III. Presentations
A. Dr. Pattillo:
Provided an update on university appointments and upcoming changes. New Dean of Business has been named: Dr. Timothy Bisping. SFA will begin search for new Ladyjack basketball coach. Ladyjack basketball head coach Brandon Schneider resigned recently to accept a head coaching position at Kansas.
Three Board of Regents members tenure is due to expire (Dr. Scott Coleman, Mr. Steve McCarty & Ms. Connie Ware. We are waiting for The Governor’s office to notify SFA of new appointments. There is a possibility that either Dr. Scott Coleman or Mr. Steve McCarty may be reappointed for another term.
Graduation is scheduled for May 16th. This is the largest graduation in SFA’s history with 1,400 students slated to graduate. Lieutenant Colonel David Miller, Chair of the Military Science program at SFA will be this year’s graduation speaker. He is leaving SFA to assume a position in London, England.
Legislative Update: The Texas Legislative session is about to come to a close. The tuition & revenue bond is still pending. Original request was for 58 million but after cuts SFA is expecting around 46 million to be funded. Also requested was the possibility of an athletic fee. This fee must be approved by the legislature but then voted on by students. The
fee would be used for needed renovations of athletic field houses, 
Johnson Coliseum, etc.
The open carry and concealed handgun bills are still being considered. It 
appears that one or maybe both will be passed.
Another bill under consideration is related to tuition and performance 
based funding. If an institution can meet 6 out of 11 requirements, then 
tuition could be raised to a level higher than the rate of inflation up to 
3%. As soon as SFA is notified of funding from the Texas Legislature, 
Danny Gallant will begin work on the budget. It is uncertain if faculty 
salary increases will be possible as the university will need to pick up 3 
million in benefits.
The Strategic Plan is moving along and should be ready for approval 
within the next 6 months. The President and Board of Regents are 
discussing the possibility of a tobacco free campus with a target date of 
fall 2016. It has been found that some grant funding is tied to tobacco 
use on campus.

B. Dr. Ric Berry: Thanked the Senators for their service and felt much had 
been accomplished across the university during the past academic year. 
The Undergraduate Research and Bright Ideas Conferences were huge 
successes.
Search continues for Chairs for the Geology and Nursing departments.
SFA will host a Woodrow Wilson Visiting Fellow - Dr. Dwight Pitcaithley, 
in the coming year. He served as the National Park Service chief 
historian.
Dr. Berry is anxious to hear the presentation on the Ombudsman position 
and looks forward to working with the Senate in regard to this issue.
