The information provided about SFASU's Professional Counseling Program transgender and gender nonconforming students is not available through the university's admissions process. The admission process only asks if students are male or female. The Professional Counseling Program had 1 student answer U (undisclosed - m/f did not fit for the student) for the male/female question, indicating gender nonconformity. The Professional Counseling Program has 2 confirmed and open transgender students. This confirmation comes from the statements made by the students.
