

Connecting to the SFA Wireless with Windows 8

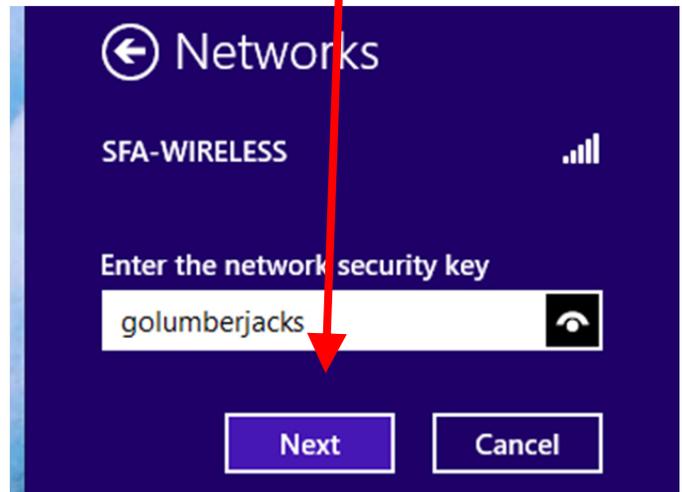

1. Click on the Wireless Icon in the lower-right corner of the screen to bring up the Windows 8 wireless network panel.

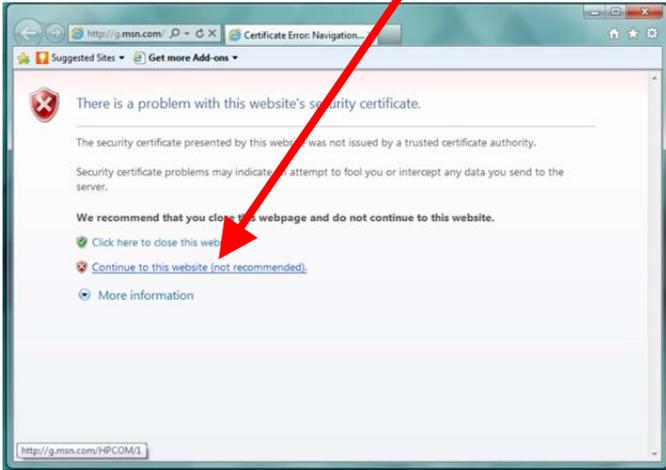

2. Select the "SFA-WIRELESS" network from the list of available networks. Click the "Connect" button.

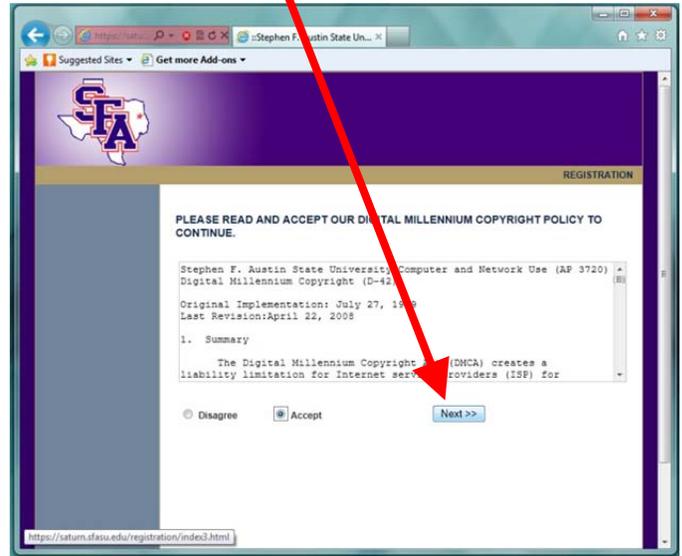

3. Enter the SFA-Wireless network security key, which is, "golumberjacks" (13 Characters, all lower-case, no spaces). Click "Next".

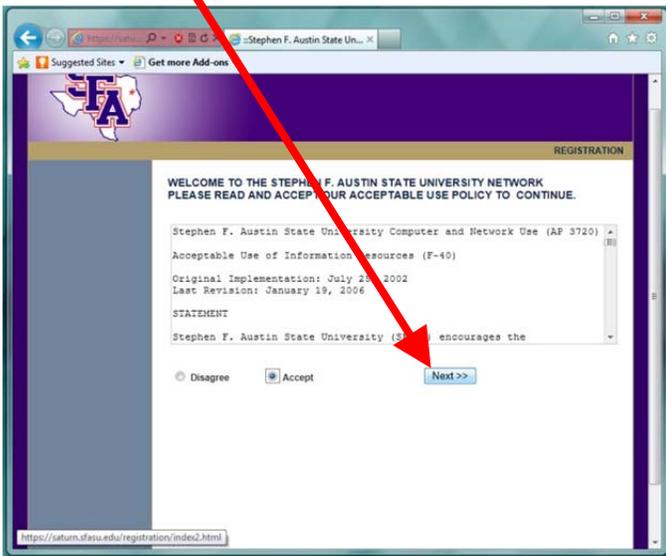

4. Open a Web Browser (In this document we used Internet Explorer 10) and you should automatically connect to the SFA Registration System. The browser may raise an alert at the SFA Security Certificate. Go ahead and accept the certificate.

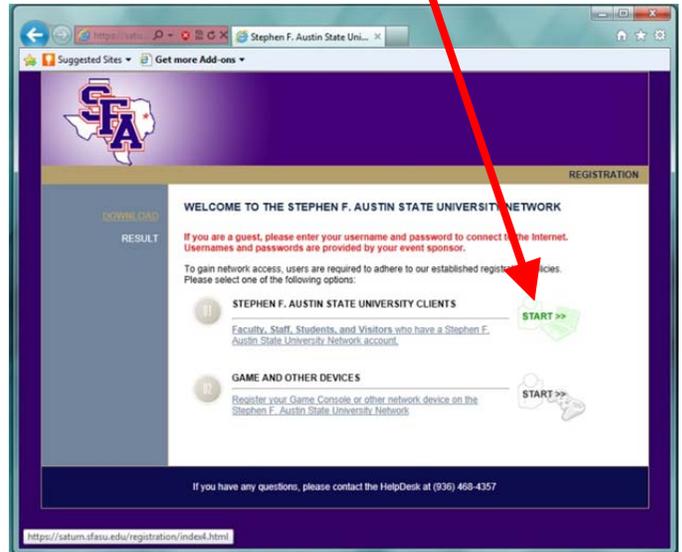

6. Accept the Digital Millennium Copyright Policy and click, "Next".

5. Accept the SFA Network Acceptable use policy, click, "Next".

7. Click on the "Start" icon to the right of, "Stephen F. Austin State University Clients".

8(a). Fill out your Registration Information (MySFA username and password).

WELCOME
Stephen F. Austin State University requires each client to verify that their PC will meet our network policies prior to connecting to the campus network. This form will register your computer on the Stephen F. Austin State University network.
You must already have an active account in order to register.
• If you know your MySFA User Name and Password please fill out the form below. Then select the download button.
• If you do not know your MySFA User Name and Password, please contact the help desk.
When you have filled out the form, you will be prompted to download and run the Client Security Agent (CSA) to verify that your PC will meet these policies. The process will take approximately one to two minutes. Do not interrupt it while it is running.
IF YOU ARE REGISTERING WHILE CONNECTED WITH AN ETHERNET CABLE, YOU MUST HAVE YOUR WIRELESS CONNECTION DISABLED UNTIL REGISTRATION IS COMPLETE!

DOWNLOAD
Please enter your user name, password, phone number, resnet hall and room number. Then click the button to download / run the Client Security Agent (CSA) on your machine.

MySFA User Name:
Password:
Phone #:
Location:
Room Number:

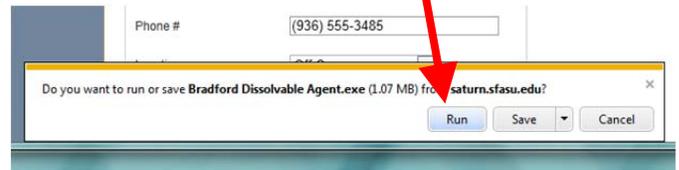

8(b). Use your MySFA Username and password to authenticate. For phone use any number that can be used to contact you. For location, select the on-campus building that you live or work in or select, "Off Campus". If you do not have a Room Number, just enter, "1".

If you are a guest of the university, you will need to get your username and password from your Event Sponsor. Once you have entered the information, click on the "Download" button.

NOTE: You will now be asked to download and run a .exe file. Different web browsers will handle this file differently. This file will not make any changes to your system. It will simply report the MAC address of your system to the server.

MySFA User Name:
Password:
Phone #:
Location:
Room Number:

9. If asked, choose to run the file Bradford_Dissolvable_Agent.exe. (NOTE: You can also download and then run the file).

10. Once the file has run, it will take approximately 70 seconds for you to be connected to the internet.

RESULT

You have successfully registered on the network.
Please wait 62 seconds while we switch you back to the public network.

If you experience any issue please reboot your Computer before calling the help desk.
For assistance call the help desk at (936) 468-4357
