

# PURPLE PROMISE

## High school and transfer students, considering SFA? We'll cover tuition if you meet these requirements. That's a promise.

Purple Promise will cover the balance of tuition up to four years toward your undergraduate degree after scholarships, grants, exemptions, benefits and waivers from federal, state and institutional funds are applied. Eligibility is reviewed with your FAFSA; there is not a separate application.

### YOU'RE ELIGIBLE IF

- you're a regular degree-seeking student enrolling in or enrolled at SFA for the fall term as a
  - > first-time, first-year student
  - > or first-time transfer student who has completed core courses or earned an associate degree.
- you're a Texas resident
- you have a combined family adjusted gross income of \$100,000 or less based on the information you provide on your FAFSA
- and you've ensured SFA's Office of Financial Aid and Scholarships has received your valid FAFSA by the priority deadline, April 1.

### AUTOMATIC RENEWAL

If you meet eligibility requirements every year, complete at least 24 credit hours at SFA each consecutive academic year (including summer terms), and maintain a cumulative GPA of at least 2.0, your participation in the program automatically renews.

Learn more at [sfasu.edu/purplepromise](https://sfasu.edu/purplepromise).

*\*The program does not cover tuition and fees for summer parts-of-term or housing and meal plans. Renewal requirements for other scholarships and grants, including the TEXAS Grant, may differ from Purple Promise renewal requirements.*
