Number of contributing resources previously listed in the National Register: 0

Name of related multiple property listing: Nacogdoches Multiple-Property Nominatio
4. State/Federal Agency Certification

As the designated authority under the National Historic Preservation Act of 1986, as amended, I hereby certify that this nomination request for determination of eligibility meets the documentation standards for registering properties in the National Register of Historic Places and meets the procedural and professional requirements set forth in 36 CFR Part 60. In my opinion, the property __ meets __ does not meet the National Register Criteria. __See continuation sheet.

_________________________________________  __________________________
Signature of certifying official                  Date

State or Federal agency and bureau:

In my opinion, the property __ meets __ does not meet the National Register criteria. __See continuation sheet.

_________________________________________  __________________________
Signature of commenting or other official         Date

State or Federal agency and bureau:

5. National Park Service Certification

I hereby certify that this property is:

___ entered in the National Register

___ See continuation sheet.

___ determined eligible for the National Register

___ See continuation sheet.

___ determined not eligible for the National Register

___ removed from the National Register

___ other (explain):

_________________________________________  __________________________
Signature of Keeper                             Date of Action

6. Function or Use

Historic: Commerce/Trade            Sub: Business

Current: Vacant                     Sub:
7. Description

Architectural Classification:

Other: Two-Part Commercial Block

Other Description: ________________________________

Materials: foundation Brick
walls Brick
roof Unknown
other Cast-Stone

Describe present and historic physical appearance.
_X_ See continuation sheet.

8. Statement of Significance

Certifying official has considered the significance of this property in relation to other properties: __________

Applicable National Register Criteria: C

Criteria Considerations (Exceptions) : ____

Areas of Significance: Architecture

Period(s) of Significance: ca. 1915

Significant Dates: ca. 1915

Significant Person(s):

Cultural Affiliation: Not Applicable

Architect/Builder: Unknown

State significance of property, and justify criteria, criteria considerations, and areas and periods of significance noted above.
_X_ See continuation sheet.
9. Major Bibliographical References

See Historic Context List of References.

Previous documentation on file (NPS):
- preliminary determination of individual listing (36 CFR 67) has been requested.
- previously listed in the National Register
- previously determined eligible by the National Register
- designated a National Historic Landmark
- recorded by Historic American Buildings Survey #
- recorded by Historic American Engineering Record #

Primary Location of Additional Data:
- x State historic preservation office
- Other state agency
- Federal agency
- Local government
- University
- Other -- Specify Repository: ____________________________

10. Geographical Data

Acreage of Property: less than one acre

UTM References: Zone Easting Northing   Zone Easting Northing

A  
C  
B

See continuation sheet.

Verbal Boundary Description:
Addition: City of Nacogdoches
Block: 13
Lot: 5

Boundary Justification:
Property includes area historically associated with building being nominated.

11. Form Prepared By

Name/Title: Ed Galloway/Research Assistant
Organization: Hardy-Heck-Moore
Street & Number: 2112 Rio Grande
City or Town: Austin

Date: June 1990
Telephone: 512-478-8014
State: TX Zip: 78705
The Hayter Office building is a 2-story commercial building that, because of its upper and lower floors are divided into distinctive zones, is classified as a two-part commercial block. The Hayter Building utilizes load-bearing masonry construction with brick exterior walls. A segmental-arched parapet obscures the roof, making it impossible to determine the roof type; however, it likely is either flat or slope to one end and has tar and gravel used as covering. The most distinctive architectural features is the grouping of second-floor windows that are set within a single, broad segmental arch. The building occupies a long and narrow lot in Nacogdoches' central business district and faces north onto W. Main Street.

The front elevation has a single, recessed bay on the first floor where two doors provide access to the interior. Unlike most commercial buildings nearby, which have large fixed-glass display windows, this structure has small double-hung windows that resemble those on the second floor. These windows suggest that the building was not constructed for use as a retail store where goods and merchandise could be seen from the street. Instead, this window arrangement indicates a more private space on the first floor. A wood canopy with metal chain supports divides the two floors. Second-story windows are double hung and are grouped within a segmental arch. Cast stone or terra cotta defines this archway. Similar materials are used on the three-part parapet which repeats the segmental-arch motif on the second floor.
The building is in good condition with few physical changes. The inset area on the first floor possibly is an alteration. Efforts to confirm this supposition were unsuccessful. No historic photographs were located during research investigations, and both Sanborn maps and interviews with local historians failed to reveal much about the building's original appearance.
The Hayter Office Building is representative of early 20th century expansion in Nacogdoches' central business district and, therefore, is related to Community Planning and Development in Nacogdoches:1830-1940. Distinguished by its band of second floor windows set under a broad segmented arch, the building displays modest Tudor Revival-styled detailing which is somewhat rare locally; consequently, it is nominated to the National Register under Criterion C for its architectural significance.

Downtown Nacogdoches underwent a dramatic transformation after the railroad first reached the city in 1883. Rail service spurred the local economy which resulted in a major construction boom in the business and residential districts. The downtown, which in the pre-railroad era was essentially confined to property facing onto the Principal Square, expanded mostly along Main Street where the old Spanish trail, El Camino Real, passed through the heart of the city. Although most of the commercial expansion was directed eastward, some of it went westward and the Hayter Office Building is indicative of the latter. Unlike most downtown buildings which were used exclusively for commercial purposes, the Hayter Building housed the offices of a prominent local businessman, Samuel B. Hayter.

The Hayter Office Building is not a typical early 20th century commercial building in Nacogdoches. It lacks the large display windows seen on most in the downtown. Few changes detract from its original character and it retains its integrity to a high degree.
