

Norton HPE Complex

Original Implementation: Summer, 1975

Last Revision: July 26, 2022

The provisions of university policy 16.33, Use of University Facilities, govern the use of all buildings, facilities, equipment and grounds, hereinafter referred to as facilities, under the control of Stephen F. Austin State University (SFA). That policy provides that the university may establish additional procedures for the reservation and use of specific facilities; therefore, the following provisions apply to the Norton HPE complex.

The Lucille Norton HPE Complex is a shared use facility on campus between the Kinesiology and Health Science Department, the Athletic Department, and the Campus Recreation Department which also staffs the Employee Wellness program. The following guidelines have been created in an effort to maximize the use of available spaces while supporting a collaborative relationship between all users of the facility.

Facility Usage

A valid SFA ID card is required to use the facility during recreational programming. There is no charge for SFA students, faculty, or staff to use the facility. The complex is not available for use by anyone other than current SFA students, faculty, staff, and members of the Employee Wellness program unless through a contracted rental of the facility.

Non-SFA groups may rent the facility in accordance with Policy 16.33.

The facility may be used during emergency operations (i.e. evacuation shelter) when deemed necessary by the vice president of student affairs or their designee. During such use, Student Affairs staff will be responsible for facility management. Every effort will be made to minimize the impact on academic classes scheduled in the HPE Complex.

Priority of Use/Scheduling

The following spaces have been designated for priority usage by the following groups. Any entity wishing to use these spaces must request them from the designated group who is responsible for the scheduling of the facility during these times. The designated group below is responsible for supervision of the space during these times, for leaving the space clean and usable for the next group and for locking the facility at the end of their use (when appropriate).
