2. On MW, no classes longer than 50 minutes to begin before 1:00pm
3. First classes of the day at the Social Work Building and the SRC to start at 7:30

The new senators are: Treba Marsh, Rob Culpepper, Roy Joe Harris, Sarah Stovall, Gary Mayer, Jere Jackson, and Ann Doyle-Anderson. There was a coin toss to determine which of the latter two, Jackson or Doyle-Anderson would serve a regular three-year term and which would fill the last year of Dr. Zagrodnik's term. Elections were held for new officers for 2002-03. Darrel McDonald will be chair-elect. Carol Scamman will be secretary; Thomas Caffery will be treasurer.

## **VI. Committee Reports**

### **A. Academic Affairs I**

The committee reported on summer provisional admittance.

### **B. Academic Affairs II**

A resolution opposing the SGA's proposal to extend late registration from the present 4th class day to the 6th class day was presented.

WHEREAS the Student Government Association on Wednesday, April 10, passed a bill to extend the date to register for classes or to change schedules from the fourth class day, which is now the deadline, to the sixth class day, and

WHEREAS much important instruction is conducted in classes on the first days of the semester, and

WHEREAS a student entering a class as late as the sixth day might miss quizzes or assignments, therefore be it

RESOLVED that the Faculty Senate opposes any extension of late registration.

The resolution passed unanimously.

**C. Administration and Finance** No report.

**D. Faculty Governance** No report.

### **E. Professional Welfare**

A resolution to oppose extending all permit parking time was introduced. Senate opinion was strongly for it, but the resolution was not adopted because the Senate did not want to seem engaged in disputes with the SGA.

**F. Strategic Planning** No report.

### **G. Conservation** (*Ad hoc*)

Dr. DawnElla Rust reported on a study of "walkability" that was recently made. She expressed dismay at the lack of interest in the study on the part of faculty, staff, and administrators.

## **VII. Old Business** No business.

Dr. Devine returned to discussion of the proposal on schedule changes from the Academic Affairs Council. On proposal one a voice vote was taken for those opposed and those in support. The vote was unanimous in opposition to the proposal. Dr. Devine then led a discussion of the other proposals and general opposition was expressed for each of the proposals. Concern was expressed over the apparent lack of supporting rationale for the changes.
