

Safe and Vault Combinations

Original Implementation: Unpublished
Date of Last Revision: January 28, 2020

Purpose

This policy requires current combinations for safes or vaults holding cash, checks, or other valuables to be on file in the office of the vice president for finance and administration.

General

The department head must submit a memorandum indicating the location of the safe or vault, the combination, date of last combination change if known, and the names of all employees who have access to the combination. The memorandum must be delivered to the vice president for finance and administration in a manner such that no unauthorized person is able to access the confidential information.

The vice president for finance and administration must be notified when changes are made to safe or vault combinations, when a safe or vault is moved or transferred to another department, or when a safe or vault is removed from university property records. Safe and vault combinations must be changed anytime an employee who knows the combination terminates employment or is transferred.

Annually, the vice president for finance and administration will request the safe or vault custodian in each department to verify the information on file.
