Hospitality Administration Program Meeting
June 30, 2008

SACS reports: We went over the program learning outcomes. We amended Learning outcome #1 to read “Students will work 400 hours in line positions within the field, with documentation provided to faculty before proceeding into an internship.”

We added an evaluation measure for learning outcome #4. Students will exhibit team project scores between 85-100 in HMS 380.

Curriculum Committee: Sheryl is making sure our certificates, degree plan, new course proposals and course modifications are going through the process. They will meet later this month.

HADM travel for 2008-2009/ Professional Memberships
  TTIA (Galveston) September 21-24:
    Chay and Sheryl, along with HADM students will attend.
  HEAT (Galveston) November 9-11:
    We would like to market our MS Online and certificates at this conference. Is there money outside of travel money available to do this?
  NAI (Portland), Nov. 11-15:
    Chay has had a paper accepted to this conference.

HMS 480 Event – November 15: Because this is a home football date, Dr. Pfaffenberg suggested moving the event to Friday, November 14.
