VI. Committee Reports
A. External (University) Committees

a. Academic Affairs (Stovall) The committee met once September 25th. There were three items of note that came up: First, non-tenure track faculty members were not able to evaluate Deans and Chairs. This was brought to Dr. Bullard. In future years non-tenure track faculty members will be allowed to evaluate electronically. Senator Gooch requested we ask that these future Dean and Chair evaluations be the same and not discernable from the tenure track evaluations. Second, Dr. Stovall mentioned some other graduation procedures going forward may include recognition of Emeritus faculty and Regents’ Scholars. Third, Dr. Stovall shared The Faculty Government & Involvement committee’s resolution, but received no specific feedback about future faculty participation regarding Presidential Screening processes.

b. Core Curriculum Assessment Committee (Dr. Gooch) Met on October 3. Presented information on LEAP value rubrics. Committee created a Qualtrics survey to generate information on what the faculty wants regarding recertification of the core curriculum.

c. University Assessment Steering Council (Dr. Oswald) Committee met once and has merged some activities and may change name. Dr. Oswald mentioned not procrastinating undergraduate curriculum changes.

d. Distance Education (Jones, Sheriff, Weaver) Met with CTL which is in process of planning arrangements with a proctoring program such as Proctor U. Discussion of meeting included CTL working with general counsel regarding the previous category 2.5 rights to a course development. This entails course content would be shared by the course developer and the university. One concern is first rights to teach a particular course. CTL is looking for feedback from Faculty Senate on a new Joint Creation and Ownership Agreement for distance education. This is brand new document.

e. Graduate Council (Dr. Lannen) Dr. Stovall stated this committee met once. All curriculum proposals at the graduate level must be in by December 18, 2019.

f. Policy (Barrios, Drury, Onchoke) The Policy Committee reported it has been meeting every week reviewing minor policies and sees no changes there. Discussion of two big policies which are currently in limbo (Workload and Distance Ed compensation).
g. Ad Hoc Committees
