

APPENDIX

1. We recommend that the Faculty Senate approve the following academic policy change.

"Recommendation for the non-majors Physical Education Requirement
2 semester - 3 clock hours per week - 4 credits
18 weeks (2 credits); 9 weeks (1 credit)

The above recommendation from the HPE Department is a request that 4 semester hours of physical activity be continued as the degree requirement, but that the normal three clock hours per week for these activities yield two semester hours of credit for a semester devoted to such physical activity. This could be organized as one activity for nine weeks for one semester hour of credit, with the option of two such activities during the semester, or as one activity for eighteen weeks for two semester hours of credit."

2. We further recommend that the Faculty Senate approve the following grading policy for men and women HPE non-majors and non-minors:
 - a. Grade to be recorded as "A" , "P", or "F".
 - b. Grades of "A" or "F" to be included in GPA while a grade of "P" will not be included in GPA.
