Test Plan Policy 2.15

Original Implementation: March 2000
Last Revision: May 2019

Course tests will be developed based on course objectives.

PROCEDURE

1. Each test will be blue printed using the form recommended. The blueprint should include the number/percentage of test items that are categorized as Bloom's taxonomy either remembering/understanding or applying (or higher).

2. Each faculty member will review test data regarding the reliability and validity of test items as a part of test construction, complete revisions if needed, and keep a record of these revisions for each exam.

3. Faculty from each course are required to place a copy of the blueprint and the revisions with each exam.
