time and money management, goal setting, career planning, and a review of university resources and regulations.

SFA 101 is located on the second floor of the Steen Library. For additional information, call (936) 468-2188, or visit sfasu.edu/sfa101.
INTERNATIONAL STUDENT SUPPORT SERVICES

**DISABILITY SERVICES**

sfasu.edu/disabilityservices

The university is committed to providing equal opportunities in higher education to academically qualified students with disabilities who demonstrate a reasonable expectation of college success. Students with disabilities are integrated as completely as possible into the university community, as the university shares responsibility with the student for modifying campus facilities and programs to meet individual needs.

Following acceptance for clear admission to SFA, the process of obtaining services and accommodations begins with the completion of the application for services and submission of appropriate documentation by the student. Students living on campus needing special accommodations because of a disability should request the form available through the Residence Life Department or Disability Services. Documentation for academic and/or housing accommodations should provide sufficient evidence of a disability that substantially limits one or more major life activities as defined by Section 504 of the Rehabilitation Act of 1973 as amended and the Americans with Disabilities Act of 1990. Guidelines for documentation are provided by Disability Services and should be reviewed by the student prior to seeking documentation from a qualified professional.

Documentation should be submitted well in advance of the initial semester in which accommodations will be requested. Sufficient time is necessary to provide for committee review of documentation and appropriate coordination of services.
Refer to Americans with Disabilities Act of 1990 and Section 504 in the University Policies section of this bulletin regarding provision of services for people with disabilities. Requests for additional information should be directed to:
