AREAS OF STUDY AND DEGREES

The School of Art offers degree programs for students interested in art studio, art education and art history. These programs are designed to prepare students for careers in the visual arts ranging from art teaching at all levels to graphic design, art gallery and museum curatorship, art history publishing and many related fields. Art historians and most professional artists continue their studies at the graduate level and the school’s programs provide preparation for such study.

The school offers the Bachelor of Arts, a traditional liberal arts degree with major concentrations in art history and art studio (graphic design, ceramics, filmmaking, digital media, drawing, jewelry, painting, photography, printmaking and sculpture). The Bachelor of Fine Arts is a professional degree program designed for art studio and art education majors who seek more in-depth preparation. Art studio majors planning to continue their studies at the graduate level should take the B.F.A. program.

OBJECTIVES

The mission of the School of Art is to provide high quality baccalaureate, graduate and public educational opportunities suitable for scholars, producers and viewers of art. All of the school’s programs, resources and activities are intended to fulfill this mission.

Among its activities, the School of Art presents an extensive exhibition program through the SFA Gallery on campus The Cole Art Center at The Old Opera House in historic downtown Nacogdoches. The SFA Gallery sponsors the annual Texas Na-
tional art competition and exhibition, juried by leading artists of the day. The School of Art provides opportunities to travel to major American art centers as part of its programs. Internships in students’ areas of concentration and other educational opportunities for professional development are provided both locally and in regional centers. The school operates the Fine Arts Press of Stephen F. Austin State University, which provides its students and faculty rare opportunities to explore the book as an art form. Every summer the filmmaking program produces a full-length feature film that is premiered publicly.

**EXHIBITION OF STUDENT ART**

The School of Art reserves the privilege of retaining selected student works for exhibition for a period of 12 months after the work is submitted for grading.

**DEFINITION OF MAJOR PROGRAMS**

Studio art emphasis can be chosen from graphic design, ceramics, filmmaking, digital media, drawing, jewelry, painting, photography, printmaking and sculpture. The art history major provides a broad study of art history, with opportunity to study a range of cultural traditions.

AREAS OF STUDY AND DEGREES

The School of Music offers degree programs for students interested in performance, composition, music education and pedagogy. Such programs also can help students prepare for continuing graduate study or for careers in music business, music technology, church music, private studio teaching and many other allied fields.

Specifically, the school offers a Bachelor of Music in Performance (with keyboard, keyboard pedagogy, orchestral instrument and voice concentrations), a Bachelor of Music in Composition, a Bachelor of Music in Sound Recording Technology, a Bachelor of Music with all-level Teacher Certification options, and a Bachelor of Music with all-level pre-certification options (with elementary, instrumental and choral/keyboard concentrations). The school also offers a 23-hour music-minor program of study.
OBJECTIVES
The School of Music at SFA is committed to providing undergraduate and graduate curricula with a wide variety of musical experiences designed to prepare students to confidently begin or continue careers in music education, performance, sound recording technology and composition. Its goal is to graduate highly competent musicians, accomplished performers, sensitive artists and articulate musical leaders who clearly understand the value and role of music as part of our cultural heritage, our welfare and the very essence of human existence.

To this end, the School of Music also is committed to attracting and retaining students and faculty of the highest quality and dedicated to the creation of an academic climate in which both may work and interact with broad creative freedom.

Furthermore, the School of Music is committed to broadening the musical experience and knowledge of the general student at the university and is dedicated to serving the university, community and region by enriching the quality of life through presentation of numerous concerts, recitals and other musical programs.

TRANSFER STUDENTS
A theory placement test may be required. In addition, all transfer students will enter in lower-division applied instruction (MUP 119 or 129) unless approved for upper-division instruction through audition. Students should supply a complete list of repertoire previously studied at the time of the placement audition.

In accordance with the “Field of Study Curriculum for Music” approved by the Texas Higher Education Coordinating Board, the School of Music will accept four semesters of ensemble, four semesters of applied study, four semesters of theory/aural skills and one semester of music literature from community colleges. The transfer of courses in vocal diction, instrumental methods or courses designed to promote keyboard competency will be evaluated on an individual basis as described in the “Field of Study” document. Students wishing to transfer additional courses in the three areas mentioned above should provide course syllabi and catalog descriptions of the courses in question. Finally, students wishing to transfer credits toward the Recital Attendance requirements at SFA must show:
1. satisfactory completion of the requirements on the student’s transcript;
2. clear indications in course syllabi and/or catalog materials that the requirement has been fulfilled as part of another course; or
3. a clear statement from the chair/director of the sending school as to the attendance requirement of the school and specifically how the requirements were satisfied by the student in question. A maximum of four semesters of Recital Attendance will be accepted from the sending school.

ENSEMBLES
Students are required to participate in a major ensemble - band, choir or orchestra - during each semester they are enrolled in applied instruction as a major. Keyboard majors in degree programs not designed for teacher certification must enroll in accompanying (MUP 138) instead of one of the major ensembles listed above. Chamber music ensembles (MUP 139) are available to qualified students through invitation or audition.

RECITAL ATTENDANCE
Frequently throughout the year, students, faculty members and guest artists are presented in recitals by the School of Music and College of Fine Arts. These recitals are
open to the public. Because performance and listening experiences constitute an area of major importance in the study of music, all music majors are required to enroll in MUP 100.001 for seven semesters with a minimum of 10 recitals and all convocations attended each semester. As well, all music majors are required to enroll in MUP 100.002 for each semester beyond seven semesters. Music minors are required to enroll for two semesters in MUP 100.003 with a minimum of 10 recitals and all convocations attended each semester.

**DEGREE/TIME REQUIREMENTS**

All music degree programs require a minimum of 120-133 semester hours for graduation. For students in music education it is possible to complete the degree program in eight semesters; however, nine semesters is more realistic unless students attend summer sessions. A minimum grade of C is required for the following courses in all degree programs: MTC 151, 152, 161, 162, 251, 252, 261, 262; MUP 101, 102, 201, 202 and MHL 245. This requirement applies to comparable transfer hours and music minors as well.

**POLICY ON REPEATED MUSIC COURSES**

Students who fail on their second attempt to pass or meet the minimum grade requirements (see above) for any music course required on the student’s degree program/plan (whether formally completed or implied):

1. will no longer be allowed to continue in courses restricted to music majors or minors (except applied study, which may be taken at the minor level if approved by the applied teacher); but
2. may continue in music courses open to non-majors under the same terms open to all students on campus.

**DEFINITION OF MAJORS, MINORS AND CERTIFICATES**

**Majors**

Students who wish to major in music must present evidence of talent and previous experience in music and must complete a satisfactory audition to enter the program. All entering music majors must register for Recital Attendance, Music Theory, Aural Skills and Applied Study/Performance Ensembles as required by their degree. Entering music majors (except keyboard majors) must also register for Class Piano, following a placement audition, until the successful completion of the Keyboard Proficiency Exam.

**Minors**

The School of Music offers a minor in music that is complementary to many undergraduate majors. Students who wish to pursue a minor in music may pursue the program of study detailed below. Applied music auditions are required of all music minors.

**Certificate**

The School of Music offers a 30-hour certificate in piano pedagogy, designed for private teachers in the field who want to supplement or update their teaching skills or for students who wish to add this credential to their undergraduate degree program.

AREAS OF STUDY AND DEGREES

The School of Theatre offers a degree program for students wishing to incorporate
the study of theatre within the liberal arts tradition, one for students wishing to teach
theatre, and one for students wishing to pursue a professional career in theatre. Our
degree programs include: Bachelor of Arts in theatre, a liberal arts degree with theatre
emphasis; Bachelor of Arts degree leading to certification for teaching theatre, kinder-
garten through 12th grade; Bachelor of Fine Arts in theatre, a more intensive course of
study in acting and directing (performance), in technical theatre and design or in
stage management. The school also offers an 18-24 hour minor program of study.

OBJECTIVES

We believe that through theatre anyone can become a successful, contributing member
of the global community, and that theatre is an essential asset to the university’s cul-
ture and curriculum.

We are dedicated to excellence in teaching, learning and doing theatre continuously
and intensively, in many different ways. Our courses, productions and relationships
work together to develop students who analyze incisively, feel deeply, create boldly and
interact responsibly.

Our chief purpose is to train diverse professionals to do and teach theatre and related
fields, and our graduates thrive in a wide range of careers.
DEFINITION OF MAJORS AND MINORS

Bachelor of Fine Arts in Theatre

The Bachelor of Fine Arts degree with a major in theatre is a pre-professional program designed to prepare the student for entry into the theatre profession or for advanced study. Admission and screening procedures for the B.F.A. program normally take place during the spring of the sophomore year. Transfer students will be screened and admitted by the same process in their first semester.

Each student in the program is subject to an annual review procedure that is required to continue in the program.

Jury critiques may be required for the following performance courses: THR 221, 223, 321, 420, 421, 424, 427, 428. Jury projects are conducted during the final two weeks of a semester for the purpose of assisting the student in his/her overall development of professional skills.
