## Certificate Requirements

To receive the Certificate in Aging Studies, students must complete six elective courses and attach transcript. There is no test for the certificate, but students must also submit an application to the Certificate in Aging Studies. Applications are accepted throughout the year.

Once Application Form is submitted, the HDFS Certificate Coordinator will forward the request to the Register's Office. It is students' responsibility to check their grade and course they took before applying the Certificate. Once the application is approved by the Register's Office, the application for Certificate will be completed.
