

## Need a Business Card for Networking?

Whether you are attending a career fair, a networking event, or meeting one-on-one with a recruiter part of your ***“Professional Brand”*** is having a business card handy. Business cards are a quick communication tool that encompasses all of your contact information that employers can reference when they get back to the office. If a recruiter is unable to accept resumes at a career event, offer them your business card in exchange for theirs. And as always, make sure to follow up.

Here in the Center for Career and Professional Development we design and print **10 free** business cards for each SFA student upon request. Below is an example of what our business cards look like. We can also include a QR code, eportfolio, or linkedin ID on your business card if requested.

If you would like for us to print you **10 free** business cards, come visit us on the 3<sup>rd</sup> floor of the Rusk Building and bring your Student ID.

*Want to enhance other elements of your job search? We offer resume and cover letter critiques, mock interviews, as well as on campus career fairs all which are free to all students and Alumni.*
