Original Implementation: August 1, 2000
Last Revision: October 21, 2013

The purpose of this policy is to comply with state law that requires the reporting of abuse, exploitation, or neglect of elderly or disabled persons, as those terms are defined in Section 48.002 of the Human Resources Code. Employees and students of the university are required to report to the appropriate department head for the area involved if they have reasonable cause to believe that an elderly or disabled person has been abused, exploited or neglected within the university and its programs. Failure to report may subject the employee or student to criminal penalties. The department head shall contact and advise the general counsel regarding the report. A thorough investigation shall be conducted as outlined in the Human Resources Code promptly after receiving the report. If the report involves a disabled person, the Office of Disability Services will be advised and included in the investigation process. If necessitated by the result of the investigation, the allegation shall be reported to the appropriate regulatory agency. Allegations involving clients of the Department of Assistive and Rehabilitative Services shall be reported to the commission-assigned liaison or client's sponsoring counselor. A substantiated allegation shall result in appropriate disciplinary or legal action.
