Course Fees

Original Implementation: April 30, 2001
Last Revision: November 2, 2015 / January 26, 2016

Each course, other than a laboratory class, offered by the university may charge a course fee. Laboratory classes charge a fee for the purpose of providing materials and supplies in the laboratory (see policy 3.22, Laboratory Fees). Course Fees are governed by the Texas Education Code.

The course fee charged must reasonably reflect the actual cost to the university of the materials and services for which the fee is collected. These funds will be used to cover the cost of materials, supplies, and/or services that result in a direct educational benefit to the students currently enrolled, including such things as guest lecturers or travel expenses to off-campus locations.

Fees are normally considered to be for goods and services to be consumed within the course of one semester. Accounts used to handle fees for consumable goods and services are not intended to accumulate a balance.

Fees may also be assessed to cover the value consumed by students of durable goods (or other equipment or software) in one semester, when the goods have a life span of more than one semester and are not intended or designed to be consumed in one semester. Accounts intended for this purpose may accumulate a balance. Accumulated balances may only be used to fund the purchase of the goods, equipment, or software specified on the original course fee request.

Course fees recommended by the academic unit chair/director/head must be approved by the dean of the college and the provost and vice president for academic affairs. All fees will be reviewed annually at the academic unit level for appropriateness and accuracy. New and changed fees will be submitted to the Board of Regents for approval. All course fees will be published in the appropriate media and will be collected by the controller's office through student billings. The Course Fee Request and course fee request forms, with appropriate justification, will be retained in the Office of Academic Affairs as long as the fee exists plus three years.
