***Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service, to include under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

- - Agency Special Instructions/Additional Requirements - -

*In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent **does not** have a **continuous contract*** in place for **more than five (5) years** shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.*

If you responded "No" to SECTION 2, Item a, in the space provided below **explain how** your company will perform the entire contract with its own employees, supplies, materials and/or equipment.

SECTION 4: AFFIRMATION

As evidenced by my signature below, I affirm that I am an authorized representative of the respondent listed in SECTION 1, and that the information and supporting documentation submitted with the HSP is true and correct. Respondent understands and agrees that, if awarded any portion of the requisition:

- The respondent will provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor for the awarded contract. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency's point of contact for the contract no later than ten (10) working days after the contract is awarded.
- The respondent must submit monthly compliance reports (Prime Contractor Progress Assessment Report – PAR) to the contracting agency, verifying its compliance with the HSP, including the use of and expenditures made to its subcontractors (HUBs and Non-HUBs). (The PAR is available at <https://www.comptroller.texas.gov/purchasing/docs/hub-forms/ProgressAssessmentReportForm.xls>).
- The respondent must seek approval from the contracting agency prior to making any modifications to its HSP, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSP. If the HSP is modified without the contracting agency's prior approval, respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.
- The respondent must, upon request, allow the contracting agency to perform on-site reviews of the company's headquarters and/or work-site where services are being performed and must provide documentation regarding staffing and other resources.

Also, be mindful that a working day is considered a normal business day of a state agency, not including weekends, federal or state holidays, or days the agency is declared closed by its executive officer. The initial day the subcontracting opportunity notice is sent/provided to the HUBs and to the trade organizations or development centers is considered to be “day zero” and does not count as one of the seven (7) working days.

- a.** Provide written notification of the subcontracting opportunity you listed in SECTION B-1, to three (3) or more Texas certified HUBs. Unless the contracting agency specified a different time period, you must allow the HUBs at least seven (7) working days to respond to the notice prior to you submitting your bid response to the contracting agency. HUB Subcontracting Opportunity Notification Form

In accordance with Texas Gov't Code, Chapter 2161, each state agency that considers entering into a contract with an expected value of \$100,000 or more shall, before the agency solicits bids, proposals, offers, or other applicable expressions of interest, determine whether subcontracting opportunities are probable under the contract. The state agency I have identified below in Section B has determined that subcontracting opportunities are probable under the requisition to which my company will be responding.

34 Texas Administrative Code, §20.285 requires all respondents (prime contractors) bidding on the contract to provide notice of each of their subcontracting opportunities to at least three (3) Texas certified HUBs (who work within the respective industry applicable to the subcontracting opportunity), and allow the HUBs at least seven (7) working days to respond to the notice prior to the respondent submitting its bid response to the contracting agency. In addition, at least seven (7) working days prior to submitting its bid response to the contracting agency, the respondent must provide notice of each of its subcontracting opportunities to two (2) or more trade organizations or development centers (in Texas) that serves members of groups (i.e., Asian Pacific American, Black American, Hispanic American, Native American, Woman, Service Disabled Veteran) identified in Texas Administrative Code §20.282(19)(C).

We respectfully request that vendors interested in bidding on the subcontracting opportunity scope of work identified in Section C, Item 2, reply no later than the date and time identified in Section C, Item 1. Submit your response to the point-of-contact referenced in Section A.

EASY HUB LOOKUP on the CMBL

In accordance with Texas Administrative Code 20.14, the following HUB lookup procedures have been developed utilizing the Comptroller of Public Accounts website to identify possible HUB Vendors for subcontracting opportunities.

To that end the following easy step by step instructions to identify NIGP codes and search for potential HUB subcontractors is provided by Stephen F. Austin State University. In addition, the University may have already completed searches that may be beneficial and include a list of potential HUB subcontractors that may be used by the Respondent. If you have a hard time reading the webpages cited, increase the page view to 200% or better.

For assistance with this instruction or further assistance in identifying potential HUB subcontractors, please contact Manny Guerrero, Vendor Relations Manager at 936-468-4529.

A note states: "NOTE: Search results represent NIGP's search-friendly keyword data set and not official code descriptions. The official NIGP Commodity Book is copyrighted material to be used for reference purposes only and may not be reproduced without a license from Periscope Holdings, Inc." There is a link to "Go To Numeric Index". A search bar contains the text "drywall". Below the search bar, there is a section for "Search Results" showing 10 results matching "drywall" sorted by Keyword Match. The results are displayed in a table with two columns: "Class-Item" and "Keyword Match".

Class-Item	Keyword Match
150-33	DRYWALL GROUT
150-33	DRYWALL MORTAR

The page will list Keyword Match for drywall. In this example the Class-Item for Drywall Services, Ceiling and Wall is 910-75. Remember to write down the Class and Item numbers. You will do the same for other items that you will be subcontracting on the project. Once you have completed collecting all Class and Item numbers for sub-contracting opportunities you can proceed to Step 2

STEP 2: With the Class and Item numbers you can search for HUB Vendors on the Centralized Master Bidders List – HUB Directory Search. Go to the following web address at Texas Comptroller of Public Accounts:

The **CMBL** is a master database used by State of Texas purchasing entities to develop a mailing list for vendors to receive bids based on the products or services they can provide to the State of Texas. Manufacturers, suppliers, and other vendors wishing to furnish materials, equipment, supplies, and services to the state should register for the CMBL to receive bidding opportunities.

The CMBL/HUB Directory Search is automatically defaulted to "CMBL Only" to perform a search for vendors, including Texas certified HUBs who have elected to register on the CMBL. Purchasing entities use NIGP Class and Item Codes within the "Multiple Vendor Search" feature to identify vendors who can provide the products or services they want to purchase, and to develop mailing lists of vendors to receive bids.

For detailed explanations of the various search and data output features (i.e., Search For, Single Vendor Search, Multiple Vendor Search, Business Category / Vendor Location Search, Select Fields For Output, Output Options) that may be used to create lists of potential vendors as well as retrieve detailed information on a specific vendor, click CMBL/HUB Directory Search Tips.

At this point you should look at the Business Description to confirm that the company does indeed provide drywall services. Note that the first company listed 1DZ ENTERPRISE, L.L.C. does not list drywall services, instead the company business description list Janitorial Service – if at all possible you should not use this company in your Good Faith Efforts as there are other companies that list dry wall in their business description.

3 B'S CONTSTRUCTION does list drywall and is a good candidate for sending a request to bid the project.

YOU ARE REQUIRED TO SELECT THREE (3) HUB VENDORS TO CONTACT.

When looking for HUB Vendors to support you at SFA look for these vendors that are close to Nacogdoches and East Texas. If none can be found in our area, expand your search to the Dallas/Fort Worth area, Austin and Houston market areas.
