<http://www.sfasu.edu/aarc>

The Academic Assistance and Resource Center (AARC) is an award-winning learning assistance program that provides free peer tutoring for many entry-level courses. We are 260 Lumberjack students helping other Lumberjack students stay strong and reach their full potential. We make getting help easy with online tutoring, on-call tutoring at walk-in tables, 1:1 appointments, supplemental instruction (SI) groups, and learning teams. We assisted 5,000 Lumberjacks and had 50,000 visits last year! And our success rate (A,B,C in course tutored) was 85%! We know the professor is the student's number one resource for success, but after that, there is AARC. We appreciate faculty referring students to our services. Read more about AARC here: [sfasu.edu/aarc](http://sfasu.edu/aarc)

# Dr. Scott Gordon

## Sole Finalist for SFA President

The Stephen F. Austin State University Board of Regents unanimously named Dr. Scott Gordon, a first-generation college student who became provost of Eastern Washington University, as sole finalist for SFA president.

A native of Malone, New York, Gordon received his bachelor's degree in biology from the State University of New York at Cortland. He earned a master's degree and doctorate in botany and mycology from the University of Tennessee in Knoxville. He holds certifications from the Harvard University Graduate School of Education in educational management and leadership.

As EWU provost, Gordon is the university's chief academic officer, overseeing more than 500 faculty members in six academic colleges, with responsibility for academic policy and planning, distance education, international programs and institutional research. He successfully led a complete reorganization of EWU's Academic Affairs unit, led the development and implementation of the university's strategic plan in 2018 and developed many partnerships with community colleges, business and industry as well as government entities. This work was highlighted by a unique partnership with Microsoft around data analytics and the collaboration with multiple business on a 140,000 sq ft facility in downtown Spokane called The Catalyst.

# Dr. Scott Gordon

## Sole Finalist for SFA President

Prior to joining Eastern Washington, Gordon spent 22 years at the University of Southern Indiana, where he served as dean of the Pott College of Science, Engineering and Education. The college saw tremendous growth in students and programs during his tenure as dean. In addition, Dr. Gordon served for 10 years as the Faculty Athletics Representative, was named a NCAA Faculty Athletic Representative Fellow, and was Vice President and Treasurer of the Great Lakes Valley Conference.

"I am honored to be named sole finalist for the position of President at Stephen F. Austin State University. I look forward to the next steps in this process and the opportunity to work with the SFA Board of Regents, university leadership, faculty, staff, students and the great community of Nacogdoches to build on the tradition of excellence at SFA.

The opportunity to serve as a leader at SFA is a dream come true. I am deeply committed to the vision, mission and goals of SFA and believe my background and values are a great fit with the institution. I look forward to joining the SFA family" Gordon said.

If confirmed by regents after the state-required 21-day waiting period, Gordon will become SFA's ninth president, succeeding Dr. Baker Pattillo, who was SFA president from 2006 until his death in December 2018.

Before interviewing finalists for the presidency, Regents considered recommendations from a presidential screening committee that worked with an executive search firm, R. William Funk & Associates of Dallas, to review applications and meet with prospective candidates.

Alton Frailey, who chaired the search committee, said Gordon is an accomplished visionary who will lead SFA into its second hundred-year history.

"Dr. Gordon has an outstanding track record in all aspects of academic leadership, from both student and faculty recruitment to core curriculum development and strategic planning," Frailey said. "His vision for a student-centered education aligns with SFA's values, and we look forward to introducing him to the campus and the community."

## WIFI and Internet

SFA has two wireless access options (SSID's): SFA-WIRELESS and SFA-LAWN. Both connect to the same network and provide the same performance; however, SFA-LAWN is more secure. SFA-WIRELESS is still encrypted and secure, but provides a lower level of protection. SFA-WIRELESS can be accessed by devices that cannot be configured to connect to SFA-LAWN. Connecting to the wireless is a two-step process:

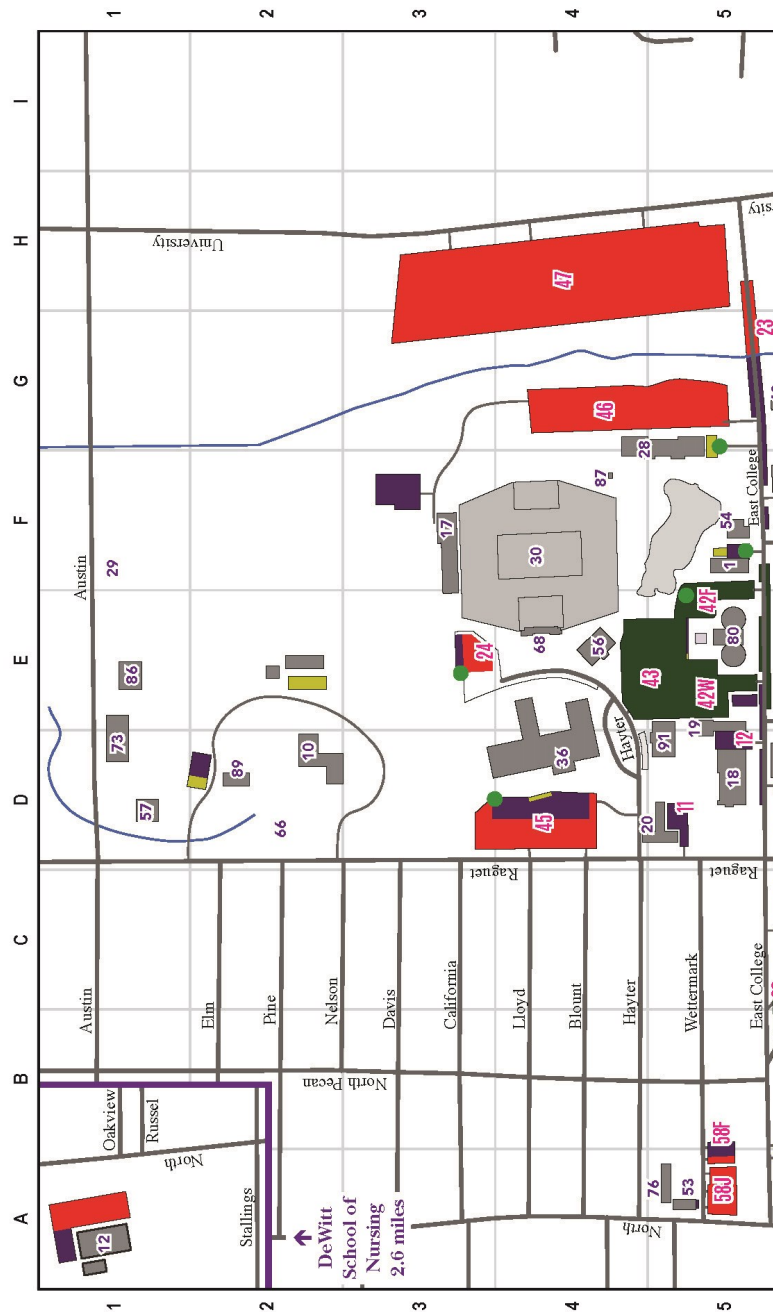

1. Connect to the access point.
  - a. SFA-WIRELESS does not require a username. The password is "golumberjacks" (all one word, no quotes) .
  - b. SFA-LAWN requires your mySFA username and password. Once connected to the access point, you must register with Bradford Campus Manager.
2. Register with Bradford Campus Manager by opening a web browser (Internet Explorer, Google Chrome, etc). You should be redirected to the Bradford Campus Manager. Follow the instructions to complete registration.
