ANNOUNCEMENTS/OFFICER REPORTS

Chair Barker had several items for discussion:

- He wants to form a committee whose mission would be to develop a plan to bring salaries into equity with peer institutions. The plan would include a specific set of proposals for how to go about achieving equity. He will assign this to the Strategic Planning Committee, which will include the past Senate Chair, Brian Oswald, the Chair-Elect, Marc Guidry, and himself. A motion was made by Senator Julia Ballenger to create a committee to study the salary issue. It was seconded by Senator Boyd. Motion carried.
- He mentioned a recommendation he received to study the state university systems. After some discussion, a motion was made by Senator Witherspoon to create a committee to study the state systems. It was seconded by Senator Boyd. Motion carried.

- He will write a resolution thanking Dr. Jeffrey for his service to the university and it will be presented at his upcoming retirement party.
- He discussed the idea of sending a Senate resolution to the BOR regarding how we feel about the new baseball program in that it takes away from the academic mission of the university.
- He asked that we think about ways to get our messages across to the BOR.

There was a great deal of discussion on ways we can handle communication with the BOR. Senator J. Ballenger suggested we invite Regents to activities on campus that might change their perception of the work faculty do—such as the Bright Ideas Conference. Senator Swearingen agreed that we should emphasize positive interaction with the BOR and try to have representatives at their meetings whenever they are on campus. Senator Scifres suggested doing a study that would call awareness to the impact low salaries have on faculty turnover and the difficulty it causes in attracting new faculty to the campus. Senator Price recommended that we invite politicians to speak to the Senate. It was also suggested that we invite the new VP of Finance and the new BOR Chair to speak at our meetings. It was mentioned that we need to get a schedule of BOR meetings.
