##### A. Chair:

Recently, faculty members who had served the university for 10, 20, and 30 years had been recognized by the university at a reception.

An SFA faculty list-serve is being constructed. The list-serve will allow for the dispersal of information that would be relevant to the faculty. Senator McDonald made a motion that "The first priority of the Faculty list-serve is for critical issues." The Executive Council of the Senate would determine what constituted "critical" information. The motion passed unanimously.

##### B. Chair-Elect:

The Graduate Council discussed the Faculty Senate's resolution for an establishment of a range of GRE scores for admission to the graduate programs at SFA.
