I understand my degree map is sequenced to ensure I complete all required courses before the comprehensive exam. I also understand my degree map is sequenced to ensure I complete all of the required courses in my degree plan for graduation and eligibility for licensure as a Licensed Professional Counselor (LPC) in the state of Texas. If I choose to alter the course(s) or sequence in the degree map, I understand this can affect future class schedules, my eligibility for financial aid, my graduation date, and license eligibility. A copy of the degree map is provided to students, uploaded to teams, and provided to the Professional Counseling Secretary. I also have received a copy of the student handbook.
