The initiative will be open to those faculty who have been at the rank of associate professor for five years. Participation will be voluntary. The goal of this initiative is to promote the scholarly and educator development of mid-career faculty so as to support them in meeting post-tenure review guidelines, to improve research and teaching satisfaction, and to better support our students.

They have also completed a review of similar programs at other institutions as well as a literature review of the effectiveness of such programs. 6. **Standard Academic Standing for Spring 2021** Steve Bullard
Policy 6.4 has been suspended for a couple of semesters and Registrars office needs to know if it will be suspended for Spring 2021. Faculty senate is concerned if policy is further suspended it will create more harm than benefit and causes students to get in a hole they cannot get out of academically. No dissenting opinions were made to reinstate the policy for Spring 2021. This topic will be brought forward to the chairs meeting on 4/8/2021.
7. **Commencement Speakers** Lynda Langham
Lynda shared there will be 7 graduation ceremonies in May. Lynda is proposing each ceremony should have a congratulatory or motivational speaker to speak 5-7 minutes. Each college assigned to the ceremony would provide the name to the Registrar with the speaker to avoid any one person having to speak at all 7 ceremonies. Deans will need to provide the name to the Registrar by Monday April 19th.

Dr. Guidry will notify student affairs each college will move forward with their own plan.

8. **Reaffirmation documents & information**

Marc Guidry

Should all reaffirmation documents be made available on public facing website, or only put limited documents, such as CCR? Dr. Bullard will raise question with Dr. Gordon and with Chairs at 4/8/21 meeting.

Number of hours a student can take in summer term – banner is not able to set an automatic limit for the number of hours a student can take in summer. However, Registrar can generate a report that would generate a rule that would not allow more hours than in number of weeks for that part of term, then the most recent course registered would drop. Dr. Bullard recommended to move forward with this for short-term.

9. **Annual Academic Program Review**
