

**SFASU Counseling Clinic
Annual Report
FY 2015**

The SFASU Counseling Clinic is associated with the Counselor Education program and provides counseling services to the East Texas community. Services include individual, couples, and family counseling and assessment. Graduate counseling students who are in the final semesters of their training program are the direct service providers with supervision provided by faculty.

In addition to providing direct services, the clinic is an integral part of the overall training program for the Counselor Education, Rehabilitation, and School Psychology programs. Students utilize the facilities to complete and record class assignments designed to teach skills. All Counseling students are required to complete a minimum of 3 observation hours during each semester of enrollment.

During the 2014-15 academic year, quantitative data was collected and is reported below.

- Sixty-nine mental health consumers received services.
Demographics of the consumers are:

Age		Gender		Race	
Adults	53	Female	50	AA	2
Adolescents	5	Male	19	White	48
Children	11			Hispanic	15
				Unspec	4

- Consumer fees generated totaled approximately \$3500.
- Ten graduate students provided counseling services and completed the Practicum experience.
- Approximately 15 graduate counseling students utilized the clinic for the purpose of primary skill development.
- Approximately 140 undergraduate students utilized the clinic for the purpose of primary skill development.
- Approximately 12 School Psychology students utilized the clinic for the purpose of primary skill development.
