

Faculty/Staff Athletic Ticket Purchases

Original Implementation: Unpublished

Last Revision: January 26, 2016

University faculty, staff, retirees, their spouses and dependent children are entitled to purchase discounted season tickets for home athletic events.

Season ticket applications are mailed annually to each faculty/staff member who purchased tickets the previous year. Information on season tickets is distributed annually to each employee via a campus-wide email and in SFA Today in order to contact as many new faculty/staff members as possible and to offer faculty/staff who did not purchase tickets the previous year a chance to do so. Faculty/staff season tickets are not honored during post-season play.
