

Academic Advising for Undergraduate Students

Original Implementation: October 31, 2000

Last Revision: April 25, 2017

Each academic unit will provide systematic and effective advising for all its undergraduate students. An advising session is mandatory for undergraduate students prior to registration for courses in the following situations:

- Each semester for students with fewer than 60 earned hours of credit;
- Each semester for students on academic probation;
- Annually for students with 60 or more earned hours of credit.

Students retain the right to be advised more frequently. Individual academic units may require students to participate in mandatory advising. Students are required to declare a major and file an official degree plan no later than the end of the semester following the completion of 45 hours.

The responsibilities of the academic advisor will include, but are not limited to, informing advisees of the following:

- Short- and long-term plans to accomplish educational objectives;
- Program options that match a student's goals, interests, and abilities;
- Information about degree requirements, such as the core curriculum, major-specific courses, course sequencing, minimum grade-point averages, removal of withheld grades, and time limits for completion of degree programs;
- University requirements, such as minimum course load for full-time classification, repeat courses on grade-point average, timetable for dropping courses, and residency requirements;
- Deadlines to submit degree and graduation plans.

During each registration period, academic units must provide daily advising opportunities. Academic advising for undergraduate students must be annually evaluated as part of the unit assessment process.
