SCHOLARSHIPS AVAILABLE IN JOHN'S HOPKINS

(Special to the Sentinel)

Annet, Texas, March 23.—Students of the University of Texas who have recently had presented to them an opportunity to obtain scholarships in Johns Hopkins University at Baltimore, Md. Announcement of the opening of the scholarships has been made to the University as a result of action just taken by trustees of Johns Hopkins. The awards will be made during the months of March and April.

Thirty scholarships known as "Hopkins Scholarships" were established at the beginning of the Johns Hopkins University in accordance with the will of the founder, for the benefit of the residents of Maryland, Virginia and North Carolina. The trustees have recently instituted ten similar scholarships for students from other states in the South and Southwest.

These scholarships are bestowed to merit and entitle the holders to free tuition for one year, and are offered to both men and women.

The George Peabody scholarship is offered to candidates who can give evidence of a liberal education, such as the diploma of a college in good standing, and who expect to continue in the field of education, preferably in connection with a system of public schools in Southern or Southwestern states.

MRS. ACKER A CANDIDATE

Mrs. Lamar Acker announces as a candidate for school trustee. Anything commendatory we might say of this good woman would be superfluous, for all our people know of her many admirable qualities. There is no doubt that Mrs. Acker would be a valuable acquisition to the school board. Her mentality is entirely capable of grappling with the knotty problems so often requiring solution by school trustees, and she should prove an earnest worker in the cause of education. She asks your vote and influence.

GOVERNOR INDICTED ON BRIBERY CHARGE

(By Associated Press)

Oklahoma, Okla., March 23.—Governor J. B. A. Robertson of Oklahoma and seven officials of Oklahoma banks were under bond today for trial on indictments alleging illegal transactions involving two local banking institutions. Governor Robertson is charged with accepting part of a \$25,000 bribe to place \$150,000 of state funds in the former Guaranty State Bank to prevent its closing when the bank was known to have been insolvent. A warrant is held for Frank Dennis, former state banking commissioner, who is missing. Three other warrants remain for service today.

DROPPING THE "EX"

(Special to the Sentinel)

Marshall, Texas, March 23.—The local post of the American Legion quite agree with the Rotary Club poster advertising motto, "It is our Country. Yours and Mine. We fought for it, now let us work for it." And this was evidenced at the meeting held here last night at which formal resolutions were adopted taboring the use of the word "ex-service" men, but instead to use the term ex-soldier, and to retain the "service" part of "ex-service" men. It was explained that while no longer in the army, "we are still in the service of our country and we will always put our country before our party, business, social or fraternal obligations."

Resolutions were also adopted appropriating \$200 of post funds for the purchase of American Legion Honor Bonds and approving the action of the state commander, Wayne Davis and his advisory board on the repayment to the state of the \$20,000 of hospital funds which former officers of the Legion had received as a trust fund.

INTERSCHOLASTIC LEAGUE

(Special to the Sentinel)

Austin, Texas, March 23.—The following officers of the Nacogdoches County Interscholastic League, elected by the teachers at their institute, have been received and duly recorded in the state office of the league, which is conducted by the University of Texas. J. C. Shultz, Chireno, director general; John L. Koonce, Douglass, director of debate; R. F. Wedgeworth, Woden, director of declamation; Mrs. Boush Blackwell, Nacogdoches, director of spelling; Miss Ritz, Nacogdoches, director of essay writing; J. Pat Green, Nacogdoches, director of athletics.

These officers have entire charge of the county meet which will be held during the month of March, and winners in the various contests selected which will represent the county at the district meet, which will be held in April. The league, as a state organization, has been conducted since 1910, and the next state meet will be the twelfth annual state meet, held under its auspices. Last year the league numbered 4,095 member-schools, and had 196 county organizations. Advances from the schools of this county indicate that the work will be taken up enthusiastically during the ensuing season, and the county's share of honor captured at the district meet.
