Curriculum objectives and state and national standards	The curriculum is highly aligned with the NCATE-approved ELCC standards and the state SBEC standards	Need to add a culminating four-month field experience and two field practicum of one month each.	To increase the number of hours and quality of the field experiences, one course, AED 554, is being added to the curriculum.	Fall 2007	Principal Program Coordinator Dr. Julia Ballenger
Course Assignments	All courses have assignments that are grounded in theory and provide opportunities for application of knowledge and skills. Rubrics are utilized to grade assignments	Clarity needed in wording of assignments to better match rubrics	Add more description to course assignments to align with the rubrics	Spring 2007	Principal faculty members: Dr. Julia Ballenger Dr. George Carpenter Dr. Lee Stewart Dr. Craig Coleman Dr. Janet Tareilo Dr. John Leonard
