STANDARD POLICY

POLICY

Course tests will be developed based on course objectives and the NCLEX-RN Test Plan.

PROCEDURE

1. Each test will be blue printed using the form recommended by the testing committee or the blueprint generated by computerized testing software. The blueprint should include the number/percentage of test items that are categorized as knowledge/comprehension (Bloom's taxonomy: remembering/understanding) and application (Bloom's taxonomy: applying/analyzing/evaluating/creating).
2. Each faculty member shall review test data regarding the reliability and validity of test items as a part of test construction and revision and the Summary of Test Review Form for each exam.
3. Faculty from each course is required to place a copy of the blueprint and the Summary of Test Review Form with each exam.
