

To SFA Charter School Families:

As many of you are already aware, our nation is experiencing major supply chain issues in 2021, especially in the food service industry. Most all of our local food distributors are also experiencing driver shortages, and have cut back their delivery routes drastically.

Due to these circumstances, many of our regular products are being shorted or substituted, and often we aren't aware of it until delivery. There will be some menu changes. Please know that students will not always be receiving the items that were published on the menus. Menu changes will be posted on our website as often as possible.

This is an unfortunate circumstance of these challenging times and I apologize for the inconvenience, and thank you in advance for your understanding!

Sincerely,  
*Teresa Morales*  
Food Service Program Manager
