Street View in the News

Google agrees to pay \$13 million in Street View privacy case

By [Clare Duffy](#), CNN Business

Updated 1:10 PM EDT, Thu July 25, 2019

Street View is a feature that lets users interact with panoramic images of locations around the world that launched in 2007. The legal action began when several people whose data was collected sued Google after it admitted the cars photographing neighborhoods for Street View had also gathered emails, passwords and other private information from wifi networks in more than 30 countries.
