STANDARD POLICY

POLICY

Students will take standardized achievement tests throughout the curriculum.

PROCEDURE

1. The achievement tests will be given throughout the curriculum and faculty will review results and compare the results to national means for BSN programs.

2. Results not meeting the national mean will be addressed in an action plan.

3. These achievement tests will be a percentage of the student’s overall test average in each course.

4. Individual item analysis and/or point modification by instructors will not be completed for standardized exams.
