Evaluation of Courses by Students Policy 3.19

Original Implementation: April 2022
Last Revision:

To ensure a positive teaching-learning environment, facilitate the effective evaluation of didactic and clinical experiences, and ensure the excellence of the programs of the DeWitt School of Nursing, students will be provided with the opportunity to assess courses in all programs at the end of each semester.

PROCEDURE

1. Each student enrolled in courses in the DeWitt School of Nursing will be invited to evaluate the courses they are currently enrolled in at the end of the semester.

2. Faculty will review the results of the course evaluations and use as guidance to complete the Summative Course Evaluation Form at the end of each semester. Items on the course evaluation that fall below the 70% benchmark (and actions to improve the items) will be listed on the Summative Course Evaluation Form.

3. Summative Course Evaluation Forms will be submitted to the Evaluation and Program Effectiveness Committee.
