The selection, development, and retention of competent faculty at all academic levels are of major importance in providing the students an education of the highest quality. Recruitment and appointment procedures for faculty are specified in policy E-24A, Faculty Search. Approved appointment titles are specified in policy E-01A, Academic Appointments and Titles.

Prior to selection, minimum standards for all faculty must be met and documented. Each full-time and part-time faculty member teaching credit-earning courses leading toward the baccalaureate degree, other than activity courses, must normally have completed at least 18 graduate semester hours in the content discipline and, at a minimum, hold a master's degree from an accredited institution. In exceptional cases, outstanding professional experience and demonstrated contributions to the content discipline may be presented in lieu of formal academic preparation. Appropriate documentation and justifications must be provided by the academic unit.

Each faculty member teaching courses at the master's degree level must normally hold a terminal degree from an accredited institution, usually the earned doctorate, in the content or related discipline. In other areas, a master's degree in the content discipline coupled with a doctoral degree in a related discipline may be considered appropriate. It is the responsibility of the academic unit to justify the master's degree, or master's in the content discipline coupled with a related doctorate, as the terminal degree for faculty members teaching in those disciplines.

All faculty members teaching courses at the doctoral degree level must normally hold a terminal degree from an accredited institution in the content or related discipline.

Graduate teaching assistants who have primary responsibility for teaching a course for credit and for assigning final grades must have earned at least 18 graduate semester hours in the content discipline, be under the direct supervision of a faculty member experienced in the content discipline, and be evaluated periodically within the academic unit.

In unusual rare cases, graduate faculty may be utilized who have demonstrated exceptional scholarly or creative activity, or professional experience, but who may not possess the required academic credentials. Such exceptional cases must be completely justified and documented by the academic unit. Outstanding professional experience and demonstrated contributions to the content discipline may be presented in lieu of formal academic qualifications. In rare cases, graduate faculty may be utilized who have demonstrated exceptional scholarly or creative activity, or professional experience, but who may not possess the required academic credentials. Appropriate documentation and justifications must be provided by the academic unit.
Appendix 5

Graduate teaching assistants who have primary responsibility for teaching a course for credit and/or for assigning final grades for such a course must have earned at least 18 graduate semester hours in their content discipline, be under the direct supervision of a faculty member experienced in the content discipline, receive regular in-service training, and be evaluated regularly.

The highest earned degree presented as the credential qualifying the faculty member to teach must be from a regionally accredited institution. If the degree is from a non-regionally accredited institution, the academic unit must show evidence that the faculty member has appropriate academic preparation and/or professional experience.

Appropriate documentation includes official transcripts and, if applicable for demonstrating competence, official documentation of professional and work experience, technical and performance competency, records of publications, certifications, and other qualifications. All such documentation must be kept current and on file. Official university files are maintained in the Office of the Provost and Vice President for Academic Affairs.

Active Military Service (A-74) NEW

Original Implementation: April 20, 2010
Last Revision: None

Through the course of an academic term, a student may be called to active military service as a reservist, member of the National Guard, or otherwise. In the event of activation or mobilization, students are required to present a copy of their official orders to facilitate verification of inclusive dates. Students called to active military service have several options available to them for the treatment of their academic coursework and financial obligations.

Excused Absence for Active Military Service:

Unless a student called up for active military service chooses to withdraw, the university shall excuse the student from attending classes or engaging in other required activities. The university shall not penalize the student for that absence (including any travel associated with the service) and the student shall be allowed to complete any assignment or take any examination within one year after the completion of active service. During this time, the syllabus and a record of the coursework completed prior to activation shall be retained by the instructor or department. The student shall be able to complete the course without penalty and under the same requirements as when the student initially enrolled in the course. If the student fails to complete any coursework or examinations, the student shall receive the grade earned up to that point.

Any withdrawal from a course due to active military service shall be treated as if the student had not enrolled in that course. Excluding the final examination period, the maximum amount of time a student may be excused shall be no more than twenty-five percent (25%) of the total number of class meetings, or the contact hour equivalent.

A student’s instructor may assign the appropriate grade if the student fails to complete course requirements within a reasonable time after the absence. Any dispute under this policy shall be handled under normal academic procedures.

Withdrawal from University for Active Military Service:

If a student elects to withdraw from the university due to military activation, the university, at the student’s request, shall:

1. Refund the tuition and fees paid by the student for the semester in which the student withdraws;
2. Petition the instructor to assign an appropriate final grade or credit to a student who has satisfactorily completed a substantial amount of coursework and who has demonstrated sufficient mastery of the course material. The decision shall be at the instructor’s discretion; or,
3. Grant the student, who is eligible under the institution's guidelines, an incomplete grade in all courses by designating “withdrawn-military” on the student’s transcript.

Advanced Placement Guidelines (A-7)

Original Implementation: September 4, 1979
Last Revision: April 24, 2007
April 20, 2010

Stephen F. Austin State University (SFA) offers several options for students to earn college credit through various placement programs and national examinations. Students can receive college credit through the College Level Examination Program (CLEP), Advanced Placement Program (AP) of the College Board, International Baccalaureate (IB) Program, and SFA departmental-internal examinations.

The responsibility of initiating a departmental advanced placement program (system that allows students to by-pass certain courses) or internally administered examinations rests with the individual department. A request to offer a departmental advanced placement program must be submitted by the department chair through the dean of the college to the Academic Affairs Council for review and approval. Departments shall review and update their programs as part of the university's general bulletin revision process.

Criteria governing the Advanced Placement Program of the College Board and the College Level Examination Program (CLEP), and the International Baccalaureate shall be reviewed by the academic units with who submit recommendations for course credit submitted through the dean of the college to the Academic Affairs Council's Curriculum Committee for review and approval. The Review of the criteria will be initiated by the Office of Admissions on a periodic basis dependent upon the receipt of test and resource material from the College Board and the International Baccalaureate Organization.

Individual academic units have the responsibility of initiating an internal advanced placement program (i.e., a system that allows students to by-pass certain courses). The request to offer an internal advanced placement program must be submitted by the academic unit through the dean of the college to the Undergraduate Council’s Curriculum Committee for review and approval. Academic units shall review and update their advanced placement programs as part of the university's general bulletin revision process.

The University’s General Bulletin shall communicate the current regulations governing the Credit by Examination and Advanced Placement Program.

At-Will Employment (E-66)

**Original Implementation:** July 15, 2003  
**Last Revision:** January 25, 2010

The following non-classified, academic and non-academic employees serve at the discretion of the university and are considered at-will employees, whose employment may be terminated with or without cause at any time by the university or the employee.

- All positions reporting to the Board of Regents including but not limited to the President, General Counsel, Director of Audit Services, and Coordinator of Board Affairs.
- All Vice Presidents/Provost including Associate Vice Presidents/Associate Provost
- All Deans including Associate Deans
- All Directors, Associate Directors, and Assistant Directors
- All Department Heads and Chairs
- All Coaches
- All Charter School Teachers
- All Attorneys and Auditors
- All Temporary Staff Employees

Any appointment included in this list which is filled by a tenured employee will not affect the employee's tenure status. Tenured employees removed from administrative assignments under this policy may be reassigned to a faculty position.

The university may choose to reassign an at-will employee under this policy, but such reassignment is not guaranteed. Additionally, the university will endeavor to give a terminated employee under this policy a 30-day notice, although notice is not required.

Any decision to terminate an at-will employee must be reviewed by the general counsel and/or director of human resources for legal considerations. Termination of at-will employees below the vice president level must be approved by the appropriate vice president and reported to the president and Board of Regents. The Board of Regents must approve termination of at-will employees at the vice president level or above. All such employees will be given an opportunity to resign in lieu of at-will termination, unless the termination is clearly for cause. The terms of resignation must be approved by the same process outlined for termination above, including legal review by the general counsel and/or director of human resources.

In regards to this policy, and the employee's completion of the 180-day probationary period, there is no contradiction. The 180-day probationary period is the designated time frame for the new employee to demonstrate their capability to perform their job tasks in a satisfactory manner. The completion of this evaluation period does not convey a
permanent status to employees listed in this policy, and it does not negate the at-will status for either employee or employer.

Any agreements that in any way modify this policy must be made in writing and must contain the signature of the president, appropriate vice president, and the university Board of Regents.

As needed, the Procurement Department will provide the director of Information Technology Services with a copy of data regarding the purchase of computer-related items. This will assist the director in the preparation of computing reports required by the state of Texas on a regular basis.

Grievance and Appeals (E-25N)

Original Implementation: Unpublished
Last Revision: April 24, 2007, April 20, 2010

It is the policy of the university to seek fair and equitable solutions to grievances arising from the employment relationship. This policy applies to all non-academic staff employees. Grievances have been divided into two categories. A five-step grievance procedure for Category I grievances has been established to assure prompt and thorough consideration of employee grievances and to ensure due process of law. A shorter two-step procedure is provided for Category II grievances.

Category I grievances consist of disciplinary actions resulting in involuntary terminations, demotions, decreases in salary, or suspensions without pay and in allegations of discrimination prohibited by law.

Category II grievances consist of issues pertaining to wages, hours, working conditions, performance evaluations, merit raises, job assignments, interpretation of the official personnel or administrative policies of the university as applied to the grievant, oral or written reprimands, or similar matters involving management decisions concerning the grievant.

Each employee may, without prejudice or fear of retaliation, express his/her grievance through the channels outlined in this procedure with the assurance of timely and thorough consideration. Each employee is assured freedom from interference, coercion, discrimination and reprisal in filing grievances.

No substantive action results from action not taken within the specified time periods. These time periods are intended as aids to the execution of the grievance. The failure of the employee to process the grievance in a timely manner to the next level may constitute a withdrawal of the grievance. The failure of supervisory or administrative personnel to timely respond to a grievance may constitute authorization for the employee to process the grievance to the next step.

1. Category I Grievances
   a. Each grievance shall be submitted in writing using the grievance form. A written grievance shall contain a clear and concise statement of the grievance which refers to the applicable policy alleged to have been violated, the date the incident took place, the issue involved and the specific relief sought by the grievant. The grievance should include any additional information to be considered in its support. Once a grievance has been submitted in writing, it
may not be changed or amended after the expiration of the ten (10) day period set out in Step One of the Grievance Procedure.

b. All matters pertaining to a grievance shall be treated as part of the official personnel file of the grievant.

c. A probationary employee may not file a grievance under Category I unless: (a) the action involves allegations of a health or safety hazard; or (b) the action involves allegations of unlawful discrimination or of a violation of constitutional rights. When a grievance involves alleged retaliation for the exercise of constitutional rights or discrimination prohibited by law, the burden of proof is upon the grievant to establish by a preponderance of the evidence that the decision or action placed in question by the grievance was intended to discriminate against the grievant or that the decision or action was intended as retaliation for the lawful exercise of constitutional rights by the grievant.

d. The grievant may present his/her grievance individually, through legal counsel or through a representative of an organization that does not claim the right to strike. Fees or charges (if any) to the grievant for such representation must be paid by the grievant since university monies are not authorized for such use. The director of Human Resources has the obligation to assist the grievant, upon request, by explaining this grievance procedure in detail.

e. Procedure for Category I Grievances

1. Step One (First-Line Supervisor). The grievant shall use the grievance form to present the grievance in writing to the first-line supervisor within ten (10) working days from the date of the alleged action or condition giving rise to the grievance. A copy of the grievance shall be sent to the director of Human Resources by the first-line supervisor. Within five (5) working days, the supervisor shall inform the grievant of the decision in writing. A copy of the decision shall be sent to the director of Human Resources.

2. Step Two (Department Chair or Administrative Equivalent). Grievances not satisfactorily resolved in Step One may be appealed by the employee in writing to the employee's department chair or administrative equivalent. The appeal must be made within five (5) working days following the date of the first-line supervisor's decision in Step One. Within five (5) working days, the department chairman shall inform the grievant of the decision in writing. Copies of the decision shall be sent to: (1) the first-line supervisor; and (2) the director of Human Resources.

3. Step Three (Dean or Director). Grievances not satisfactorily resolved in Step Two may be appealed in writing to the appropriate dean or director. The appeal must be made within five (5) working days following the date of the Step Two decision. Within five (5) working days, the dean or director shall inform the grievant of the decision in writing.
Copies of the decision shall be sent to: (1) the department chair or administrative equivalent; and (2) the director of Human Resources.

4. Step Four (Vice President). Grievances not satisfactorily resolved in Step Three may be appealed in writing to the appropriate vice president of the university. The appeal must be made within five (5) working days of the date of the Step Three decision by the dean or director. The vice president shall have the option to handle the grievance or to appoint a Grievance Review Board to consider the grievance. When the subject of the grievance is the termination of the grievant, a hearing must be held if requested by the grievant. The vice president shall either commence the review or request the appointment of the Grievance Review Board within ten (10) working days following the date of the receipt of the appeal. If the vice president does not request a Grievance Review Board, a written decision shall be given to the grievant within fifteen (15) working days following the date of receipt of the appeal. If a Grievance Review Board is requested, a written decision by the vice president shall be given to the grievant within ten (10) working days following the receipt of the Grievance Review Board's report and recommendations. Copies of the decision shall be sent to: (1) the dean or director; and (2) the director of Human Resources. The procedures for the selection of the Grievance Review Board are covered in Section f. of this policy.

5. Step Five (President). The president of the university is the final level of appeal within the university. Grievances not satisfactorily resolved in Step Four may be appealed in writing to the president. The appeal must be made within five (5) working days following the date of the Step Four decision by the vice president. The president may handle the review of the grievance or, if a Grievance Review Board was not requested at the Step Four level, the president shall have the option to appoint a Grievance Review Board. Within a reasonable period of time, not to exceed thirty (30) days, following the receipt of the appeal or receipt of the Grievance Review Board's report and recommendations, whichever occurs last, the president shall inform the grievant of the decision in writing. Copies of the decision shall be sent to: (1) the appropriate vice president; and (2) the director of Human Resources.

The time limits set forth in the five steps of the grievance procedure must be observed by both the grievant and the appropriate supervisory and administrative personnel. The failure of the employee to process the grievance in a timely manner to the next level shall constitute a withdrawal of the grievance. The failure of supervisory or administrative
personnel to timely respond to a grievance shall constitute authorization for the employee to process the grievance to the next step.

f. All ranks of university non-academic employees are eligible to serve on the Grievance Review Board.

Human Resources shall maintain a roster of non-academic employees serving on the grievance panel. The members of the grievance panel shall be representative of the university work force, taking into consideration that the panel also be representative as to sex, race, and supervisory or non-supervisory status. The members shall be selected from nominations submitted by other non-academic employees. The president shall make final approval of the panel.

A Grievance Review Board, consisting of three (3) members, shall be selected from the Grievance Panel of ten (10) employees previously approved by the president. The grievant shall select one (1) name and the step three official shall select one (1) name. The board shall name its own chair from the remaining members of the panel. A representative of Human Resources shall be an ex-officio member of the Grievance Review Board to assure that due process applicable to the procedure and other university policies is offered to all involved parties. The Grievance Review Board shall hold the necessary hearing or hearings within five (5) working days from the date the Office of Human Resources is notified in writing that a vice president or the president, as applicable, requests a hearing of the grievance. The president, vice president, Human Resources representative or the employee grievant shall have the right to object to the person selected as chair of the grievance board, based upon the grievance pending before the board, or perceived unfair representation of a division of the university due to the nature of the grievance. After the board is finally constituted and the hearing date is scheduled, the board shall convene and hear the grievance. If the grievant is represented by legal counsel or by a representative of an employee organization (which does not have the right to strike), the university may be represented by counsel from the university's Office of the General Counsel. The hearing shall be closed to the public.

A court reporter or at least two (2) tape recording devices shall be furnished by the university to record the hearing. The party requesting a typed transcript of the proceedings shall be responsible for payment of same. The hearing shall consist of opening statements by the grievant and the institutional representative, testimony by witnesses called by the institution and the grievant, with both parties having the right to cross examine witnesses, and any relevant exhibits which either party seeks to present to the board. When the grievance
relates to a disciplinary action taken against the grievant, the institution shall have the burden of proof to demonstrate by a preponderance of the evidence that there was good cause for the discipline. In all other grievances, the grievant shall have the burden of proof. Formal rules of evidence do not apply to the hearing.

At the conclusion of the testimony, both parties shall be permitted to make a closing argument. Following the hearing, the Grievance Review Board will retire to deliberate and, as soon as possible, shall submit a written report of its findings and recommendations to the vice president or president, as applicable, who will make a decision on the grievance.

2. Category II Grievances

Category II grievances are matters of employee-management disagreement other than those specifically defined as Category I grievances. Category II grievances are not authorized to be processed through the formal Category I grievance procedure. Category II grievances include, but are not limited to, employee dissatisfaction relative to wages, hours, and working conditions as well as work related actions such as performance evaluations, oral or written reprimands, administration of the merit pay program, or job assignments or interpretations of the official personnel or administrative policies of the university as applied to the grievant. A probationary employee may not present a Category II grievance for a disciplinary action.

1. Step One. A Category II grievance may be informally presented to the first-line supervisor for discussion and consideration.

2. Step Two. If a Category II grievance is not satisfactorily resolved by the first-line supervisor, the employee should present the complaint in writing using the grievance form to the appropriate department head or director for final consideration and action. If the grievance is against the department head or director, it shall be presented to the appropriate dean or supervisor of the director for final consideration. The written grievance and the written response of the department head or director shall be treated as part of the official personnel file of the employee.

Copies of the written grievance and written response shall be sent to: (1) the first-line supervisor; and (2) the director of Human Resources.

News Releases (F-20)

Original Implementation: 1950
Last Revision: January 30, 2007 April 20, 2010

Departments and individuals wishing media coverage concerning university activities should request assistance from the Office of Public Affairs, which will work collaboratively with the requesting party to evaluate the newsworthiness of the activity. When an activity is determined to be newsworthy, the Office of Public Affairs will prepare and market a release of information to the news media.

Departments and individuals should not contact the news media without the assistance of the Office of Public Affairs. News media receive numerous requests for coverage from a wide range of organizations and individuals. Uncoordinated coverage requests for activities that may have little or no news value for the media have the potential to diminish the effectiveness of the Office of Public Affairs when it makes requests for coverage of newsworthy activities. The Office of Public Affairs may grant exceptions to select university divisions regarding this aspect of this policy.

Upon occasion, news media may directly contact university faculty or staff to interview for comments that may be published or broadcast. Faculty and staff members are encouraged, as time permits, to share their insights on topics within their areas of scholarly study or professional expertise. Such participation has the potential to highlight the quality of university personnel, bring positive visibility to the university and provide a valuable community service. The faculty or staff member contacted by the media promptly should notify the Office of Public Affairs of the interview request. *The Office of Public Affairs can assist both sides in facilitating the interview.*

7. Visitor parking is set aside for special interest areas of the university. These spaces may not be utilized by university personnel, students, or employees of private contractors assigned to Stephen F. Austin State University. 3. Parking areas are generally reserved for the type of permit holder indicated by signs from 6:00 a.m. to 4:00 p.m., Monday through Friday, except as otherwise indicated. Tuesday, Wednesday, and Thursday after 3:30 p.m. Vehicles will be towed, at owner’s expense, from this area during this designated time.

a. A valid parking permit is required for parking at the Health Clinic.

b. Pecan Park (Lot 54): All spaces facing the pavilion are reserved for park patrons ONLY.

4. Unpaid charges for parking offenses are recorded in the name of the person who has registered the vehicle with the University Police Department or in the name of the person in whose name the vehicle is registered with some official state motor vehicle registration department or agency. NOTE: If a student has the same family name and/or home address as the registered owner, then the unpaid charges on non-permitted vehicles will be recorded in the student’s name. Parking permits and parking fines not paid will be subject to collection. Any charges associated with collection will be the owner’s or the student’s responsibility.

Austin State University Post Office, Student Center offices and other designated areas. Over parking in these spaces is prohibited. Citations may be issued for each 21 minutes segment of over parking. STUDENTS, FACULTY, STAFF, AND PRIVATE CONTRACTORS MUST HAVE A VALID SFA PERMIT DISPLAYED WHILE PARKING IN 20-MINUTE PARKING.

9. All vehicles, except motorcycles, must park head-in and within a defined space in lots and streets having angled or head-in parking.

Vehicles are prohibited at all times from parking in reserved spaces without a proper permit, no parking zones, tow-away zones, fire lanes, crosswalks, loading zones or service driveways, on lawns, curbs or sidewalks, barricaded areas or in any manner which obstructs the flow of vehicular or pedestrian traffic.
11. Students, faculty, staff and employees of private contractors or other government agencies assigned to Stephen F. Austin State University are expected to be familiar with and abide by these regulations at all times. Performance Management Plan (E-57)

Original Implementation: July 14, 1998
Last Revision: October 12, 2009 April 20, 2010

The purpose of the Performance Management Plan is to maximize employee work efforts to achieve university, organizational and individual objectives through the active participation in the goal-setting process; to ensure that all employees receive a timely and objective review of their job performance each year; to identify employees whose job-related performance and conduct does not meet established objectives or contribute effectively to the university; and to ensure that job performance is measured effectively for compensation purposes.

This policy applies to all non-faculty employees, excluding academic department chairs, deans, library director, charter school teachers, and all coaches at Stephen F. Austin State University. However, all categories listed in exemption above shall have some form of evaluation system, but are not governed by this policy.

Procedure

The process of job performance evaluation should include the following steps:

1. Set and communicate job expectations at the start of the review period. Use the employee’s job description to review the expectations of the job. If the job description needs revision, contact Human Resources for assistance.

2. Provide ongoing coaching and counseling during the review period and document significant discussions regarding positive achievements and needed improvement in regard to job performance or conduct.

3. Conduct the annual performance review at the end of the review period.

4. The reviewing supervisor must review the employee’s evaluation to ensure the first line supervisor has complied with EEO law.

Annual Performance Review

Evaluate the employee’s performance for the entire review period. Determine whether or not the employee has met expectations established at the beginning of the review period and which were based on the employee’s job duties.

Evaluate how the employee’s performance was consistent with the appropriate performance values.
Describe any areas in which the employee needs to improve. Specific results should be addressed and documented.

Summarize and evaluate the employee’s overall performance. After completion of the evaluation and the appropriate approvals, the original form should be sent to Human Resources and copies given to the employee and supervisor.

**Documentation**

The review plan for each employee should be free from discrimination including race, color, religion, sex, age, national origin, disability, or disabled veteran status according with Equal Employment Opportunity (EEO) law. Each supervisor will be held responsible for ensuring the review is fair, objective, accurate, and honest and discussed with the employee. Supervisors are also responsible for ensuring consistency of application within their departments. *Reviewing supervisors are responsible for ensuring compliance with EEO law.*

**Compensation Actions**

Merit pay increases, general pay increases, and all other compensation actions are to be consistent with the level of employee’s actual job performance. Merit increases are to be withheld in whole or part for employees who are rated “needs improvement” or “unsatisfactory” and therefore are not fully effective in their job performance. The immediate and reviewing supervisor should discuss related actions with Human Resources before taking such steps to ensure appropriate documentation.

**Interpretation**

Questions regarding the interpretation of this policy should be referred to the director of Human Resources. The forms and format used in this process may be modified for unique circumstances upon the review and approval by the director of Human Resources.

Reasonable Workplace Accommodation for Disabilities (E-67)

Original Implementation: April 20, 2004
Last Revision: April 24, 2007 April 20, 2010

Stephen F. Austin State University shall make reasonable workplace accommodation for any employee having a known physical or mental impairment as defined under the Rehabilitation Act of 1973, the Americans with Disabilities Act, or the Texas Commission on Human Rights Act, which does not constitute an undue hardship to the university. Job postings will include a statement that all responsible workplace accommodations are requested by calling the Human Resources Office.

The director of Human Resources or designee will be responsible for overseeing the reasonable workplace accommodation policy and procedures to ensure compliance.

Definitions:

- **Disability**: Any employee having a known mental or physical impairment that substantially limits at least one or more life activities of that individual; a record of such an impairment; or being regarded as having such an impairment.

- **Qualified Individual with a Disability**: A qualified individual with a disability is an individual who meets all the skills, experience, knowledge, educational and other job requirements of the position. In addition, the individual can perform the essential functions of the position with or without reasonable accommodation.

- **Reasonable Accommodation**: Modifications or adjustments to a job application process that enable a qualified applicant with a disability to be considered for the position such qualified applicant desires; modifications or adjustments to the work environment, or to the manner or circumstances under which the position held or desired is customarily performed, that enable a qualified individual with a disability to perform the essential functions of that position or modifications or adjustments that enable SFA’s employees with a disability to enjoy equal benefits and privileges of employment as are enjoyed by its other similarly situated employees without disabilities.

Procedures for requesting a reasonable workplace accommodation:

Any employee requiring an accommodation shall notify his/her immediate supervisor as soon as practical, informing the supervisor of the nature of the disability.

Any supervisor notified of a disability shall immediately report it, in writing, to the director of Human Resources or their designee. The confidential interoffice memorandum.
shall state the name of the employee, the disability, the expected duration and the date it was reported, and a copy shall be provided to the employee.

The employee shall provide to the director of Human Resources or their designee the following within a reasonable time from the date of notification, not to exceed fourteen (14) days:

- A letter from an appropriate healthcare or rehabilitation professional. The letter shall contain a diagnosis; prognosis and an evaluation as to the effect the impairment will have on the employee’s ability to perform the essential duties associated with the employee’s position.
- A copy of all documentation relevant to making a decision about reasonable accommodation. Relevant documents may include, but are not limited to, medical records.

The director of Human Resources or their designee may request a letter from the employee that includes:

- The nature and extent of the physical or mental impairment,
- A complete medical diagnosis by a qualified professional, including the results of any tests conducted to verify the extent of the condition,
- Which, if any, of the major life functions are substantially limited as a result of the employee’s condition,
- A prognosis, including the permanent or temporary nature of the condition and a list of all job functions or tasks the employee cannot perform but can perform if reasonable accommodation is provided, and
- Recommendations for appropriate accommodations based on the job description and current duties, if applicable, including the source and type of any special equipment that may be needed.

The director of Human Resources or their designee shall confer with the employee to ascertain the employee’s requirements and input on a reasonable accommodation. If the conference is conducted by the Director of Human Resources, then such appointed individual shall prepare a written report to be submitted to the President or their appointed representative no later than the tenth (10) working day following his/her conference, and a copy shall be provided to the employee.

Before making a decision regarding the accommodation, the President/director of Human Resources or their designee may submit the employee’s request for accommodation, accompanying documentation and medical records to an appropriate health care professional or a disability committee of appropriate university employees familiar with determining disability status for evaluation and recommendations at the university’s expense. All information will be kept confidential by the expert/committee and all documentation provided to the expert/committee will be returned to the university by the expert/committee.
Based on the relevant information provided, the President or their designee shall determine what, if any, reasonable accommodation will be made and shall convey it to the employee and management. If accommodation would constitute undue hardship on the university, supporting documentation will state the reasons. An undue hardship determination will conform to definitions provided by the courts, Americans with Disabilities Act, and the Texas Commission on Human Rights Act.

Factors that may affect an accommodation decision should include, but are not limited to, the availability of funding, the amount of disruption of work of other employees, and the impact on the university’s ability to conduct business.

Reasonable workplace accommodations taken may include making existing facilities readily available; modifications or adjustments to the work environment or manner or circumstances under which the position’s essential functions are customarily performed; modifications or adjustments that enable the individual with the disability to enjoy equal benefits and privileges as other similarly situated employees without disabilities; and other appropriate adjustment to the work environment of a qualified individual with a disability.

Unless extenuating circumstances exist, the review process should not exceed a period of thirty (30) days.

The director of Human Resources or their designee shall periodically confer with the employee with the disability to determine continuance of the workplace accommodation and shall notify the appropriate university personnel regarding the continuation or discontinuation of the workplace accommodation.

In addition to ADA information, all medical information concerning the employee requesting an accommodation shall remain confidential and separate from personnel files. This includes any doctor’s statements; leave forms, or any other information that pertains to the medical condition or medical history of the employee.

This pertains not only to all records kept by the Human Resources Department, but extends to any records kept in the departmental offices. The president or their appointed representative shall periodically review and update this policy and procedures to ensure compliance with EEO laws.

Satisfactory Academic Progress for Financial Aid Recipients (A-40)

Original Implementation: September, 1985
Last Revision: July 21, 2009, April 20, 2010

Federal regulations mandate minimum standards of "satisfactory progress" for students receiving financial assistance. These requirements apply to the student’s entire academic history, whether financial aid was received or not, and to all types of aid: grants, loans, and work-study. The standards for determining progress at the University are composed of three separate measurements: grade point average (GPA), credit hour requirements, and maximum hours allowed. For students to be eligible to receive federal and state student financial assistance at Stephen F. Austin State University (SFASU), students must maintain satisfactory progress in their course of study. All students must be enrolled in a degree or teaching certificate program. Newly enrolled undergraduate students must be admitted "in good standing."

NOTE: Students who are admitted to Stephen F. Austin State University (SFA) as a Non-Degree, Provisional (except graduate students who will be given one semester to remove provisional status), Transient, Summer Prep, Career Interest or Self-Improvement, Audit Courses, AARC (090) tutoring, or on academic suspension shall NOT be eligible to receive financial aid. When the student is admitted to a degree program, special student status is changed, or suspension status is removed, an eligible student may then be considered for financial assistance.

GRADE POINT AVERAGE (GPA)

The grade point average is the quantitative measurement used for academic work at the university. For financial aid purposes, a student must maintain a cumulative GPA of 1.6 or better as a freshman, 1.8 or better as a sophomore, 2.0 or better as a sophomore through junior or senior, and 3.0 or better as a graduate students. Grade point averages shall be checked on an annual basis for satisfactory progress.

CREDIT HOUR REQUIREMENTS

The credit hour requirement is the quantitative measurement of the minimum number of hours completed each year at SFA. A year is defined as beginning in the Summer-I, Summer-II, Fall, and running through the following Spring sessions. In order to receive financial assistance, freshmen undergraduates must complete 60% of the hours attempted. All other students must complete at least 75% of the hours attempted.

Credit hours shall be considered satisfactorily completed if one of the following grades is earned: A, B, C, D, or P. Grades of F, W, WH, WF, WP, or QF are not satisfactory. If graduate students receive a WH for thesis/dissertation research or thesis/dissertation writing, the hours shall not be counted as hours attempted due to the length of time

Appendix 5

P-64
needed to complete this degree requirement. However, a time limit on the research and writing of a thesis/dissertation is determined by the academic department.

Students who withdraw from the university prior to the end of a semester or receive unsatisfactory grades shall be denied future financial assistance for the upcoming session. A check for unsatisfactory progress shall be done at the end of each semester. Students may reapply after satisfactory progress has been achieved.

Financial aid may be awarded to students enrolled for remedial courses (098 & 099). These courses are considered attempted hours and are also counted as earned hours for determining satisfactory progress for financial aid purposes.

Repeated classes are treated the same as any other class.

**MAXIMUM HOURS ALLOWED**

The maximum allowable hours at each level of study apply to all students regardless of the number of changes in major or concentration. A student’s entire academic record at SFA (including prerequisite courses) is used in calculating hours toward the maximum requirement. Course work transferred to SFA shall count toward the maximum number of allowable credit hours. Maximum hours allowed shall be checked after each semester.

Students not in compliance are ineligible for assistance until they make up the credit hour deficiency from the last evaluation period and/or bring their GPA to the standard indicated. Once the deficiency is made up, students should notify the Financial Aid Office.

Students who are not making satisfactory academic progress may file a written appeal to the Financial Aid Office within thirty (30) days after notification of denial of financial aid to file an appeal with the Financial Aid Office. Appeals shall be submitted to a committee for review. Appeals should include all documentation that supports mitigating circumstances concerning the failure to maintain the expected level
of satisfactory progress. If an appeal is granted, the student must meet satisfactory academic progress requirements by the end of the next evaluation period. All decisions on appeals made by the committee are final. Students shall be notified of the committee’s decision in writing and/or email.

Original Implementation: October 26, 1999
Last Revision: April 24, 2007 April 20, 2010

Stephen F. Austin State University has long recognized the importance of providing for the establishment of student media on campus. These media are the chief means of communicating campus news, providing student entertainment, and expressing student opinion. They also provide experience for students who are working toward a career in the mass media.

Student Publications

The Pine Log, which is the student newspaper, and the Stone Fort, which is the yearbook, were the first student media to be established. They have existed virtually from the founding of Stephen F. Austin. The Pine Log publishes campus news, opinion pieces letters to the editor, local advertising and editorials.

The Office of Student Publications, housed in the Division of University Affairs, is the unit which governs the operation of both the Stone Fort and The Pine Log. These publications are intended to be primarily self-supporting. Income is derived from the sale of yearbooks, and, in the case of The Pine Log, advertising. The Director of Student Publications is the administrative leader of both publications and reports to the Vice President for University Affairs. The director shall be responsible for all managerial aspects of Student Publications. This shall include fiscal management, office staff management and student staff management. The Student Publications Director shall also provide editorial counsel to the student staffs of The Pine Log and Stone Fort regarding customary news and advertising practices as well as applicable legal issues.

The Student Publications Committee shall serve as an advisory body to Student Publications. The Committee shall recommend editorial policy and provide advice in the appointment of The Pine Log and Stone Fort editors. In addition, the committee shall:

- foster and preserve the American tradition of free expression.
- act as an appeals body on editorial, advertising, and business contracts related to Student Publications.
- require compliance with applicable laws in such areas as libel, obscenity, privacy, and false and misleading advertising.

The Student Publications Committee shall consist of eleven members:
1. Chair-Director of the Department-Division of Communication and Contemporary Culture (Committee Chair)

1.2. The Director of Student Publications

1.3. Two Journalism Faculty Representatives

1.4. One Representative from the Business Office

1.5. One Representative from the Office of Public Affairs

1.6. Two Faculty Members at Large

1.7. Three Students at Large (not already holding paid positions on the Stone Fort or The Pine Log)

Broadcast Media

Stephen F. Austin State University has also provided for the operation of a radio station, KSAU-FM, and a cable-connected television facility. These facilities shall serve the primary role of laboratories to support the academic program in radio/television and shall be operated by the Department-Division of Communication and Contemporary Culture, housed in the College of Liberal and Applied Arts, Division of Academic Affairs. Two departmental faculty shall be designated as directors of radio and television respectively. These two faculty members shall have one-course teaching load reductions to accommodate their responsibilities as directors of the radio and television operations.

Both of these facilities are totally primarily supported by institutional funds and receive no money from external sources or from student service fees. Programming and production staffs shall consist primarily of students enrolled in various communication production courses including the required practicum courses. Faculty who teach the production courses shall supervise the student staffs and serve as the first level of appeal for any issues which might arise.

Programming content for the radio station shall be in compliance with all licensing requirements of the Federal Communications Commission. In addition, the Department Division of Communication and Contemporary Culture shall enforce programming guidelines which:

a. comply with any relevant and established university policies.

Student Organization Formation and Recognition (F-14)

Original Implementation: Unpublished
Last Revision: April 24, 2007 April 20, 2010

Stephen F. Austin State University acknowledges the right of enrolled students to form voluntary organizations for purposes that are not forbidden by state or federal law.

In order to form a recognized student organization, a group must:

1. Have four (4) students (in good standing) to act as incorporators who will be legally responsible for the formation of the organization. One of the four must be designated as the initial Registered Agent. The Registered Agent is the legal contact and spokesperson for the group. After an organization forms, the currently registered organizational president will be considered the organization’s Registered Agent.
2. Select an advisor from the faculty/administrative staff who is a benefits-eligible full-time university employee.
3. Have their officers and advisor(s) agree to and sign an anti-hazing statement.
4. Prepare and submit a constitution and statement of purpose.
5. Complete all of the required documents contained in the Student Organization Formation Packet, available in the Office of Student Affairs.
6. Submit all completed documents to the Office of Student Affairs.

A group seeking recognition must not:

1. Be a commercial enterprise.
2. Be an unsolicited and/or unrecognized auxiliary of a larger organization.
3. Allow minors to become organizational members unless they are full-time enrolled students at Stephen F. Austin State University.

Applications for recognition can be made at any time during the year. The Office of Student Affairs may grant a group temporary recognition while they are finalizing their formation paperwork and securing an on-campus advisor. The length of temporary recognition shall be no more than 90 days. A temporary recognition will lapse 30 calendar days after it is initially granted.

The Director of Student Affairs will review the application for recognition when it is complete and determine whether recognition is granted.

REQUIREMENTS FOR MAINTAINING RECOGNITION

The authority of an organization to function as a student organization may cease upon:
Appendix 5

a. the removal or resignation of the advisor, unless a qualified replacement is registered within 90 days.
b. violation by the organization of any rules or regulations of the university, state or federal law.
c. failure by the organization, its officers or advisor(s) to adhere to the requirements set forth by the university.
d. the organization remaining in an inactive status for three or more long semesters.
e. failure to provide acceptable documentation of affiliation with any parent organization when requested.

Students selected, elected or appointed as a student organization officer (an officer is an individual in a leadership position as defined in the organization’s constitution) shall be in good standing with the university and:

For undergraduates, be enrolled for six (6) or more credit hours during their term of office.

For graduate students, be enrolled for four (4) or more credit hours during their term of office.

All meetings and activities of each student organization shall be subject to, and held under, all applicable university regulations and policies. Student organizations must abide by the Policies and Procedures set forth by the SFA Board of Regents including the Code of Student Conduct.

Being recognized as a student organization is an awarded privilege, not a right, and requires responsibility on the part of the membership of the organization for meeting university requirements for student organizations.

All student organizations must register with the Office of Student Affairs as often as is required. At the time of registration, all information requested on the registration documents must be supplied. A constitution that provides information on the structure, purpose and operation of the organization must be provided and kept on file in the Office of Student Affairs, reaffirmed by the organization on an annual basis and updated whenever the document is revised.

Any student organization registering with less than four (4) members, who are currently enrolled students at Stephen F. Austin State University, will not be eligible for funding through the Student Organization Reserve Fund (SORF).

RELATIONSHIP BETWEEN THE UNIVERSITY AND STUDENT ORGANIZATIONS
Aside from the supervision exercised through the Office of Student Affairs over the Residence Hall Association, the Student Activities Association, the Student Government Association, and certain other social and cultural activities conducted on the campus of Stephen F. Austin State University, the university recognizes registered student organizations as independent entities and assumes no responsibility for their programs or activities. Some organizations, if closely connected with the activities of academic departments of the institution may, in some cases, receive special help and supervision from those departments.

University employees should not serve as officers within a student organization, other than fulfilling the role of advisor. No employee of the university has the authority to open a bank account in the name of, or for the benefit of, any student organization nor should any employee be included as an allowable signatory on any off-campus bank account of any student organization.

While Level Two student organizations may use the name of the university as a part of their name, the name of the university, including any abbreviations, may not be used within the name or description of any off-campus banking account established and/or maintained by any student organization.

Responsibility for any views expressed in a meeting or activity of a student organization is solely that of the individuals concerned and the university is not to be held to approve or disapprove such views, whatever their nature. The university is to be concerned exclusively with the discharge of its educational obligation and to facilitate free discussion of all points of view to the extent constitutionally guaranteed.

University Letterhead (D-37)

Original Implementation: May 9, 1985
Last Revision: January 30, 2007 April 20, 2010

University departments are required to use letterhead as designated by the president. Ordinarily, sub-units of departments use the letterhead of the parent department, especially if the unit's correspondence is primarily with students. However, if the sub-unit is of a permanent or semi-permanent nature and has a majority of its correspondence with off-campus agencies or individuals, it can be identified under the name of the parent unit on the letterhead. If a unit is independent of any department and is of a permanent or semi-permanent nature, it may have its own letterhead, consistent with the university design. Any deviation from the university letterhead design must be approved by the president.

Information in the stationery heading includes: the university name; post office box and telephone number of the department/unit; and city, state, and zip code. Below the university logo (left side of paper) is the department name, for example: Department of Accounting, Computer Science (for academic departments) or Purchasing–Physical Plant Department (for support departments/units).

In exceptional cases, requests to deviate from the standard letterhead design may be granted. Such requests should be directed, in writing, to the executive director of marketing and public affairs for approval.

To assure that communication to the general public contains accurate and current information and presents, through both content and appearance, a professional image which properly reflects the character, integrity, and accreditation status of the institution, official university publications and non-broadcast video presentations intended for off-campus distribution, or on-campus distribution to non-university individuals or groups (those not employed by or enrolled in the university), must be approved by the Office of Public Affairs prior to printing or electronic distribution. Communication intended solely for students and/or university employees is not subject to this approval policy.

Examples of communication that must be submitted for approval are: academic bulletins, brochures, fliers, pamphlets, handbooks, newsletters, program announcements, advertising (newspaper, magazine, radio, television, online, billboards, posters, etc.) and publications for intercollegiate athletics (media guides, programs, newsletters, etc.).

This approval policy applies to publications printed by University Printing Services, by on- or off-campus printers, and departments using desktop publishing or video equipment. Review may include any or all of the following: writing, editing, assisting with layout and graphic design, videotaping, video editing, assessing visual and audio content, scheduling the purchase of advertising placements, preparing specifications required for competitive bidding, and coordinating production schedules and delivery with outside vendors.

Without written approval of the materials from the Office of Public Affairs, university purchasing will not authorize payment for advertising or off-campus printing services (Special Purchase, C-36).

Prior to submission to the Office of Public Affairs for approval, a publication or advertisement should be reviewed and approved in writing (use “Approval for Printing” form available from University Printing Services) by the appropriate authorities within the department and division.

Allow at least ten working days for the Office of Public Affairs to review materials, but submissions are strongly encouraged to be made well in advance of publication or printing deadlines, as revisions may be required.
Upon approval by the Office of Public Affairs, the head of the originating department or his designee will work directly with University Printing Services or the Purchasing Department to initiate the printing process. If an off-campus printer is used and competitive bidding is required, the Purchasing Department will develop specifications and secure bids as required by the Best Value Procurement Policy (C-7). The Office of Public Affairs may be of assistance in the negotiation for and placement of advertising.

Materials submitted to University Printing Services or Purchasing Department without proper approval will be returned to the originating department. If a department uses its own equipment to print a publication or produce radio and television advertisements or video presentations, the Office of Public Affairs must authorize printing or distribution.

The president or executive director of marketing and public affairs may authorize individual exemptions to the university publications policy. Such a request must be made in writing to the executive director of marketing and public affairs.

As required by Texas law, all university publications must clearly reflect the date the publication is produced or initially distributed. The date must be in a conspicuous location at or near the beginning of the publication. For purposes of complying with this law paragraph, a publication means printed material produced in multiple copies by the university or at the total or partial expense of the university. This includes publications sponsored by or purchased for distribution by the university or released by research firms, consulting firms or other private institutions under contract with the university. This does not include correspondence, memos or other routine forms.

Vacation/Sick Leave Report (E-54)

Original Implementation: Unpublished
Last Revision: April 24, 2007

At the beginning of each month, a “Vacation/Sick Leave/Compensatory Time Report” is sent to each department from the Payroll Office. Each employee eligible for vacation and/or sick leave and/or compensatory time must report any leave earned or taken during the month. Time taken cannot exceed the available balance. Employees requesting leave should complete a “Vacation/Comp Time/Sick Leave Request” form and have it approved by their supervisor. This form is required to be kept on file by each department and is the back-up for the monthly Vacation/Sick Leave/Compensatory Time Report monthly report submitted to the Payroll Office. The department head (or assigned designee) should sign the completed monthly report and return it to the Payroll Office by the due date specified on the report.

Any discrepancies in the cumulative total of vacation/sick leave hours for each employee shown in the departmental records and the total shown on the monthly report should be resolved with the Payroll Office immediately.
