

TRANSFER GUIDE

Bachelor of Science in Interdisciplinary Studies with a concentration in early childhood through grade 6 education

SFA's Department of Education Studies within the James I. Perkins College of Education offers the **Panola Pathway with SFA** — a unique distance education program that allows a student to expand on their Panola College degree to eventually earn a **Bachelor of Science in Interdisciplinary Studies from SFA**.

Through the program, students who earned an Associate of Arts in teaching from Panola College will enroll in SFA courses taught online or on the Panola campus to eventually earn a BSIS from SFA. This program also will prepare students to sit for the Texas teaching certification exams

This handout is for informational purposes only and is not to be used as precise guide for registration. Students at SFA are required to meet with an advisor every semester, as course availability does change and certain courses might not be offered on an ideal rotational basis.

NOTE THE FOLLOWING:

1. For the face-to-face completer program, you must apply to SFA through ApplyTexas.org. On your application, indicate your interest in the Panola Campus. SFA is a rolling admissions university, meaning there is no application deadline; however, we recommend submitting your application and documents before Aug. 1 for a fall start on the Panola Campus.
2. If you need hours/courses to transfer to SFA, you can complete those at Panola College. You must complete a minimum of 120 total semester hours (transfer and SFA hours) to earn the BSIS with a concentration in early childhood through grade 6 or 4-8 middle-level education.
3. Rates applicable to this partnership are located in the "Texas Regional Universities – Upper Division Courses" section at gosfa.com/panolapathway.
4. When it's time for you to transition to SFA, consider applying for the Community College Transfer Scholarship at sfasu.edu/scholarships.
